

FARMER'S COLUMN.

Figs and Pork.

We select from a correspondent's letter the following items relative to pigs and pork. He recommends that pigs should be wintered upon two ears of corn daily, fed very regularly, one at night and one in the morning, keeping them in a warm, close pen, without water. He says they will live in a hibernating condition and upon a small amount of feed keep in good condition. If watered or fed with liquid food, and kept in the cold, much of the food is expended in keeping up animal heat. The pigs should be in good condition when put up, and must be well bedded to enable them to keep warm.

"The best and most solid pork," says the same writer, "is made by rapid feeding of pigs in Autumn, which have kept thin all summer. Hogs that are kept fat through the summer are most apt to afford soft pork, which shrinks in the pot.

"Hams, or in fact any part of the pig designed for bacon, should never be put in pickle—they are decidedly better salted dry."

In this we perfectly agree with the writer. Our practice has been to weigh the pork to be salted and the salt, giving six pounds of fine salt to one hundred pounds of pork. First sprinkle about one-fourth of an ounce of saltpeter, finely pulverized, upon a ham or shoulder, and then rub it over well with salt, and pile up the pieces just as you would pile up a lot of stove wood, in some dry room. It should be overhauled once, and the spare salt rubbed on fresh-looking spots, and the pile reconstructed so as to allow the air to come to all parts. It will completely salt in as many days as a ham weighs pounds.

It should be smoked in a large, airy room, by a fire of some kind of sweet, green wood—hickory is best—and the fire should be so far off that its heat never would warm the meat, and the more gently it is smoked the better. One small fire, once a day, is better than a constant smoke. Never use rotten wood for smoking. The true art of smoking meat is to impregnate it with pyroigneous acid, which can only be distilled from sound wood, and it is easiest obtained from green wood. If it is desirable to use sugar or molasses on the hams, it should be applied in advance of the salt or saltpeter. It has a preservative quality, and if used at the rate of a table-spoon full to a medium sized ham it is not objectionable.

For pickled pork, it is advantageous to salt it in the bulk before packing in barrels. Nothing will drain off from meat thus salted, but just what should drain away. When your pork is ready to go into the barrel, pack it as tight as you can force it in, and then fill the barrel with brine—not salted water, but brine, which is water saturated with salt. Pork thus cured will keep longer than we can calculate.

To keep hams, hang them in a dry cool room, and draw a loose cotton bag over them, and tie it tightly around the meat. This must be done before flies come in spring, and it will keep them away. We have kept hams prepared in this way till over three years old, and they were as good better than new ones, than ripe old cheese is better than one a day old.—[N. Y. Tribune.]

SYSTEM IN LABOR.—FARMERS, as a general thing, have the least system in labor of any class of men. They work without any fixed hours, from daylight till dark,—never take time for reading or recreation, and if they undertake to read before going to bed, they are so exhausted they do not enjoy it, and often fall asleep over their book or paper. They virtually wear themselves out, so they become old men when they should be in their prime. Nature did not intend that man should work incessantly, without rest or recreation. Why can not farmers have some fixed time for labor, as well as mechanics or professional men—say from 6 or 7 o'clock in the morning till 6 or 7 at night, which will give them twelve or thirteen hours a day for work. This is as long as a man can work without injuring himself sooner or later. Mechanics in the cities work only ten hours a day, and you cannot get them to work any longer, and a man will accomplish more in that time than if he worked from daylight till dark every day; because he will have more strength, will work with a will, and when his day's work is done he can read and inform himself. Man was not placed here on earth by his Creator to wear himself out by work, but to prepare himself to dwell with him in Heaven. Then adopt some kind of system for labor, and improve the mind.

KEEPING POTATOES.—A correspondent of the Rural New Yorker relates his experience with the potato rot, as follows: "When digging, I discovered occasionally a potato that was affected, and had them all picked out carefully. They were dried in the sun, and put in the cellar in one bin. Some few days after, I examined them, and found them warm and emitting an offensive smell. I considered them lost, when it occurred to me that I would try one thing before giving them up. I got two bushels of plaster, threw it on them (after taking out of the bin,) shoveled them all over, and left them on the cellar bottom about one foot deep. They cooled off, and stopped rotting. Those that were not affected, which was about three-fourths, kept about as well as any

I ever had. This was merely an experiment,—I never tried it before nor since,—but I will try it again if I have occasion."

