### Office Open Evening

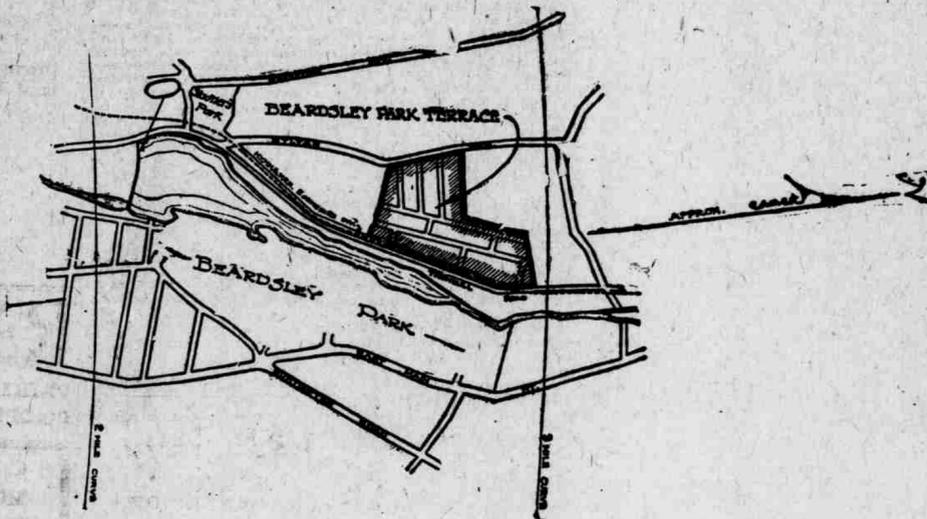

The office is open evenings—7 to 9 P. M. Salesmen on property up to 8 P. M. at night. Automobile meets every North Bridgeport trolley at end of line or we will call for you at your home.

We started this sale last Saturday, June 24, and sold over 150 lots on the opening day, but owing to the bad weather of last Sunday a great many people were unable to come out and see the property. For this reason we have decided to continue the sale over the "Fourth of July."

This property offers an exceptional opportunity to the homeseeker or the man looking to make his money work for him. So do your best to get to the property between now and the "Fourth of July."

This property overlooks Beardsley Park, one of the most beautiful parks in Connecticut and adjoins its lake. You can buy a lot during this sale for \$5.00 down and \$2.50 a month will carry it.

### LOCATION OF PROPERTIES

After paying \$5.00 down on a lot \$2.50 a month will carry it. You can then move out of the landlord's grasp. Buy a small tent—take yourself and your family out of the smokey city and pitch that tent at Beardsley Park Terrace. Then you can enjoy its balmy breezes. Just think how the "kiddies" will enjoy it. Do not delay for their sake! Do it today.

### FREE OF INTEREST

Just think of the investment at Beardsley Park Terrace. Buy your homesite during this sale. No interest will be charged for 3 years. At the end of this time your lot will be doubled in value. Whereas the other fellow charges 6 per cent. on the unpaid balance we assume this obligation for 3 years. We do this to assist you in securing your own home. We will also help you with your loan and will gladly show you how you can build in a small way and start your future home.
