

DEATHS OF PAST WEEK

MRS. CHARLES H. STEELE. Mrs. Charles H. Steele, 45 years old, a resident of this vicinity for years until the family moved to Tacoma three months ago died at St. Joseph's hospital in that city early Thursday morning, following an operation. The body was brought to Olympia Friday evening, and private funeral services are to be held at the Jesse T. Mills chapel Saturday, Rev. J. H. Secor officiating.

Mrs. Steele was the daughter of Mr. and Mrs. W. J. Abernethy, who have made their home at Pleasant Glade and Olympia since they came here from Iowa in 1891. Mrs. Steele was born in Iowa April 4, 1873. She is survived by her husband, two daughters, Gladys and Pauline, her parents, three sisters, Mrs. T. C. Sleater of Pleasant Glade, Mrs. A. T. Huston of Tenino and Mrs. A. L. Bryning of South Bay, and two brothers, George Abernethy of Seattle and Willis of Portland.

J. M. PITCHER.

J. M. Pitcher, 86 years old who had made his home with his son, T. G. Pitcher, in the Independence neighborhood for the past few years, passed away at St. Peter's hospital last Saturday, after a lengthy illness. The body was removed to the Jesse T. Mills undertaking establishment, and taken to Tacoma Sunday, where the funeral was conducted Monday. The family is one of the best known in the southern part of the county, where they have lived for several years.

MRS. LILA WERNER.

Rev. R. Franklin Hart, rector of St. John's Episcopal church, conducted funeral services at the Jesse T. Mills chapel Friday afternoon for Mrs. Lila Werner, 25 years old, wife of Paul Werner, who died at St. Peter's hospital Wednesday morning following a several months' illness. She is survived by her husband and little daughter, June. The family has lived in Olympia for several years and is well known here. Mr. Werner is connected with connected with Baudé's barber shop.

MRS. HAZEL GODAT.

Spanish influenza, which rapidly developed into pneumonia, caused the death at St. Peter's hospital last Friday afternoon of Mrs. Hazel Godat, 21 years old, of Tumwater. She had been here only three or four days, having come from Missouri with her husband and son, and con-

tracted the disease en route. The body was removed to the Jesse T. Mills undertaking establishment and later shipped to West Plains, Mo., for burial.

GUSTAVE ROSENTHAL.

A five weeks' illness resulted in the death at the family home last Friday afternoon of Gustave Rosenthal, pioneer merchant of the state and a resident of Olympia for more than half a century, having come here in June, 1863. He was 78 years old and was born in Bavaria in 1840. The funeral took place at the family home Sunday afternoon and was attended by pioneers from many parts of the northwest, as well as numerous Olympia friends.

From the time of his arrival in Olympia Mr. Rosenthal was associated with Mr. Isaac Lightner in the general merchandise business, until the latter retired in 1878. Since then the business has been conducted as the Rosenthal company, one of the leading dry goods stores of the city. He was actively identified with many public enterprises during the early days of the development of this section, being greatly interested in the building of the Olympia & Chehalis Valley road to connect with the Northern Pacific at Tenino, which gave Olympia its first railroad facilities. Another of his undertakings was the opening of one of the first coal mines in the state, at Chehalis, which was done at the time of the construction of the Northern Pacific.

Surviving are the widow, two daughters, Bertha and Fannie, and one son, Samuel G. Rosenthal.

Former Olympian Dies in France.

Samuel N. Parker, a former local newspaper man and a member of Base Hospital Unit No. 56, commanded by Dr. Eagleson, died in France the fore part of September from diphtheria contracted while his unit was attempting to stop an epidemic among the residents of the town in which it was stationed.

The Schneider's Prairie Red Cross auxiliary has postponed the dance it had planned to give Saturday night, on account of the Spanish influenza.

Council Adopts Budget Unchanged.

No persons appeared at the special meeting of the council Monday morning to protest to the city budget as recently proposed, and it was adopted without change. It provides a total of \$47,217.6 for municipal expenditures next year, necessitating a tax levy of 12 mills for current expenses, 6 mills to pay off indebtedness and 2 1/2 mills for bond interest.

LETTERS CONFIRM LEE LEWIS' DEATH

GRANGE HONORS HIM AT EXERCISES FRIDAY—MEMORIAL AT CHURCH SUNDAY.

The long-looked-for letter from Dean Priest of Paris, the representative in France of the Parents' association, has arrived and that, with a letter from the chaplain of the 47th Regiment, Infantry, to which Capt. Lee C. Lewis belonged, removes any doubt that existed as to his death, for these letters say that he was wounded northwest of Sergy on July 30 while giving instructions to the officers' orderly of Co. A, 47th Infantry, by the bursting of an enemy shell, and that he died July 31 in Evacuation hospital No. 6, and is buried in Grave No. 4, west of the road leading from Etampes (a small town about two miles south of Chateau Thierry) and Chierny.