The expenditure of the U. S. P. O. for the past year was over \$14,000,000, and the revenue less than \$8,000,000, leaving a deficit of about \$70,000,000.

By the census, says the Hartford Times, Hartford and New Haven will exhibit an increase of about 40,000 over their population of 1850.

It is said that the whole Tartar population of the Crimea intend migrating to Asia Minor in consequence of their dislike of the Russians.

The present population of the city of Paris amounts to 1,800,000.

Pre-emption Rights in Washington Territory.

By act of Congress, approved July 17th, 1854, entitled "An Act to amend the act approved September 27th, 1850, to create the office of Surveyor General of the Public Lands in Oregon," and also the "Act amendatory thereof, approved February 19, 1855," pre-emption privileges were granted to the settlers of Oregon and Washington Territories. The third section of said act reads as follows: "That the pre-emption privileges granted by the act of fourth of September, eighteen hundred and forty-one, shall be, and the same is hereby extended to the lands in Oregon and Washington Territories, whether surveyed or unsurveyed, not rightfully claimed, entered or reserved under the provisions of this act, or the acts of which it is amendatory, nor excluded by the act of eighteen hundred and forty-one, with the exception of unsurveyed lands as above mentioned; and all settlers on unsurveyed lands in said Territory shall give notice to the Surveyor General, or other authorized officer, [the Register or Receiver] of the particular tract claimed under this section, within six months after the survey of said lands is made and returned."

The act of September 4th, 1841, herein above referred to, so far as is applicable to public lands in Washington Territory, is as follows:

Sec. 10. And be it further enacted, That from and after the passage of this act, every person being the head of a family, or widow, or single man over the age of twenty-one years, and being a citizen of the United States, or having filed his declaration of intention to become a citizen as required by the naturalization laws, who, since the first day of June, A. D. eighteen hundred and forty, has made, or shall hereafter make, a settlement in person on the public lands to which the Indian title has been at the time of such settlement extinguished, and which, or shall hereafter be extinguished, prior thereto, and who shall inhabit and improve the same, and who has or shall erect a dwelling thereon, shall be, and is hereby, authorized to enter with the Register of the Land Office for the district in which such land may lie, by legal subdivisions, any number of acres not exceeding one hundred and sixty, or a quarter section of land, to include residence of such claimant, upon payment to the United States the minimum price of such land, subject, however, to the following limitations and exceptions: No person shall be entitled to more than one pre-emptive right by virtue of this act; no person who is the proprietor of three hundred and twenty acres of land in any State or Territory of the United States, and no person who shall quit or abandon his residence on his own land to reside on the public land in the same State or Territory, shall acquire any right of pre-emption under this act; no land included in any reservation, by any treaty, law, or proclamation of the President of the United States, or reserved for salines or for other purposes; no lands reserved for the support of schools, nor the land acquired by

[any] Indian reservation to which the title has been or may be extinguished by the United States at any time during the operation of this act; and no lands on which are situated any known salines or mines. Sec. 11. And be it further enacted, That when two or more persons shall have settled on the same public land, the right of pre-emption shall be in him or her who made the first settlement, provided such person shall conform to the other provisions of this act; and all questions as to the right of pre-emption arising between different settlers shall be settled by the Register and Receiver of the district in which the land is situated, subject to appeal to and a revision by the Secretary of the Treasury [Interior] of the United States. Sec. 12. And be it further enacted, That prior to any entries being made under and by virtue of the provisions of this act, proof of the settlement and improvement thereon shall be made to the satisfaction of the Register and Receiver of the land district in which such land may lie, agreeably to such rules as shall be prescribed by the Secretary of the Treasury, [Interior] who shall each be entitled to receive fifty cents from each applicant for this service, to be rendered as follows: and all assignments and transfers of the right hereafter secured prior to the issuing of the patent shall be null and void. Sec. 13. And be it further enacted, That before any person claiming the benefit of this act shall be allowed to enter such land, he or she shall make oath before the Register or Receiver of the land district in which the land is situated, and who are hereby authorized to administer the same, that he or she has never had the benefit of any right of pre-emption under this act; that he or she is not the owner of three hundred and twenty acres of land in any State or Territory of the United States, nor hath he or she settled upon and improved said land to sell the same on speculation, but in good faith to appropriate it to his or her own exclusive use or benefit; and that he or she has not, directly or indirectly, made any agreement or contract, in any way or manner, with any person or persons whatsoever, by which the title which he or she might acquire from the government of the United States should inure in whole or in part to the benefit of any person except himself or herself; and if any person taking such oath shall swear falsely in the premises, he or she shall be subject to all the pains and penalties of perjury, and shall forfeit the money which he or she may have paid for said land and all right and title to the same; and any grant or conveyance which he or she may have made, except in the hands of bona fide purchasers, for a valuable consideration, shall be null and void. And it shall be the duty of the officer administering such oath to file a certificate thereof in his or her office, and in the district, and to transmit a duplicate copy to the General Land Office; either of which shall be good and sufficient evidence that such oath was administered according to law. Sec. 14. And be it further enacted, That this act shall not delay the sale of any of the public lands of the United States beyond the time which has been, or may be appointed by the proclamation of the President; nor shall the provisions of this act be available to any person or persons who shall fail to make proof and payment, and file the affidavit required before the day appointed for the commencement of the sales aforesaid. Sec. 15. And be it further enacted, That whenever any person has settled, or shall settle and improve a tract of land, subject at the time of settlement to private entry, and shall intend to purchase the same under the provisions of this act, such person shall, in the first case, within three months after the passage of the same, and in the last, within thirty days next after the date of such settlement, file with the Register of the proper district a written statement describing the lands settled upon, and declaring the intention of such person to claim the same under the provisions of this act, and also, when the settlement has already made, within twelve months after the passage of this act, and when it shall hereafter be

