TONO.

The home talent play, "Down in Dixie," given by the Tono Dramatic club, January 16, was an entire success. P. H. Zimmerman and wife played the leading roles and handled their parts with credit to themselves as well as to the whole troupe. Stanley Sayce and Harry Warren won well merited applause and Mrs. E. S. Brooks as "Mrs. Dusenberry" took the house by storm. T. H. Gaines as "Mr. Dusenberry" starred also—in fact the show was the best ever pulled off in this section, surpassing by far some professional troupes that have shown here. The house was filled to the full capacity, and the band boys did well financially, taking in enough to pay for their band instruments. They wish to take this opportunity to thank the members of the Tono Dramatic club, whose untiring efforts made it possible to finance the purchasing of the band instruments. The public also appreciate the entertainment given by this newly organized club and hope that Mr. Thomas Forsyth will keep the good thing going and give another high class play soon.

F. A. Manley, president of the Washington Union Coal Co., was in Tono Wednesday, Jan. 14, on official business.

G. R. McDonald, brother of P. McDonald, arrived from Eastern Oregon January 16, and will make an extended visit in this neighborhood.

Mrs. Jack Harrison, better known in operatic circles as Jeanne Broila, was guest of honor at the Brooks residence last Sunday. Miss Broila is a sister of E. S. Brooks and when she landed at Vancouver a few days ago she had completed the circling of the globe as prima donna for the Quinlin Grand Opera Co. The gathering was a happy family reunion, and included Mr. Jack Harrison, Mrs. Athen of Francis and Miss Virginia Athen of Seattle.

The Tono Athletic club will hold a "smoker" Saturday night, January 24.

W. J. Lowry, who handled the successful ball given recently by the telegraphers at Yelm, will manage a big dance to be given in Wadde's hall, Rainier, on the evening of January 31. Smyser's orchestra of Tacoma will furnish the music and residents of the neighborhood for several miles around are looking forward to a great time.

The following items are taken from the Yelm Times:

Work was commenced Wednesday of last week on the garage of Morris & Reischl, and it will be the first building in Yelm to be constructed of corrugated iron. It will be 24x50 feet and will furnish room for from 12 to 15 average-sized cars, besides office and show room.

All Odd Fellows interested in organizing a lodge in Yelm are requested to attend a meeting in Mosman's hall at 7:30 p. m. Saturday evening, January 24.

Quite a few farmers attended the lecture last Friday evening by Mr. Linklater of the Puyallup Experiment station at the Forest school, on the subject of "Dairying." Professor Blanchard of the experiment station delivered another instructive lecture at the same school Thursday evening of this week on "Poultry."

The farmers of this district have organized an Improvement Club, of which Charles Martinson is president, H. L. Conline vice president, and W. C. Fletcher secretary.

Miss Lola Graybeal, who has been night operator at the Yelm station for some time, suffered a complete nervous breakdown recently and has gone to the hospital at Tacoma for rest and recuperation.

Yelm creek has been filled with salmon, the high water having enabled them to pass the falls in the woods and get up on the prairie end of the stream.

William Robinson is having his "forty" adjoining Lee Conline's farm, slashed off. Harry Fitch and Mr. McLean are doing the work.

PLEASANT GLADE.

MUD BAY.

Mrs. M. A. Simmons went to Tacoma last Monday where she is visiting one of her daughters, Mrs. G. Minter.

Winter Work

Handling a farm so that there is work to do all the year round has been discovered to be one of the principles of success.

Handling your money so that it works for you when you are not using it yourself is another.

You can make it work that way through "The Bank of Service and Courtesy."

About 50 couples enjoyed the free dance given by the Prosperity Grange last Saturday night. Music consisted of Sargison's 4 piece orchestra and supper was served as usual at midnight.

Mr. and Mrs. R. Weatherill were guests at S. Solbeck's Sunday.

Owing to the hard wind and rain the tide was the highest Sunday morning that it was ever known to be, but no damage was done as far as known.

Mrs. E. L. Kennedy, who has been employed in the Arcade store, Tacoma, is now at the home of her parents, Mr. and Mrs. S. Solbeck, for a few weeks.

Pasteurization

Bottled beer used to be made stronger than draught beer and by most persons was not considered equal to the latter in flavor.

In quite recent years the process that grew out of the discoveries of Louis Pasteur has been mechanically perfected, so that beers low in alcohol content keep perfectly and their flavor is unimpaired by sterilization.

Thus an up-to-the-minute brew like Olympia, comes from the bottle mild and pure, beautiful to the eye and pleasing to the palate—a beverage so ideal for home use that its consumers will increase in number as fast as its merits become known.

DON'T DODGE!!

DO YOUR PART

It doubtless gave you pleasure to read a few days ago that the machinery for the oil development is being set up and that the Crescent Oil company is starting in a business like way to test out the opinions of the various geologists and oil experts, who have pronounced Thurston county a very likely oil field. You have been pleased to learn of the many surface showings discovered in this section. Now then it is up to every citizen of Olympia to do their part in this development.

The Crescent Oil company will economically do the testing and will protect the smallest and largest stock buyers alike but it is up to the district to buy a large amount of Crescent Oil stock if the test is to be sufficiently thorough. When the Crescent Oil stock salesman calls on you, YOU owe it to yourself and your city and county to make a liberal purchase. Effort and sacrifice have been made to get the oil development where

it is today and with the right support in the year 1914 we will know whether we have oil or not. There is little doubt in the minds of those who have given the subject thought but that a few wells driven to the proper depth will prove this to be a great oil field (and many of us believe that the hole to be driven first on the Old Sarver farm will prove it); but don't forget that to make this a perfect success it will be necessary for a united effort.

This is the opportunity to find out if there is a wealth greater than the Klondike resting under our feet. This is the greatest opportunity you have ever had to serve your community and yourself well. Buy stock to help make Olympia and Thurston county and at the same time to make a good speculation for yourself.

Don't wait for the salesman to find you, call at the office 126 Fourth street or phone 32.
