

BUSINESS DIRECTORY

SOME SPECIAL ADS WHICH MAY HELP YOU IN BUYING

Did you ever want to get something and not know exactly where to buy it?

Often some special need comes up—you want something you are not in the habit of buying, and the question arises where you can get it. Or perhaps you need something and should buy it, but the matter has been forgotten.

Here is a Business Directory containing the cards of concerns which are ready to serve you in many ways. The cards are classified and the headings arranged alphabetically. Look down the column to the heading you want, and there you will find the name of a business house ready and anxious to meet your needs. Patronize them.

This directory will be a weekly feature of The Standard. From time to time new businesses will be represented. A directory published only once a year or once every two years always contains the names of concerns which have gone out of business or changed the kind of goods sold, or moved to a new location. ALL THESE CONCERNS ARE ALIVE, in the locations named, and they give you the kind of service named. Look over these cards, and then look over the advertisers' stores, shops and offices.

Many concerns are represented here whose ads you are not accustomed to see. Perhaps it will pay you well to find out what they sell.

Miss Gladys Mann and Andrew Caton were married Sunday afternoon at the home of the bride's parents, Mr. and Mrs. C. B. Mann, Fifth and Franklin streets. About 40 guests witnessed the ceremony, which took place at 4:30. Rev. J. C. Harrison, assisted by Rev. John H. Secor, officiated. Just before the ceremony Mrs. Mary Moore Andrews sang "Because," and the bridal couple, unattended, took their places to the strains of Mendelssohn's wedding march, played by Miss Muriel New-

combe. Later Miss Gertrude Nelson of Montesano sang "The Lark and the Nightingale." The color scheme for the decoration of the rooms was pink and white, a great profusion of sweet peas and asters being used. Miss Helen Sparks, niece of the bride, met the guests at the door. Mr. and Mrs. Caton went to Salem, Oregon, where Mr. Caton will enter Willamette university to study for the Methodist ministry. The bride has been employed in a local bank.

TEACHERS APPROVE LEAGUE OF NATIONS

Continued from Page One

\$28 a week and board in Olympia, equivalent to \$120 a month, and it was pointed out that very few teachers receive as much even when their annual salary is figured on a nine months' basis instead of 12.

E. L. Nichols was chairman and C. L. Carroll secretary of the resolutions committee, the other members being E. H. Evans, Isabella Williams and Eva E. Martin. The complete text of the resolutions follows:

Be it resolved by the Thurston County Teachers in Institute assembled:

First. That in recognition of the excellent program arranged for and carried out under the supervision of our county superintendent, Fred J. Brown, that we extend our thanks to him and the splendid corps of instructors that he secured and to all others who have in any way contributed to the success of this institute.

Second. That we express our thanks to the Olympia School Board for the use of the High School building.

Third. That we express our thanks to the press for the interest it has shown and for the way in which it has brought the best features of the institute to the attention of its readers.

Fourth. That we recommend the Teachers' Institute be held after the teachers have received at least one month's salary.

Fifth. That we favor a county unit method of taxation and management of schools.

Sixth. Whereas, there is a wide discrepancy between the salaries paid teachers in the large city districts of this state and the salaries which other districts are able to pay, and whereas, it is the paramount duty of the state to provide for the education of the youth residing within its borders; therefore, be it resolved, that in order to secure in a greater degree equality of educational opportunity, we request the legislature to enact such laws as may be necessary to raise the money for teachers' salaries by a state wide tax levy in addition to the money derived from the state current school fund.

Seventh. That we go on record as favoring a movement toward the federation of teachers.

Eighth. That we heartily approve the act of our county commissioners which provides for a county club leader for boys and girls and for a county nurse.

Ninth. That in lieu of the former county athletic track meet we recommend community track meets.

Tenth. That we extend our congratulations to our worthy superintendent of public instruction, Mrs. Josephine Corliss Preston, upon her election to the presidency of the National Educational Association.

Eleventh. That we recommend a definite outline for the promotion of patriotism.

Twelfth. That we commend our state legislature for the constructive school legislation passed during its recent session.

Thirteenth. Whereas, the health of the school child is of paramount importance to his progress in school work, we petition our county com-

missioners to make provision to the end that school districts in Thurston county may secure the immediate services of the county health officer, especially in contagious or infectious diseases or epidemics.

Fourteenth. That we favor the ratification by congress of the Versailles treaty of peace and the League of Nations without reservations.

Peterson Annexes Two More.

Speed Cop Peterson nabbed a couple of more wayfarers on the Pacific highway east of Olympia this week—one S. C. Tomkins of Seattle, who was doing around 40 or 45 miles an hour and explained he was trying to beat the storm into Olympia; and the other Robert G. Shore, formerly of Olympia, who operates a shingle mill on the Skookumchuck river above Tenino. Each deposited \$20 bail and forgot they ever saw Peterson.

Co-operators Subscribe \$1,800.

Although the crowd was small on account of the bad weather and roads, the meeting of the Co-operators of Olympia last Saturday night, addressed by Benj. G. Olin of Chicago, subscribed \$1,500 in cash and Liberty bonds and \$300 in subscriptions to be paid later, toward the

purchase of an interest in the wholesale store to be established in Seattle by the 48 co-operative stores of the state. Mr. Olin has been in Olympia for the past two weeks and the campaign has brought quite a number of new members to the local organization.

How We Go At It

First we look into the battery to see if you put water in it. Then we use the hydrometer, which is the one RELIABLE way of knowing the condition of its charge.

Then, if no special cause of trouble appears, we put it on the line to see if it will take a charge.

But if there is plain indication of serious trouble, we open the battery up and find out EXACTLY what's what.

Don't trust your battery to amateurs or artists in guess-work, who claim they can tell inside conditions by outside inspection.

Come here, where you find adequate machines and apparatus to really inspect, charge and repair any battery.

All work guaranteed.

ANNOUNCING THE

Columbia Six

THE NEW LIGHT SIX OF EXCEPTIONAL QUALITY

Since this handsome, snappy-acting car was introduced to Pacific Coast motorists this season, it has achieved wonderful popularity, duplicating here the success previously gained in the Eastern field.

The increased production which made possible its presentation to Pacific Coast autoists this season enables us to offer our customers

IMMEDIATE DELIVERY

of either the touring car, or sport models.

Features of its construction are the powerful Continental motor, Timken bearings, full Timken differential and rear axles, thermostat controlled radiator shield, long cantilever rear springs, assuring unusually easy riding qualities, Borg & Beck disc clutch and Spicer universal joint, just like the highest priced cars, with a seat arrangement that is especially roomy and comfortable.
