APOSTOLIC HISTORY
LESSON IX

LESSON I. Beginnings.

Read Genesis I and II carefully.
The Bible relates the history of God's dealings with humanity. It shows his successive offers of grace to all mankind, to the family of Abraham, then to the Jewish nation, then to all the world in the "fullness of time" in Jesus (Gal. 4:14-).

1. What is the Bible?
The Bible is the authoritative record of God's redemptive self-revelation to man.
2. How many books in the Old Testament? Name them.
3. What time did the writings cover and what period of events? Name some of the writers.
4. What three dispensations are found in the Bible?
Answer. Patriarchal, Jewish, Christian. Describe them.
5. Name the four natural divisions of the Old Testament.
6. Tell all you can about the Pentateuch, writer, meaning, ect.
The Aim: A condensed history of the "origin of God's chosen people," their preliminary "schooling" and the divinely appointed "system of worship."
7. What is the Book of Beginnings? Beginnings of what? When?
Answer. (1) The heavens and earth; (2) Human race; (3) Social institutions; (4) Sin and death; (5) Religious institutions; (6) Rewards and punishments; (7) Languages and tongues; (8) Chosen people.
8. What do you mean by creation?

(Not only by power of God, but love of God. "He saw that it was good." Godness comes from love, not power).
9. What was created? Name each day's events. How do you reconcile the events of the first and fourth days?
10. What and where was the garden of Eden?
What was God's charge to Adam?
Note: Do not fail to clip the lessons and paste them in your notebook.

BUDGET PLAN FOILS H. C. OF L. DIFFICULTY

Tuesday is Set Aside in National Thrift Week to Apportion Money Expenditure.

"How can we make our income meet the bills for food, rent, heat and clothing," is the query that comes from thousands of families beset by the H. C. of L.
And the answer which comes from the National Thrift Week Committee is, "Make a Budget."

To emphasize the advantage of using the budget plan for finances, one day of National Thrift Week, January 17 to 24, has been designated as "Family Budget Day," when an intensive effort will be made all over the country to promulgate the budget idea in the home circle.

Statistics gathered by the Government as the result of a survey covering 12,096 families, whose incomes averaged between \$900 and \$2,100 a year, show that four families out of every five either saved a little or broke even while only one family on the same average income fell behind.

The average family wants to get ahead and manages to do so but there are hundreds of thousands of families throughout the United States that through improvidence or lack of knowledge in money matters fall behind each year regardless of any rising scale in income, if there be one. It is to help those that thrift instruction is planned.

E. B. Stookey, county agriculturist, and Miss Ruth Kennedy, county home demonstration agent, returned Thursday morning from the annual conference of the extension workers of the State College held at Pullman beginning a week ago Wednesday. They report having experienced a very strenuous program from which it will take them several days to recover. William H. Thirty county agriculturists, ten home demonstrators, eleven club leaders, ten extension specialists, and four state leaders attended the conference which was highly successful.

NORTHWEST LEGISLATORS DISCUSS UNIFORM LAWS

Roads and Bridges Subcommittees of Three States Hold Joint Conference in Portland Saturday.

Uniform automobile legislation will be considered at a joint meeting of subcommittees of the roads and bridges committees of the two houses of the Legislatures of Washington, Oregon and Idaho to be held in Portland next Saturday.

The proposed flat tax on automobiles with percentage tax on gasoline sales will be considered and also uniform traffic regulations. Oregon has tried the sales tax on gasoline and reports it as working satisfactorily. The secretaries of the state of Oregon, Washington, Idaho and Montana held a similar conference early in December, and the meeting tomorrow is expected to reach some definite conclusion for recommendation for legislation.
