

METEOROLOGICAL

The following record of temperature and rainfall for the week ending Wednesday, July 11, is from a record kept and made available by the service of M. O'Connor, Voluntary Observer, Department of Agriculture Weather Bureau.

City and Country

Isn't it hot? The bass season is now open. Nat. Reiss Carnival next week. The county roads are quite dusty. A drizzle of rain began falling this morning.

G. S. Prince made a business trip to Tacoma, Tuesday. Mason county logging camps have closed for two months. Frank Glidden is building a new residence on Ayer's hill.

A daughter was born yesterday to Mr. and Mrs. O. B. Rowles. F. M. Montgomery, who has been in poor health, is improving. Rev. G. B. Messias has arrived to take charge of St. John's rectory.

Floyd Parish and Alta Cross, both of B. R., have been licensed to wed. G. R. McClelland has been re-elected principal of the high school. Michael J. Neylon and wife, of Delphi, were in the city Wednesday.

Judge B. F. Sturdevant has returned from a business trip to Dayton. Olaf Frisch has been spending several days at his oyster beds on South Bay. Miss Hallie Pierce has returned from a visit to her parents in Portland.

The temperature has crawled closely upon the nineties the past few days. Judge Linn has appointed R. S. Anderson receiver for the Mitchell hotel. Jim Frazier has just completed the survey of the city park at Priest Point.

Mr. and Mrs. W. T. Melvin, of Everett, are visiting relatives and friends here. Chas. J. Spencer and Mary L. Briggs were married at Little Rock, Wednesday. The Woman's Club have announced an excursion to Point Defiance for next Thursday.

It is reported that Hawley S. King has concluded to locate at Tenino and open a law office. Raymond Holloper and Nettie Loy, both of this city, were married Wednesday. Mrs. F. A. Baldwin and two sons, of Little Rock, are visiting Mr. and Mrs. E. A. Baldwin.

C. H. Reichel has bought the interest of his partner, Albert Brucker, in "Albert's Place." Mrs. J. H. Brewer and daughter have returned to Elma after a visit to Mr. and Mrs. C. B. Mann. The opening picnic of the Country Club will be held Wednesday, on their grounds at Butler's Cove.

Wm. McGowan has secured the services of Adolph Sultan, of Seattle, as manager of his two saloons here. Mr. Sultan has had sixteen years' experience in the business. J. C. Conine left yesterday for Denver, Colo., whither he goes as a delegate from this State to the National Democratic Convention, which meets there on the 15th inst.

Law is not far behind modern progress. Mad Hay Stum, high priest of the Slaker denomination, has gone to Yakima to hold "prorated meetings," likewise Boston man. Mrs. C. J. Messinger, the popular milliner, has greatly reduced the price of all her trimmed hats. Don't fail to call at her parlors, on East Fourth street, and get a bargain.

Peter McFarland has been employed the past week in cutting hay on his Eastside property, situated on Seventh street. A gentleman is one of Olympia's most industrious citizens. Another 4th of July victim, in advance of the day, is Ray Slingby, at Puyallup, a lad sixteen years of age, who died from the effects of lock-jaw caused by discharge of a toy-pistol, wounding his hand.

Rev. David McDonald, of Vashon College, has accepted a call as pastor of the United Presbyterian Church of this city, and will soon with his family take up his permanent residence here. G. S. Prince says he captured the two timber wolves that have been prowling around in the vicinity of Long Lake. Some of his friends seem to doubt it, but, you know, Mr. Prince is a truthful man.

The final payment for \$600,000 Seattle lighting bonds, of one-third that amount, was made Wednesday. These bonds are owned by the Permanent School Fund, run twenty years and draw three per cent. A Tacoma auto was wrecked on Nesquehalem Sunday, while returning from this city. One of the party only, was injured, a Mr. Metzler. The party consisted of that gentleman and his wife, and George A. Wooton and wife, all of Tacoma.

Miss T. Ethel Royal and Harry T. Hardman were married Sunday morning, at the Bigelow home on East Bay avenue. The groom is a resident of Victoria, B. C., at which place the happy couple will reside. Rev. J. W. Fleisher performed the ceremony. Tunwaver has appointed a committee to ascertain the cost of placing water-mains, to adopt Mr. Leopold Schmidt's generous offer of supplying pressure from the brewery pumps at times of fire. They have also ordered two chemical engines of 20-gallon capacity.

