

A Brief Summary of News Gathered from All Parts of the State.

Frank Dolan, an old resident of Snohomish county, was drowned at Tollet last week.

The Shelton public schools are closed on the account of the prevalence of scarlet fever.

One firm at Puyallup is said to have shipped thirty-two carloads this season of hops to the London market.

R. T. Bean was crushed to death near Palouse, on the 6th inst., by his horse rearing up and falling backward on him. He leaves a wife and several grown children.

The Master Barbers' Association at Everett has decided to charge five cents extra when the customer's neck is shaven, and five cents extra for curling his mustache.

The Washington State Teachers' Association will hold its annual meeting at Everett this year on December 26, 27 and 28. The Education Council will be held December 26.

The Treasury Department has ordered the deportation of two minor sons of a Walla Walla Chinese merchant, named Eng Go. The boys whose father died on board the steamer Olympia, were refused admission at Port Townsend.

Safe-blowers visited Medical Lake the other night. The safe in a meat market was wrecked and the door blown off, but the charge failed to open the money compartment, and the robbers secured a only a small amount of money.

George Beckley, an aged man, committed suicide in South Tacoma, Friday night. Beckley selected the morphine route. He was buried Sunday under the auspices of the A. O. U. W. and I. O. O. F., of which orders deceased was a member.

W. J. Hamilton, the pioneer druggist of Colfax, is confined to his home with a badly scalded foot, caused by too close contact with a hot-water bottle. Mr. H.'s feet are partially paralyzed and have little feeling, and he was frightfully burned before he realized it.

Albert Tate, a logger employed by the Wilcox Logging Company, was drowned in the north fork of the Snoqualmie river, the other day, while endeavoring to release a jam of logs near a boom. He was 26 years old and a member of Camp 69, Woodmen of the World.

Dr. C. L. Barnes, assistant professor of veterinary science at the Washington Agricultural College, at Pullman, had the first two fingers of his right hand badly mangled, a few days ago, by the teeth of an infuriated cayuse on which he was operating at the free clinic.

William Alexander Selkirk, a California pioneer of 1850 and for nearly half a century a prominent figure in the newspaper and political world of the Pacific Coast, died in Seattle Sunday morning after a lingering illness, aged 72 years. The immediate cause of death was heart disease.

Elwell Gillingham, a traveler en route from Seattle to Trenton, N. J., became violently insane Tuesday morning. Leaving the train at Spokane he terrorized people at the depot by flourishing a revolver and shooting in the air promiscuously. He is in jail awaiting developments.

The body of H. H. Warner, an employe of the N. P. R. R., in Seattle, was found floating in the bay near the Occidental dock, on the 6th inst., and considerable speculation has been aroused as to the cause of his death. Apparently the remains had been in the water for two or three days.

The body of J. C. Diederich, an old Grand Army man, was found on the Northern Pacific track near Prescott, Sunday morning. It could not be decided whether the injuries resulted from Diederich's being struck by a train or by being thrown from one in motion. He left the Soldiers' Home at Orting Friday for a visit to Tacoma.

Judge Richardson, at Spokane, has sentenced four men to the penitentiary the past week. S. D. Horbach to 18 months for shooting his brother-in-law, Ralph Pidock, at Fairfield, last May; C. H. Hicks, alias Wilson, was given four years for obtaining money on a bad check; J. B. Miles was given five years, and J. C. Moore three years, for cattle stealing.

The home of ex-County Commissioner J. M. Newman, near Ellensburg, was totally destroyed by fire the other night. A seven-year-old son of Mrs. T. McAfee, Mr. Newman's daughter, perished in the fire. Valiant efforts were made to rescue the child and though some of the other children were carried out in an unconscious condition, the boy could not be found.

Dr. Pzyher, who has spent several years in Tacoma, was found in his room in a hotel in that city, on the 6th inst., in a dying condition, and breathed his last a few minutes after the discovery was made. He had evidently committed suicide as several bottles of poison were found in his room. Pinned to the lid of his trunk was found the following note: "Please accept all I own and see me buried."

L. J. Morrison who is engaged in laying track on the spurs on the Peninsular railroad in Mason county, reports one mile of track completed on the Camp No. 1 spur and about three miles on the branch into Drahman's new works. The camps are being built and logging will begin there next month. Mark Drahman owns

Church Lights and Social Leaders.