It is the intention of the government to send all bodies of our boys who are called "west" back to their home folks when the war is over, but at the present memorial services were held for Lee at Brighton Park Grange, of which he was a charter member, and in which he held several offices, Friday night, with Frank Roberts in charge.

The United Churches have arranged to hold their memorial exercises with the usual morning services on next Sunday, but unless the quarantine of the town is removed they will be held at a later time.

"Lee's last letters show that he was anxious to get into real action, his father, Fred W. Lewis of Brighton Park, said the other day, and that he went in, fearlessly and bravely, doing his duty without a tremor, believing that the mark of true manhood is to do the part that is assigned to him in the best manner possible, and to do, wholeheartedly, the greatest service that comes to hand, fearing nothing.

"Lee has gone, but if his death helps to clear this world of Prussianism, but here and abroad, he will not have died in vain. His entire life was devoted to making this world a better place in which to live, and he met his death with this thought in mind."

The parents received official notice from the war department Thursday that Lee's commission as captain had been issued July 14, the rank dating from June 12.

Arrest Draft Evader Near Mima.

A man giving the name W. Fletcher was arrested along Black river, near Mima, Tuesday and brought to the county jail on the charge of being a draft evader. He had been living in a dugout in the woods, living off the gardens and hen coops of nearby farms. Answering questions, he said he was about 40 years old but he "hadn't thought" about registering. He is thought to be insane.

BREAD NINE CENTS ON "CASH AND CARRY" PLAN

MAXIMUM RETAIL PRICE FOR POUND LOAF FIXED AT 10 CENTS BY HEBBERD.

The following announcement is made by the state food administration:

To wholesale and retail bakers: The United States food administration baking division, after investigating the manufacturing cost and the wholesale and retail prices of bread has established by direction of Herbert Hoover the maximum retail price for a one-pound loaf at 10 cents and for a pound and one-half at 15 cents.

These are maximum prices for either cash and carry or credit and delivery and should be enforced in this state. Further investigation by the baking division shows an 8-cent and 12-cent wholesale price in many sections. These wholesale prices warrant a retail price of 9 cents for a pound loaf and 14 cents for a pound and one-half loaf under the cash-and-carry system.

The food administration therefore directs that:

1. Where the wholesale price of bread is 8 cents for a one-pound loaf and 12 cents for a one and one-half-pound loaf, the maximum price under the cash-and-carry system shall not exceed 9 cents for a one-pound loaf or 14 cents for a one and one-half-pound loaf.

2. Retail dealers operating under either the cash-and-carry or the charge-and-delivery systems shall establish a maximum of 10 cents for a one-pound loaf and 15 cents for a one and one-half-pound loaf.

All county food administrators are advised that they should establish the above as maximum prices in their respective counties and should arrange for distribution of bread according to this ruling.

Delivers Three Ford Trucks.

Delivery of one-ton Ford trucks to the Standard Oil company of this city, W. H. Thomas of Tumwater and H. Fennel of Nisqually, is reported this week by J. D. Mansfield, manager of the local St. John & Titus garage, authorized Ford dealers in this territory.

MAY USE WHEAT AS FEED ON CERTAIN CONDITIONS

SHORTAGE OF OTHER GRAINS FROM DROUGHT CAUSES NEW FOOD BOARD RULING.

On account of shortage of feed due to severe drought conditions of the past season the food administration has made a special ruling applicable to the state of Washington and other states of the northwest zone relaxing the prohibition against feeding of wheat to animals and poultry. Any wheat grading below No. 3 or

which for any reason is not of a good milling standard may be released for feeding. Also all wheat at remote points inaccessible to transportation and all wheat grown in such small quantities as not to be readily marketed may be thus released for feeding. Samples of all such wheat must be submitted to the county food administrator and none shall be fed until the county food administrator has issued a written permit to the owner of such wheat. County administrators will please impress upon all applicants for permits that it is not the intention of the food administration to issue permits to feed wheat except where it is impossible to obtain coarse grain for feeding purposes at reasonable prices. It is the duty of every feeder of stock to make every reasonable effort to supply his food requirements without using wheat. The foregoing permission from one food administration is made specially to the states of this zone, and must not be abused. In case of any abuse of the privilege granted or of any unfair practice as to price or otherwise, the county food administrator is authorized to cancel any permit issued by him.

The Laboratory Test

is the final test of a lens. On the kind and make of lens you have in your glasses depends the sort of eye service you will get out of them. It is all very well to wear nice-looking glasses, but it is the lens that is vital. Our lenses are all thoroughly tested and proved efficient. You can rely on them—absolutely.
