ETHAN ALLEN. We have received from the Hon. W. P. Baxter a copy of two autograph letters by Ethan Allen, with accompanying documents, endorsements, etc. Just which house is referred to we have no knowledge. There was an "Ethan Allen house" at Bennington Centre, there is one still standing in Sunderland, and perhaps some of our readers may be able to give us the missing link as to which house is referred to, or whether Ethan ever built at all. Mr. Baxter says these are exact copies, and that the letter relating to the old soldier and his gun was addressed to Stephen R. Bradley, Esq., Rutland.

The letters, etc., are as follows: Bennington 31. of August 1784

The article will be fully illustrated, and will be supplemented by a characteristic poem on "Shanty Life" by Will Carleton. The Poultry Show will be appropriately noticed, and there will be a new detective story by A. Conan Doyle, entitled "The Adventures of a Stock-broker's Clerk."

THE ARENA FOR MARCH.

The March Arena is particularly inviting to persons interested in vital social problems, and to liberal thinkers. Among the important social and economic problems ably discussed are papers by Alfred Russell Wallace, D. C. S., Helen Campbell, and the editor of the Arena. Dr. Wallace presents a powerful contribution on "The Social Quagmire and the 'Shantytown'" which he holds that the land question lies at the root of present evil conditions. It is addressed presumably to the farmer but should be carefully read by all thoughtful people. Helen Campbell continues her series of wonderful papers on "Women Wage-earners of Europe and America," presenting data and facts never before given to the public, and furnishing the ablest discussion of this problem ever made. Mr. Flower, under the title "A Pilgrimage and a Vision," deals most vividly with social contrasts in Boston, and shows what might be done if capital were a little less grasping, selfish and short-sighted. He also discusses in a thoughtful and on the whole an optimistic manner, the present outlook under the caption "What of the Morrow?" Dr. Leslie Keeley defends his Golden Cure in a well-written paper on that subject. Louis R. Ehrich deals with the present liberal draft of religious thought in an ably-prepared paper entitled "A Religion for All Time." Among the other contributors are Prof. S. P. Wait, Helen Gougar, A. M., John Franklin Clark, Dr. F. J. Furnival, Will Allen Dromgoole, Cora Maynard and Judge John Keally. All thoughtful and progressive people should read this Arena.

THE WM. RADAM MICROBE KILLER.

The Greatest Discovery of the age. Cures All Diseases.

MRS. MARY GIBSON, Agent, Bennington, Vt.

DIPHTHERIA, SUMMER COMPLAINT, ETC.

Mrs. M. E. Hedges, with Journal of Industry, of Quincy, Ill., writes—"I can truly say that Microbe Killer saved my own life when all other means were unavailing, and know of many marvelous cures it has effected in its trips: 'anemia, malaria, etc. Its great value as a family medicine is shown in its prompt cure of the common disease of children—feverish, summer complaint, etc. The distinctive energy of this medicine is shown also in quick healing of wounds on animals. It's instant death to maggots and will stop putrefactions in sores or in dead animal matter. I have such unbounded faith in the Microbe Killer that when it fails to cure I will give up to die."

QUINCY, Ill., July 27th, 1892.

Mrs. Mary Gibson, Dear Madam—Yours of the 21st at hand and contents noted, and do say that I can verify every word I have said in regard to the Radam Microbe Killer. When I commenced the same I had given up all hope of life. I had tried all the doctors; used every remedy I ever heard of, yet found but little relief, until I heard of the M. K. My disease was of seven years' standing. The first gallon I could feel an improvement. I took it right along for a year. It was doing me more good than the doctors, and yet its cost was a mere nothing to what I had been paying them. I can say that I am well now, but we still use the M. K. for any and all sickness that comes in the family, such as colds, fevers, sore throat, flux inflammation of the bowels, a lung trouble, the M. K. and occasionally a dose of pills is all the doctor we have. I do heartily recommend the M. K. to every one in all diseases, no matter of how long standing. Yours respectfully, MRS. M. E. HEDGES.
