

squad of rebel cavalry came upon our videttes unperceived, and dashed into our infantry pickets, but were driven back with considerable firing on both sides.

Boston, 25.—A destructive fire occurred at Acton, Massachusetts, last night, which destroyed property valued at twenty-five thousand dollars.

The Washington Star says we have very late information from the country between the lines of Gen. Sigel's corps and Gordonsville. Three days ago, the only rebel troops occupying it were a regiment of North Carolina cavalry, with a regiment of infantry. They had their headquarters at Warrenton, with their pickets along the Rappahannock. At times they set out in small parties in various directions. Culpepper Court House had then ceased to be the railroad terminus, at which place supplies from Richmond for Lee's army were put on wagons. They are now taken to Staunton and wagoned all the way up to Winchester. This change is doubtless caused by the fear lest Sigel should cut off their transportation, which he could do if they continued to travel the roads from Culpepper Court House to Winchester.

The Honiton Telegraph extra of the 4th October, gives the following particulars of the occupation of Galveston by the Union forces: The Federal commander notified the citizens that four days would be given for the removal of the women and children. At the evening of the last day the rebel troops commenced evacuating the city, which was occupied by the Federals the next day.

We learn from Memphis that a frightful accident occurred on the Mississippi Central railroad, below Sluck Hill Station, Sunday last, by a collision of two trains; 30 persons were killed, and nearly 60 wounded, most of them soldiers. The accident was the result of carelessness.

New York, 26.—We learn by the gunboat *Dacotah*, eight days from Key West, that Admiral Dupont was expected back from the North with instructions to proceed on a hostile demonstration at once. It was thought that Mobile and Charleston would be attacked on his return.

The mortar fleet at Pensacola had received sailing orders—all vessels belonging to it which had arrived were heavily armed.

The yellow fever was rapidly disappearing from the squadron, and but a few deaths have recently occurred.

Cairo, 26.—A Federal force numbering 200 men, with one piece of artillery, stationed at Waveley, Tenn., was attacked on Thursday last by 800 rebels. The latter were repulsed with a loss of 24 killed and 25 wounded and a large number captured. Our loss was 2 killed and 2 wounded.

An officer from Vicksburg reports that the Conscription Act is vigorously enforced. Every man under 35 is in the army.

SANDY HOOK, 24.—The steamer *Ariel*, from Aspinwall, reports the ship *Reporter*, from New York for San Francisco, as totally lost off Cape Horn; only four persons were saved.

The ship *Eric* was seen on the 20th of August, 70 miles off Cape Horn abandoned and dismantled.

SAN FRANCISCO, 25.—Mr. Kelly who was severely injured by flying splinters and being scalded by the explosion of the boiler of the National flour mills, died last evening. This makes four who have been killed besides a number wounded. The cause of this dreadful calamity is not explained, and probably never will be, as both engineers were killed, one being about to relieve the other.

The remains of Mr. Brown, the jailer, who was inhumanly butchered at San Jose by F. Hernandez, were brought here yesterday, and buried to-day.

FORTRESS MONROE, Oct. 25.—The following items are from the Richmond *Esquire*, of the 23d of October:

Travelers from Winchester report our army crossing the Potomac on Monday last, into Maryland.

Our pickets attacked the enemy from several points, near Nashville, Tenn., at daylight on the 23d, driving in the pickets, killing several, and capturing fifty. Among the killed is W. Soles, Colonel of a regular Tennessee regiment, and one other Federal Co. We drove the enemy into their entrenchments at Nashville.

The same paper, of the 24th, has the following dispatch:

SWANNAH, Ga., Oct. 23d.—The Abolitionists attacked in force, Peconago and Cassawhatchee, S. C., yesterday. They were gallantly repulsed to their gunboats at Mackay Point, by Col. Walker, Commander of our troops. The enemy came in thirteen gunboats and transports. The Charleston railroad was injured. The Abolitionists left their dead and wounded on the field. Our cavalry are in pursuit.