made, within the same period after the date of such settlement, make the proof, affidavit, and payment herein required; and if he or she shall fail to file such written statement as aforesaid and make such affidavit, proof, and payment, within the twelve months aforesaid, the tract of land so settled and improved shall be subject to the entry of any other purchaser.

TO ALL WHOM IT MAY CONCERN!!

KNOW YE that at the Old Post Office, Portland, all Descriptions of Stationery, Blank Books, &c., All novels by the following Authors, viz: Sam Slick, James, Mrs. Gore, Mrs. Holland, Mrs. Howitt, Lugetchinkoff, Spindler, Ward, C. A. Murray, Pierce Egan, De Beauford, Emerson Bennett, Charles Lever, Alexander Dumas, Capt. Marratt, Smith, Charles Rowcroft, Mrs. Maberly, Knowles, De Vigny, Mrs. S. C. Hall, Currier Bell, D. DR. J. C. YOUNG, LATE PROFESSOR OF THE UNIVERSITY OF PENN. Can be found at his Private Medical Office and Hospital, No. 210 CLAY STREET, Opposite the southeast corner of the Plaza. WHERE HE CAN BE CONSULTED PRIVATELY, and with the utmost confidence, by the afflicted, at all hours daily, from 8 A. M. to 8 P. M. DR. YOUNG addresses those who are suffering under the affliction of private diseases, whether arising from impure connection or the terrible vice of self-abuse. Devoting his entire time to that particular branch of the profession, he feels warranted in GUARANTEEING A CURE IN ALL CASES, whether of long standing or recently contracted, entirely removing the progress of disease from the system, and making a PAINLESS and PERMANENT CURE. He would call the attention of the afflicted to the fact of his long-standing and well-earned reputation, furnishing sufficient assurance of his skill and success. Upwards of five thousand cases have been discharged cured in the year ending July 1st, 1860, showing a record surpassing any hospital in the United States. CONSULTATION, by letter or otherwise, FREE. CONSTITUTIONAL DEBILITY AND SEMINAL WEAKNESS.—Dr. Young addresses those who have injured themselves by private and improper indulgence in that secret and solitary habit which ruins the body and mind, and which either for business or society with the view to impress upon their minds, before it is too late, the absolute necessity of skillful medical treatment, and by a direct course of reasoning to show that although we may not be ungrateful for the health given us, that it cannot be sported or trifled with without loss; and when once engendered cannot be regained by mere abstinence from folly, or urgent and strong display of courage. It may not be generally understood by the great majority of sufferers from mental depressions, that these dull and heavy sensations experienced in the head and about the chest, accompanied by feelings of anxiety and melancholy, are the result of derangement of the important functions of the body. Such, however, is the fact, and in latter years to such an extent has this been carried that our Insane Asylums are becoming filled with patients who owe to this cause alone their suffering. The study and practice of years has shown conclusively that to the weakness of the genital organs, superinduced far too often by self-abuse, which has become so apparent in the face; and where once our fathers stood giants in muscular force, the men of today are dwarfs in comparison. The symptoms of the disease may be faint to-day, but so surely as you experience that weakness in