Mr. E. J. Korrs, rate expert of the Railroad Commission, has just returned from St. Paul with a wife, formerly Miss Winnifred A. Sexton, of that city. They were married on the 24th ult., at the home of the bride's parents. They will make their home at 204 Adams street, this city. Several of the bike-riders do not seem to care for expense in indulging in their favorite recreation. Saturday, C. A. Burris, H. H. Jackson and Henry Kreider paid five "plunks" each for the privilege of making pedestrians scatter from the sidewalks to make room for the silent steed.

A site for the new school building on Piety Hill has been purchased from T. C. Van Exps. It embraces about three acres of area, and is to be a couple of blocks north of the old building. Clearing will commence immediately, and work will begin on the new building about August 1st. Dr. David Mitchell has been appointed attending James E. Kinney, an old stockman who has almost lost his eyesight and has been for some time stopping in this city. He had been quite wealthy and still retains a competency, and having no relatives it seemed desirable to authorize somebody to manage his affairs.

Arrangements have been made to provide ample seating for the large number of people who will be present on the 4th, to-morrow. Planks have been distributed at all the available places to see the procession and witness the programme, so that the principal reason for fatigue incident to a two days' celebration will be obviated. Rev. Kingsley F. Norris is about to return to his home near Riches, New York, after a short visit in Oregon, where he and his daughter Louise will prove up on timber claims they have located in that State. Mr. Norris has been temporarily in charge of the Congregational Church here. They intend to return home by way of California.

The many friends of Mrs. B. F. Denton, who changed her residence from here to Southern California, about a year ago, with her husband, in the hope that it would benefit her health, died last week, at San Bernardino. They were old residents of this county, and she was especially well known to the readers of the STANDARD from her contributions to its columns. If our Fourth of July decorators would but visit the Lyric Theater and witness the "Carnival of Nice," they would obtain some valuable suggestions on the construction of street parades. Some of the most beautiful and effective displays can be made of nothing more than what our forest growth and flower gardens afford in such profusion, and at a minimum cost.

The Nat Reiss Carnival Company will show in Olympia for five days, beginning Tuesday, under the auspices of the local Fire Department, on Blinn block, corner of Union and Main streets. Among the high-class attractions are One Ring Circus, Dreamland, Yucatan, Glass Blowers, Baby Incubators, Electro, Dixie Minstrels, Trained Animal Show, The Girl From Mars, Minnie and George, Steam Gondolas and Ferris Wheel. The sequence of inducing two minors to enter saloons to take flashlight pictures of its patrons and of Sunday traffic, and thus obtain "evidence that will convict," seems to be no crime, when done by the Prohibition, and W. H. Davis the chief fuleman of the anti-saloon agitators, has instituted suits against George Taylor, William McGowan, Braeger & Birchler, Guy Rathburn, and the Neylon Brothers, charging Sunday opening, and in the case of the Oxford selling liquor to minors. The

system of "Setting a thief to catch a thief," never has, however, commanded respect of honest people. The line of march to-morrow will be from Third to Seventh street, on Main, thence east to Adams, north to Fifth, west to Columbia, south to Fourth, thence to Main and, again on Main to Seventh, where it will disband in front of the speaker's stand. The procession will start at the top of the hill, at 11 o'clock. The athletic contests will take place on the Seventh street tannery, in the forenoon, and the aquatic sports at 6 p. m., on the water-front.

A couple of mysterious strangers have been taking flashlight pictures of the interior of saloons, presumably in the interest of those Prohibitionists who think it a sin to take a glass of beer or a cocktail under any circumstances. That flashlight contrivance is a dangerous toy and somebody is likely to get his fingers burned or his head blown off in manipulating the device sometime, if this method of carrying warfare into Warsaw is maintained.

The high-school now has the highest flag-pole in the town, county and probably the State as it stands 126 feet out of ground, with twelve feet below the surface. It is 24 inches in diameter at the base. The ground receptacle will be filled with concrete, and a concrete capping will be placed around the base to the thickness of about six inches. The Star Spangled Banner will float from the truck to-morrow. The pole and its placing cost about \$250.

Tacoma is planning to extend the street-car service to a point above the Narrows where a station will be established and doubtless a town spring up, and open up many hundreds of acres of desirable seashore property along the line. The matter of most interest to our people is that it will shorten the trip to Tacoma by water an hour or more, cutting off the distance around Point Defiance and four miles down the water-front. The cut-off by rail may be made in less than half an hour.

Larry Cormier has retired from the management of the Kneeland Cafe, and Mr. Kneeland proprietor of the hotel has assumed charge of the restaurant till he can place it in charge of an experienced caterer from abroad. Mr. C. has not yet made up his mind as to future occupation, farther than that he will take time for rest and consideration of the subject. His leg troubles him considerably and it may be some time before he will resume any active business occupation.

