

What our Contemporaries say of Us.

WASHINGTON STANDARD.—As announced by us last week the first number of this paper made its appearance on Saturday last. In its address and appearance we are confident it has come up to the most sanguine expectations of its friends, and we hail it as a worthy cotemporary. The mechanical part of the paper exhibits neatness and good taste, being printed upon new type and of good readable size, while its editorial columns displays much ability and experience—particularly so for a young man. We acknowledge ourself gratified with its friendly intimations, and its pledge to continue in that happy state of mind; and we certainly at present know of no cause why we shall not remain personally friendly with its editor. That we may and will differ upon the various political topics that agitate the public mind is altogether probable, but let that difference be characterized by justice and moderation. An open manly opponent we admire; but with a hidden hypocritical sycophant we want nothing to do.—Pioneer and Democrat.

"WASHINGTON STANDARD."—The first number of this journal was placed on our table last Monday. Its typographical appearance is very good, and its original matter is marked by ability. In size it is the same as this paper, but is printed on larger type. Considering the short time allowed the publisher to issue the first number, since the receipt of the material, we are surprised at its creditable appearance. The tone of its articles is pleasing when we contrast it with the tone of the party press of Oregon. The Washington Standard promises to be a faithful exponent of the principles of the Republican party, and an important auxiliary in promoting the interests of the Territory. We extend to it a cordial welcome, and to its proprietor, Mr. John M. Murphy, our best wishes for his success.—Herald.

We received the first number of the Washington Standard, published at Olympia, Washington Territory, by JOHN M. MURPHY, Esq. It is a large paper, printed on new type, and looks well. Its editorials have the ring of the true metal. For the first time, a Republican paper has been published in Washington Territory. All the patronage and power of the administration has been used to crush out republicanism in that territory. The interests of the masses of the people of Washington Territory should make them Republicans. They are for free labor, free press, free speech and for free homesteads. We are glad to see the Republican Standard floating from its position at Olympia.—"Long may it wave!"—Argus.

THE WASHINGTON STANDARD.—The first number of this paper has been received, and we are happy to place it upon our exchange list. It is published at Olympia, Washington Territory, every Friday morning by John M. Murphy, Editor and Proprietor. We hail its advent with pleasure; and the editorial ability displayed in its columns, together with neatness of execution—excellent paper—typographical beauty and the large amount of valuable reading matter which it offers, will demand from a generous public the patronage which it justly merits. It will be a welcome guest in every family circle, and we predict for it a triumphant future. Success Brother.—Press.

WASHINGTON STANDARD.—We have before us the first number of a paper printed at the Capitol, bearing the above pertinent name. It is gotten up well, and its editorials are marked by ability. It unflinches the Republican banner to the breeze, and we congratulate Mr. MURPHY upon his advent as a supporter of principles no longer odious, and bespeak for him a cordial support. Kissed at its birth by the sun of political prosperity, may the lustre of its folds never be dimmed by a cloud. Here's our best.—North West.

NEW PAPER.—We have received the first number of the Washington Standard printed at Olympia, W. T. It is a weekly journal, devoted to Republicanism. The editor and proprietor is John M. Murphy, formerly of Portland, a young man of ability and energy. The number before us presents a very creditable appearance. Much as we dislike the political complexion of the paper, we sincerely wish its young editor success in his enterprise, for we know him to be a worthy, honorable gentleman.—Sentinel.

The first and second numbers of the Washington Standard—published at Olympia, by J. M. Murphy—have been received. It is neatly printed, on new type, and judging from the copies before us, we predict it will assume a high place among the political journals of our land. It is Republican in politics, and published at \$3 per year, in advance.—Advocate.

We have received the first two numbers of the Washington Standard, a new Republican paper issued at Olympia, W. T. It is edited and published by J. M. Murphy, Esq., formerly employed in this city as a journeyman printer. The Republicans will doubtless exert themselves to sustain this paper, which is worthy their support.—Times.

WASHINGTON STANDARD.—We have received the first number of this paper just started at Olympia, W. T., by John M. Murphy, editor and proprietor. The Standard is printed on new material, and is neat in typographical

appearance, speaking well for the taste of its proprietor. It is Republican in politics. We wish it a fair share of patronage.—Farmer.

We have received the first number of the Washington Standard. We wish the proprietor, Mr. Murphy, who is a typo, pecuniary success; but "darn" his politics.—Democratic (Opp.) Herald.