the back and limbs, dizziness of sight, nervousness, derangement of the digestive functions, and general debility, so surely will follow the harrowing mental prostration too awful to contemplate, and which will end only as the last breath comes struggling, gasping from the breast of the expiring victim. There is something noble in dying when the good fight has been fought, but what man can view a grave filled by one whose life dribbled out in pollution, without a feeling of disgust. Do not hesitate, hoping that time will eradicate what it only strengthens, but call at once at my office, with the full assurance of a speedy and permanent cure. Let no sense of false shame deter you, but save yourself from the sad effects of this dread disorder, and regain the full strength of your manhood. Mercury in no form enters into the Remedies adopted by Dr. Young. Mercury has been named, not inaptly, "The curse of Man," as, under the treacherous garb of a restorer, it bequeaths the most terrible disease. We do not see it at one of our dearest jewels and the fair surface, it poisons the blood, destroys the nervous and muscular system, preventing the action of the joints, and rendering wretched, under the name of rheumatism, the life of the sufferer.—"The remedy is worse than the disease," as many a poor, crippled, miserable, toothless wretch will say, while pointing to his decayed jaws and ulcerous gums, he tells of its ravages,—at his swollen joints and body marked with purple or leaden colored sores which speak of his pains, and again at his impaired, ruined digestion, which tells of wretched days and sleepless nights. All affections arising from the use of mercury perfectly eradicated and health fully restored. All diseases of a private nature arising from impure connection, such as Ulcers, Swelling of the Glands, Ulcers in the Throat, Secondary Syphilis, Cutaneous Eruptions, Ulcers, Tertiary Syphilis, Syphilis in Children, Mercurial Specific Affections, such as Swelling of the Testes, False Passages, Inflammation of the Bladder, and Prostate Glands, Excoriations, Tumors, Pustules, &c., treated in the most scientific manner. Cure always Guaranteed or no fee Required. Dr. Young would state that he has been a professor of Obstetrics and Female diseases for the past fourteen years, and is fully qualified to administer in all cases both medically and surgically, not in a superficial, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make. Therefore families can rely upon a man upon a family visit, and a great variety of diseases of long standing, and of a very distressing and dangerous character, which have resisted a long list of remedial agents, it has been used—in many of them with complete success, and in all with decided benefit. It is regarded by the medical profession as a medicine of great efficacy in obstinate cases, and various other maladies connected with a depraved state of the system. Its use is usually followed with improvement of appetite and digestion, increase of strength and flesh, better rest at night, the production of a more healthy state of mind, and complete restoration to health. Truly yours, W. M. STERNES, M. D. Prepared and sold by A. B. & D. SANDB, wholesale druggists, 100 Fulton street, corner of William, New York. For sale by H. JOHNSON & Co., and REDWOOD & Co., San Francisco; RICE & COPLEY, Marysville; R. H. McDONALD & Co., Sacramento; and by druggists generally. 1:13

