

MEMORANDUM

Fruit-strawberries are ripe. Two more days left of Spring. Will we celebrate the Fourth?

The Seventh street tunnel is now completed.

The longest day of the year is coming apace.

Laying hens are getting down to steady business.

There is a scarcity of the genus tramp in the city.

The street sprinkler is doing a refreshing business.

Garden-vegetables are now abundant and in their prime.

The races brought a good business to livery stable men.

Born, in Olympia, Sunday, to the wife of J. O. Short, a daughter.

Easter-eggs are happy over the work now being done on Fourth street.

Dr. Flannigan left for a short visit to Minneapolis last Monday.

A daughter was born to Mr. and Mrs. J. B. Fox on the 22nd inst.

If you want to laugh go to the Olympia Theater Monday night.

Hotel proprietors say they are doing a fair business for the season.

Capt. J. J. Gilbert left for the scene of his summer work last Monday.

Mr. and Mrs. Chas. Allen rejoice in the birth of a daughter on the 21st.

A "Social Session" will be held at Olympia Theater, Monday evening.

The Washington Club house is a thing of beauty to all save the ladies.

The almanac promise warm rains during the first week in June. We shall see.

The rails are being laid from Adams street to the depot in the rear of Olympia hotel.

Incandescent electric lights are steadily supplanting gas for inside illumination.

Day after tomorrow will be first Sunday after Trinity, as the church calendar puts it.

Cherries are assuming a tint most tempting to small boys and attractive to marauding birds.

The sawmills are still put to their best efforts to supply home demands for building lumber.

Don't disturb the orchard birds. They are saving the young fruit from the ravages of insects.

Boys in knickerbockers have discovered that the salt chuck is good for bathing purposes.

A neat, elevated enclosure, has been provided for the use of the choir in the Presbyterian church.

A new slip will be constructed at the end of Long wharf for the accommodation of increased shipping.

"A Social Session" will be held at Olympia Theater Monday evening, by the celebrated Converse company.

Maj. and Mrs. Scott have been lecturing the past week at Columbia Hall, on the subject of temperance.

The boxes for the new postoffice will be supplied by Kane & Co., of Chicago, and will be equal to the best in use.

Baccalaureate sermon for Calthea College, at the Presbyterian church next Sunday, by Rev. T. J. Lamont.

Olympia flower gardeners are highly suggestive of the donation claim originally filed upon by Adam and Eve.

The ladies of the First Christian church will serve a dinner Saturday in the corner store-room of Odd Fellows Temple.

All the stores and markets were closed Wednesday afternoon, to afford an opportunity for their employees to attend the races.

The season for college commencements is approaching when another crop of sweet young lady graduates will be turned loose.

Sam Nixon has opened a one of the neatest cigar stands in the city on Percival's dock. Call and see him and get a good cigar.

The Central nine used up the Olympia boys at the contest, in this city, Sunday. Third time's the charm, boys, keep up your courage.

The Dodge Club of Tacoma, will play the Olympia nine on their new grounds on Main and Seventeenth Streets, to-morrow, at 2 o'clock.

The race grounds have been the objective point for sight-seers and pleasure-seekers during the present week. Everybody goes to the races.

Farmers say that good hay crops on the bottom lands is already an assured fact while uplands may be improved by the coming of reasonable showers.

Johnny Shields, the well known saloon man, died to-day at his rooms on Main street. He was a man of generous impulses, and probably had no greater enemy than himself.

The picnic excursion of Calthea College to Steilacoom last Saturday, was one of the most popular events of the season. About 130 tickets were sold and everybody had a good time.

Mr. Sawyer is about to begin the construction of a building to be used as a variety theater adjoining his new building, corner of First and Main streets. It will be 36 feet wide and 120 in length and cost about \$7,000.

Capital Lodge No. 15, K. of P. last evening elected the following officers for the ensuing term: J. C. Rathbun, C. C., C. T. Whitney, V. C., S. E. Fibley, Prelate, B. B. Smith, M. A., J. W. Hlakeslee, O. G. and Gus Shazer, I. G.

A banquet will be given by young men of Collegiate Institute, on Tuesday evening, June 11th, in honor of the graduates and friends. The banquet will be followed by a "flow of soul," in the form of toasts and responses, vocal and instrumental music by the pupils and an recitation by Prof. Hull.

Gov. Ferry has received a requisition from the Sheriff of Walla Walla county for arms and ammunition. It is supposed that this is a precautionary move on the part of the local authorities following the action of the grand jury which found true bills against the soldiers implicated in the murder of the gambler Hunt.

Russell & Russell have filed their

bond for the completion of their West-side railway within five months from the time the new bridge is completed. It is for \$1,000, and Herman Chapin, President of the Boston National Bank of Seattle, and E. O. Graves, President of the Washington National Bank, of the same city, are their sureties.

