

LOCAL MATTERS.

Christmas.

Christmas, the gladdest, brightest and most glorious of all the other days in the year, has come and gone once more.

The Silver Wedding.

A large number of the friends of Rev. T. B. White and wife, of the M. E. Church South, gathered at their residence adjoining St. Paul's church, on Thursday evening of last week, to congratulate them on the arrival of the twenty-fifth anniversary of their wedded life.

Losses from the Mountains.

Mr. A. McIntyre, the gentleman mentioned in last week's REGISTER as being lost in the mountains on the headwaters of Hamilton creek, was a man of about fifty, a bachelor, a member of the Methodist church, a man highly respected in the community where he resided.

An Agreeable Surprise.

Our public schools closed on Thursday of last week until after New Years. The teachers were all surprised on the receipt of tokens of remembrance from the scholars.

Arm Shattered.

On Christmas day a son of Mr. John Hughes, who has just across the river in Benton county, went out hunting.

City Council.

Council met on Tuesday evening, Mayor Clark, Councilmen Dandals, Gradwohl, Patterson, Saltmarsh, Martin and Scott; Recorder, J. L. Halter; Marshal, A. J. Hunt, present.

The bills referred to committee on Accounts and Current Expenses, with the exception of the bill of Cherry & Parks, were reported favorably, and they were ordered paid.

The petition of Mr. Boyle for a new sidewalk on Walnut street, placed in the hands of the committee on ordinances, was reported upon unfavorably, and the report was adopted.

The petition of Cherry & Parks for a new sidewalk was granted, and the property holders ordered to build the same within thirty days.

The petition of E. B. Purdon et al, asking that the city pay for the improvements on Second street, was continued, the committee asking further time.

Report of the City Recorder for the fourth quarter of 1880, was read, showing a total of \$661 50 received for licenses, etc., and \$1,827 90 expended.

The Mayor thought a light picket fence was all sufficient, and cost much less. On motion, all the bids were rejected.

A petition of citizens asking for the construction of a sewer down Ferry street, was read, and, on motion, laid upon the table for the consideration of the new Council, it being too late for the present Council to take any action in the matter.

Two petitions remonstrating against the petition of John A. Crawford, presented at the last meeting, asking for relief from building bridges, etc., across the Santiam Canal and keeping them in repair as required by ordinance, was read, and, on motion, both were laid upon the table for the consideration of the incoming Council.

A motion to instruct the Marshal to procure the necessary assistance in lighting the lamps, passed.

Dandals, Alderman, \$6. J. Jones, watch and engineer, \$70. R. E. Harmon, watch, \$60. REGISTER, printing, \$2. Bills allowed under a suspension of the rules.

Spink, wood, \$4. Bills were referred.

The Mayor suggested that the committee look after all these bills, especially the bills for coal oil, which seemed to vary considerably, too much in fact; he further suggested that the city purchase enough oil at one time to last at least through the stormy weather.

On motion the bond of the Marshal was placed at \$5,000—same as the Treasurer. The Recorder gives bond in \$1,000. Council adjourned.

Christiana at the M. E. Church.

The exercises at the M. E. Church on Christmas eve were very entertaining, appropriate and successful throughout. The committees appointed on arrangements of the trees, decoration of church and exercises of the evening, are all to be commended for their skill and energy in the performance of their respective duties.

At 7 o'clock P. M. the exercises commenced, and the following programme was carried out, the pastor, Rev. Dr. I. Dillon, presiding:

The church was well filled with attentive listeners throughout. Perfect order prevailed, and not a single present failed to reach its owner. Miss Lelia White and Miss Ada Simpson were the organists of the evening, and did their parts gracefully and well.

One of the most pleasant and social events of the week, was the private party given by Prof. Powell and wife at their residence on Fifth street, on Wednesday evening. The company was most agreeably entertained by the Professor, efficiently assisted by his estimable wife and daughters, and a merrier or happier party hardly ever gathered under one roof.

A birthday party at the residence of Mr. G. F. Simpson, on Wednesday evening, in honor of the sixteenth birthday of his oldest son, Will Simpson, was enjoyed by the young people.

A surprise party at Mr. I. C. Dickey's on Wednesday evening was well attended and heartily enjoyed.

The narrow gauge completed to Brownsville.

