

FARMER'S COLUMN.

Receipt for Curing Beef and Pork.

This receipt, which originated with us has now had many years of trial, and we believe to be unsurpassed as a pickle.

Nearly all the modern receipts which have appeared in the different agricultural journals, and worth anything, partake in some instances almost identically, of the ingredients and proportions set forth in ours, which we first printed some fifteen or eighteen years ago.

Some of the receipts lately published, required a large amount of labor, and are not to be recommended. At this period in the season, when farmers and others will soon be putting down their winter's supply of meat, it may be of service to republish the receipt, which is as follows:

- 1 gallon of water,
1 1/2 lbs of salt,
1 lb. of brown sugar,
1/2 oz. of saltpeter,
1/2 oz. of potash.

In this ratio the pickle to be increased to any quantity desired.

Let these be boiled together until all the dirt from the salt and sugar rises to the top and is skimmed off. Then throw the pickle into a large tub to cool, and when cold, pour it over your beef or pork, to remain the usual time, say from four to six weeks, according to the size of the pieces, and the kind of meat.

Several of our friends have omitted the boiling of the pickle, and found it to answer equally as well. It will not, however, answer quite so well.

By boiling the pickle, it is purified, for the amount of dirt which is thrown off by the operation, from the salt and sugar, is surprising.—German-born Telegraph.

THE COMPOST HEAP.—Begin with the arrival of the favorable weather to gather material for compost. Don't let a particle of matter, capable of being converted into food for plants, slip through your fingers.

Manure is the favorable instrumentality by whose mystic and occult operations He diversifies the surface of the earth with the smiling beauties of vegetation, and causes the waste places thereof to bloom, and the desert to blossom as the rose.

"Give me a sufficiency of manure," said an elderly farmer to us, recently, "and I can work out a living in the country, and from any soil."

The merchant must have capital, the mechanic must have instruction, materials and tools; and the farmer, whose heritage is the broad fields and fertile valleys of his "mother earth," must have manure.

It therefore behooves every one to be attentive to this grand point, and to gather up the means of enriching and rendering fruitful the soil, the products of which sustain his life.

No one who has not made the experiment will be able easily to appreciate the importance of attending practically and habitually to the rule thus laid down. Let every one, therefore, be sedulous in his efforts, and our word for it, he will never have occasion to deprecate the results.

CHEAP APPARATUS FOR GIVING SALT TO SHEEP.—"R. B." writes to the Boston Cultivator:—"Last year I carried a large sugar hogshead, for which I paid thirty eight cents, into the field and laid it upon the ground, making it fast, one head having been previously taken out, I was careful to smooth off all protruding nails or rough substances liable to pull the wool, then upon the inside of the other head I nailed a 7 by 9 box to contain the salt, and the work was completed—the whole costing, in money and labor about fifty cents, and so far as necessity is concerned, it answers a very good purpose."

APPLES FOR PORK MAKING.—A writer in the Genesee Farmer writes on this subject as follows:—"For swine nothing equals an apple pie, either for relish or fattening power. The pig is not very dainty about his pie, however. If you merely cook the apples and stir in a little bran, he won't refuse the dish; substitute shorts, or corn and cob-meal or ground oats or buckwheat, and it will suit his palate and pile on the fat amazingly. And for finishing up a piece of pork, an apple pudding thickened with good corn meal, is as far ahead of hard corn as the corn is of raw pumpkins. Pork made with apple is sweeter, and quite as free from shrinking as the corn fed."

GRASS UNDER TREES.—By sowing nitrate of soda in small quantities in showery weather, under trees, a most beautiful verdure will be obtained. I have used it under beech trees in my ground, and the grass always looks green.

Having succeeded so well on a small scale, I have now sown nitrate of soda among the long grass in the plantations, which cattle could never eat. I now find that the herbage is preferred to the other parts of the field.

Nothing is more silly than the pleasure some people take in speaking their minds.—A man of this make will say a rude thing for the mere pleasure of saying it, when opposite behavior, full as innocent, might have preserved his friend or made his fortune.

Brevity is the soul of wit.

Ordinances of the Town of Olympia.

Ordinance No. 10.

An Ordinance establishing a Fee Bill of Committing Magistrate. Be it ordained by the Board of Trustees of the Town of Olympia, That the Fee and compensation of the Committing Magistrate of said town shall be as follows:

Ordinance No. 12.

An Ordinance to vacate the west seven feet of the north and south alley in Blocks number twelve (12) and thirteen (13) on the Sylvester plat of the Town of Olympia.

