## W. R. BRIGGS DEMANDS BETTER TROLLEY SERVICE

### In Letter to Farmer He Says That Cars are Small, Dirty and Overcrowded — Refuses to Pay Two Fares in Golden Hill Loop and Points Out Breach of Faith.

To the Editor of the Farmer:  
Dear Sir—When the privilege was granted the Trolley Co. to lay its tracks through Broad street it was for the express purpose of relieving congestion and it was understood and at least tacitly agreed that all Stratford avenue cars should run around the so-called "City Hall loop." This was done last year and gave general satisfaction. Interruption of this system was caused by the repairing of Fairfield avenue which necessitated the use of a single track. With the reopening of this thoroughfare it was naturally expected that the old system would be restored; this has not been done—not only have very unsatisfactory arrangements been made, but arbitrary rules have been promulgated which are obnoxious and I believe entirely unnecessary.  
I am a resident of Stratford and make daily use of the cars and so know whereof I speak. The only cars that make use of the City Hall loop are the New Haven and Derby lines. The Paradise Green, Stratford Center, Washington Bridge and Meadows End cars use the Golden Hill loop. As the New Haven and Derby cars now run on hourly schedules there are two cars an hour using the City Hall loop that was put in for the express purpose of relieving congestion, and yet the most congested corner of the city has to pass. The inconvenience and confusion during the rush hours at this point can only be understood by those who have to endure it daily.  
Last evening about twenty minutes of five, I, with several ladies boarded car No. 119 in charge of Conductor No. 2896, at the corner of Middle street and Fairfield avenue, to avoid the rush at the next corner. It was raining hard at the time and the only sign on the car was "Bridgeport." One of the ladies asked if the car went to Stratford and the conductor replied that it did after it reached the corner of Main street and Fairfield avenue—not two hundred feet away. "I'll stay on," said the lady. "Then I'll charge you another fare," said the conductor. "I interfered here and said 'Don't you pay it, I won't.'" "Then," said the conductor, "you will have to get off." "Go ahead and put me off," I replied. "I dare you to do it." "I'll bring the inspector," he replied, and forthwith the inspector appeared and said that the conductor was only carrying out his instructions—that no one could get on the car without paying an additional fare to Stratford. I refused to do this and gave him my card which he said would be handed to the superintendent.  
No signs are put on the Stratford cars to indicate where they go until the Main street corner is reached, and last week I heard two conductors discussing the matter and one said to the other "I'll bring you my card which he said would be handed to the superintendent."  
Now I would like to ask if the people have any rights or are they to be held and handled according to the whims of a monopoly no matter how much inconvenience and danger they may be put to? The service is at all times poor enough, the cars of an antiquated pattern, shabby and unclean, and on top of all this to have the cars run in the most inconvenient manner.  
Why does not the Trolley Co. live up to its expressed intention and run all cars entering the city from the west around the City Hall loop? This is a great convenience for all shoppers as it permits them to enter or leave the cars on Main street, State and Broad, and moreover it relieves to a great extent the congestion at Read's corner. Surely this is a feasible and common-sense method and worked admirably when in use—why then can it not be restored?  
I would respectfully ask you to give this matter wide publicity and use your powerful influence to have the glaring wrongs of the East End service righted.  
Very truly yours,  
WARREN R. BRIGGS.

## GETTING WORSE FOR TAMMANY

### Grant Fox Frank Moss Chosen First Assistant by District Attorney Whitman.

New York, Nov. 24.—Tammany is undergoing a worse scare today than a little party to a number of her crime and grafting and it is conceded that he will guard the city's interests and wage a relentless war against Tammany methods.

## CHICAGO ATTORNEY TO SUCCEED M'HARG

Washington, Nov. 24.—Benjamin S. Cable, an attorney of Chicago, will succeed Ormsby M'Harg as assistant secretary of the Department of Commerce and Labor, according to a statement made by senator Cullom of Illinois, who called at the White House to bring President Taft some documentary endorsements of the Chicago man's candidacy.

## FOOTBALL

Philadelphia, Nov. 24.—The University of Pennsylvania football players, who are at Winslow Junction, N. J., preparing for their final game of the season here on Thanksgiving Day with Cornell, spent yesterday in signal practice. With the exception of Scott and Lambertson, all the cripples have greatly improved, and it is hoped will be in condition to start the game. Ramsdell, the speedy Texan, is expected to start at full back; Hutchinson at quarter; Somers and Irwin, halves. The other positions are expected to be filled by Braddock and Marks, ends; Fests and Ferris, tackles; Pike and Dietrick, guards; Cozma, center. This team will average about five pounds a man less than the Cornell aggregation, and the Pennsylvania coaches are not very optimistic over the outlook for victory.  
The line-up of the Cornell team, with the substitute for each position, follows: Left end, Teagle, Seelye; left tackle, Munk, Stude; left guard, Donnan, Hale; center, Seagrave, Pfeiffer; right guard, O'Connor, DeLano; right tackle, Weekes, Trimp; right end, Crosby, Sutton; quarterback, Owen, Wood; left half back, Robb, Tydemans; right half back, Hoffman, Krutach; fullback, Simson, Gass.

