CORONATION IS SIMPLE.

New Pope Inducted Into Office Without Usual Pomp.

ROME, September 11.—The coronation of Pope benedict XV took place here last Sunday in the Sistine chapel. The ceremony was imposing, though the Sistine chapel was used in order to avoid pomp during the war. The entire papal court, members of the ministry and the family of the pontiff were present.

The scene, with Pope benedict seated in the sedilia, preceded by the bearer of the triple crowns and flanked by the bearers of the celebrated feather fans and 60 cardinals in their full vestments, was striking. When the ceremony ended the pope was received with loud acclaim.

The new pope was chosen late last week. He had been created a cardinal last May by the late Pope Pius.