Gentlemen, our politest bow to you. We cordially reciprocate your kind wishes for our success, and trust that our relations to each other may ever continue pleasant. A happy New Year to ye all!

Ordinances of the Town of Olympia.

Ordinance No. 12.

An Ordinance to vacate the west seven feet of the north and south alley in blocks number twelve (12) and thirteen (13) on the Sylvester plat of the Town of Olympia.

Whereas, the lot holders owning property on the east side of Main Street, in the Town of Olympia, have surrendered seven feet of depth fronting on said street, and dedicated the same to the town, for the purpose of widening the said Main Street; and whereas, the lot holders in blocks number twelve (12) and thirteen (13) that is to say, the blocks fronting on the east side of said Main Street, between Second and Fourth Streets, have petitioned to the trustees of said town to vacate the west seven feet of the ten feet wide alley running north and south through blocks twelve and thirteen of said town, that is to say, the west seven feet of the ten feet wide alley, between Main and Washington streets, running north and south from Second Street to Third Street, and the west seven feet of the ten feet wide alley running south from said Third Street to Fourth Street, be vacated hereafter as a public alley forever.

Be it ordained by the Board of Trustees of the Town of Olympia, That the west seven feet of the ten feet wide alley running north and south through blocks twelve and thirteen of said town, that is to say, the west seven feet of the ten feet wide alley, between Main and Washington streets, running north and south from Second Street to Third Street, and the west seven feet of the ten feet wide alley running south from said Third Street to Fourth Street, be vacated hereafter as a public alley forever.

Be it further ordained, That the west seven feet of said alley so vacated by the first section of this Ordinance shall be annexed to and belong to the various persons owning ground bordering and bordering on the west side of said alley, and the west boundary line of lots two (2) and seven (7) of said blocks twelve and thirteen, shall be removed seven feet to the eastward, thereby securing to the owners of lots one (1) and eight (8) in said blocks, fronting on the east side of said Main Street, the same amount of ground granted by Edmund Sylvester to the various purchasers under him.

The Clerk of the Board is hereby ordered to so change the plat of the said town as to show the said vacated ground, and to so move the lines of the said property holders as to conform the same to the vacation of said ground as an alley, and the annexation thereof to make up the deficiency to lot holders who have surrendered their western seven feet of ground to widen Main Street to its present width of seventy-seven feet.

All town plats showing alleys in said blocks as boundary lines of lots heretofore recorded, inconsistent herewith, are declared void, and must be modified to conform hereto.

Passed March 3d, 1860.

ELWOOD EVANS, President of the Board of Trustees. Attest: Richard Lane, Clerk.

Ordinance No. 13.

An Ordinance to prohibit the use and carrying of Deadly Weapons, and the discharging of Fire Arms.

Be it ordained by the Board of Trustees of the Town of Olympia, That any person who shall draw, exhibit, or attempt to use any deadly weapon, upon, to, or against another person, shall be liable to a fine of not more than fifty, nor less than twenty-five dollars.

Be it further ordained, That any person who shall, in the usual walks of life, within the limits of this town, carry any deadly weapon, shall be liable to a fine of not more than ten, nor less than five dollars.

Be it further ordained, That any person who shall, within the limits of this town, be in possession of any pistol, or any other kind of gun, pistol, or fire-arm of any kind, shall be liable to a fine of not less than five, and not more than ten dollars.

All fines arising under this ordinance shall be assessed and collected as other fines are assessed and collected under the municipal regulations of this town; and it shall be the special duty of the Town Marshal to complain of all violations of this ordinance to the police magistrate of this town.

Passed March 3d, 1860.

ELWOOD EVANS, President of the Board of Trustees. Attest: Richard Lane, Clerk.

Ordinance No. 15.

An Ordinance regulating the compensation of the Town Marshal as Supervisor of streets.

Be it ordained by the Trustees of the Town of Olympia, That the compensation of the Town Marshal for his services as Supervisor of Roads and Highways be, and the same is hereby declared to be five per centum on the amount of road taxes assessed and collected within the limits of said corporation, and disbursed by him during the year 1860.

Passed March 22, 1860.

ELWOOD EVANS, President of the Board. Attest: Richard Lane, Clerk.

Ordinance No. 16.

An Ordinance in relation to Nuisances.

Be it ordained by the Board of Trustees of the Town of Olympia, That it shall be the duty of the committee on health and police, and of every member thereof to examine into the state and condition of every place, and part of the town where he shall suspect or be informed that there exists any matter or thing which is or may be prejudicial to the health of the inhabitants thereof.