(Signed) BEAUREGARD.

CAIRO, Oct. 27th.—Gen. Rosecrank and staff passed through here this morning, en route to his new command.

New York, Oct. 27th.—The *Times*' Washington dispatch says:

"We have news from the South, through a source entitled to credit, that the rebels have recently ventured on the dangerous policy of arming their negroes. In Atlanta, Ga., Montgomery, Ala., and other places, it is said that negro regiments have already been organized and supplied, with arms."

PHILADELPHIA, Oct. 27th.—The *Press* publishes a statement from Fort Monroe, dated last Friday, to the effect that Gen. Henry A. Wise, with 20,000 troops is advancing on Yorktown, having reached New Kent Court House. The report needs confirmation.

New York, Oct. 27th.—The *Express* professes to have reliable information from some official circles in Europe, that France and England have decided upon a recognition of the Southern Confederacy, if joint offers of mediation, and an armistice of four or six months, to be proposed to Seward, are not excepted. They fear a slave insurrection in the South, and expect to see after the 1st of January, and it is to afford their own citizens residing there, ample protection under the wings of their regularly appointed agents, that England and France will claim the necessity of a recognition of the new Confederacy.

PHILADELPHIA, Oct. 27th.—The Baltimore *American* has a dispatch dated Sunday, from Harper's Ferry, announcing a movement of Gen. Pleasonton's cavalry across the Potomac. From thence they moved forward to Waterford, and expected to reach Leeburg early this Monday P. M. The people everywhere rejoiced with acclamations of delight.

LOUISVILLE, Oct. 27th.—The 1st and 20th Kentucky regiments fell upon Kirby Smith's

rear guard, forty miles from Cumberland Gap on the 23d, and routed them taking 90 prisoners and 150 head of cattle.

Baltimore, Oct. 28.—An *American's* Harper's Ferry special says, Burnside's movement across the Potomac has not been followed up by a general advance, but there will undoubtedly be a general movement to-day. There is no movement except of heavy reinforcements for Burnside, who has taken a position in rear of Lovettsville. It is not a reconnaissance, but an advance of the left wing under Burnside, threatening equally the rebel flank at Winchester, and their line of communication by Front Royal. Rumors continue to be circulated that the main body of rebels if not the entire army, has retreated beyond Winchester.

The *Tribune's* Harper's Ferry correspondent says, a portion of Burnside's troops left Pleasant Valley on the 26th and moved to Berlin, five miles below Harper's Ferry, where a pontoon bridge had been thrown across the Potomac. The remainder, embracing corps under Burnside's command, will shortly follow. Simultaneously with this, the troops at Sharpsburg composed of Hooker's old corps under Reynolds, and corps of Fitz J. Porter were also on the march. The elements were unpropitious until yesterday morning, 27th. Considerable rain had fallen and the roads are already very muddy.

WASHINGTON, Oct. 28th.—Gen. Hooker rode into the city to-day. He will be able to take the saddle in about a week.

CHICAGO, Oct. 28th.—The Philadelphia *Press* correspondent says, the entire rebel army is divided into two bodies, under Jackson and Longstreet, the former moving directly to Staunton, and Longstreet thought to be moving to Gordonsville. The New York *Tribune's* correspondent says the rebel evacuation of Winchester and falling back on Staunton is confirmed by several citizens who came into our lines.

The small pox is said to have broken out with unusual violence among the people and lately eluded the purview of rebels. The death of our army is good.

LOUISVILLE, Oct. 27th.—Nashville papers of the 23d were received to-day. That city is cut from the surrounding country by bands of guerrillas. A foraging expedition from the city to the plantation of the rebel Gen. Donaldson, brought away 300 cattle, 600 sheep and hogs, and 600 wagon loads of corn and oats. A spy was caught inside the Federal lines with a list of over 200 names of citizens of Nashville, who were armed and ready to rise and assist in the expulsion of Federals at any time the rebels might make the attack.

