CITY NEWS IN BRIEF.

A son was born to Mrs. Fred Hager this week. A little son of Joseph Bode is quite ill with fever.

The forecast for tonight and Saturday is "Fair." H. G. Richardson has bought the Westside shingle mill.

Arthur Jones is slowly recovering from his late severe illness. Mrs. R. B. Milroy, of Fairhaven, is on a visit to friends in this city.

The steamer Alki will leave the Sound for Alaska ports Monday. L. H. Prather has been named for the new Superior Judge of Spokane.

A son was born to the wife of William Buford, of this city, Wednesday. The steamer State of California will sail for San Francisco next Sunday.

Mrs. Wingard, of Walla Walla, is a guest of Mrs. T. I. McKenny of this city. Mrs. Clark, mother of Mrs. John Clee, has been quite ill during the past week.

Joseph Chilberg is preparing to open a grocery store in the Ramon building on Fourth street. A son was recently born at Skagway to Mr. and Mrs. Roderick Sprague, formerly of this county.

Mrs. Frank Dayton, of Portland, is on a visit to her mother, Mrs. McMicken, in this city. Auditor Callow has issued a marriage license to Walter Chesser and Annie Astell, both of Buedo.

L. J. Stamey, of the hotel laundry, is a guest at the hospital, from injuries received by a bucking bicycle. Connolly & Chambers received a shipment of twenty-three head of cattle from Oregon, last Saturday.

Wm. Schinke and wife have moved in from South Bay and are now residents of the Eastside. Mr. S's two sons will conduct his farm. The largest audience of the season greeted the Richards & Pringle's minstrels at the theater Wednesday night.

The performance was good. Mrs. Mary Dalton was granted a divorce from her husband A. J. Dalton, by the Superior Court, yesterday, on the ground of abandonment.

Leo Mellor, Chief Clerk in the Land Commissioner's office under Robt. Bridges, has gone to Seattle with his family, where they expect to reside. The Olympia basket ball team were vanquished by their Tacoma opponents, in a match game played in that city, this week, by a score of 25 to 1.

A blind man 78 years of age named Burlington sustained a severe fall, a result of his infirmity one day this week, breaking his leg just above the knee. The North Coast Company, to engage in realty deals, has been organized with J. H. Norris, Robt. Blankenship and G. C. Winstanley as incorporators.

L. I. Berens, of Whatcom, and Miss Ada Caldwell, of this city, formerly of Whatcom, were united in marriage, at the residence of Judge Calvert, Monday. The Bicycle Path Association will meet at the Owl Club rooms, to-morrow night at 7.30, to select a candidate for appointment by the City Council as bicycle policeman.

Miss Mary Hayes, who has been filling the position of stenographer in the Land Commissioner's office for the past four years, has returned to her home in White River valley. The funeral rites of the late Mrs. V. F. Wellman were held at the Christian church, Tuesday, and she was buried by the side of her late husband's grave in Bush prairie cemetery.

THE RAID UPON GAMBLERS.

Mrs. Nation's Spirit Seems to Be "Marching On." Saturday night the rear rooms of the Fashion and the Parlor saloons were raided by Sheriff Mills and his deputies, on complaint of W. D. Sumpter, keeper of the Arlington lodging-house, who testified on the stand that he had been employed as amateur detective to get evidence for the suppression of gambling.

The Sheriff headed the party which raided the Fashion, and succeeded in nabbing Robt. Christenson, with the "tools" of his profession and coin spread out before him. Deputy Sheriff Morrell headed the seizure at the Parlor and A. E. Jespersen and his "black-jack" layout were literally "caught in the act," but according to the testimony of the prosecuting witness, there is some doubt as to whether it was "black-jack" or "stud-poker," or some other game, that was going on when he was on duty as detective.

