The good old time celebrations, which were better than those held of late years, the sports would take place on Main and Fourth streets, which is the proper place. D. R. Bigelow and wife celebrated the 48th anniversary of their wedding, at their home, on Eastside, by a family reunion, Wednesday. Mr. Bigelow has lived in about the same spot over half a century. At first he lived in a cabin and had to come over in a canoe when he visited town. The Junior Endeavor Society of the Presbyterian Church, held a Swap Sociable, Tuesday night. That form of entertainment derives its name from the exchange of trifling (or we presume more important) gifts, "is said unseen," by participants. It is said to be a very interesting form of diversion. Only two bids were submitted for construction of the county jail. They were made by G. W. White and Gottfeldt & Rose, and were rejected, but the Commissioners have refused to give to the public the amount of the figures submitted. An advertisement for new bids appears in this issue of the STANDARD. The Olympia Light & Power Co. have adopted a regulation for stopping for passengers only on the "farther" crossing; i. e., to pass over one crossing, whichever way the car is going before coming to a halt. This is the custom in other cities and will be just as convenient for the public after people become accustomed to it. The National Guard Encampment this year will be held at Murray, a station on the east side of American Lake, in the same grounds used by the Guard in 1892. Good water and level ground for parade and maneuvers are available about half a mile from the lake, making it an ideal place for comfort as well as practice. Gus Sturme complained to the police Tuesday night that he had been "touched" for \$75 in cash while taking in the sights below the dead-line. It became necessary to amputate James Mitten's right leg between the knee and the ankle, Tuesday, from the injury received in a railroad accident near Shelton, a fortnight ago. It was hoped that this dernier resort might be avoided, but further delay became risky and it was deemed best

to pursue a safe course. Mr. Mitten stood the ordeal well, and there is now hope of speedy recovery. The bids for State printing were opened this afternoon. There were six bids submitted, from Seattle, Tacoma, Spokane and this place. Some close figuring is required to decide the exact awards on certain classes of work, but it is a safe surmise that the Olympian will come in for the lion's share. We thought Oly would prosper when he became our next door neighbor. The annual outing of the Supreme Court officials was held Tuesday, the steamer Northern Light being under charter for a trip to Point Defiance. The party left early in the morning and did not return till "evening shades were falling fast," and their appearance is said to have indicated that a full day of active enjoyment had for a time taken the place of the fusty quibbles and quirks of the law. Even though you may not agree with Mr. Debs in methods for bringing together a better feeling between capital and labor, you will surely be interested in his statement of the truths which have brought about a persistent battle to the annoyance and loss of both parties. Mr. Debs is a man of education and talent, and possesses that charm of manner in presence and delivery which is characteristic of the true orator. If from no other motive than curiosity, or object than entertainment, your time will not be misspent in listening to this great moulder of public opinion. Rice; District No. 33, Andrew Hanson; District No. 30, J. L. Ford, Grant Ford, George Drake; District No. 29, Mrs. Charlotte Northcraft; District No. 21, John Lueallyn and S. Burd; District No. 9, E. W. Smith, Wm. Daby and J. S. Blair; District No. 2, J. A. McLeod. DEBS TO-NIGHT, AT OLYMPIA THEATER. PROSPERITY GALORE. ED. STANDARD: Who says we are not prosperous? Just think of it for a moment and imagine, if you can, how any one with a thimbleful of brains could doubt it. Our national wealth, according to the census report for 1890, was \$29,469,000,000. Of course, it is greater now. Of this, the capital class or 9 per cent. of the population, own \$42,400,000,000; the middle class 39 per cent., \$14,550,000,000, and the working class, or producers of all wealth, 52 per cent. of the population, \$7,469,000,000. Now with these facts staring you in the face, how can you have the cheek to say we are not prosperous? I'll admit the fact that the wage-workers who have produced all this wealth own nearly all the wealth, mines, mills, plants, railways and industrial systems of the nation, but what does that matter? They have no business being wage workers; they ought all to be capitalists, of course. I'll give you a little more. Ninety per cent. of the population don't own nearly all the wealth, how do you suppose they could afford to employ labor? The great steel trust manager, Schwab, gets only \$3,205 for every working day in the year, and you fellows howl because you get only \$1.50 to \$2 per day and think you are not prosperous. Say, don't you get a "full dinner pail," such as it is? Don't you manage to keep soul and body together? What more do you want? Do