Gen. Negley, commanding post, issued an order to all citizens to deliver up their arms and ammunition to headquarters.

ST. LOUIS, Oct. 28th.—Five steamers with 600 bales of hemp, and 100 bales of cotton, and a large amount of miscellaneous freight, were destroyed by fire at the levee yesterday. Loss \$150,000.

By Last Night's Stage.

New York, 29.—At daylight this morning the Twenty-third Illinois regiment attacked a rebel foraging party, capturing 175 head of cattle, 16 prisoners and 20 horses.

BALTIMORE, 29.—A committee of loyal citizens appointed by a Union town meeting some time since to take testimony to lay before the President, as to charges against the military authorities, while in session last night were seized with all their papers, by order of Gen. Wood. Much excitement was occasioned by this act. Gov. Baldwin was very indignant, and it was understood that he had sent a protest to the President.

BALTIMORE, 30.—The excitement continues. The Governor telegraphed to the President denouncing the arrest as an outrage, and demanding the unconditional release of the prisoners. A committee, appointed by a meeting held last evening, has just returned from Washington. They had an interview with the President, who informed them that he had sent an order to the War Department for the release of those arrested.

The *American's* Harper's Ferry correspondent, under date of 29th says: Since the Sunday movement, the troops have been constantly moving, and with the exception of Sumner's old corps, now encamped on Bolivar Heights, our whole army may be said to be in motion.

PHILADELPHIA, 30.—From information received this morning, we believe that a portion of Jackson's advance has crossed the Blue Ridge by Front Royal, and a force of 5,000 rebels under Walker, has been known to be for two days past at Upperville, on the advance of Longstreet's corps.

New York, Oct. 30.—The British steamer *Wachatta* was brought into Port Royal, last Thursday, a prize to the gunboat *Memphis*. The greater portion of her cargo, believed to be arms and ammunition, was thrown overboard during the chase.

Oct. 29.—Richmond papers say, Oct. 23d, that a greater number of vessels than usual have been blockading the harbor.

Four gunboats are in Stone Inlet.

St. Louis, Oct. 29th.—The army on the frontier is again successful. Schofield telegraphs from Fayetteville, Arkansas, that Gen. Huron, with a force of 1,000, attacked the rebels, 3,000 strong, four miles east of Fayetteville, yesterday. After the engagement, the enemy were entirely routed, leaving all their camp equipage.

The enemy's loss was eight killed; ours was four wounded. Huron followed them several miles to the Boston Mountains.

WELL DONE.—Mr. Stout of Oysterville, W. Va., informs us that the citizens of Pacific county, have taken hold of the cause of the Sanitary commission in right good earnest. In two precincts containing but a few voters, \$297 have already been raised. The other two precincts in the county in which H. K. Stevens, Esq., is operating, are expected to raise \$500 at least. The citizens of Oysterville are loyal to the core. There are only two or three half-breed Yancyites in that whole community.—*Argus*.

REVENUE ROLLING IN.—A Washington correspondent of the New York *Press* writes under date of Sept. 10th:

The treasury already begins to feel the operation of the new tax law. The coffers already contain revenue obtained under the new tax law. Half a million of dollars have been received—one hundred thousand having come in yesterday. It is believed that the increasing revenues of the Government cannot fail to strengthen Government securities, and to diminish the almost frightful premium upon gold.

The Removal of the Custom-House.

For the purpose of keeping our readers informed of all that transpires in regard to the custom-house quarrel, we copy the following from the *Oregonian*. We don't see that it has any bearing upon the charges preferred against the Collector.

ED. O'NEILL'S PRESS.—Until it suits the convenience of the Government to publish a report on my management of the affairs of this District, I am not anxious to say, or have others say anything in vindication of my character. I can afford to wait a month or a year.