Whereas, the lot holders owning property on the east side of Main Street, in the Town of Olympia, have surrendered seven feet of depth fronting on said street, and dedicated the same to the town, for the purpose of widening the said Main Street; and whereas, the lot holders on the west side, number twelve (12) and thirteen (13) that is to say, the blocks fronting on the east side of said Main Street, between Second and Fourth Streets, have petitioned to the trustees of said town to vacate the west seven feet of the ten feet wide alley running north and south through said blocks, and add the said seven feet to said lot holders who own land on the east side of Main Street, of the hearing of which petition due notice has been given according to law. Therefore,

1. Be it ordained by the Board of Trustees of the Town of Olympia, That the west seven feet of the ten feet wide alley running north and south through blocks twelve and thirteen on said town, that is to say, the west seven feet of the ten feet wide alley, between Main and Washington streets, running north and south from Second Street to Third Street, and the west seven feet of the ten feet wide alley between said Main and Washington Streets, running south from said Third Street to Fourth Street, be vacated hereafter as a public alley forever.

2. The ground, or west seven feet of said alley so vacated by the first section of this Ordinance shall be annexed to and belong to the various persons owning ground bounding and bordering on the west side of said alley, and the west boundary line of lots two (2) and seven, (7) in said blocks twelve and thirteen, shall be removed seven feet to the eastward, thereby securing to the owners of lots one (1) and eight, (8) in said blocks, fronting on the east side of said Main Street, the original complement of ground granted by Edward Sylvester to the various purchasers under him.

3. The Clerk of the Board is hereby ordered to change the plat of the said town as to show the said vacation of ground, and to so move the line of the said respective lot holders as to conform the same to the vacation of said ground as an alley, and the annexation thereof to make up the deficiency to lot holders who have surrendered their western seven feet of ground to widen Main Street to its present width of seventy-seven feet.

4. All town plats showing alleys in said blocks as boundary lines of lots hereinbefore recited, in connection with the original plat, and which are not in conformity herewith, shall be modified to conform hereto.

Passed March 3d, 1860. ELWOOD EVANS, President of the Board of Trustees. Attest: Richard Lane, Clerk.

Ordinance No. 13.

An Ordinance to prohibit the use and carrying of Deadly Weapons, and the discharging of Fire Arms.

1. Be it ordained by the Board of Trustees of the Town of Olympia, That any person who shall carry, exhibit, or attempt to exhibit any deadly weapon within the corporate limits of this town, upon, to, or against another person, shall be liable to a fine of not more than fifty, nor less than twenty-five dollars.

2. Any person who shall, in the usual walks of the town, exhibit, or attempt to exhibit any deadly weapon, shall be liable to a fine of not more than ten, nor less than five dollars.

3. Any person, who shall, within the following limits, to wit: between Dudd's Inlet on the west and north, Adams street, on the east, and Union street, on the south, fire off or discharge any shot, pistol, or firearm of any kind, shall be liable to a fine of not less than five, and not more than ten dollars.

4. All fines arising under this ordinance shall be assessed and collected as other fines are assessed and collected under the municipal regulations of this town, and shall be paid to the City Marshal to comply with all the provisions of this ordinance to the police magistrate of this town.

Passed March 3d, 1860. ELWOOD EVANS, President of the Board of Trustees. Attest: Richard Lane, Clerk.

Ordinance No. 15.

An Ordinance regulating the compensation of the Town Marshal as Supervisor of streets.

Be it ordained by the Trustees of the Town of Olympia, That the compensation of the Town Marshal for his services as Supervisor of Roads and Highways be, and the same is hereby declared to be five per centum on the amount of road taxes assessed and collected within the limits of said corporation, and disbursed by him during the year 1859.

Passed March 2d, 1860. ELWOOD EVANS, President of the Board. Attest: Richard Lane, Clerk.

Ordinance No. 16.

An Ordinance in relation to Nuisances.

1. Be it ordained by the Board of Trustees of the Town of Olympia, That it shall be the duty of the committee on health and police, and of every member thereof to examine into the state and condition of every place and part of the town where he shall suspect or be informed that there exists any matter or thing which is or may be prejudicial to the health of the inhabitants thereof.