Every community, however small, has its group of energetic women, who lead and light the way in every local enterprise. If it is charity, a banquet, a church fair, or any other benevolent undertaking, they work day and night to make it a success. They are not the women who neglect their homes to serve the public. They simply do double service. Many a husband knows what it is to bring his wife home from a fair or bazaar near the hour of midnight and see her drop, in exhaustion, into the first chair she comes to. While the lights were bright and the talk and laughter were all about

her, she didn't realize her own weariness. But on a home, exhaustion overcame her. If a woman were thoroughly robust, without ache or pain, she could not keep this work up without undermining her health. What shall be said of those women, who are not strong, who suffer from headache, backache, bearing-down pains, and other consequences of overwork? It is the womanly organism? And these women are in the great majority. There are few women who are free from diseases peculiar to their sex.

BURNING THE CANDLE AT BOTH ENDS. That expressive saying not only suggests the most rapid form of waste but also the most foolish. When a woman overtaxes her strength in any cause, whether in the enjoyment of social pleasures, or in the service of church or charity, she is rapidly hastening to the end of her public activity.

The proof of this is found right at home. Young matrons who are not dancing any more, church workers who are no more active; these have not stepped aside because of loss of interest but because of lack of strength.

There is not a weak woman who would not like to be made strong again. There is not a sick woman who would not like to be made well. And there is not the least reason, in ninety-eight cases out of every hundred, why women should continue to be weak and sick. The first step to the re-establishment of the general health is to establish the local womanly health.

"I feel that it is only my duty to send you a statement of my case," writes Mrs. Mary E. Wilcox, of Reno (Rainy River), Algona, Cal. "On the 21st of August, 1901, I suffered untold misery for many years with uterine trouble, until I commenced taking Dr. Pierce's good medicine and used the local treatment as advised. I took two bottles of 'Favorite Prescription' and two of 'Golden Medical Discovery.' I also used two of your 'Antiseptic and Healing Suppositories.' I have only used one and that was two months ago. I shall not be to use any since, but I have kept them in the house. I would advise every woman who suffers from

about 63,000,000 feet of timber in that section, affording several years' work. He owns the track and locomotive, and is expected to have some rolling stock from the Shelton South-western railroad.

A real estate sale, with the smallest consideration ever known at Colfax, was consummated Monday when Bull, a well known Chinese character, sold his home, consisting of a shack in the rear of the Chinese quarters along the river bank, to Ah Hi for \$5. Bull is an inveterate gambler and had been playing in hard luck. He sacrificed his home to get money to satisfy his cravings for gambling. The \$5 was placed on the faro table and lost. As Bull arose from the table he remarked: "He had luck. He sold me home and now me loss 'im. Me heap hoodooed."

Leo Makovich, 24 years old, of Gig Harbor, was arrested in Portland Saturday night, charged with betrayal, on complaint of Carrie Novak, 18 years old, also of Gig Harbor. Makovich was seen at the City Jail by an Oregonian reporter, and he said: "I'm very much surprised that I am arrested. When I left Carrie, it was with the understanding that I was to go to Oregon and make a home for her. I don't have the money to marry her at present, but she understands that I am willing to marry her. By occupation I am a fisherman and logger. I cannot imagine who started this trouble."

James G. Green was hanged at Stevenson, at 7:45 last Friday morning in the presence of 75 people. He walked to the scaffold and there was no indication of a breakdown. When asked if he had anything to say, he replied: "I hope this will be an example to the public, and I warn everybody to keep out of such scrapes." He then bade all good bye. The fall broke his neck and he was pronounced dead in eight minutes by the physicians present. Green murdered E. V. Benjamin on March 24, this year, at Underwood's Landing, Skamania county. Benjamin was at a party and Green shot through a window between 12 and 1 o'clock in the morning while the guests were eating supper at a dance. Green was engaged to be married to Mrs. Nellie Brown, but at her solicitation the engagement was broken. Green believed that Benjamin was responsible for the estrangement and was determined to be revenged.

Milk as a Secret Ink. It is easy to obtain a secret ink. It is milk. The pen should be new and clean. Dip into the ink and write as usual, and when dry the writing cannot be seen. Rub over with dusty fingers, and the lines will be as black as this type. Try this and do not press down on the pen.

There are 33 museums, 139 libraries, 40 scientific and literary societies and 702 newspapers in the Mexican republic.

ulceration of the uterus and piles to use Dr. Pierce's Golden Medical Discovery. It is the best medicine in the world. Also write to Dr. Pierce for his advice. I have felt better in the past seven months than I have for years. Every month I used to have to go to bed and have hot poultices and take laudanum to ease the pain. I don't go to bed now, nor do I take laudanum. Every spring I used to be troubled with piles, but I did not have any trouble of that kind this spring. I very Dr. Pierce's Compound Extract of Smart-Weed in the house. It is a wonderful medicine."