All the gambling apparatus in both saloons was captured, among which there were a pair of costly roulette wheels, and over \$500 in money—\$350 at the Fashion and \$200 at the Parlor. The apparatus, under the law, will have to be destroyed, but Mr. Israel, attorney for the defense, insists that the Sheriff made a grave mistake in seizure of the money and it will have to be returned to its owners.

Thursday the defendants were arraigned before Justice Schomber for commitment. Christenson waived examination and was bound over to appear at the jury term of the Superior Court, in the sum of \$250. A bond in his case was filed, signed by J. W. Scott and A. E. Moore. Jespersen preferred, however, to stand primary inquiry and Sumpter was placed on the stand. His evidence was not of that direct nature, however, which ensures conviction, and that of Cornelius Klumpenber, who followed him, contradicted Mr. Sumpter's version in several particulars. Justice Schomber, after summing up made the same disposition of this case. A bond of \$250 was required and was promptly furnished by Mr. J. Cunningham and J. H. Phlips.

The witnesses recognized to appear were E. Bradford, W. Steelman, W. J. Craig, Clinton Finney and Robert Hawthorne. Two other arrests have been made, Gustav McBratney, better known as "West," for dealing "black-jack," and W. N. Harris, "stud-poker," in the rear of the Corner Saloon. Their trial before Justice Schomber set for this afternoon, as by stipulation been postponed till Monday.

The raid, it seems, was the work of the ministerial association, with Rev. J. S. McCallum at the head, and they had everything carefully planned for Saturday night's proceedings. The Sheriff and his deputies were not let into the secret until their services were required, in prosecuting Attorney was ignored in drawing the complaint, and Justice Schomber was in his office to attend to the management of his end of the scheme.

It is pretty generally conceded that the only result will be to drive the gentlemen of the green-cloth into more retired quarters, where amateur detectives will be as unable to obtrude their presence as to describe a game after they have seen it.

NO GREASE OR DANGEROUS DRUGS.

In "Herpicide" the New Scientific and Successful Dandruff Treatment. Have you dandruff? Then you have a contagious parasite disease, unpleasant, unhealthy and one that will eventually lead to baldness. To cure it you must destroy the parasite that oozes at the root of the hair.

The only preparation for destroying these germs is a Newbery's Herpicide. Charles Klein of Laramie, Wyo., says: "Herpicide allayed the itching, cured the dandruff and stopped my hair's falling out; and it is bringing a new crop of hair." Herpicide is free from grease or dangerous drugs, and makes hair glossy and soft as silk. One bottle will convince you of its merits.

Baptist Church.

Next Sunday services will be held in the Baptist Church as follows: Preaching by the pastor at 11 A. M.; Sabbath school at 12:15 P. M.; in the evening Prof. Frank J. Browne will deliver an address on "Education in its Relation to Christianity." Sunday school and preaching at the Westside chapel at 3 P. M. All are cordially invited.

Grandma Polson, 96 years old, who lives one mile west of Watsburg, nearly lost her life by fire, Tuesday morning. Arising early before any one was astir she built a fire, which, owing to a defective flue, set fire to the roof of her house. The fire was well under way when the train-hands on the O. R. & N. morning freight, which passes 250 feet from her door, noticed the blaze. They stopped the train, rescued the old lady, and then by hard work extinguished the flames before they gained entrance to the lower part of the house.

W. A. Lewis, for years a well-known attorney in Spokane, who has recently moved in the highest social circles, is wanted for alleged embezzlement of \$1,474 from a client. A warrant is out for his arrest, but he has been missing since Wednesday last week. Lewis was attorney for Mrs. Nettie Bauer Plate, administratrix of an estate. He induced her to surrender money to him, but failed to return, although twice ordered by the court to do so.

No clue has yet been found to the guilty parties. John T. Bethel has reduced the price of Arbuckle and Lion coffee to 10 cents. Others may follow; but he has lead and is entitled to the credit for the reduction.

THE LEGISLATURE.

