LEAGUE ASSEMBLY ADJOURNS DISCUSSION CHILE-BOLIVIA DISPUTE

Augustin Edwards, Head of Chilean Delegation, Denies Competency to Revise.

By HENRY WOOD
GENEVA, Sept. 7.—The assembly of the League of Nations adjourned today during discussion of the dispute between Bolivia and Chile to avert a crisis.

Augustin Edwards, head of the Chilean delegation, in a vigorous speech at the opening of the session, denied the league's competency to revise the Chilean-Bolivian treaty which had been brought before the assembly by the Bolivian representatives.

"Such action would establish precedent enabling the League of Nations to revise every treaty from that of Versailles down to the very smallest," he said.

Edwards refused even to permit the referring of the treaty to a commission and proposed the withdrawal of his delegation from the assembly.

President Karstenbeck averted an immediate rupture by promising that the discussion be adjourned until later.

COMMISSIONERS GET COUNTY ROAD RIGHT-OF-WAY

State Officials Begin Thorough Investigation of Mine Conditions in Hardin County

ELIZABETHTOWN, Ill., Sept. 7.—The offensive in the Hardin county "mine war" shifted Friday from the hands of the union miner forces to those of the deputy sheriffs guarding the towns of Elizabethtown and Rosiclare.

Sheriff D. N. Cox's forces began to carry out plans to capture leaders of the union miners. A party of deputies left here before daybreak in an effort to capture Dr. J. P. Joiner of Rosiclare, who abandoned his home and practice to lead the union miner forces.

The sheriff's posse planned to lay siege to the house of Dr. Joiner's father, several miles northeast of here, where the union leader was reported to be spending the night.

ROSICLARE, Ill., Sept. 9.—State officials, including Adjutant General Frank S. Dixon, were expected here late today to make a thorough investigation into the mine war conditions in Hardin county.

The planned attack on Rosiclare and Elizabethtown of 800 miners, who were massed about 15 miles from here, had not started today. The miners were reported disbanding and returning to their homes. The vigilance of the guard was kept up at both places, however.

Sheriff Cox, in charge of deputies and guards, said he didn't believe the miners would attack and he had reports the men had retreated north toward Equality. Cox requested the state authorities to send 100 rifles to be used by his guards in repelling any advance of the miners.

Local authorities believed Adj. Gen. Dickson would be able to settle the difficulties without calling out state troops.

FRENCH AND BRITISH MINISTERS DIVIDE GERMAN PAYMENT

LONDON, Sept. 9.—(United Press)—Paul Doumer, French minister of finance, today began a series of conferences with Sir Robert Horne, chancellor of the exchequer, regarding the division of the first payment of one billion marks received from Germany. It had been agreed that 530,000,000 should be paid to Belgium and that the remainder should be divided after first paying the expenses of the armies of occupation. This decision created a political crisis in France and resulted in Doumer handing Briand his resignation, which the premier of France refused to accept.