Third street is rapidly surging to the front as one of the desirable business thoroughfares of the city. The grade from Jefferson to Main has been covered with a thick coating of gravel, and from Main to Columbia by plank, making a beautiful street where hitherto there has been nothing but a swamp nearly its whole length, and at the west end piles of manure and broken-down vehicles.

The famous case of State vs. Angus McLean, for the burning of a hotel at Shelton whereby a human life was sacrificed, has at last reached a termination. The defendant was discharged Monday, a result which at one time would have been considered almost beyond the range of possibility. Never did man approach nearer the gallows and escape. The eminent legal firm of Eddy, Gordon & Skillman have represented the case in the Supreme Court.

J. B. Reavis and Miss Minnie Freeman were united in marriage, at Tacoma, Wednesday evening. Miss Freeman is the daughter of the late Smith Freeman, of this city, and was for several years a resident of this place. She has been of late a teacher in the public schools of our sister city. Mr. Reavis is a prominent politician of Eastern Washington. The best wishes of a host of friends accompany the happy couple on the voyage of life.

M. J. Gordon, of the firm of Eddy, Gordon & Skillman, leaves for Dakota, next Monday, to manage an important criminal case. It is seldom that a continent is crossed to obtain professional aid, but in this instance it excites no surprise when the phenomenal success that has attended Mr. Gordon's efforts is considered. Although young in years, he has already demonstrated the fact that he is one of the best criminal lawyers in the United States.

The present building activity is unprecedented. No less than a dozen large business buildings are projected besides those already noted in these columns. This may seem to be rapid progress, but the query very naturally arises, is it a healthy growth? Who are to occupy these new business stands and where is the trade to come from that will sustain it? An expansion in some other direction would be welcomed and serve to maintain the equilibrium of trade.

Miss Lena Corey, a girl not quite sixteen years of age, met with a distressing accident at the Olympia laundry, Tuesday afternoon, while at work at the mangle, a powerful machine with heated rollers, by which table and bed linens are smoothed and pressed. By some means her right hand was drawn between the rollers and so frightfully crushed, that amputation at the wrist was necessary. Drs. Riley, Kincaid and Newcomb performed the operation.

The ladies of the Congregational Society will hold a Bonnet Sociable at Columbia Hall next Tuesday evening. At this entertainment, the usual order of things will be reversed, the ladies will furnish the hats and trimmings and the gentlemen will do the millinery work. The best trimmer will be awarded a prize and the poorest a "looby" prize whatever that is, probably the equivalent of a leather medal. Twenty-five cents will be charged for general admission, and ten cents for children under twelve years of age.

Russell & Russell, the Seattle real estate firm who are now manifesting so much interest in Olympia really, propose to spend about \$15,000 in making our many resources known to Eastern people. They propose to make Ohio and Indiana the center of their missionary field, and their chief endeavor will be to enlist capital for the development of latent industries, rather than to induce numbers to come who depend upon their own labors to make a beginning in life. That class will follow capital as rapidly as the country's development justifies.

Grand Secretary Reed, of the A. F. and A. M. announces that he has secured the usual concessions from the Northern Pacific Railroad Company, the Union Pacific system of steamboats and railroads and the Puget Sound steamboat association, for fare to and from sessions of the Grand Lodge, the Grand Chapter and Grand Commandery, to be held at Seattle, on the 9th, 12th and 13th of June respectively. Full fare will be paid going, and on presentation of certified receipts for the purchase of a ticket, return transportation will be issued at one-fifth of the regular fare. Special rates have likewise been secured at the hotels.

Mrs. Margaret Callow, of Kamillehe, Mason county, who did last Tuesday in that place, was a native of the Isle of Man. She came to this country and settled at Milwaukee, Wisconsin, in 1856, and to this State in 1873, where she has ever since continuously resided. She was 77 years of age, and leaves a large circle of immediate dependents to mourn her loss. Her sons, Robert, Edward, William and John, are well-known citizens of Kamillehe, and her daughter Mrs. Anna Rhoades, is a resident of this county. She has likewise several grand-children. The funeral took place Thursday, at Odd Fellows cemetery, near this city. The death of Mrs. Callow leaves another break in the line of pioneers so rapidly disappearing before the advancing strides of time.

It is becoming quite evident that there is one officer under our city government who should be rarely changed, and he is the City Engineer. Every new man who fills the position seems to consider it his duty to make some changes in the work of his predecessor, and consequently we find that buildings which are placed "on grade" when built are above or below grade, when other eyes look through the instrument. This is plainly evident on

Fourth street, where improvements were made on Mr. Witham's figures, which are several inches lower than Mr. Tillotson's. In fact Mr. Tillotson's figures are high throughout. The grade of Third street, from his stakes, places such permanent improvements as the Dolan brick far below the street line and is a positive injury to the premises. A slight modification of the strict rule he seems to have applied to his system would injure no one and be of benefit to many.