Continued from Second Page. adopted the Appropriation committee's report. The speaker named Sims of Coeur d'Alene, Williams of Pacific and Starr of Waiilatpu members of the committee to act with a committee of the House to confer with the Oregon Legislature relative to laws governing fishing on the Columbia.

A petition signed by the members of the Rod and Gun Club of Jefferson county was read asking legislation prohibiting the killing of antelope, elk, etc., and for the protection of deer, song birds, and prohibiting the killing of geese, ducks, quail, etc., out of the open season.

At the afternoon session H. B. 155, providing for the purchase of the Thurston county court house for capital purposes, was reported favorably by the committee on Public Buildings and Grounds and was re-referred to the Appropriations committee.

The following bills were introduced and referred: No. 203, by Rich, relating to artesian wells. No. 204, by Bush, defining the crime of kidnapping.

No. 205, by Cameron, creating public school libraries in school districts. No. 206, by Stocking, relating to duties of committing magistrates. No. 49, relating to time for taking appeals to the Supreme court, passed. The committee on Federal Relations reported favorably on the Lake Washington canal bill. Easday of Pierce dissented.

The Senate yesterday made Ruth's bill for purchase of the Thurston county court-house for a State capitol the special order for Monday. President McBride announced the committee on Public Buildings and Grounds for the past four years.

The matter of establishing a normal school in the southwest, either at Montesano or South Bend, was reported back by the committee on Educational Institutions with the recommendation that the whole matter be referred to the committee on Appropriations. Senator Hallett presented a minority report to the effect that no more normal schools were necessary and recommended the indefinite postponement of both the Montesano and South Bend bills.

The majority report was adopted and the matter rests with the Appropriations committee. Senator Hamilton introduced a bill creating a board of visitors to State charitable institutions. Warburton's resolution, introduced

early in the session and providing for the appointment of a committee of five Senators to visit the State institutions, was taken up and adopted. Crow of Spokane, introduced a bill creating a State highway commission.

In the House yesterday, the bill appropriating \$125,000 for a power house and science hall at the State University went back to the Appropriations committee after a great wrangle. The bill had already been favorably reported by that committee, but there seemed to exist a belief that King was trying to railroad the bill through the House. This was denied by the members of the delegation. A test vote showed that King had sufficient strength to put the bill through the House by a large majority, but Mr. Lewis moved to refer it to the Appropriations committee, explaining in behalf of his delegation that they had no desire to railroad matters. The bill, he said, was a meritorious one and deserved early consideration.

At the afternoon session of the House a motion prevailed to make the resolution relative to the cession by Idaho of the four northern counties, a special order of business for next Monday morning at 11:30 o'clock. Chalmers introduced a resolution to the effect that the committee on Insane Asylums shall visit the two asylums for the purpose of making an investigation and reporting to the House. Easday moved a substitute that the committee on Insane Asylums appoint a sub-committee of three to conduct the investigation. The amendment prevailed.

The committee to whom was referred House Bill 4, exempting certain property used for charitable purposes from taxation recommended that the bill be indefinitely postponed. The bill was framed to exempt property belonging to G. A. R. posts, Grand Lodge Independent Order of Odd Fellows; Grand Lodge of Masons; Grand Lodge, K. of I., and other religious or benevolent organizations.

The following bills were read and referred: No. 210, by Gunderson, providing for the preservation and development of the oyster beds of the State, and establishing a State board of oyster land commissioners, the board to consist of the State Land Commissioner and the State Fish Commissioner. No. 211, by Rosenhaupt, to invalidate indebtedness of municipal corporations.

No. 212, by McCoy, providing that purchasers of timber on State school lands shall have two more years in which to remove the same. No. 213, by Rines, to regulate the interest of pawnbrokers. No. 214, by Comstock, authorizing

prosecuting attorney to appoint one or more delegates. No. 215, by Ehrlich, for relief of Donnelly Bros. for burial of Washington volunteers. No. 216, by Tucker, for an eyeing station on White river to be operated in connection with the White river hatchery.
