Presents Exceptional Opportunities For Investments

No quicker nor surer opportunity for profit on your investment exists than shore property, especially property at SILVER BEACH, and the nearby beaches along the Milford Shore.

I Can Show You How, by Paying a Very Small Amount Down, You Can Own a Cottage or Bungalow by the Sea, Which, by Renting for a Part of Each Season, You Can Make Pay For Itself.

And all the while it will be increasing in value and reaching out toward a handsome profit for you when you are ready to sell.

I have cottages, bungalows and choice lots all along the Milford Shore that I will sell on exceptionally easy terms. See me any time.