The Races

The event of the week has been the races at Woodland Park Course. For the initial season, it has been a gratifying success, the attendance being large, and some of the best stock in the State present. The association may be considered on the very excellent methods adopted for the entertainment of visitors and the satisfaction of patrons of the course.

On Monday, the first race was a pacing race, between Mollie Cooper and Sleepy Tom, won by the latter, in 2:37, 2:46 and 2:39.

Blondie won the trotting race, with three competitors. Best time 2:27.3. Royal won the five-eighths dash with three competitors. Time 1:03.

On Tuesday, Patsy G. A. R. Boy was scored a winner, with Challenger Chief and Nevada as competitors.

In the pacing race, Rosa C. won with Mink, Tommy Lyne and Brunette as competitors.

In the mile dash, Malcom came out ahead with five entries.

Wednesday the three year old race was won by Judge, against Chester.

The trotting race was won by Wonder, with Mand C. and Delco as competitors.

In the running race, Flora B. won in dash of a half a mile, with five entries. Time 31 seconds.

Callapooia was winner in the Indian pony race.

On the last day Bishop Hero took the freer all purpose, with Stenwinder, Delco and wonder as competitors.

Red Dick won the three eighths mile dash in 35 seconds.

The three quarter mile dash was won by Malcom, with Carrie M. as competitor. Time 1:17.

Memorial Day Exercises

The following interesting program has been prepared for the Memorial day exercises to be held on the capitol grounds to-morrow:

Address, "The Army," by Comrade D. P. Ballard.

Music, "Soldiers' Memorial Day," by the school chorus.

Address, "The Navy," by Comrade C. M. Barton.

Music, "Star Spangled Banner," by the school chorus.

Address, "The Private Soldier," by Comrade Phil Skillman.

Music by the band.

Address, by Comrade T. J. Lamont.

Address, "The Sons of Veterans," by J. C. Kiebler.

Music, "The Flag of the Free," by the school chorus.

Song, by Governor Ferry.

Song, "America," led by the band and joined in by all present.

A procession will be formed at the G. A. R. headquarters, and will proceed to the grounds from there. The G. A. R. members, Sons of Veterans, citizens and a large number of school children will march, headed by the Olympia band.

Supreme Court

The court has granted a new trial in the case of the Northern Pacific vs. Haas, appealed from Spokane. This is a condemnation proceeding, in which Haas obtained a verdict for \$2,000 in the court below.

Just Scheuch having failed to show sufficient cause for the suspension of Attorney Rohde, who did not purge himself of contempt for the court of the notorious judge, the Supreme Court has issued a peremptory order commanding Scheuch to reinstate the suspended attorney.

The case of Leisure vs. Kneeland, appealed from Thurston county, has been placed on the calendar, and its hearing is fixed for June 27.

The following cases, which were to have been heard last week, have been re-assigned as follows:

Rathbun vs. Thurston county, June 25.

Gray's Harbor Brick Company vs. Watson, June 23.

Lybarger vs. Stiles, June 24.

Tacoma Coal Company vs. Bradley, June 25.

Pacific Coast Steamship Company vs. Warren et al., June 26.

Calthea Commencement

The baccalaureate sermon will be delivered by Rev. T. J. Lamont at the Presbyterian church next Sunday morning.

The class day exercises have been assigned for Tuesday.

Wednesday will be commencement day, and sessions will be held at 9:30 A. M. and 8:30 P. M.

There are 13 young students in the graduating classes, and those who are acquainted with the ten young ladies of these classes say that no brighter classes ever won diplomas.

Miss Lucy Hartman, of the normal class, bears away the honors of having been chosen valedictorian. Miss Etta Venen takes the second position as salutatorian, and Miss Addie Libby has been elected professed.

Judge J. W. Robinson was unanimously chosen to deliver the address.

The commencement exercises will be held at the Olympia Theater.

Pioneer Meeting

The Eighth Annual Reunion of the Pioneer Association of Washington will be held at Port Townsend on the 24 day of June, 1891.

The Port Townsend people are making great preparations to entertain the pioneers, and a special invitation is hereby extended to all old settlers, whether members of the association or not, to be present upon the occasion.

FRANCIS HENRY, Secretary Washington Pioneer Association.

A Sure Cure for Piles

Itching Piles are known by moisture like perspiration, causing intense itching when warm. This form as well as blind, bleeding and protruding, yield at once to Dr. Bosanko's Pile Remedy, which acts directly on the parts affected, absorbs tumors, allays itching and effects a permanent cure, 50c. Druggists or mail; treatise free. Dr. Bosanko, Piqua, O. Sold by Marr & Ross.

