

The Mother of Eight and Never had a Doctor

Reared Her Family WITH SIMPLE HOME REMEDY

An American Mother Beats Them All

There are few families in which the record of Mrs. Gustave Koch, Box 24, Kewick, Keokuk County, Iowa, has been surpassed. Not in the fact that she raised a family of eight is her story remarkable. Thousands of families are larger. The history of the Koch family is unique in that the mother, with all her loving care, pinned her faith to a simple home remedy and never had a doctor for her children. Here is what she says: "Peruna has done my children good. I have a family of eight and never had a doctor, only your medicine. We all think Peruna a splendid tonic." So far as we have learned, Peruna is the only known remedy for which such a wonderful claim can be made. Like Mrs. Koch, there are thousands upon thousands of mothers who place their entire dependence upon Peruna. That Peruna has merited this confidence is attested by the words

RED CROSS ACTIVITIES

Contributed by MISS LOUISE AYER, Secretary Olympia Chapter.

"The sky is the limit!" That is the latest bugle call concerning refugee garments. It carried us back to the summer of 1917, when the demand for hospital garments and surgical dressings was "All you can do." Then came the restrictions on shipping and our work was placed under rigid limitations: "exactly what is ordered and nothing more." Now comes another turn of the kaleidoscope and help for the destitute of Europe (except the Central powers!) is to be furnished without stint. Plenty of ships, plenty of materials, and an endless need. The women of America out of their comparative leisure, will give a little of their time to help clothe the women and children of Europe. All that those women can do for themselves they will be given materials to do with, but the fields of France must be cultivated, seed planted, houses rebuilt and much of this hard and ordinary man's work must be done by the women. The more difficult garments are to be made by factories. We shall be asked to do the simpler ones and cutting will be done by the division cutting department unless chapters prefer to do it themselves. All materials, including findings of all sorts, will be furnished free. The sewing may be done in the homes by individuals or groups, or in the schools, or in the Red Cross work rooms. We are told: "The need is greater than we at home can possibly realize. The refugees need all that we can furnish. Make what you think enough, then double it. The sky is the limit."

Twenty-seven million finished articles, weighing over four million pounds and valued conservatively at \$4,212,070, were shipped by the department of supplies of the Northwestern division through the Seattle port warehouse to France, Italy and Siberia during the year ending December 31, 1918. We have learned to think in large numbers, else we could not possibly grasp the full import of the above statement. It means that the women of these few states have made garments enough to fully clothe several million people. It means that you have saved the lives of many and added comfort and hope to innumerable others.

You have supported the American army. You have increased the "morale" of the world. You have helped to win the war.

A BIT OF ADVICE

First—Don't Delay. Second—Don't Experiment.

If you suffer from backache; headache or dizzy spells; if you rest poorly and are languid in the morning; if the kidney secretions are irregular and unnatural in appearance, do not delay. In such cases the kidneys often need help.

Doan's Kidney Pills are especially prepared for kidney trouble. They are recommended by thousands. Can Olympia residents desire more convincing proof of their effectiveness than the statement of an Olympia citizen who has used them and willingly testifies to their worth?

Mrs. S. C. Buchanan, 909 Main St., says: "I gladly recommend Doan's Kidney Pills for I know they are a medicine of merit. I have been taking them off and on for the past ten years whenever I thought it necessary to use a kidney medicine and in every instance I have found them to be all that is claimed for them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Buchanan had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

TENINO GARAGE BROKEN INTO.

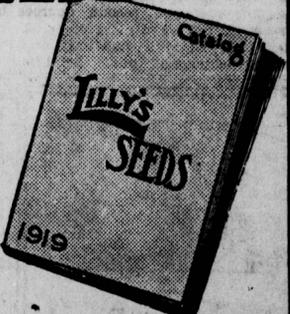

The St. John & Titus garage in Tenino was entered one night last week by thieves who gained entrance through a rear door. The gasoline pump was broken and oil and gas were strewn around the floor. As far as is known, however, nothing of value was taken. The men who broke into the garage are believed to be the same who were arrested in Chehalis in the act of burglarizing the Rosen-stein garage. The men had a car stolen in Tacoma and a large quantity of cigarettes and candy, also believed to have been taken there.

WOODEN SHIPS WILL BE COMPLETED AS BARGES

Others Will Be Converted Into Barkentines, According to New Policy.

Of 62 wooden carriers now in the stocks in Puget Sound, Grays Harbor and Willapa Harbor by the Emergency Fleet Corporation, eight or nine will be completed as barges and five or six as five-mast barkentines, according to orders made public this week.

The rest of the carriers will be completed as steamships as to hull and upper works, but their engines and boilers will not be installed. Several other wooden vessels which have been launched but not completed, will also be held without engines or boilers.

The wooden yards of the Seattle or

Washington district are checking up on the exact status of construction of each hull, under orders received last week from the fleet corporation.

The carriers converted into barges will be built with flush decks and without the superstructure of the steamship. The hulls which will be turned into barkentines will require additional work in the yards, as their decks will have to be rearranged because of the sparring and rigging.

The fleet corporation plans to sell the wooden carriers.

The house passed the "Chinese egg" bill Monday. The measure requires that all eggs shipped into the state from foreign countries shall be branded so the buyer cannot be fooled.

Mrs. J. E. Dailey, a former Olympian now making her home at Republic, and her brother and sister of Walla Walla, have been the guests of Mr. and Mrs. Hugh Ross this week.