The narrow gauge road was completed to Brownsville from Ray's landing on the Willamette, on Tuesday, the distance being seventy-two miles. The company has laid eighty-one miles of rails during the season, besides grading eight additional miles. From Ray's landing to Portland it is thirty miles, and it is understood the work of building the line this distance will be pushed as rapidly as possible.

On Christmas eve, the three-linkers gave a hop, and we learn from a participant that it was one of the most sociable and pleasant occasions ever enjoyed, even in Butteville. The three-linkers are possessed of large, warm hearts, and it is their delight to make it specially pleasant for any brethren who may partake of their hospitality. Long may the three-linkers of Butteville grow and prosper and increase.

Accident at Seta. A few days ago a young son of Mr. James Compton, of Seta, while handling a shotgun in some way caused it to explode. The gun, either from some defect or being too heavily loaded, burst, the contents striking the young man in the side of the head, a silver from the barrels being forced through one of his shoulders. It is a bad case, and fears for his recovery are entertained.

NARROW GAUGE.

BROWNVILLE, Dec. 29th, 1880. ED. REGISTER.—It has been so long since I have written to you that I hardly know where I left off, or where to begin.

We had a Christmas tree and ship here last Friday night, and in spite of the hard times were well filled with presents. The Corset Band also had a ball on Christmas Eve at the new City Hall, but there was not a very large attendance.

The dedication of the new Masonic hall, which took place here last Monday, was the finest affair ever seen here, and many noted persons came from abroad. The whole wound up with a ball in the new City Hall in the evening, and 67 numbers were sold; and as the music was good, and plenty of room, everything passed off pleasantly. The fraternity here may feel proud of their new building, for it adds greatly to the beauty of our town.

Fall sown grain in this section is looking well. The Baptists are holding meetings here quite often, under the leadership of Rev. A. J. Hundaker.

Last week our city election took place, resulting very disastrously to the temperance element; and in the evening a grand salute was fired in honor of the defeat of the anti-liquor ticket. Well, much good may it do them, I say.

Mr. Hausman has opened a wide street leading from the main road down to the railroad station. The new drug store front is now completed and presents a very fine appearance. Messrs. Starr & Blakely expect to move in early next week.

The installation is to be public, and takes place next Saturday eve. Last Tuesday night the Rebekah Lodge had their election, with the following result: M. B. Crane, N. G.; Sister Hausman, V. G.; Geo. A. Dyson, R. S.; Sister M. A. E. Gross, Treasurer. The attendance was large and the meeting very pleasant, and upon being adjourned, the brothers brought in a goodly supply of oysters, peaches, cakes, etc., and gave the sisters a genuine surprise supper, which was duly appreciated.

The many friends of Mrs. C. Cochran will be pained to hear that she is feeling very sick, and is very poorly. Rumor says our present P. M., Mr. F. F. Croft, has resigned in favor of Peter Hume.

Mrs. Ada Woods arrived here from the upper country; also Mr. Ira Sperry, to see her, and to-day she is resting much easier. There are days that mark events of importance in the growth of towns as well as individuals. On Tuesday the 28th inst, at noon, the track of the Oregonian Railway Co., Limited, reached this city, and in spite of a drizzling rain, a large crowd of our citizens turned out to witness the arrival of the first iron horse into our city; and as he came in puffing the great clouds of steam, he was welcomed by the waving of handkerchiefs from the crowd, and the deafening roar of the snivels, and strains of music from the brass band—it was a sight not soon to be forgotten. The mayor of our city made a brief speech, tendering the thanks of our people to the workmen of the road for prosecuting the work to a successful termination through storm and difficulties. He was answered by the foreman with a neat reply, after which cheers were given with a will by the vast assemblage for the narrow gauge, for Mr. Montgomery and the workmen of the road, and the band struck up a joyous air, and the avails made the hills echo again, after which the workmen all adjourned to partake of a free dinner at the Hall. Such is very briefly the entry of the narrow gauge into our town.

The 28th of February, 1878, was the first time the subject of a narrow gauge road was ever heard of; it was published in a small sheet called the Brownville Advertiser, and for one year that subject was never dropped. It was then advocating a road from our city to Albany; but after a lapse of just two years and ten months we have the iron horse at our very doors, and instead of a short road to Albany we have one reaching nearly to Portland on the north, and whose southern end must finally tap the great public thoroughfare—the Central Pacific. NARROW GAUGE.

