Cake and ice cream were served at midnight. The large birthday cake decorated with 20 lighted candles, contained a ring, a button and a thimble. George Wise of Independence, drew the ring and thus will be the first benedict of the young men in the neighborhood, should the old saying hold true. Miss Ada Mayo of Little Rock received the thimble, therefore will be the maiden lady, and Lester Benton drew the button, so will remain a bachelor, maybe.

The guests, besides the honor guest, were Miss Myatt and Mrs. Hash, Messrs. Walter Simmons and Sam Salyer of Olympia, Miss Sawyer of Tumwater, Mrs. Lehn, Misses Ada Mayo and Ada Lehn and Messrs. Earl and Otto Stephens of Little Rock, and George Wise and Eldon Countryman of Independence; Mr. and Mrs. Strickland and son Orville of Alder Grove, and Lester and Howard Benton, Glenn and Sam Lockwood, Arthur Feldhusen and the host and hostess and son Harold.

Semi-Weekly Mail on the Sound.—Official information has been received at this place that the contract for carrying a semi-weekly mail upon the Sound has been awarded to Geo. Parkinson, Esq., of Stellacoom, for the sum of \$9,996 per annum. If this semi-weekly service is performed with anything like the regularity of the present weekly service performed by Capt. Fleming, it will be all the community have a right to expect.

The Battle.—The details of the unfortunate battle at Bull's Run, as telegraphed to Fort Kearney, show that the repulse was not so disastrous to the Federal army as at first reported. They are, however, altogether too great for the success or the prestige of the Federal army. In the first battle where thousands were engaged the fruits of victory are with the secessionists.

The effect of this battle will brighten the hopes of the secessionists, but it will not depress nor dishearten the Federal forces. They will rally and strike again with the certainty of success. It will prove an additional stimulus to the loyal states. An occasional defeat is an incident of war; one, two, three, or half a dozen will neither cripple nor demoralize the Federal government. But the Southern Confederacy could not maintain itself against two serious defeats.

Popular Prices Reign in New Fall Suits

"I had no idea I could find such a suit for so little money," exclaimed a customer the other day. She was one of those women whose clothes sense greatly exceeded her clothes allowance and she appreciated a value like the suits we are featuring.

Rough and ready suits for women who are out in every kind of weather and the dressy type suit for women who venture forth only when the day is fair. The good grade of tricotine, velour, tweed and other Winter cloths used is quite evident as is the fine tailoring admired so much in expensive suits.

Linings are plain, either in self color or in slight contrast. Belts are narrow and so placed to avoid that utterly straight lead pencil effect. You can have a fur trimmed suit if you like.

Many women are buying perfectly plain tailored suits because they set off their fur scarfs and neckpieces so well. Come and see the newest things in suits.

CLOTHES DO MAKE WOMEN HAPPY

Of course nobody is so narrow minded to think happiness depends entirely upon clothes, but many a perfectly good time has been spoiled by the wrong dress—hasn't it?

Women know intuitively the things they ought to have. It is often a question of where to get them. Before you spend a penny for a Fall outfit, come in and see what we have. You will be surprised at the fashionable clothes planned for the woman who must make one dollar do the work of two. Clothes expressive of the Autumn season would do a lot to make any woman happy. Why not you?

COURT WILL REVIEW DISMISSAL CASE OF LITTLE ROCK BOARD

Reversal by the state superintendent of public instruction of the dismissal of R. J. Baldwin as principal and teacher in the Little Rock school district will be reviewed by the superior court of Thurston county.

Judge D. F. Wright has set the hearing on a writ of review for September 12. The writ is based on an affidavit of O. E. Ferguson, member of the school board of District 306, Thurston county, setting forth that Josephine Corliss Preston, state superintendent, refused to review the evidence in the hearing before the county superintendent which resulted in that official sustaining Baldwin's dismissal by the board.

Baldwin was dismissed by the board last January on the ground that he did not maintain proper discipline in the school and therefore was inefficient. He appealed to the county superintendent who sustained the board. Mrs. Preston, state superintendent, reversed this action on the ground that Baldwin had not been given a proper hearing by the board, refusing to review the evidence before the county superintendent.

EQUALIZATION BOARD BACKS ASSESSOR ON STANDARD VALUATION

Valuation of \$60,000 on the Standard Oil Company's Olympia plant, fixed by Assessor George Gaston, will stand, the county board of equalization decided in turning down the company's plea for a reduction. The board visited the plant after hearing objections of representatives of the company, after which decision was reached that if the assessment is unjust the company has recourse to the courts and the board will back the assessor.

FEDERAL AND STATE GUARDS ENCOUNTER WHISKEY SMUGGLERS

Prohibition Enforcement Forces Take Offensive All Along Canadian Border

By HAROLD D. JACOBS
(Staff Correspondent United Press)
NEW YORK, August 14.—Whiskey smugglers, attempting to enter the United States by land and sea, were matching wits with federal and state guards on the Atlantic coast and the Canadian border today.

Raids, seizures and arrests marked today's engagements in the border battle between bootleggers and United States authorities near Detroit, where the smugglers are trying to bring their contraband in from Canada.

The prohibition enforcement forces took the offensive all along the line, throwing more operatives into action along the down-river districts and running down the small speedy power boats that came pattering over from the Canadian border with their cargoes of nine per cent beer.

Prohibition enforcement authorities, realizing the hugeness of their task along the coast, were reported to be considering a request for a loan of several destroyers from the navy. It is possible, too, that the army may be asked to assist the border guards.

One of the most charming affairs of the summer was the delightful garden party given Saturday afternoon by Miss Katherine Partlow at her home on Columbia street. The Partlow gardens made a beautiful setting for such an occasion combined with the dainty frocks seen on the lawn and among the trees. A novel amusement for the afternoon was a vegetable hunt. The guests finding the most vegetables and the fewest received a prize. Refreshments were served later in the afternoon.