2. Whenever it shall appear to the satisfaction of either of the members of the committee on health and police, or of the town Marshal, that there exists upon any premises owned or occupied by any person, any dirt, offal or animal or vegetable matter, or the contents of any hog pen, pigsty, drain or vault, calculated to injure health, or by noxious air, to annoy the neighborhood, it shall be the duty of such member of said committee, or of the town Marshal to cause the owner or occupant of such premises shall forfeit and pay a fine of not less than five, nor more than ten dollars, and the Town Marshal shall be authorized to cause such nuisance or annoyance to be abated, for the costs of which abatement, together with the penalty aforesaid, the said owner or occupant shall be liable, and the same shall be collected for the use of the town in the same manner as other fines and penalties are collected under the municipal regulations of said town.

Passed May 17th, 1860. ELWOOD EVANS, President of the Board of Trustees. Attest: Richard Lane, Clerk.

Notice to Donation Claimants

OF WASHINGTON TERRITORY.

MORE than Fourteen Hundred Donation Papers, (Notifications and Final Proofs), are now lying in the pigeon-holes of the Register's Office, upon which certificates can be issued as soon as FULL and COMPLETE COPIES ARE MADE. To do the whole of that work would require the constant labor of the Register from two to three years, provided that he had no other duties to perform. But when it is known that two-thirds of his time is occupied with conflicting donations and pre-emption cases, persons having donation papers in the office may well look to the future for their certificates and Proofs. Believing that many would prefer having their donations completed now, rather than wait for the indefinite course of human events, I am prepared to make out papers and procure Certificates for claimants in all parts of the Territory. I will also attend to the preparation and filing of declaratory statements and final proofs for pre-emptions, and drawings of claims and Townships, from the original surveys, for those desiring them. For preparing the papers and procuring a certificate for a donation claim, where there is no conflict, my charge is five dollars. For preparing and filing declaratory statements and paying the government fee, three dollars. For Township maps, five dollars, and claim maps one dollar each. In all cases the fee must come in advance.

Persons having bought land, acquired under the Donation Law, cannot be too careful to see Certificates are issued. A. M. PYLE, Olympia, W. T. Nov. 24, 1860. 34f

DR. J. C. YOUNG'S

Anti-Rheumatic Cordial and HEALTH RESTORATIVE, THE MOST VALUABLE and UNPARALLELED REMEDY for Rheumatism and Gout to be found in the world and known at present. The discoverer of the above medicine does claim its infallibility in all cases of Rheumatism and Gout—when used according to direction—and does offer a reward of five thousand dollars to any medical man who can cure a patient who is entirely vegetable. The Doctor is enabled to offer the above reward on account of his having used the above for ten years in his practice, and has never known it to fail in the cure of the most protracted cases of Rheumatism and Gout. Dr. Adolphus & Jungerman, who have cured all over the State, are cures in Rheumatism, Gout and Chronic Diseases.

Secondary and tertiary Syphilis, Scrofula, enlargement of the Glands, Dropsy, and all nervous and Cutaneous Diseases and the whole train of Chronic Diseases, whose very name is a terror to the Physician as well as to the patient, this medicine has proved to be superior to any in existence, and has cured them in so short a time that they appeared like being abolished by magic influence; in fact a few more such discoveries, and druggists will not need to keep a lot of useless medicines on hand, whenever they are prescribed in a ten score. They have lost all over their properties, in which their value did reside, if there was actually any in them.

Take this medicine when your digestive organs are disordered and your blood is impure, and it will surely act on your bowels. Take this medicine when your head is cold, and it will make you perspire freely. Take this medicine when your urinary and absorbing organs are disordered and it will act on your kidneys, it penetrates every part of the body searches even the most remote and secret recesses of your system, and removes the diseases located there—it restores healthy action and give tone to every organ in the human body—therefore it has rightfully deserved the name it bears HEALTH RESTORATIVE.

The Doctor, who is averse to all patent medicines, wishes to be understood that the above medicine is no such thing, but that he has through the introduction of this medicine with its true nature and direction for use, made every sufferer to be his own physician in the above named diseases.

Thinking it under my dignity to follow the mode of quacks by appending the certificates of physicians or private persons which is too well known to me to be had for certain remunerations, applications of friends, or by the mode of boring a man full of death, for even the most worthless trash, I will therefore leave to those in want of medicine to enquire personally of men who have been cured by my medicines of the above diseases, and who can be found in almost every city and village throughout the State, and such personal conviction far more superior to certificates of persons that are far from being known to them in want of medical aid.

But should any one care for written testimonials or certificates regarding the cures performed by this medicine they call at my office and I will show them certificates of true merit, which have been sent to me voluntarily, without applying for them, or by boring individuals to get them.