Meeting of the Linn County Bible Society. The annual meeting of the Linn County Bible Society will be held at the Court House in this city, on Sunday evening, January 2d 1881, at 7 o'clock P. M. The meeting will be opened by singing, then prayer by Dr. Irvine, with the following programme will be offered: Reading the scriptures—Rev. Mr. Crawford. Singing. Ten minute speeches—By Revs. A. C. Kestner and J. W. Harris. Singing. Ten minute speeches—By Revs. Dr. Dillon and P. C. Hetzler. Collection. Prayer and benediction—By Rev. E. N. Condit. M. E. S. S. Officers.

Last Sunday the following named persons were elected to fill the several offices in the M. E. Sunday School: Superintendent—Rev. L. J. Powell. Assistant Superintendent—Charles Riddout. Secretary—Frank Kenton. Treasurer—Mrs. G. F. Simpson. Librarian—Will Simpson. Chorister—Wiley B. Allen. Organist—Miss Ada Simpson. A number of new teachers were also elected. The school is in a flourishing condition.

All persons indebted to Mrs. L. J. Powell are requested to make payment before the second week in January, 1881, without fail. Don't forget the Odd Fellows' Supper and Festival this evening. The proceeds are in aid of the Library.

It Pays to Insure.

Business men make the matter of insuring their goods and property of the first importance, as no man can tell the day nor the hour in which his property may be damaged or entirely destroyed by fire, even though he may exercise the greatest care and watchfulness. Our farmers are pretty generally making assurance doubly secure by insuring their grain after placing it in the warehouse. This is wise and safe, and should be followed by all. Insure your grain, houses, barns, or goods of any kind in a sound company, and you can sleep soundly. Among the soundest insurance companies doing business in Oregon, none can be more highly recommended than the Connecticut and the German-American. It is a noteworthy fact that both the above companies paid every dollar of their losses in the great Chicago and Boston fires, a fact which speaks loudly in their favor. The instructions to agents in every case is to find out speedily the amount of any loss by fire in which they are interested, and pay it to the last farthing. These are the companies in which to insure. Mr. Julius Gradwohl is the accommodating agent for both companies in this city, to whom all should apply who desire to insure in safe companies.

Arrival of New Toys and Fancy Goods. ED. BAUM has opened out the largest stock of holiday goods ever brought to this city. You can find any kind of present you may desire, to suit any age or condition, at Baum's. I will mention a few articles only, as it is impossible to go into details. Paragons.

Happy New Year to all. Judge R. P. Boise has returned from a visit to his old home in New England. A supper is to be given this evening at the Opera House by the Daughters of Rebekah.

Our merchants generally done a fair business last week. All the public schools have been enjoying vacation during the week—will open next week.

Frank Wheeler and Miss May Bently were united in marriage by Rev. Dr. Isaac Dillon on Christmas eve. The happy pair and friends were handsomely entertained at the residence of the bridegroom's parents, Mr. and Mrs. Jason Wheeler.

The silver wedding of Rev. T. B. White and wife, on Thursday evening of last week, was a most enjoyable occasion to all in attendance. The Christmas trees at the M. E. Church on Friday evening were very handsomely decorated with presents. The entertainment was also enjoyable. A large number of handsome presents were taken from the trees.

Why is it that the circus elephant never kills the clown or lion-man? A faint pocket book never won a fair lady. It is the man who wins. Canada has no mint, and consequently the juleps of the country must lack flavor. Some wise man writes: "Baudie is no industry." Neither is corset finance.

The dream of life is dreamed upon too hard a bed.—Joni Ford. It isn't so much the bed, Jean, as the supper that does it. Fashion says: "Gathered waists are still very much in favor with young ladies." They are with the young gentlemen, also. "Empty is the Cradle, Bady's Gone," is the title of the latest serio-dilotic song. It will probably be followed by "Empty is the Bottle, Papa's Full."

Keep it there, Mary. Nothing so enhances the value of a poem as keeping it in your heart. If it can be kept there for good, a great object is attained. A nautical exchange has come to the conclusion that "the small boy who combs his hair himself for the first time will make at least fifteen knots an hour."