But it is justice to Colonel Wallace to state the fact that he opposed the removal of the Port of Entry from Port Townsend, and opposed it strenuously, and in good faith, so long as any opposition would avail.

The removal was ordered by Congress as a revenue necessity, and upon a mass of written statements from masters of vessels, officers of the navy, of the light-house board, and of the revenue service, of which the following is a fair example.

U. S. REVENUE CUTTER, JO LANE, }
Off Port Townsend, Apr. 29th, 1861. }
The undersigned, officers of the U. S. Revenue Cutter service, recommend the removal of the Custom House from Port Townsend to Port Angeles, on account of the superior advantages of the latter over the former, as a harbor, and as a commanding point for the collection and protection of the revenue.

Very respectfully,
(Signed) J. S. S. Chaddock, Captain.
" J. H. Moryman, 1st Lieut.
" J. H. White, 2d do

To the Hon. Secretary of the Treasury,
Washington, D. C.

I will not, at this time, occupy your space further.

Very respectfully,
VICTOR SMITH.

REBEL C. PROMISE.—The only terms of peace which the Confederate States can accept, will be the immediate recognition of the present Confederate States, and the permission to the other States to elect their own destiny, and to decide whether their future shall be with the Confederate States—or with the United States. Not that any of the Northern States are wanted in the Confederacy, but as an acknowledgment of the right of secession—for which this war has been waged.

The peace which ends this war, should acknowledge the ends for which it was fought, and apply its principles to each and all of the United States.—*Richmond Paper*.

The U. S. revenue cutter *Shubrick* arrived at this place last Sunday, and sailed in the evening of the same day.

Desertions are frequent from the British army in the Provinces.

WEBBER'S INVIGORATING CARDIAC SANGUIFER.

SICK MEN AND WOMEN

What Constitutes Health

RICH, Pure Blood, Natural Perspiration, Appetite for Food, Sleep, Exercise and Vigor of Nature, with Strength of Body, Mind and Limbs—Activity of the Liver, and all other Natural Functions—such a state is felt by all, after using

Dr. Webber's Invigorating Cardiac Sanguifer!!

To many, the above may seem extravagant praise of this concoction, but if they could see, as health, the many whom this has restored to health, they would not be surprised at any language used in its praise. To offer more certificates, is useless; at least eighty have already been published, and only the thick-headed, selfish skeptic and unbeliever can doubt that it is the most blessed health-restorer and strength-giver ever invented by man. It restores and permanently invigorates the broken-down system. Nay, more, it replaces natural weakness and strength. The desponding it revives, the feeble it endows with vigor, and the cheerless and strength which it restores, or creates, it also preserves. To the sickly wife it imparts that degree of vital force of matrimony. To the debilitated husband, it gives the nervous and muscular energy which characterizes manhood. In all cases of nervous disease, low spirits, indigestion, liver complaint, impotence, &c., in fact, in all complaints, acute or chronic, which depress and weigh down the mind and body, it is an absolute, infallible, specific.

NATURE'S OWN REMEDY FOR MAN SICKNESS!!

That creates, reproduces New and Pure Blood—that acts on the liver, heart, brain, intestines, limbs and chest—that revolutionizes the whole system—gives strength to the most debilitated and weak—that contains no mineral, or other poison. Such is, in truth,

Dr. Jacob Webber's Justly Famous Invigorating Cardiac Sanguifer!

The extraordinary and strange cures effected by this beautiful herbal concoction has astonished all; it seems to suit every constitution. The Old, the Feeble, the Languid, feel that new life and blood is given them. The rone, the dissipated debauchee, the weak from long disease, from taking too much medicine, colic and other mineral poisons; the young man whose manhood is wasted, whose nature's functions are inert and lifeless, experiences the bliss of ROBUST AND VIGOROUS MANHOOD! His appetite is good, his sleep quiet and refreshing, his mind and memory clear and certain.