DR. ADOLPHUS' Anti-Rheumatic Cordial and HEALTH RESTORATIVE—IS THE MOST VALUABLE and unsurpassed remedy for Rheumatism and Gout to be found in the world, and known to all present. The efficacy of the above medicine does claim its infallibility in all cases of Rheumatism and Gout—when used according to direction—and does offer a reward of five thousand dollars to any medicine that will supersede it, and is entirely vegetable. The Doctor is enabled to offer the above reward on account of his having used the above for ten years in his practice, and has never known it to fail in the cure of the most protracted cases of Rheumatism and Gout. Dr. Adolphus is known and highly celebrated all over the State, for his cures in Rheumatism, Gout and Chronic Diseases. In secondary and tertiary Syphilis, Scrofula, enlargement of the Glands, Dropsy, and all nervous and Cutaneous Diseases and the whole train of Chronic Diseases, whose very name is a terror as well to the Physician as to the patient, this medicine has proved to be superior to any in existence, and has cured them in a short time, a time that formerly had been accomplished by magic influence; in fact a few more such discoveries, and druggists will not need to keep a lot of useless medicines on hand, whenever they are prescribed once in a ten score, they have lost by time their properties, in which their value did reside, if there was actually any in them. Take this medicine when your digestive organs are disordered and your blood is impure, and it will surely act on your bowels. Take this medicine when you have a cold, and it will make you perspire freely. Take this medicine when your urinary and absorbing organs are disordered and it will act on your kidneys, it penetrates every part of the body searches every the most remote and secret recesses of your system, and removes the diseases located there—it restores healthy action and give tone to every organ in the human body—therefore it has rightfully deserved the name it bears HEALTH RESTORATIVE. The Doctor, who is averse to all patent medicines, wishes to be understood that the above medicine is no such thing, but that he has through the introduction of this medicine with its treatise and direction for use, made every sufferer to be his own physician in the above named cases. Thinking under my dignity to follow the mode of quacks by appending the certificates of physicians or private persons which it is too well known can be had for certain remunerations, applications of friends, or by the mode of boring a man half to death, for even the most worthless trash, I will therefore leave to those in want of medicine to enquire of persons of men who have been cured by my medicines of the above diseases, and who can be found in almost every city and village throughout the State. I consider such personal conviction far more superior to certificates of persons that are far from being known to them in want of medical aid. But should any one care for written testimonials or certificates regarding the cures performed by this medicine they call at my office and I will show them certificates of true merit, which have been sent to me voluntarily, without applying for them, or by boring individuals to get them. For sale by ADOLPHUS & JUNGERMAN, 46 Montgomery street, three doors from Bush, and by all the Druggists in the city. AGENTS—Crowell & Crane, corner of Clay and Front streets—Redington & Co., Clay street—Morrill, corner of Washington and Battery st., San Francisco. 1:11

\$615,000 distributed in Gifts JANUARY 5th, 1861.

GEORGE G. BRIGGS' GRAND VOCAL AND Dramatic Gift Entertainment will be given at the MARYVILLE Theatre, January 5th, 1861, on which occasion the following magnificent Prizes will be distributed among the Ticket Holders. 412 Prizes. Tickets, \$2!

LIST OF PRIZES. First Prize—Briggs' Old Orchard—This property consists of 125 acres of Yuba River Bottom Land, together with the House known as Briggs' Hotel, and the Barns and Sheds attached thereto. The Orchard numbers 35,000 Trees, all of the choicest varieties, and is the largest orchard in the world, and probably the most productive property in the State. The Fruit from this orchard brought, in 1858, \$70,000; in 1859, \$100,000; in 1860, about \$125,000. This property is valued at.....\$210,000 Second Prize—Sacramento River Orchard—Containing 160 acres; 24,000 Fruit Trees in variety; planted in 1857-'58, most of which will be in good condition for bearing fruit the coming year. Value.....\$120,000 Third Prize—Oroville Orchard—Containing 200 acres; 18,000 Fruit Trees in variety; valued at.....\$90,000 Fourth Prize—Paxton Orchard, near Marysville—70 acres of Land, 12,000 Fruit Trees, House and Barn; valued at.....\$72,000 Fifth Prize—Paxton Orchard, near Marysville—65 acres; 5,000 Fruit Trees, 20,000 Grape Vines; valued at.....\$53,000 Sixth Prize—Cole Orchard, near Marysville—41 acres; 7,000 Fruit Trees; valued at.....\$42,000 Seventh Prize—Vineyard on the old Ranch, 2 1/2 miles from Marysville, 10 acres, 8,000 Vines; valued at.....\$8,000 Eighth Prize—Grain Field—part of old Ranch; 250 acres; valued at.....\$6,000 Ninth Prize—Grain Field—part of old Ranch; 180 acres; valued at.....\$4,000 Tenth Prize—Sacramento River Ranch—250 acres (Meadow); valued.....\$3,000 Eleventh Prize—Paxton Orchard (Meadow); 50 acres; valued at.....\$2,000 Twelfth Prize—Feather River Ranch (Meadow); 160 acres; valued at.....\$2,000 400 Cash Gifts of \$5 each, from Nos. 12 412-\$2,000 Total.....\$615,000

Comprising, altogether, 1600 acres of Land, 101,000 Fruit Trees, 28,000 Grape Vines, and \$2,000 in Cash.

The lands upon which these Orchards are planted are all bottom lands, and as good as can be found in the State. Apples, Peaches, Apricots, Nectarines, Plums, Pears, Quinces, Black Walnut, Almond, &c., will be found in these Orchards in greatest variety and of the choicest kinds. The character of the Fruit is well known throughout the Northern and central portions of the State. All of the Vines and nearly all of the Fruit Trees will be of age to bear a good crop the coming year. We append the following certificate for the benefit of persons not well acquainted with the value of the property: We, the undersigned, hereby certify that we are acquainted with most of the above described property, and that we do not believe its value, as above stated, is ever estimated.