Monday morning, an effort was made in the Superior Court, by the attorneys of J. T. Thacker, to dismiss the four criminal prosecutions against him, on the ground that the informations had been filed April 20th, and the cases had not been brought to trial within sixty days thereafter, as provided by the law in this regard. Mr. P. M. Troy, the Prosecuting Attorney, claiming there is a good excuse for the delay, because the court had concluded not to call a jury till next September and the State was in the saving portion of the law.

The city authorities have "ordained" that no fireworks or other explosives shall be set off in the business part of town during the 4th. The prescribed extension from Third to Sixth on Main and Columbia to Jefferson on Fourth, and it is announced that no "wide license" is to be given to other streets, which is rather definite as a small crowd exploded amid a handful of combustibles, may start a Chicago conflagration, just as Mrs. Milligan's cow, in 1871, originated a sea of flame covering 2,000 acres of buildings! It is hoped that the eight special policemen provided, "some mounted," will keep the outside district thoroughly patrolled, to render effective these well-intended provisions for safety.

Mr. Mottman's grading on East Fifth street, keeps some of the abutting property owners in a perpetual state of worry. George Anderson claims that the city cannot take 20 feet of his property for street purposes without compensating him. The Sylvesters are opposed to the grading on account of the heavy expense without compensating benefits. C. M. Dyer claims that his property was graded, against his protest, by Mr. Mottman. It is said that Mr. Mottman, had permission of the Street Commissioner, however, to go on with the work. Whether an unwilling abutting owner can be made to pay for something he did not sanction, and which was not performed in the regular manner, as prescribed by ordinance, are queries which may have to be settled hereafter.

Henry Murray, a pioneer of this county, died at Tacoma, Tuesday night, at the age of 86 years. He was a native of New Brunswick. He came to Puget Sound in 1849, and to this city in 1850, where, with John M. Swan, another pioneer, he built one of the first frame houses in this city. In 1851, he married a daughter of Capt. Ross, Chief Factor of the Hudson Bay company, on the farm near Nesquehalem, and took up a donation claim of 640 acres on Muck Creek, six miles east of Spanaway, where they built up a fine home, which Mr. Murray owned till his death. Besides the widow, Mr. Murray is survived by four sons, Edward E., Nelson N., and John L., of Roy, George F., of Tacoma, and three daughters, Mrs. M. F. Hawk, of Roy, Mrs. W. A. Smith and Miss Cora P. Murray.

A mass meeting of the residents of Tunwaver was held Tuesday night, to consider the best means of destructive fires and afford means of extinguishment. The latter proposition, thanks to the generosity of Mr. Leo Schmidt, President of the Olympia Brewing Co., can be easily accomplished by simply providing adequate water mains, when pressure will be furnished free of cost for their operations in times of fire. The discovery of possible incendiarism is not so certain, but it recalls the success many years ago of united action, under similar conditions, when John Keanaple was uncerthly as the probable cause of frequent blazes which were only overcome in their incipency by the timely action of the vigilance committee. He was seen to come from an outhouse where a match had been struck amid ample combustibles. Unfortunately, however, for absolute proof, he claimed he was only "lighting his pipe," and that slight occasion for doubt influenced the committee to let him depart instead of stretching hemp. He was never caught and kept on going and never came back, an injunction he has faithfully kept for over a third of a century.

Contracts for the Governor's Mansion. The State Building Commission opened the bids, sixteen in number, for building the Executive mansion, Tuesday afternoon, and awarded contracts to the lowest bidders, as follows: For general work, the Dow construction company of Seattle, \$22,142; for plumbing, sewerage, etc., T. H. Bellinger, Tacoma, \$1,620; for steam heating and hot water supply, Tacoma Plumbing & Heating company, \$2,067; for electric wiring Johnson & Sayer, Tacoma, \$84,340. Total for construction and completion of governor's mansion \$27,743.50.

The other bids on general work were: Lance & Peters, \$24,000; E. J. Rounds & Co., Seattle, \$26,230; Miller & Biehn, Tacoma, \$25,750; John Huntington, Tacoma, \$30,497; Knocell Bros., Tacoma, \$25,485. Bids for plumbing: William B. Coffe, Tacoma, \$2,141; Ernst Hardware company, Seattle, \$2,650; E. J. Rounds & Co., Seattle, \$2,570; Ben Olsen company, Tacoma, \$2,400. Bids for heating, etc.: McNeill & Schlosser, Olympia, \$3,225.10; Wall & Ferguson, Tacoma, \$2,597; C. A. Richardson, Tacoma, \$2,400; William B. Coffe Tacoma, \$2,400; T. H. Bellingham, Tacoma, \$2,232; Ernst Hardware company, Seattle, \$3,123; E. J. Rounds & Co., Seattle, \$2,750; Ben Olsen company, Tacoma, \$2,117. Bids for electric wiring: E. J. Rounds & Co., Seattle, \$500, providing they were awarded contracts on their other bids.