Whenever it shall appear to the satisfaction of either of the members of the committee on health and police, or of the town Marshal, that there exists upon any premises owned or occupied by any person, any dirt, offal or animal or vegetable matter, or the contents of any hog pen, privy, drain or vault, calculated to injure health, or by noxious air, to annoy the neighborhood, it shall be the duty of such member of said committee, or of the town Marshal, to cause the owner or occupant of such premises to be notified either verbally or in writing, of the existence of such nuisance or annoyance, and directed forthwith to abate the same, and if such nuisance shall not be abated within twenty-four hours after such notice, the owner or occupant of such premises shall forfeit and pay a fine of not less than five, nor more than fifteen dollars, and the Town Marshal shall be authorized to cause such nuisance or annoyance to be abated, for the costs of which abatement, together with the penalty aforesaid, the said owner or occupant shall be liable, and the same shall be collected and paid in the same manner as other fines and penalties are collected under the municipal regulations of said town.

Passed May 17th, 1860.

ELWOOD EVANS, President of the Board of Trustees. Attest: Richard Lane, Clerk.

Notice to Donation Claimants OF WASHINGTON TERRITORY.

MORE than Fourteen Hundred Donation Papers (Notifications and Final Proofs), are now lying in the pigeon-holes of the Register's Office, upon which certificates can be issued as soon as FULL and COMPLETE COPIES ARE MADE. To do the whole of that work would require the constant labor of the Register from two to three years, provided that he had no other duties to perform. But when it is known that two-thirds of his time is occupied with conflicting donations and pre-emption cases, persons having donation papers in the office may well look to the future for their certificates and Patents. Believing that many would prefer having their donations completed now, rather than wait for the indefinite course of human events, and being well acquainted with the business, I am prepared to make out papers and procure Certificates for claimants in all parts of the Territory. I will also attend to the preparation and filing of declaratory statements and final proofs for pre-emptions, and drawing maps of claims and Townships, from the original surveys, for those desiring them. For preparing the papers and procuring a certificate for a donation claim, where there is no conflict, my charge is five dollars. For preparing and filing declaratory statements and paying the government fee, three dollars. For Township maps, five dollars, and claim maps one dollar each. In all cases the fee must come in advance.

Persons having bought land, acquired under the Donation Law, cannot be too careful to see Certificates issued.

DR. ADOLPHUS' Anti-Rheumatic Cordial and HEALTH RESERVATIVE—IS THE MOST VALUABLE REMEDY for Rheumatism, Gout, and Gravel to be found in the world and known at present. The discoverer of the above medicine does claim its infallibility in all cases of Rheumatism and Gout—when used according to direction—and does offer a reward of five thousand dollars to any medicine that will supersede it, and will give the name of the doctor to whom it is applied to offer the above reward on account of his having used the above for ten years in his practice, and has never known it to fail in the cure of the most protracted cases of Rheumatism and Gout. Dr. Adolphus is known and highly celebrated all over the State, for his cures in Rheumatism, Gout and Gravel.

In secondary and tertiary Syphilis, Scrofula, enlargement of the Glands, Dropsy, and all nervous and Cutaneous Diseases and the whole train of Chronic Diseases, whose very name is a terror as well to the Physician as to the patient, this medicine has proved to be superior to any in existence, and has cured them in a short time that they appeared like being abolished by magic influence; in fact a few more such discoveries, and druggists will not need to keep a lot of useless medicines on hand, whenever they are prescribed once in a ten score, they have lost by time their medicinal value, and their value did reside, if there was actually any in them.

Take this medicine when your digestive organs are disordered and your blood is impure, and it will surely act on your bowels.

Take this medicine when your face is cold, and it will make you perspire freely.

Take this medicine when your urinary and absorbing organs are disordered and it will act on your kidneys, it penetrates every part of the body, searches even the most remote and secret recesses of your system, and removes the diseases located there—it restores healthy action and give tone to every organ in the human body—therefore it has rightfully deserved the name it bears HEALTH RESERVATIVE.

The Doctor, who is averse to all patent medicines, wishes to be understood that the above medicine is no such thing, but that he has through the introduction of this medicine with its treatise and directions, in which he assures to be his own physician in the above named diseases.