J. C. Fall, Marysville. Hon. S. M. Bliss, Marysville. Wm. K. Hudson, " D. W. C. Rice, " John A. Paxton, " John Q. Packard, " S. P. Wells, " J. B. Washburn, " Rev. E. B. Walsworth, Marysville. J. F. The Distribution of the Gifts will be under the direction of a Committee of gentlemen chosen by the audience on the evening of the Concert. GEORGE G. BRIGGS, Proprietor. Marysville, Oct. 23, 1860. 1:11

DR. J. C. YOUNG, LATE PROFESSOR OF THE UNIVERSITY OF PENN. Can be found at his Private Medical Office and Hospital, No. 210 CLAY STREET, Opposite the southeast corner of the Plaza. WHERE HE CAN BE CONSULTED PRIVATELY, and with the utmost confidence, by the afflicted, at all hours daily, from 8 A. M. to 8 P. M. DR. YOUNG addresses those who are suffering under the affliction of private diseases, whether arising from impure connection or the terrible vice of self-abuse. Devoting his entire time to that particular branch of the profession, he feels warranted in GUARANTEEING A CURE IN ALL CASES, whether of long standing or recently contracted, entirely removing the progress of disease from the system, and making a PAINLESS and PERMANENT CURE. He would call the attention of the afflicted to the fact of his long-standing and well-earned reputation, furnishing sufficient assurance of his skill and success. Upwards of five thousand cases have been discharged cured in the year ending July 1st, 1860, showing a record surpassing any hospital in the United States. CONSULTATION, by letter or otherwise, FREE. CONSTITUTIONAL DEBILITY AND SEMINAL WEAKNESS.—Dr. Young addresses those who have injured themselves by private and improper indulgence in that secret and solitary habit which ruins the body and mind, and which either for business or society with the view to impress upon their minds, before it is too late, the absolute necessity of skillful medical treatment, and by a direct course of reasoning to show that although we may not be ungrateful for the health given us, that it cannot be sported or trifled with without loss; and when once engendered cannot be regained by mere abstinence from folly, or urgent and strong display of courage. It may not be generally understood by the great majority of sufferers from mental depressions, that these dull and heavy sensations experienced in the head and about the chest, accompanied by feelings of anxiety and melancholy, are the result of derangement of the important functions of the body. Such, however, is the fact, and in latter years to such an extent has this been carried that our Insane Asylums are becoming filled with patients who owe to this cause alone their suffering. The study and practice of years has shown conclusively that to the weakness of the genital organs, superinduced far too often by self-abuse, which has become so apparent in the face; and where once our fathers stood giants in muscular force, the men of today are dwarfs in comparison. The symptoms of the disease may be faint to-day, but so surely as you experience that weakness in the back and limbs, dizziness of sight, nervousness, derangement of the digestive functions, and general debility, so surely will follow the harrowing mental prostration too awful to contemplate, and which will end only as the last breath comes struggling, gasping from the breast of the expiring victim. There is something noble in dying when the good fight has been fought, but what man can view a grave filled by one whose life dribbled out in pollution, without a feeling of disgust. Do not hesitate, hoping that time will eradicate what it only strengthens, but call at once at my office, with the full assurance of a speedy and permanent cure. Let no sense of false shame deter you, but save yourself from the sad effects of this dread disorder, and regain the full strength of your manhood. Mercury in no form enters into the Remedies adopted by Dr. Young. Mercury has been named, not inaptly, "The curse of Man," as, under the treacherous garb of a restorer, it bequeaths the most terrible disease. We do not see it at one of our dearest jewels and the fair surface, it poisons the blood, destroys the nervous and muscular system, preventing the action of the joints, and rendering wretched, under the name of rheumatism, the life of the sufferer.—"The remedy is worse than the disease," as many a poor, crippled, miserable, toothless wretch will say, while pointing to his decayed jaws and ulcerous gums, he tells of its ravages,—at his swollen joints and body marked with purple or leaden colored sores which speak of his pains, and again at his impaired, ruined digestion, which tells of wretched days and sleepless nights. All affections arising from the use of mercury perfectly eradicated and health fully restored. All diseases of a private nature arising from impure connection, such as Ulcers, Swelling of the Glands, Ulcers in the Throat, Secondary Syphilis, Cutaneous Eruptions, Ulcers, Tertiary Syphilis, Syphilis in Children, Mercurial Specific Affections, such as Swelling of the Testes, False Passages, Inflammation of the Bladder, and Prostate Glands, Excoriations, Tumors, Pustules, &c., treated in the most scientific manner. Cure always Guaranteed or no fee Required. Dr. Young would state that he has been a professor of Obstetrics and Female diseases for the past fourteen years, and is fully qualified to administer in all cases both medically and surgically, not in a superficial, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make. Therefore families can rely upon a man upon a family visit, and a great variety of diseases of long standing, and of a very distressing and dangerous character, which have resisted a long list of remedial agents, it has been used—in many of them with complete success, and in all with decided benefit. It is regarded by the medical profession as a medicine of great efficacy in obstinate cases, and various other maladies connected with a depraved state of the system. Its use is usually followed with improvement of appetite and digestion, increase of strength and flesh, better rest at night, the production of a more healthy state of mind, and complete restoration to health. Truly yours, W. M. STERNES, M. D. Prepared and sold by A. B. & D. SANDB, wholesale druggists, 100 Fulton street, corner of William, New York. For sale by H. JOHNSON & Co., and REDWOOD & Co., San Francisco; RICE & COPLEY, Marysville; R. H. McDONALD & Co., Sacramento; and by druggists generally. 1:13

