The world gives all men and women what they ask for. If they are content with a mere living, they will receive that, and no more. On the other hand, if they have a definite plan in life, if they spend wisely and save systematically, they cannot fail to be successful.

**LIVELY TIME AT MUD BAY DURING THUNDERSTORM.**

Residents Say Minerals in Side Hills Attract Lots of Lightning.

During the thunderstorm last Tuesday, which was quite strong in the Mud Bay neighborhood as well as everywhere else—residents there think stronger—a tree near the M. Ahearn home was struck by lightning and set on fire. No buildings in the neighborhood were hit, however.

"There is so much mineral in the side hills around here that it is impossible to run a compass," Mrs. Ahearn says "and the result is that we get full benefit of the lightning. The story is that one of the heaviest bodies of iron ore in the country is between our place and Olympia.

"We don't know whether there's anything to that or not," she added, "for nobody has ever tried to develop it, but we do know it's pretty lively around here in a thunderstorm."