A medical writer asks: "Does position affect sleep?" Well, rather; if you're hung up with your trousers on a splined fence, you won't sleep very soundly. Most babies have a hue distinct from adults.—Cincinnati Gazette. Yes, and they have a cry distinct from adults, too, which makes a distinct hue-and-cry; now, doesn't it?

A few more bargains in toys, etc., at Ed. Baum's. Christmas was not as brilliant as usual in this city. Hard times made even Christmas a slow day. Handsome jewelry and silverware, a few pieces left, at French's, just the things for new year's gifts, at about cost.

The sooner a system of sewerage for our city is adopted and pushed to completion, the sooner will we have a perfectly healthy city. Without some system of drainage our city will soon become famous for its unhealthiness. If you want an elegant ladies gold watch for Anrietas, chesep'n dirt, go to Titus Bros.

The other day a drunken fellow met a man coming out of a shop with a small coffin under his arm, and inquired: "What's ye got there?" "A coffin," was the reply. "Well," said the bawny rooster, "can't ye afford to treat on it?" The Silver Steel Diamond Saw, the best made, can be purchased of Peters & Sox—call and examine and you will be pleased with them.

We call the attention of the readers of the REGISTER to the advertisement of Hill & Dodd in this issue. Dr. Hill found his calls more numerous than he could answer, and necessarily compelled him to seek a partner, and his many patrons will be pleased to know that he has associated with him a gentleman of first-class qualifications. Dr. Dodd has been practicing medicine successfully for many years. For seven or eight years he was Health Officer of State, located at Astoria. Dr. Dodd now proposes becoming one of the permanent fixtures of Albany, and judging from the success he has had at other places he will soon have a large practice here. If you can't get Hill you can find Dodd, and if Dodd should be absent Hill will wait on you. This makes a strong and live firm, as neither of them are afraid of hardships or dark nights.

On Monday evening, after installing officers in Corinthian and St. John's Masonic lodges of this city, the brethren repaired to the Revere House, where an elegant supper awaited them. Our Masonic brethren know how to enjoy life. P. G. M., Hon. D. G. Clark, of this city, by request, installed the officers elect of "Rocky" and "Corvallis" Masonic lodges on Monday evening last. Officers of the Chapter were installed on the same evening by P. G. H. P., Dr. Bailey, of that place.

Claughton, is down with the measles, and may need attention. Watch-meeting this evening at the M. E. Church, commencing at 9 o'clock, and to hold until the new year is ushered in. The meeting will be opened with a short sermon by the pastor, Dr. Dillon.

Mr. John Reed and family have moved out to the their Santiam farm. We are sorry to lose their pleasant faces from our midst. Jas. E. Herren has been very ill since Friday last—confined to his room pretty much the entire time. Mr. Cusick, of Lebanon, called a moment on Wednesday. They don't grow any better boys than Cusick.

This is the last chance to buy fancy groceries at Halfpenny Bros. at cost prices. Go now. Steamboats have resumed regular trips as far up as Corvallis.

Pigeon Shooting. A match has been arranged between D. B. Montelth of this city, and S. M. Engene, for \$100 a side, to come off on Monday next in this city. They are to have 30 birds each, the one getting the most birds to take the \$300. As both are reputed good shots, the match excites a good deal of interest in sporting circles.

More Hunting. A match hunt was appointed for Wednesday last in the Huriburt settlement. As there are some fine shots in that neighborhood, good scores may be looked for. The party are to have a supper to-night, we believe, to be followed by a little hop, if those attending desire, at Mr. Huriburt's.

Gone to Washington. Hon. M. C. George has gone to Washington. He will occupy his seat in the House of Representatives after the 4th of March next, and will prove an indelible worker for Oregon.

The man Campbell, arrested at Astoria on suspicion that he was the party who burglarized the Oregon City postoffice, an account of which was given in last week's REGISTER, turned out to be the wrong man and was discharged from custody. The Campbell whom the authorities are after, has skipped.

The express office at Oregon City was burglarized on Sunday night, and a number of packages opened in search of coin. The safe had been tampered with but not opened. No clue to the burglars.

The capacity of Port Discovery mills has been lately increased to 75,000 feet of lumber daily. Further improvements in the machinery will bring this capacity up to 100,000 feet by the first of January.