DR. ADOLPHUS' Anti-Rheumatic Cordial and HEALTH RESTORATIVE—IS THE MOST VALUABLE and unsurpassed remedy for Rheumatism and Gout to be found in the world, and known to all present. The efficacy of the above medicine does claim its infallibility in all cases of Rheumatism and Gout—when used according to direction—and does offer a reward of five thousand dollars to any medicine that will supersede it, and is entirely vegetable. The Doctor is enabled to offer the above reward on account of his having used the above for ten years in his practice, and has never known it to fail in the cure of the most protracted cases of Rheumatism and Gout. Dr. Adolphus is known and highly celebrated all over the State, for his cures in Rheumatism, Gout and Chronic Diseases. In secondary and tertiary Syphilis, Scrofula, enlargement of the Glands, Dropsy, and all nervous and Cutaneous Diseases and the whole train of Chronic Diseases, whose very name is a terror as well to the Physician as to the patient, this medicine has proved to be superior to any in existence, and has cured them in a short time, a time that formerly had been accomplished by magic influence; in fact a few more such discoveries, and druggists will not need to keep a lot of useless medicines on hand, whenever they are prescribed once in a ten score, they have lost by time their properties, in which their value did reside, if there was actually any in them. Take this medicine when your digestive organs are disordered and your blood is impure, and it will surely act on your bowels. Take this medicine when you have a cold, and it will make you perspire freely. Take this medicine when your urinary and absorbing organs are disordered and it will act on your kidneys, it penetrates every part of the body searches every the most remote and secret recesses of your system, and removes the diseases located there—it restores healthy action and give tone to every organ in the human body—therefore it has rightfully deserved the name it bears HEALTH RESTORATIVE. The Doctor, who is averse to all patent medicines, wishes to be understood that the above medicine is no such thing, but that he has through the introduction of this medicine with its treatise and direction for use, made every sufferer to be his own physician in the above named cases. Thinking under my dignity to follow the mode of quacks by appending the certificates of physicians or private persons which it is too well known can be had for certain remunerations, applications of friends, or by the mode of boring a man half to death, for even the most worthless trash, I will therefore leave to those in want of medicine to enquire of persons of men who have been cured by my medicines of the above diseases, and who can be found in almost every city and village throughout the State. I consider such personal conviction far more superior to certificates of persons that are far from being known to them in want of medical aid. But should any one care for written testimonials or certificates regarding the cures performed by this medicine they call at my office and I will show them certificates of true merit, which have been sent to me voluntarily, without applying for them, or by boring individuals to get them. For sale by ADOLPHUS & JUNGERMAN, 46 Montgomery street, three doors from Bush, and by all the Druggists in the city. AGENTS—Crowell & Crane, corner of Clay and Front streets—Redington & Co., Clay street—Morrill, corner of Washington and Battery st., San Francisco. 1:11