Cambridge, Mass., Nov. 24.—Quarterback Daniel O'Flaherty of the Harvard football team yesterday told for the first time that he was so dazed during most of the Yale game that he didn't know what he was doing. O'Flaherty's own statement puts an end to the rumors of what was the cause of the seeming confusion over signals. O'Flaherty was seen yesterday while on his way to an American history lecture in the college yard. He said:  
"I received a punch on the nose early in the game. I didn't know during most of the game what I was doing. I was so dazed. This accounts for the way in which I continued the signals."  
"The best of feeling exists between Capt. Fish and myself. He wanted to see his team win, and for this reason he interfered with and changed a number of signals which I had given. There was no feeling in it then, and there is none now."  
"O'Flaherty's nose today showed the bruises which he received in Saturday's game. Men on the side lines at the game say that his jaw was ground in the dirt, and the force of the blow was so great that one of his back teeth was driven out. His nose was not broken, however."

Chicago, Nov. 24.—William Crawley of Pasadena, Cal., was yesterday elected captain of the 1910 football team of the University of Chicago. Crawley has played right halfback on the team for two years.

## SOCIAL AND PERSONAL

Miss Alice Strand, an office assistant at the Crown Corset Co., gave a little party to a number of her friends last Thursday night at the new home of her parents, 57 Wood avenue. Some one purporting to be Miss Strand telephoned to the Farmer a news item to the effect that the party was a tin shower in celebration of the approaching marriage of the hostess. Lena I. Ritchie, superintendent of the Crown Corset Co., speaking for Miss Strand stated that the latter was not contemplating matrimony and that she was much aggrieved to think that such a report should be circulated. She said that neither she nor Miss Strand had any suspicion as to the identity of the mischievous person who circulated the canard.  
The Ravetoe Club, an organization of Bridgeport young men, will hold an informal dance in Slocum hall in the Court Exchange building, Thanksgiving evening. The affair will be for members and their lady friends only.

## BURNING ECZEMA QUICKLY SPREAD

### Started Like Ringworm on Hand— Hand Swelled and Then Humor Spread to Arms, Legs and Face —It Was Something Terrible.

## PRESCRIPTIONS FAILED: CUTICURA CURED HIM

"I have used the Cuticura Remedies for a very bad case of eczema with complete success. About fifteen or eighteen years ago the disease developed in the shape of a large pinhead on top of my head. It burned and itched so much that I was compelled to show it to a doctor. He pronounced it ringworm, and made very light of it. He gave me a wash and told me to apply it before going to bed and all would be over in the morning. But the next morning my hair was all swollen up and I poulticed it. When the doctor came to his office I showed him the hand and to my surprise he told me that he had never experienced such a case in his practice and said it was well I poulticed it. After trying his different remedies the disease increased and went up my arms and finally to my thighs and legs generally and finally on my face. The burning was something terrible. After I had tried this doctor, as I thought, long enough, I went to another doctor who had the reputation of being the best in town. He told me it was a bad case of eczema and that it would take quite a while to cure it. His medicine checked the advance of the disease but no further."  
"I finally concluded to try the Cuticura Remedies. I bought a cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura Resolvent and found relief in the first trial. I continued until I was completely free from the disease and I have not been troubled with another attack since. I still use the Cuticura Ointment in my family as it is one of the best remedies to hand a sore or other injury rapidly. I can freely and truthfully say that the Cuticura Remedies are the best so far as my experience went with them and I am still recommending them, feeling sure I am not making a mistake. C. Burkhardt, 238 W. Market St., Chambersburg Pa., Sept. 19, 1903."

## Taxpayers' League Bulletin NUMBER 1 NOVEMBER 24, 1909

### TO MEMBERS AND TAXPAYERS:—

At last night's meeting in Warner Hall, at which a Taxpayers' League was formed, constitution adopted and officers elected, about 300 taxpayers joined the league as charter members. Though the hall was full, many were prevented from being present on account of the inclement weather. For the benefit of those who could not attend, charter membership application sheets will shortly be distributed about the city.

### In the Meantime Consider the Following Facts for a Minute:

The last Board of Aldermen proposed to increase the pay of firemen to a point exceeded only by four cities in the United States, viz: New York, Chicago, Jersey City and Newark; equalled only by four cities,—Boston, Oakland, Portland (Ore.) and Seattle, and actually exceeding the salaries paid in every other of the 53 cities in the country larger than Bridgeport, including Philadelphia, St. Louis, Baltimore, Pittsburgh, San Francisco, etc.

### IS THIS FAIR? IS THIS EQUITABLE?

Tomorrow you will have an opportunity to express your judgment in the matter. Coupons will be printed in all the papers, requesting the incoming Common Council to sustain the former mayor's veto of the firemen's salary increase. There will be space for your name and address, and every member and all taxpayers are invited to fill these in and mail to the acting secretary, who will notify the Aldermen in the respective districts of the result of this mail vote.

Do not fail to secure one of these coupons and record your vote.
