

# DORSEN'S

MAIN, ELM & MIDDLE STS.

## The Christmas Buying Will Be In Full Swing Here on Saturday

With only 12 shopping days between this and Christmas—count them up yourself on the calendar and see if we are not right—even those who are behindhand will wish to make a beginning.

And the BEST of all stores to begin with is—Dorsen's.

Here is the newest and most modern store—the newest of new things, in most pleasing assortments—just as you prefer to have them when you select what will be most acceptable to your friends.

Here the service is quickest—with National Cash Registers in every department to make shopping rapid and easy, and abolish tiresome waiting.

Here you may check your packages—mail letters in the U. S. Postoffice station—take lunch in the Tea Room and Restaurant—and have unlimited use of numberless facilities for satisfactory shopping.

Here you find a modern, Metropolitan store—with courteous, cheerful attention to every want—and satisfaction in buying whether your purchase is large or small.

And last, though it may be most important, you SAVE. The economies and money-saving opportunities found in all departments throughout the year, will be continued at Christmastime.

Read the list of values on this page—especially those which may be obtained by shopping on Saturday from 9 a. m. until noon.