DR. J. C. YOUNG, LATE PROFESSOR OF THE UNIVERSITY OF PENN. Can be found at his Private Medical Office and Hospital, No. 210 CLAY STREET, Opposite the southeast corner of the Plaza. WHERE HE CAN BE CONSULTED PRIVATELY, and with the utmost confidence, by the afflicted, at all hours daily, from 8 A. M. to 8 P. M. DR. YOUNG addresses those who are suffering under the affliction of private diseases, whether arising from impure connection or the terrible vice of self-abuse. Devoting his entire time to that particular branch of the profession, he feels warranted in GUARANTEEING A CURE IN ALL CASES, whether of long standing or recently contracted, entirely removing the progress of disease from the system, and making a PAINLESS and PERMANENT CURE. He would call the attention of the afflicted to the fact of his long-standing and well-earned reputation, furnishing sufficient assurance of his skill and success. Upwards of five thousand cases have been discharged cured in the year ending July 1st, 1860, showing a record surpassing any hospital in the United States. CONSULTATION, by letter or otherwise, FREE. CONSTITUTIONAL DEBILITY AND SEMINAL WEAKNESS.—Dr. Young addresses those who have injured themselves by private and improper indulgence in that secret and solitary habit which ruins the body and mind, and which either for business or society with the view to impress upon their minds, before it is too late, the absolute necessity of skillful medical treatment, and by a direct course of reasoning to show that although we may not be ungrateful for the health given us, that it cannot be sported or trifled with without loss; and when once engendered cannot be regained by mere abstinence from folly, or urgent and strong display of courage. It may not be generally understood by the great majority of sufferers from mental depressions, that these dull and heavy sensations experienced in the head and about the chest, accompanied by feelings of anxiety and melancholy, are the result of derangement of the important functions of the body. Such, however, is the fact, and in latter years to such an extent has this been carried that our Insane Asylums are becoming filled with patients who owe to this cause alone their suffering. The study and practice of years has shown conclusively that to the weakness of the genital organs, superinduced far too often by self-abuse, which has become so apparent in the face; and where once our fathers stood giants in muscular force, the men of today are dwarfs in comparison. The symptoms of the disease may be faint to-day, but so surely as you experience that weakness in the back and limbs, dizziness of sight, nervousness, derangement of the digestive functions, and general debility, so surely will follow the harrowing mental prostration too awful to contemplate, and which will end only as the last breath comes struggling, gasping from the breast of the expiring victim. There is something noble in dying when the good fight has been fought, but what man can view a grave filled by one whose life dribbled out in pollution, without a feeling of disgust. Do not hesitate, hoping that time will eradicate what it only strengthens, but call at once at my office, with the full assurance of a speedy and permanent cure. Let no sense of false shame deter you, but save yourself from the sad effects of this dread disorder, and regain the full strength of your manhood. Mercury in no form enters into the Remedies adopted by Dr. Young. Mercury has been named, not inaptly, "The curse of Man," as, under the treacherous garb of a restorer, it bequeaths the most terrible disease. We do not see it at one of our dearest jewels and the fair surface, it poisons the blood, destroys the nervous and muscular system, preventing the action of the joints, and rendering wretched, under the name of rheumatism, the life of the sufferer.—"The remedy is worse than the disease," as many a poor, crippled, miserable, toothless wretch will say, while pointing to his decayed jaws and ulcerous gums, he tells of its ravages,—at his swollen joints and body marked with purple or leaden colored sores which speak of his pains, and again at his impaired, ruined digestion, which tells of wretched days and sleepless nights. All affections arising from the use of mercury perfectly eradicated and health fully restored. All diseases of a private nature arising from impure connection, such as Ulcers, Swelling of the Glands, Ulcers in the Throat, Secondary Syphilis, Cutaneous Eruptions, Ulcers, Tertiary Syphilis, Syphilis in Children, Mercurial Specific Affections, such as Swelling of the Testes, False Passages, Inflammation of the Bladder, and Prostate Glands, Excoriations, Tumors, Pustules, &c., treated in the most scientific manner. Cure always Guaranteed or no fee Required. Dr. Young would state that he has been a professor of Obstetrics and Female diseases for the past fourteen years, and is fully qualified to administer in all cases both medically and surgically, not in a superficial, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make. Therefore families can rely upon a man upon a family visit, and a great variety of diseases of long standing, and of a very distressing and dangerous character, which have resisted a long list of remedial agents, it has been used—in many of them with complete success, and in all with decided benefit.