The Medical and Surgical Institute

OF DR. L. J. CZAPKAY, is already secured in a position which places it, as well as its proprietor, far above the assaults of envy and professional malice. In the schools of France, the highest prizes are often awarded to practitioners in this department of medical science, and they occupy with others, an equally lofty position in the profession. Record is an illustrious example, a shining light among the philosophical stars of his age in Europe, and Dr. Czapka has fully equalled him in this country, as a proof of which, the Philadelphia College of Medicine complicated him with a Diploma, and the honorary *ad eundem dignitate*. Selecting this as his field of operation, although qualified as a graduate of the University of Pesth, and late Chief Surgeon of the Hungarian Revolutionary army, for more extended labors, Dr. L. J. Czapka has bent his earnest attention to the cure of Chronic and private diseases, in which he has become so great an expert that he is now regarded as the LEADER in this branch of his profession throughout the United States, and his portrait and biography are published as matter of interest to his readers in the most exclusive journals. The Doctor's offices are at his Medical and Surgical Institute, on Sacramento street, corner of Leidesdorf, nearly opposite the buildings of the Pacific Mail Steamship Company.

We ask particular attention of our readers to the sworn certificates of remarkable cures, in another column of this paper.

DR. L. J. CZAPKAY'S PRIVATE MEDICAL and Surgical Institute is on Sacramento street, below Montgomery, opposite the Pacific Mail Steamship Company's office, San Francisco. The Doctor offers free consultation, and asks no remuneration unless he effects a cure.

Sand's Sarsaparilla,
The Great American Remedy FOR PURIFYING THE BLOOD,
WILL BE FOUND A CERTAIN CURE FOR SCROFULA AND SCROFULOUS DISORDERS,
AS AN ALTERNATIVE AND TING AGENT,
IT IS UNEQUALLED

PLENTIFUL supply of pure blood is essential to animal life. When the proper circulation of the vital fluid is impeded, sickness is the inevitable consequence, the secretions become unwholesome, the liver becomes clogged with impure bile, which forced into the system, vitiates, and inflames the blood, engendering scrofula and cutaneous and biliary disorders.

SAND'S SARSAPARILLA
will gently stimulate the functions of the stomach and bowels to a regular and healthy action, and without nausea or purging expel all deleterious accumulations, purify the blood, equalize the circulation, promote perspiration, improve the appetite, impart tone to the system, and gradually but surely extirpate the disease, causing all unsightly excrescences to disappear, and leaving the skin perfectly smooth and flexible.

Price \$1 00 per bottle or 6 bottle for \$5 00.

EDWARD A. MORSE & CO.,
IMPORTERS AND DEALERS IN
DOORS, WINDOWS AND BLINDS,
WOULD inform the trade in California, Oregon and Washington Territory that they have opened a new establishment for the sale of DOORS, WINDOWS AND BLINDS of every description.

One of the partners residing in Boston (who has shipped the above goods to this market since 1849,) enables us to keep a thorough and extensive assortment, which we will sell at as low prices as any in this market.

Parties sending for goods by letter can rely on having the same at as low prices as if ordered in person. Orders by letter or otherwise will be promptly and faithfully filled.

We also attend to the buying and selling of other merchandise.

EDWARD A. MORSE & CO.,
11 and 13 California st., and 114 and 116 Market st., San Francisco, and JOHN HALL, 173 Black stone st., Boston. 6:

To Correspondents.—Patients residing on any part of the Pacific coast, however distant, who may desire the opinion and advice of Dr. Young, on their respective cases, and who think proper to submit a written statement of such, in preference to holding a personal interview, are respectfully assured that their communications will be held most sacred. Dr. Young takes this opportunity of observing that all letters are only opened and replied to by himself, and the fastest as promptly as possible. If the case be fully and candidly described, personal communications will be superceded, as instructions for diet, regimen, and the general treatment of the case itself, (including the remedies,) will be forwarded without delay, and in such a manner as to convey no idea of the purport of the letter or parcel so transmitted.