you want the earth and a down-hill pull? Then what are you howling about? Schwab is made of first-class mud I'd have you know, while you are made from the commonest kind of clay. You are assuming too much when you claim more than a mere living. That is all you are entitled to, and you know it, or you wouldn't go up to the polls and vote for the same old racket. In addition to the quarter of a million miners that have recently struck, I notice the following: Two hundred cement and 500 lime men at Glenn Falls, N. Y., are on a strike. Two thousand wage-slaves of the Coates' thread trust are on a strike at Pawtucket, R. I. Three thousand people are out of work as a result of strike of weavers in Camden, N. J. Almost a lot in tie-up is on in the building trades of Denver, Col., as a result of 5,000 men going on a strike. One thousand two hundred girls employed in cigar works at Detroit are on strike because of their great prosperity. You never in your life saw so much prosperity. It's falling around in great chunks. You don't suppose all those "pebeians" would strike themselves out of a job if they weren't prosperous, do you? You must be added. They want a chance to spend their money and to accumulate it in such abundance, and they can't do it and work all the time; you know they can't. Then quit your howling and "vote it straight," or you'll never get an ounce of it. Just think what a friend you have in the American Bosses and Mark Hanna. Of course you may say, "It looks like putting the fox in the chicken yard, or the wolf in the sheep-fold to care for the sheep," but you know from his past history that he has always been a friend of the working man and down on all sorts of monopoly. Great Mark! By the way, I see from that stalwart Republican paper, the Iowa State Register, that J. Pierpont Morgan's personal profits on "financing" trusts and combines, aggregate \$172,500,000, and that he has endeavored to make it aggregate at least \$200,000,000 before the present year closes. Now will you be good and stop your howling with all this evidence of prosperity? J. C. COB.

The Good Templars. A district convention of lodges of Good Templars of Pierce, Mason and Thurston counties was held at Chautauq, Vashon Island, this week, at which a fair representation was present. After the routine work, Tacoma was selected as the place for the next session, in September, and the following officers were elected: District Chief Templar, O. L. Fowler, of Orting; District Secretary, Fred Dice, of Olympia; District Vice Templar, Grace Morris, Tacoma; Past District Chief Templar, Mammie A. Fisher, Tacoma; District Superintendent, Juvenile Templars, Mrs. Lena O'Farrell, Orting; District Treasurer, C. E. Fisher, of Tacoma. The other officers are: Marshal, G. A. Marshall; Chaplain, Mrs. Minnie Clinton; Assistant Secretary, Mabel McFarlane; Deputy Marshal, Rose Delanger; Messenger, Nettie Clinton; Guard, J. W. Rockwell; Sentinel, Frank Fuller. Providence Academy. The Commencement exercises of Providence Academy were held this afternoon. Five young ladies were graduated this year with the same number in the class of honor, who have finished the Tenth grade. The members of the first class are: Miss Anna Elizabeth Hawksley, of Matlock; Miss Ethyl Leroy Baker, Miss Helene Loretta Wallace, Miss Cecil Helene Wallace, Miss Margaret McKenny, all of Olympia. The class motto is "To the Stars Through Difficulties"; the class colors, pink and white, and the class flower, the La France rose. The Tenth grade graduates were: Miss Teresa M. Curtin, Miss Rose M. Cort, Miss M. Helen, Miss J. M. Ethel Morash, Miss Margaret E. Grimm. STATE NEWS. The season's crop of cherries promises to be plentiful east of the mountains. Early pie cherries have been in the market for some time and Royal Anns are now being marketed. All the teachers of the Hoquiam schools have been discharged. This action was deemed necessary by the school board because of a bitter quarrel among the members of the staff. While in the act of searching for valuables in the residence of J. W. Carmine, at Seattle, Tuesday night, a burglar was frightened by the screams of Mrs. Carmine and made his escape. Evidently the burglar believed there was no one in the house, for he walked boldly through the various rooms with a lighted lamp. The burglar had stolen all the coin from a purse he found in the kitchen before venturing upstairs. He entered through an open parlor window. Two murderers were sentenced by Judge Rudin, at Colville, Monday. Ernest Luetz, who shot a neighbor named Kane during a quarrel over the boundaries of their farms near Northport, was sentenced to 20 years' imprisonment, and to pay the costs of prosecution. J. E. Cromey, a Northport bartender, and bore a good reputation. The girl's mother had just returned home from church when her daughter ran in exclaiming: "I've done it! I've done it! Kiss me good-bye." Then she ran down to a drugstore and said she had taken carbolic acid. After that she ran upstairs again and was found lying on the bed. She had purchased an ounce bottle during the afternoon, and had taken a teaspoonful of it in water. M. G. ROYAL, Attorney at Law, Room 3, Byrne Building, Olympia.