Moontone Jewelry

Miss Katie Breen, of New York City, has just arrived here with a magnificent line of moontone jewelry from Niagara Falls. It is the first and last time for the moontones in the West previous to the World's Fair. Miss Breen will remain until after the State Fair here.

Sheriff Prince has served an attachment for \$43,000 on the railroad outfit of J. W. Hunt, of the Great Northern, at Mound Prairie, for Cramer & Adams of Vancouver. The sheriff has had a deputy guarding the property for four months past. An attachment by the Northern Pacific for \$135,000 on this same property, was recently raised.

OLYMPIA

Will be the railroad center of the Great Northwest. Within one year Olympia will have more separate and independent railroad lines than any other cities in the Northwest. Surrounded by one of the finest and most productive agricultural sections in the Pacific northwest, with an almost unlimited supply of the finest timber in the world, and an inexhaustible supply of coal and iron and other minerals, within a few miles and situated at the head of navigation Olympia is destined to be not only the great railroad center but the metropolis of this wonderful State of Washington.

WEST OLYMPIA

Is fast coming to the front. The West Side is growing fast and is bound to be not only the most convenient and accessible portion of Olympia for residences but will certainly be the choicest residence locality. April 28th the Council granted franchises for two ELECTRIC MOTOR companies to build to the West Side. They will be in active operation in six or eight months, giving cheap and rapid transportation to and from that beautiful portion of the city.

Are you aware of the fact that quite a number of our prominent citizens have purchased property on the West Side and are under contract to build residences within a short time?

Are you aware of the fact that the land on the West Side lies nice and level?

Are you aware of the fact that assessments for grading streets on the West Side will not be half as great as in any other portion of city?

Are you aware of the fact that thousands of dollars will be spent in public improvements on the West Side within the next year?

Are you aware of the fact that thousands of dollars will be spent in homes on the West Side during the coming year?

ELECTRIC MOTOR ROADS!

Are you aware of the fact that the Fourth street bridge will be widened to eighty feet to accommodate the two electric motor roads, and the rapidly increasing traffic to and from the West Side?

Are you aware of the fact that hundreds of houses will be erected on the West Side within the next eighteen months?

Are you aware that the population of Olympia will double in the next eighteen months and that seventy-five per cent. of the increase will go to the West Side?

Can you look ahead a few months?

Is your foresight good?

How is your aftersight?

Could you have made money by investing in Olympia a year ago?

Of course you could!

Can you make money during the coming year by investing in West Olympia?

Of course you can!

You can make a larger per cent. on your money than you could have made in the last two years.

It is reasonable to predict that in eighteen months from to-day you can count houses on the West Side by the hundred. This property on the West Side will be sought after, and lots in

OLYMPIC PARK

will sell for not less than \$500 each.

Lots are now for sale in Olympic Park at the extremely low price of \$50 each, \$15 cash, \$5 per month.

Bear in mind that these prices are liable to be advanced any day. We reserve the privilege to advance prices without further notice.

Buy now! Now is the accepted time! Now is your golden opportunity! Don't wait until others get the cream! Don't wait to ask some friend's advice who has property in some other portion of the city and none on the West Side! Don't wait to consult with your neighbor. Be your own counsel. Go over to the West Side and look around. Use your own judgment. Place your faith and your own savings in the West Side. Buy in Olympic Park and you will receive quick and profitable returns.

AN UNDOUBTED FACT

Lots in any other portion of the city, the same distance from the business center, are valued at, and have sold and are selling at the present time at prices ranging from five to fifteen times higher than at present prices in Olympic Park. Call on or address

LACEY & FORREST,
423 MAIN STREET.

Make Ends Meet!

Where you can get the lowest prices that can possibly be had in the West.

California Grocery

WE ARE PUSHERS!

And expect to push our trade until everybody appreciates the fact that we are the best grocers, and beyond comparison the cheapest in Olympia, quality and price combined. Remember, the California Grocery is the best.

Aug. 8, 1891. J. N. SQUIER, Prop.

The Road to Wealth

Could be successfully traveled without good health. To reach wealth or any coveted position in life requires the full possession and operation of all the faculties and organs of the human system. These conditions cannot exist unless the physical body is in perfect working order, and this is impossible when the liver and spleen are torpid, the circulation is sluggish, causing indigestion and dyspepsia, with all of their accompanying horrors.

DR. MENLEY'S English Blandon Tonic cures a specific influence over the liver, causes it to healthy action, restores the chronic engorgement, and promotes the circulation; cures indigestion and constipation, cleanses the system, tones up the entire system, and makes life worth living.

Northern Pacific Railroad