THE WAY OF ESCAPE from the diseases which afflict women, is marked by the footsteps of hundreds of thousands of women who have been raised to strength from weakness and from sickness to health, by the use of Dr. Pierce's Favorite Prescription. It establishes the perfect regularity, dries the drains which weaken women, heals inflammation and ulceration and cures female weakness. It cures backache, headache, and the other painful consequences of womanly disease. It tranquilizes the nerves, encourages the appetite, and induces refreshing sleep.

"I feel it my duty to send you this testimony," writes Mrs. Tillie Linney, of Gravel Switch, Marion Co., Ky. "I had been a sufferer from uterine trouble for twelve years, having doctored with the most skillful physicians but finding only temporary relief from medicines prescribed by them. I was advised by a friend to take 'Favorite Prescription,' which I did, and after taking six bottles, I find that it has effected a permanent cure. My niece was troubled with female weakness for about four years before I asked for your advice. Mr. J. W. McGregor, of 643 Street and Princeton Ave., Chicago, Ill., writes advised her to take Dr. Pierce's Favorite Prescription which she did faithfully for nine months, and now we must acknowledge to you that she is a well woman. We cannot thank you enough."

you can be cured by 'Favorite Prescription' if your disease is curable by medicine; and the facts show that only two women in every hundred who have given 'Favorite Prescription' a fair and candid trial have failed of a complete cure. Women who have suffered for years and have had the advantages of the most skillful medical treatment, have at last tried 'Favorite Prescription' and been cured. Women who had been pronounced incurable, and given up to life-long suffering, have been perfectly and permanently cured by the use of Dr. Pierce's Favorite Prescription. Sick and ailing women are invited to consult Dr. Pierce, by letter, free. All correspondence is held in strict secrecy and the written confidences of women are guarded by the same strict professional privacy observed by Dr. Pierce in verbal consultation with sick women at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Address Dr. R. V. Pierce, Buffalo, N. Y.

Accept no substitute for 'Favorite Prescription' though the dealer says that it is 'just as good.' If he told the whole truth he'd say the substitute was better not better for you but better for him because of the little more profit paid by the sale of less meritorious medicines.

ARE YOU IT? Then at the expense of one-cent for each year of your life you can pay the expense of mailing a free copy of Dr. Pierce's Common Sense Medical Adviser, in paper covers. This great medical work contains more than a thousand large pages and over 700 illustrations, and is sent absolutely free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or thirty-one stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

Timely Suggestions. Better spoil some of that canned fruit than to let it spoil. Enjoy your own parties and your guests will be sure to do so. To bring out the best flavor mince-meat should be allowed to ripen and blend the spices two or three weeks before it is used. A feather bed in constant use should be taken out of doors to air at least once a month, laid across the clothes-line and well-beaten. A windy day is best for the operation. Little leaks sink great ships. Expensive dishes often cause the farmer to borrow money to pay his grocery bill. Many of the economical dishes are the most healthful, besides being easier prepared.

Study to find a more convenient place for some things. Perhaps you can save steps by putting up a small cupboard near the stove to hold dredging boxes of salt, pepper, flour and other seasonings used in cooking.

The Christmas Stocking. Crown the top with a book, doll or pair of slates. Use white hose that there may be no danger of color poisoning. Tie every parcel in tissue paper; then watch the little fingers as they open them. Place some much-desired gift in the very top. An orange or apple fills the heel nicely. Put no re-dressed doll or mended toy in the Christmas stocking. Let each gift, however inexpensive, be new. Use more apples and dainty cakes, or where apples are no rarity, oranges and bananas. A little candy is much better than pounds of it. A bottle of perfume, a dainty crochet hook, a nice pen and a box of material for fancy work. Have your thoughts of these for the young daughter?

Tender Feet. Rest them as much as possible by changing your shoes several times a day—even from an old shoe to a new one is a rest. The muscles of the foot tire of one position, and it is wonderful how a frequent change of shoes rests them. A few drops of ammonia added to the water in which you bathe your feet at night will help to make them more comfortable.

The soldiers of the United States army, who receive \$13 a month, are the best paid in the world. Those of the British army, who receive a shilling a day, are next.

The Gatling gun is estimated to have killed 250,000 men since 1862. That is a death-dealing machine which has no equal on earth.