DR. J. C. YOUNG,

LATE PROFESSOR OF THE UNIVERSITY OF PENN.

Can be found at his

Private Medical Office and Hospital,

No. 210 CLAY STREET,

Opposite the southeast corner of the Plaza.

WHERE HE CAN BE CONSULTED PRIVATELY, and with the utmost confidence, by the afflicted, at all hours daily, from 8 A. M. to 8 P. M.

DR. YOUNG addresses those who are suffering under the affliction of private diseases, whether arising from impure connection or the terrible effects of self-abuse, devoting his entire time to that particular branch of the profession, he feels warranted in GUARANTEEING A CURE IN ALL CASES, whether of long standing or recently contracted, entirely removing the drugs of disease from the system, and making a PARACETAC and PERMANENT CURE.

He would call the attention of the afflicted to the fact of his long-standing and well-earned reputation, furnishing sufficient assurance of his skill and success.

Upwards of five thousand cases have been discharged cured in the year ending July 1st, 1860, showing a record surpassing any hospital in the United States.

CONSULTATION, by letter or otherwise, FREE. CONSTITUTIONAL DEBILITY AND SEMINAL WEAKNESS.—Dr. Young addresses those who have injured themselves by private and improper indulgence in that secret and solitary habit which weakens the body and mind, unfitting for either business or society, with the view to impress upon their minds, before it is too late, the absolute necessity of skillful medical treatment, and by a direct course of reasoning to show that although we may not be ungrateful for the health given us, that it cannot be sported away, and without loss and when once engendered cannot be regained by mere abstinence from folly, or urgent and strong display of courage.

It may not be generally understood by the great majority of sufferers from mental depressions, that these dull and heavy sensations experienced in the head and about the stomach, accompanied by feelings of anxiety and foreboding arise from a disorganization of the important functions of the body.

Such, however, is the fact, and in latter years to such an extent has this been carried that our insane Asylums are becoming filled with patients who owe to this cause alone their suffering. The study and practice of years has shown conclusively to the weakness of the cerebral organs, superinduced far too often by self-abuse, which has become so apparent in the face; and where once our fathers stood giants in muscular force, the men of to-day are dwarfs in comparison.

The symptoms of the disease may be faint to-day, but surely as you experience that weakness in the back and limbs, dimness of sight, nervousness, derangement of the digestive functions, and general debility, so surely will follow the harrowing mental prostration too awful to contemplate, and which will end only as the last breath comes struggling, gasping from the breast of the expiring victim. There is something noble in dying when the soul is free, but to die in the agonies of a disease, to view a grave filled by one whose life ebbed out in pollution, without a feeling of disgust.

Do not hesitate, hoping that time will eradicate what it only strengthens, but call at once at my office, with the full assurance of a speedy and permanent cure. Let no sense of false shame deter you, but save yourself from the agonies of this dread disorder, and regain the full strength of your manhood.

Mercury in no form enters into the Remedies adopted by Dr. Young. Mercury has been named, not inaptly, "The curse of Man," as under the treacherous garb of a restorer, it bequeaths the most terrible disease. We do not see it at once, but hidden beneath the fair surface, it poisons the blood, destroys the nervous and muscular system, preventing the action of the joints, and rendering wretched, under the name of rheumatism, the life of the sufferers.—"The remedy is worse than the disease," as many a poor, crippled, miserable, toothless wretch will say, while pointing to his decayed jaws and ulcerous gums, he tells of its ravages—or at his swollen joints and body marked with purple or leaden colored sores which speak of his pains, and again at his impaired, ruined digestion, which tells of wretched days and sleepless nights.

All affections arising from the use of mercury perfectly eradicated, and health fully restored. All diseases of a private nature arising from impure connection, such as Ulcers, Swelling of the Glands, Ulcers in the Throat, Secondary Syphilis, Cutaneous Eruptions, Ulcerations, Tertiary Syphilis, Syphilis in Children, Mercurial Syphilitic Affections, Gonorrhoea, Gleet, Stricture, False Passages, inflammation of the Bladder and Prostate Glands, Excoriations, Tumors, Pustules, &c., treated in the most scientific manner.

Cure always Guaranteed or no fee Required. Dr. Young would state that he has been a professor of Obstetrics and Female diseases for the past fourteen years, and is fully qualified to administer in all cases both medically and surgically, not in a superficial, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make. Therefore families can rely upon him as upon a father. All in affliction can find in him one who can feel and sympathize with, and bend them in trouble—one in whose secrecy the utmost confidence can be placed. Come, all ye that are afflicted and in trouble, and you will be believed and cured.