Thinking it under my dignity to follow the mode of quacks by appending the certificates of physicians or private persons which it is too well known can be had for certain remunerations, applications of friends, or by the mode of boring a man half to death, for even the most worthless trash, I will therefore leave to those in want of medicine to enquire personally of men who have been cured by my medicines of the above diseases, and who can be found in almost every city and village throughout the State. I consider such personal conviction far more superior to certificates of persons that are far from being known to them in want of medicinal aid.

But should any one care for written testimonials or certificates regarding the cures performed by this medicine they call at my office and I will show them certificates of true merit, which have been sent to me constantly, without applying for them, or by boring individuals to get them.

For sale by ADOLPHUS & JUNGEMAN, 46 Montgomery street, three doors from Bush, and by all the Druggists in the city.

GEORGE G. BRIGGS, Proprietor. Marysville, Oct. 23, 1860. 147

DR. J. C. YOUNG, LATE PROFESSOR OF THE UNIVERSITY OF PENN. Can be found at his Private Medical Office and Hospital, No. 210 CLAY STREET, Opposite the southeast corner of the Plaza. WHERE HE CAN BE CONSULTED PRIVATELY, and with the utmost confidence, by the afflicted, at all hours daily, from 8 A. M. to 8 P. M.

DR. YOUNG addresses those who are suffering under the affliction of private diseases, whether arising from impure connection or the terrible vice of self-abuse. Devoting his entire time to this particular branch of the profession, he feels warranted in GUARANTEEING A CURE IN ALL CASES, whether of long standing or recently contracted, entirely removing the dregs of disease from the system, and making a PERFECT and PERMANENT CURE.

He would call the attention of the afflicted to the fact of his long-standing and well-earned reputation, furnishing sufficient assurance of his skill and success.

Upwards of five thousand cases have been discharged cured in the year ending July 1st, 1860, showing a record surpassing any hospital in the United States.

CONSULTATION, by letter or otherwise, FREE.

CONSTITUTIONAL DEBILITY AND SEMINAL WEAKNESS.—Dr. Young addresses those who have injured themselves by private and improper indulgence in that secret and solitary habit which ruins the body and mind, and which either for business or society, with the view to impress upon their minds, before it is too late, the absolute necessity of skillful medical treatment, and by a direct course of reasoning to show that although we may not be ungrateful for the health given us, that it cannot be sported or trifled with without loss; and when once engendered cannot be regained by mere abstinence from folly, or urgent and strong display of courage.

It may not be generally understood by the great majority of sufferers from mental depressions, that these dull and heavy sensations experienced in the head and about the chest, accompanied by feelings of anxiety and foreboding, arise from a disorganization of the important functions of the body. Such, however, is the fact, and in latter years to such an extent has this been carried that our Insane Asylums are becoming filled with patients who owe to this cause alone their suffering. The study and practice of years has shown conclusively that the weakness of the genital organs, superinduced far too often by self-abuse, which has upon some so apparent in the face; and where once our fathers stood giants in muscular force, the men of today are dwarfs in comparison.

The symptoms of the disease may be faint to-day, but so surely as you experience that weakness in the back and limbs, or a dimness of sight, or nervous derangement of the digestive functions, and general debility, so surely will follow the harrowing mental prostration to awful to contemplate, and which will end only as the last breath comes struggling, gasping for the breath of the expiring victim. There is something noble in dying when the good fight has been fought; but what man can view a grave filled by one whose life dripped out in pollution, without a feeling of disgust.

Do not hesitate, hoping that time will eradicate what it only strengthens, but call at once at my office, with the full assurance of a speedy and permanent cure. Let no sense of false shame deter you, but save yourself from the actual effects of this dread disorder, and regain the full strength of your manhood.

Mercury in no form enters into the Remedies adopted by Dr. Young.

Mercury has been named, not inaptly, "The curse of Man," as, under the treacherous garb of a restorer, it bequeaths the most terrible disease. We do not see it at once, but hidden beneath the fair surface, it poisons the blood, destroys the nervous and muscular system, preventing the action of the joints, and rendering wretched, under the name of rheumatism, the life of the sufferer.— "The remedy is worse than the disease," as many a poor, crippled, miserable, toothless wretch will say, while pointing to his decayed jaw and swollen gums, he tells of its ravages—or at his swollen joints and body marked with purple or leaden colored sores which speak of his pains, and again at his impaired, ruined digestion, which tells of wretched days and sleepless nights.

All affections arising from the use of mercury are perfectly eradicated and health fully restored.

