HOPP, MONTANA

Messrs. G. H. Sturdevant, S. S. Markham and Forrest Rutledge are working on the road near the Morsfield farm.

The Misses Hazel Rutledge, Grace Rutledge and Jennie Weller visited Miss Ruth Giles last Tuesday afternoon.

Mrs. Forrest Nutledge recently entertained a number of little folk in honor of the third birthday of her little daughter Florence. The little guests were Carl Tuttle, Clifford Lehman, Kenneth Waddle, Josephine Wynn and baby Hugh Wynn. Ice cream and cake was served.

Mrs. Earl Morefield is attending summer school at Lewistown.

There was a good rain last week, but it came too late to save the wheat which was beginning to burn. Such a rain coming 10 days earlier would have insured a good crop. Present

indications are that Chouteau county will again have a crop failure, as there is no reserve moisture. Cut worms are destroying the corn. Several farmers have replanted the third time. Gardens are looking well, however, and we are hoping for another heavy rain.

County Commissioners McLiesh and Armstrong of Fort Benton were business visitors in this vicinity last week. They were overnight guests at the J. F. Brown home.

L. M. Rutledge was a Big Sandy visitor last Thursday.

A. C. Bond of Belt called at the Weller home one day last week. Mr. Bond as a former resident of Hopp. He reports plenty of rain in the western part of the state.

Miss Margy Harske and Roy O'Brien were guests of Miss Gladys Sturdevant last Sunday.

Herbert Weller made a business trip to Big Sandy Friday.

NORTHERN PACIFIC CLAIMS LOSS ON LOGGING RATES

Department of Public Works Hears Testimony from Railroad and Logging Interests

In spite of the twenty-five per cent increase granted the railroads by the department of public works, the Northern Pacific railway was the only corporation to present testimony this afternoon at the hearing being held before that department in the Senate chamber, submitted statistics showing that during the year ending 1920 that had operated logging carriers at a loss of \$500,000.

The Northern Pacific brought their assistant statistician, E. V. Peterson, from St. Paul, to show that they could not stand a decrease in logging rates.

The meeting being held today is one continued from April 11 and 12, 1921, at the capital at which time a 25 per cent increase was granted by the department of public works. It was postponed until today because sufficient evidence and statistical information was not introduced.

The hearing will be continued tomorrow and Monday and tomorrow night.

Many Loggers Present. The logging interests of Western Washington and Western Oregon were represented by the following loggers, officials and attorneys:

W. H. Gullid, Tacoma, manager of Cascade Timber Co., Pacific States Lumber Exchange.

REV. T. H. SIMPSON ARRIVES IN IRELAND

West Over on Cameronia With Rotarians—Finds Emerald Isle Beautiful as Ever

The following letter was received by the Standard editor from Rev. T. H. Simpson, pastor of the United Churches of this city:

Burnfoot, Londonderry, Ireland, June 13th, 1921.

My Dear J. M.: At last, after almost three weeks of travel, we are back amid scenes of boyhood.

Our first glimpse of Ireland was beautiful. Over 1,000 passengers lined the sides of the "Cameronia," watching one of the most beautiful scenes in the world. Ireland, as green as ever, lay like a great patchwork quilt along the shore not over a mile away.

The terrible storm of the past 24 hours and its horrible sea-sickness were all forgotten as the sun beamed through the mists, like a smile through a tear.

Over 600 Rotarians were entranced with the scene. As I was familiar with it all I was kept busy explaining the ever-changing scene. An old castle, ivy clad, seemed like the work of "fairies" on the hillside.

The transfer from the liner to the "ferry" was soon made and the steam up the River Boyle was wonderful. One hundred and sixty-eight

passengers came ashore at this port for many parts of Ireland.

Turning a bend in the river, Derry came in full view, crowned by its historic cathedral. My own old college was as beautiful as ever. We noticed in passing through Chicago the university there and, comparing the architecture, we found them identical.

At the landing friends, policemen, detectives and women police were everywhere.

In half an hour we were home and the great anxiety of loved ones removed. Our vessel was two days overdue and all wire communications are down.

Ireland is beautiful, ancient, possessed of a wonderful spirit. But America is still "wonderful."

Yours,
T. H. SIMPSON.

BRITISH COAL STRIKE HAS BEEN SETTLED

Government Offers Subsidy to Guarantee Wages and Prevent Loss to Owners

LONDON, June 28.—The British coal strike has been settled, it was officially announced today.

The miners accepted the government's terms.

Work in the coal pits, idle almost three months, will be resumed immediately.

The settlement was understood to have carried a government subsidy to guarantee wages and prevent losses to the colliery owners. The latter were said to have made important concessions in the matter of wages.

It was stated unofficially that the miners abandoned their demand for nationalization of the mining industry. That demand was the principal obstacle in the way of a settlement at previous conferences.

Secretary Frank Hodges of the miners' union promised that the men will accept the settlement reached in conferences here. Parliament was expected to approve a subsidy although conferees looked for spirited debate before action is taken.

HARDING SUMMONS BUDGET CONFERENCE

Dawes Asks Cooperation of All Government Officials to Reduce Expenses

WASHINGTON, D. C., June 29.—President Harding will preside Wednesday afternoon at a meeting of all major government officials to discuss economy under the new budget system, it is announced.

The call for a meeting was Charles G. Dawes' first public step in undertaking the work of putting down government expenditures and keeping them within the government's income.

Dawes Asks Cooperation. At the meeting Dawes will ask the active cooperation of all government officials. The call includes secretaries of executive departments, including members of the cabinet.

The meeting represents the beginning of the administration's plan to slash government expenditures and put the government on a basis of

economy efficiency.

"We're going to start to save money right away," said Dawes, "not next year."

LLOYD GEORGE AWAITS ASSENT OF DE VALERA TO PEACE CONFERENCE

Preparations Are Being Made for Installation of South Irish Parliament

By ED. L. KEEN.

LONDON, June 29.—Premier Lloyd George today awaited "president" de Valera's assent to a conference on Irish peace.

The cabinet will meet tomorrow, and it is expected that it will then receive Ulster's acceptance of the premier's peace bid. Sinn Feiners were not so quick to indicate their desire to participate in a conference, but unofficial reports made it appear that they will be present.

There was believed to be a possibility that de Valera will demand permission to call a session of the Dail Eireann to consider Lloyd George's invitation. This permission would mean at least temporary release of a score of Irish prisoners.

Preparations were made today for the installation of the South Irish parliament tomorrow. The council room in the department of agriculture building was being arranged for the event which is expected to bring out only a small minority of the members elected as the Sinn Feiners refuse to sit.

On the Cronkhite farm there are three types of berries which Mr. Stahl will give demonstrations on the care of raspberries, loganberries and strawberries. He is demonstrations on the methods of training bush berries.

SWISS COMING TO U. S.

GENEVA, June 29.—Emigration, which had almost ceased in Switzerland during the war, has since resumed on an increasing scale. According to a report published by the Federal Council. The high water mark of immigration was reached last year when 7,988 Swiss and 1,288 foreigners, resident in Switzerland, left the country. The favorite goal of Swiss emigrants is the United States; Argentine and Brazil come next, followed by Africa and Asia.