Private Medical Office and Hospital 210 CLAY STREET, Opposite southwest corner of the Plaza, SAN FRANCISCO. DR. J. C. YOUNG.

Dr. J. C. Young, who has become so celebrated for the thousands of cures which he has performed on old, chronic, mercurial, syphilitic, and all private diseases, without mercury, is consulted daily at his office, 210 Clay st., from 9 A. M. to 8 P. M. A cure guaranteed or no pay.

Dr. Young has probably had more practice in venereal diseases than any physician in California. He cures all the most aggravated cases of this disease, and mild ones he removes in from two to five days. The Doctor has for many years been known as the most eminent and successful physician practising in the United States, and what is more important to the patient, he always effects a speedy and permanent cure.

Travellers, seamen, miners and others, who wish to be cured without mercury, hindrance from business, or exposure to friends, should apply to him as soon as possible, and a perfect cure guaranteed in all curable cases.

The following are a few of the many testimonials of Dr. Young's ability as a practitioner, which have appeared in the public journals of the last few years:

[FROM THE BOSTON MEDICAL JOURNAL.] Although we are opposed to the system of advertising for good and sufficient reasons, still we deem it but justice to say that Dr. Young is one of the most industrious and indefatigable votaries of the medical science in the United States.

[FROM PROFESSOR JACKSON.] The subscriber is personally acquainted with Dr. Young, and has seen many of his cures, and can bear testimony to his merits as a practitioner.

[FROM THE NEW YORK HERALD.] The eminence of this distinguished gentleman in his profession, and the very extended opportunities possessed by him for the observance of venereal diseases, makes his services invaluable to those afflicted with the above complaints.

[FROM THE WHIG AND ADVERTISER.] All afflicted with private complaints should, if possible, consult Dr. Young, whose medical education is not surpassed by any physician in the country. In his skill, honor and integrity all may rely with safety, while most of the medical practitioners in this city are without honesty or responsibility, their pretensions being grounded in ignorance and assumption.

Important to Strangers and Others Requiring Medical Treatment. Dr. Young is the pioneer Advertising Physician in California, and the only one who publishes his name in the newspapers.

For sale by ADOLPHUS & JUNGERMAN, 46 Montgomery street, three doors from Bush, and by all the Druggists in the city. Also, at "Crowell & Crane, corner of Clay and Front streets—Redington & Co., Clay street—Morrill, corner of Washington and Battery sts., San Francisco. 1:1m

THE Wonderful Remedy, CALLED THE Japanese General SALVE, and used for the cure of Syphilitic Sores and procured at great trouble and expense, is now placed in the hands of druggists for sale, where persons afflicted can purchase it, and effect cures without the consequent mortification and heavy charges incurred by going to physicians. The ingredients procured from these scientific and wonderful people are such as have not been known to the rest of the world in the cure of loathsome corruptions, and far exceeds anything heretofore used. Testimonials of astonishing cures could be obtained if necessary, but it is only requisite to test it to prove its great healing qualities. The cost is no more than comparing to its value. For sale at all the Druggists.

THE JAPANESE SALVE. For the cure of Cuts, Burns, Sprains, Gunshot Wounds, Piles, Boils; Chibblains, Bruises and all kinds of Sores, has been discovered to be the best and most wonderful preparation ever used. Its medicinal properties are astonishing, almost miraculous. It supercedes all salves now in use, and develops one great good that has resulted from the opening of Japanese ports to the commerce of the world, and will cause all that use it to rejoice that so desirable result has been accomplished. This salve has been sufficiently used to test its rare qualities. Try it all—every body. No family should be without it—and although the ingredients are such as are expensive, only FIFTY CENTS is charged for a box. It can be obtained of all the Druggists.

in California, and the only one now advertising who has received a regular medical education, which is the requisite for the successful treatment of diseases. Because of his unparalleled success, there have sprung, from time to time, into existence, impostors, without character or education, who, by boasting have managed to deceive the unwary sufferer into the belief that they were respectable and scientific men. In so doing, they have scattered broadcast their nostrums among the honest and unsuspecting, to the destruction of health, and in some cases life itself. Beware of them as you would of the Ups tree, for they are as destructive. Dr. Young's office is at 210 CLAY ST., opposite the southwest