All diseases of a private nature arising from impure connection, such as Ulcers, Swelling of the Glands, Ulcers in the Throat, Secondary Syphilis, Cutaneous Eruptions, Ulcerations, Tertiary Syphilis, Syphilis in Children, Mercurial Syphilitic Affections, Gonorrhoea, Chloridrosis, False Passages, Inflammation of the Bladder, and Prostrate Glands, Excoriations, Tumors, Pustules, &c., treated in the most scientific manner.

Cure always Guaranteed or no fee Required.

Dr. Young would state that he has been a professor of Obstetrics and Female Diseases for the past fourteen years, and is fully qualified to administer in all cases both medically and surgically, not in a superficial, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make. Therefore families can rely upon him upon a fatherly care. In affliction can find in him one who can feel and sympathize with, and befriend them in trouble— one in whose secrecy the utmost confidence can be placed. Come, all ye that are afflicted and in trouble, and you will be relieved and cured.

Private Medical Office and Hospital 210 CLAY STREET, Opposite southwest corner of the Plaza, SAN FRANCISCO. DR. J. C. YOUNG.

Dr. J. C. Young, who has become so celebrated for the thousands of cures which he has formed in old, chronic, mercurial, syphilitic, and all private diseases, without mercury, is consulted daily at his office, 210 Clay St., from 9 A. M. to 8 P. M. A cure guaranteed or no pay.

Dr. Young has probably had more practice in venereal diseases than any physician in California. He cures all the most aggravated cases of this disease, and mild ones he removes in from two to five days. The Doctor has for many years been known as the most eminent and successful physician practising in the United States, and what is more important to the patient, he always effects a speedy and permanent cure.

Travelers, seamen, miners and others, who wish to be cured without mercury, hindrance from business, or exposure to friends, should apply to him as soon as possible, and a perfect cure guaranteed in all curable cases.

The following are a few of the many testimonials of Dr. Young's ability as a practitioner, which have appeared in the public journals of the last few years:

[FROM THE BOSTON MEDICAL JOURNAL.] Although we are opposed to the system of advertising for good and sufficient reasons, still we deem it but justice to say that Dr. Young is one of the most industrious and indefatigable votaries of the medical science in the United States.

[FROM PROFESSOR JACKSON.] The subscriber is personally acquainted with Dr. Young, and has seen much of his practice, and can bear testimony to his merits as a practitioner.

[FROM THE NEW YORK HERALD.] The eminence of this distinguished gentleman in his profession, and the very extended opportunities possessed by him for the observation of venereal diseases, makes his services invaluable to those afflicted with the above complaints.

[FROM THE WING AND ADVERTISER.] All afflicted with private complaints should, if possible, consult Dr. Young, whose medical education is not surpassed by any physician in the country. In his skill, honor and integrity all may rely with safety, while most of the medical practitioners in this city are without honesty or responsibility, their pretensions being grounded in ignorance and assumption.

Important to Strangers and Others Requiring Medical Treatment.

Dr. Young is the pioneer Advertising Physician

DR. J. C. YOUNG, LATE PROFESSOR OF THE UNIVERSITY OF PENN. Can be found at his Private Medical Office and Hospital, No. 210 CLAY STREET, Opposite the southeast corner of the Plaza. WHERE HE CAN BE CONSULTED PRIVATELY, and with the utmost confidence, by the afflicted, at all hours daily, from 8 A. M. to 8 P. M.

DR. YOUNG addresses those who are suffering under the affliction of private diseases, whether arising from impure connection or the terrible vice of self-abuse. Devoting his entire time to this particular branch of the profession, he feels warranted in GUARANTEEING A CURE IN ALL CASES, whether of long standing or recently contracted, entirely removing the dregs of disease from the system, and making a PERFECT and PERMANENT CURE.

He would call the attention of the afflicted to the fact of his long-standing and well-earned reputation, furnishing sufficient assurance of his skill and success.

Upwards of five thousand cases have been discharged cured in the year ending July 1st, 1860, showing a record surpassing any hospital in the United States.

CONSULTATION, by letter or otherwise, FREE.

CONSTITUTIONAL DEBILITY AND SEMINAL WEAKNESS.—Dr. Young addresses those who have injured themselves by private and improper indulgence in that secret and solitary habit which ruins the body and mind, and which either for business or society, with the view to impress upon their minds, before it is too late, the absolute necessity of skillful medical treatment, and by a direct course of reasoning to show that although we may not be ungrateful for the health given us, that it cannot be sported or trifled with without loss; and when once engendered cannot be regained by mere abstinence from folly, or urgent and strong display of courage.

