WOMAN READY FOR VACATION IS FOUND DEAD

Neighbors Smelling Gas Looked in Her Apartment Last of All.
Asphyxiated as she sat before a heater in her apartments this morning in the effort to warm herself, Mrs. Herbert J. Brown of 1412 State street was found dead at 10:15 o'clock by neighbors who were attempting to find the source from which gas was escaping through the five story apartment building at State street and Butler avenue. Death probably occurred some time previous.

Neighbors Smelling Gas Looked in Her Apartment Last of All.
Residents of the big apartment block which is owned by the Hungarian Sick Benefit Societies' confederation detected the odor of gas about 10 o'clock and immediately began a search to find out where it was escaping. The Brown apartment was the last visited as Mrs. Brown had not expected to be home this morning, to judge by her statements made yesterday to neighbors.

Neighbors Smelling Gas Looked in Her Apartment Last of All.
Mrs. Brown, who was about 40 years of age, has been complaining of ill health for some time and yesterday told neighbors that she soon intended going on a vacation and expected to return in better health. Yesterday afternoon, she went down town to do some shopping preparatory to the vacation and stated that she was going to complete the shopping this morning.

Neighbors Smelling Gas Looked in Her Apartment Last of All.
Because of her statements, when the neighbors started to search for the gas leak, they did not go to the Brown apartments as they believed that she was on a shopping trip and not around the house. But when it was found that the gas was not escaping from any other apartment, the one occupied by the Browns was visited and Mrs. Brown was found sitting in a chair before a heater, with her feet wrapped in blankets.

Neighbors Smelling Gas Looked in Her Apartment Last of All.
For some time, Mrs. Brown has been subject to nervous chills and it was her custom when taken by one to wrap her feet in the blankets and light the heater. It is presumed that when a chill occurred this morning, Mrs. Brown sat before the heater and that falling asleep, did not notice the heater when the gas was leaking from a sudden gust of wind.

Neighbors Smelling Gas Looked in Her Apartment Last of All.
When the body was found, Police-man Thomas J. Walsh was called and the emergency ambulance summoned upon its arrival, Dr. E. W. Payne found that Mrs. Brown was dead. Acting Medical Examiner Dr. Edward Fitzgerald was notified of the death and began his investigation.

Neighbors Smelling Gas Looked in Her Apartment Last of All.
Mrs. Brown is survived by her husband, an employee of the American Graphophone Co., and one son, Assistant Medical Examiner Edward Fitzgerald found that the death of Mrs. Brown was caused by accidental asphyxiation.

CASEMENT WILL OFFER DEFENSE FROM THE DOCK

London, June 28.—Dramatic developments are expected at today's session of the trial of Sir Roger Casement for high treason. Chief among these is a statement in his own defense which Sir Roger is prepared to make from the dock. Francis P. Doyle, the Philadelphia attorney who is acting as solicitor for Casement, informed the Associated Press before the opening of court that no witnesses would be called for the defense. That argument, however, would be supplemented by a statement from the defendant. In reference to the decision of Casement's counsel not to call any witnesses, Mr. Doyle said:

CASEMENT WILL OFFER DEFENSE FROM THE DOCK.
"Insomuch as this trial affects not only the life of Sir Roger Casement, but also, the aspirations of the Irish nation, it has been deemed advisable not to call any witnesses in this jurisdiction."

CASEMENT WILL OFFER DEFENSE FROM THE DOCK.
He added that no witnesses were available in this country and that it would have been necessary to go to Germany for them, which the government would not permit. Alexander Sullivan, chief counsel for Casement, resumed his argument when court convened today, in an attempt to show the indictment was faulty. After he had concluded his address, the court overruled his motion to quash the indictment.

The funeral of Mrs. Bridget Welsh who died on Monday, was held from the undertaking parlors of Cullinan & Mullins at 8:30 this morning and a half hour later from Sacred Heart church where the mass of requiem was sung by Rev. Thomas J. Mooney. Burial was in St. Michael's cemetery.

Carranza Cavalrymen Being Concentrated Near Pershing Line
Columbus, N. M., June 28.—Large forces of Carranza cavalry are being concentrated a short distance east of General Pershing's line of communication between Colonia Dublan and El Valle, according to reports brought here today by army motor truckmen. The truckmen assert that the expeditionary commander is drilling his men regularly and is sparing no effort to make his force as mobile as possible. A large number of empty motor cars are being kept in readiness at Field Headquarters for rapid transportation of infantry. It is explained that this is being done because of reports that Mexicans have been seen in the territory occupied by the American command.
