

HOUSEHOLD NOTES.

Lemon juice removes stains from the hands.

Two or three slices of lemon in a cup of strong tea will cure a nervous headache.

A dash of lemon in plain water is an excellent tooth wash.

Mind stains on dark dresses, when they will not yield to the clothes brush, generally disappear when rubbed with a raw potato.

An easy way of cleaning flat irons is to rub them on a knife board.

To remove fruit and wine stains cover with salt and then pour boiling water through them.

Lemon peel (and also orange) should be all saved and dried.

Wash the brushes of silver and nickel-backed brushes in lukewarm water and rinse in clear cold water.

Glycerine and lemon juice, half and half, on a bit of absorbent cotton, is the best thing in the world with which to moisten the lips and tongue of a fever-parched patient.

The juice of a lemon, taken in hot water on awakening in the morning, is an excellent liver corrective, and for stout women is better than any anti-fat medicine ever invented.

No family should be without lemons. Their uses are almost too many for enumeration.

When stitching with a machine on muslin, gauze or other thin material lay it over thin paper.

To clean fine lace try putting it away in wheat flour for 24 hours.

A simple way of removing a thorn from a child's hand is to press a small key over it.

While larger toys must be kept in corners or in window seats or behind a screen when not in use, one mother has cleverly solved the abiding place of baby's small toys by placing them in one of the large picturesque Russian wooden bowls.

In fact, a grave error with many a mamma is that she will allow nothing whatever done because it will "make a mess."

Tomatoes in Creole Style. To bake tomatoes in creole style peel and cut them in two and place them in a buttered baking pan.

FOR A CHILD'S ROOM. Let the playroom be nearer the garret than the cellar.

A poor floor may be covered with linoleum and a rug or so.

Sunshine should stream in even if there has to be added a skylight.

While nursery wall paper is the best paper, none at all is better yet.

Of course all properly minded girls will desire a needlework outfit.

Picture frames have been formed from the smaller in many instances.

Tools are kept in order and should be supplied as the child's taste dictates.

Decoration of the playroom may well be largely left to the youthful occupant.

Under no circumstances insult the youthful owner by asking permission to store a trunk or piece of furniture.

Old-fashioned Training

Its Strong and Weak Points.

The strong point of the old-fashioned training was the stress laid upon morality and virtue.

Many a sweet-faced, most-minded young girl has had her first doubts of the goodness of Providence come in through the door of physical suffering.

There is no alcohol in "Favorite Prescription" and it is entirely free from opium, cocaine and all other narcotics.

NO ANSWER COMES. As a rule to these questions. The young woman looks around and sees scores of similar sufferers.

This is all a mistake. Proper training, proper physical care, would many times prevent these miserable conditions.

"I write a few lines to thank you for your advice and the remedies to which I owe my health, and perhaps my life," says Miss Flora I. Greer, of 107 Howe Street, Akron, Ohio.

It is a title which has been aptly applied to Dr. Pierce's Common Sense Medical Adviser.

Out of a total population of 478,840, the State of Washington has an enrollment in its common schools of 97,916, or 20.45 per cent of the total population.

The State taxes for schools amount to \$792,245 and local taxes \$1,128,548, while \$47,762 is raised from other sources.

During the last year there was expended for school sites, buildings and furniture \$1,587,773, while \$1,081,008 was paid out in salaries to teachers, the total school expenditures being \$1,795,795.

J. P. Preston and Mrs. Mary Stevens, who eloped from Palouse three weeks ago, were located at Walla Walla by the wronged husband, Andrew Stevens, the other day, and both lodged in the county jail.

Mr. Busman. Oh, Missah Busman, haint'it foh de train, going down to office an' a 'comin' home agin; Eatin' in a berry white yuh min' is fall or don't, Buyin' train 'new glasses case yoh eyes is wearin' out.

The report that the Quinault Indian reservation would be thrown open to settlement this fall is denied, and it is believed at Hoquiam that the reservation cannot possibly be opened for at least three years.

Every child should have a place where it may indulge any talent or energy from cutting paper dolls to performing on a crosbar.

Paint will tint the plaster of walls and ceiling a delicate blue, a soft green or a creamy buff, according to taste and the amount of light.

One large room may serve, but two are better, as the bed may then be in an apartment by itself, where dust catching ornament has no place.

One for cooking is of equal interest, and of more importance, as most housekeepers admit if they be willing to furnish instruction and ingredients.