It may not be generally understood by the great majority of sufferers from mental depressions, that these dull and heavy sensations experienced in the head and about the chest, accompanied by feelings of anxiety and foreboding, arise from a disorganization of the important functions of the body. Such, however, is the fact, and in latter years to such an extent has this been carried that our Insane Asylums are becoming filled with patients who owe to this cause alone their suffering. The study and practice of years has shown conclusively that the weakness of the genital organs, superinduced far too often by self-abuse, which has upon some so apparent in the face; and where once our fathers stood giants in muscular force, the men of today are dwarfs in comparison.

The symptoms of the disease may be faint to-day, but so surely as you experience that weakness in the back and limbs, or a dimness of sight, or nervous derangement of the digestive functions, and general debility, so surely will follow the harrowing mental prostration to awful to contemplate, and which will end only as the last breath comes struggling, gasping for the breath of the expiring victim. There is something noble in dying when the good fight has been fought; but what man can view a grave filled by one whose life dripped out in pollution, without a feeling of disgust.

Do not hesitate, hoping that time will eradicate what it only strengthens, but call at once at my office, with the full assurance of a speedy and permanent cure. Let no sense of false shame deter you, but save yourself from the actual effects of this dread disorder, and regain the full strength of your manhood.

Mercury in no form enters into the Remedies adopted by Dr. Young.

Mercury has been named, not inaptly, "The curse of Man," as, under the treacherous garb of a restorer, it bequeaths the most terrible disease. We do not see it at once, but hidden beneath the fair surface, it poisons the blood, destroys the nervous and muscular system, preventing the action of the joints, and rendering wretched, under the name of rheumatism, the life of the sufferer.— "The remedy is worse than the disease," as many a poor, crippled, miserable, toothless wretch will say, while pointing to his decayed jaw and swollen gums, he tells of its ravages—or at his swollen joints and body marked with purple or leaden colored sores which speak of his pains, and again at his impaired, ruined digestion, which tells of wretched days and sleepless nights.

All affections arising from the use of mercury are perfectly eradicated and health fully restored.

All diseases of a private nature arising from impure connection, such as Ulcers, Swelling of the Glands, Ulcers in the Throat, Secondary Syphilis, Cutaneous Eruptions, Ulcerations, Tertiary Syphilis, Syphilis in Children, Mercurial Syphilitic Affections, Gonorrhoea, Chloridrosis, False Passages, Inflammation of the Bladder, and Prostrate Glands, Excoriations, Tumors, Pustules, &c., treated in the most scientific manner.

Cure always Guaranteed or no fee Required.

Dr. Young would state that he has been a professor of Obstetrics and Female Diseases for the past fourteen years, and is fully qualified to administer in all cases both medically and surgically, not in a superficial, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make. Therefore families can rely upon him upon a fatherly care. In affliction can find in him one who can feel and sympathize with, and befriend them in trouble— one in whose secrecy the utmost confidence can be placed. Come, all ye that are afflicted and in trouble, and you will be relieved and cured.

Private Medical Office and Hospital 210 CLAY STREET, Opposite southwest corner of the Plaza, SAN FRANCISCO. DR. J. C. YOUNG.

Dr. J. C. Young, who has become so celebrated for the thousands of cures which he has formed in old, chronic, mercurial, syphilitic, and all private diseases, without mercury, is consulted daily at his office, 210 Clay St., from 9 A. M. to 8 P. M. A cure guaranteed or no pay.

Dr. Young has probably had more practice in venereal diseases than any physician in California. He cures all the most aggravated cases of this disease, and mild ones he removes in from two to five days. The Doctor has for many years been known as the most eminent and successful physician practising in the United States, and what is more important to the patient, he always effects a speedy and permanent cure.

Travelers, seamen, miners and others, who wish to be cured without mercury, hindrance from business, or exposure to friends, should apply to him as soon as possible, and a perfect cure guaranteed in all curable cases.

The following are a few of the many testimonials of Dr. Young's ability as a practitioner, which have appeared in the public journals of the last few years:

[FROM THE BOSTON MEDICAL JOURNAL.] Although we are opposed to the system of advertising for good and sufficient reasons, still we deem it but justice to say that Dr. Young is one of the most industrious and indefatigable votaries of the medical science in the United States.