Weather for a Week. The Weather Bureau at Seattle has issued the following report for the week ending June 30th: There was more sunshine and warmer weather during the past week than during the preceding one, yet the average temperature was from 1 deg. to 4 degs. below the normal. From the 23d to the 25th it was about normal and at most stations it was above on the 24th. The highest temperature recorded in the eastern division was 98 degs., on the 24th, at Walla Walla and La Crosse. The lowest in the eastern division was 36 degs., on the 23d, at Colfax and Waterville. In the western division, the highest was 82 degs. on the 23d, at Kosmos, and the lowest was 39 degs., on the 23d, at Detroit and Snoqualmie Falls.

On the ocean coast, the total precipitation for the week exceeded the normal, but elsewhere it was below, and the eastern counties were quite dry. There was a freshening about fifty per cent of the time possible in the western division, and in the eastern, about eighty per cent. Brisk winds were frequent during the week and on the 26th, a strong wind was general.

Notice of Candidacy. I hereby announce myself as an Independent candidate for Sheriff of Thurston county, subject to the decision of the people at the polls. Cal. T. McClelland. Watch Our Smoke! Our new sawmill is in operation. Let us figure with you on your number, of the entire material—a new house. SHORE LUMBER COMPANY.

Elephant Eats Money. Spokane—When the Norris & Rowe circus arrives here it will find a peculiar suit awaiting it. Papers have been filed asking for the return of \$735 which belong to the circus was at Wallace, Idaho. The complainant, Charles Garretson and his wife, were at that time bride and groom only two weeks and were attending the circus. While they were watching the elephants the wife asked her husband if he had his money yet, recalling that pickpockets were plentiful. Garretson put his hand into his pocket and pulled out his purse. As he did so he declared that no one would fool him that easy. Just then, and while, their attention was attracted to something else, an elephant reached out his trunk and took the wallet and put it into his mouth and began eating it. The wife and the keeper rushed to the scene and made the animal drop the strange food he was eating, but the greenbacks were so mangled that the government would not honor them by replacing them; hence the suit.

Examiner Corps at Grave. Spokane—Fearing lest the physicians who attended her daughter had performed an autopsy against her wishes, Mrs. Peter Napier ordered a halt as the corpse of her daughter was being lowered into place and made a second examination to satisfy her suspicion Saturday afternoon. The girl had died of some mysterious malady that had puzzled 11 physicians, and when she died they requested to be allowed to perform an autopsy, believing the ailment was hereditary and that the other children might die of the same disease. The request was refused and the mother went to the undertaker's and examined the corpse just before the funeral to be sure she had not been fooled. Being still suspicious that she had not made a thorough examination, she called for the burial and, to the surprise and horror of the crowd, made a second examination.

Gotch defeated Roller in the wrestling match, at Seattle, Wednesday night. Reserved For a Purpose. A certain Kentucky justice of the peace was called upon to marry a runaway couple who drove up to his house. When the final words were said the bridegroom fumbled in his pocket and finally fished out a silver dollar. "Judge," said he, "this here's all the cash I've got in the world. If you want it, you kin have it. But I don't mind tellin' you that I set it aside for the honeymoon expenses."

NOTICE OF APPLICATION TO DISSOLVE. No. 3838. In the Superior Court of the State of Washington, in and for the County of Thurston. In the matter of the Dissolution of The Olympia Trading Company, a Corporation. Notice is hereby given that the Olympia Trading Company, a corporation, has filed in the Superior Court of Thurston county, State of Washington, a petition of its officers and stockholders this 1st day of July, 1906, and that the same will come on for hearing the 21st day of August, 1906, at 10 o'clock A. M. At the Court room of said Superior Court, in the city of Olympia, in said Thurston county, which time has been daily appointed by said Superior Court for such hearing, at which time and place any person interested in said matter may appear and show cause, if any there be, why said petition should not be granted and contrast the same. Witness, Hon. W. L. Linn, Justice of the said Superior Court, and the seal of said Court affixed this 1st day of July, A. D. 1906. W. M. NUNN, County Clerk and Clerk of the Superior Court. First publication, July 3, 1906.
