THE BOYS IN BLUE.

Grand Parade of the G. A. R. at Detroit.

Twenty Thousand Veterans in Line—Many Old Battle Flags Again Flung to the Breeze—Showing of Western States.

DETROIT, Mich., Aug. 5.—The national encampment of the G. A. R. at the celebration of its silver anniversary formally opened yesterday with a grand parade. Special trains bringing state delegations from all over the country poured into the city all night and early in the morning. Over a thousand officers and men were brought to Detroit by the encampment by the city and at 10 o'clock the streets were almost impassable.

The head of the procession was one of the most magnificent ever made by the Grand Army. Most of the veterans were new and handsome uniforms and the color guard consisted of the Philadelphia contingent, nearly 500 strong, carried umbrellas, each one deputized to represent a portion of the battle of Gettysburg. Saint Ste. Marie brigade, each unit carried a portrait of the general who commanded at that battle when combined they represented Lake Superior and the city of the Soo. The name of each post along the shores of the great lake was painted in red, thus combining the lake, the city and the national colors.

A striking feature of the Michigan division was the fact that numbers of old battle flags were carried by the men who bore them during the war.

Still another umbrella brigade was that of George Peck of Wisconsin, whose umbrellas were painted to represent a monster flag of the United States covering the entire post and extending nearly two squares. The Ohio division was very large and presented an imposing appearance.

The reviewing stand was Gen. W. G. Veazey, commander-in-chief; Gen. Miles of the army; ex-Gov. Oglesby, of Illinois; Govs. Flier of Illinois, Campbell of Ohio and George Peck of Wisconsin; Gov. Thacker Fairchild of Wisconsin; Gov. Winans of Michigan; John A. Logan, and over a hundred others.

The governor of a state is not often seen trudging along in the dust with the boys in blue. He was witnessed more than once yesterday. As the Nebraska G. A. R. 500 strong, with the Department Commander Teeter and Gov. Fairchild, were reviewed by a large majority of the dignified governor, the soldier boys or that venerable old fighter, which always provokes the cheers of the volunteer soldiers—Paul Vanderpool, past national commander-in-chief.

Four hundred veterans of Kansas, led by Department Commander Timothy McCarthy, represented the grasshopper state, and each carried upon his breast the Kansas G. A. R. pin, bearing the figure of the state's emblem, the sunflower. Past Department Commanders Anderson, Pond, Stewart, Booth, Guthrie and Captain Coulter, of the national council of administration, were in line. Commander McCarthy enjoys the distinction of being the only man who was literally in the line at the opening and at the close of the war. A soldier at Fort Sumter when the first gun was fired, he remained in the service and was at Appomattox when the enemy surrendered.

There was a wild cheer when the Missouri volunteers here in sight. It was this state which had furnished William Warner, one of the most popular commanders-in-chief of the G. A. R. who was killed at every man who marched in line was recognized as one who in his devotion to the union had undergone the dangers of guerrilla warfare and seen families divided against families.

Commander George W. Martin, the one-armed hero, who lost his limb the first day of Gettysburg, led his command of 800 men with dignity. In the ranks were the names of the men who were killed at "Private Cabon," who was at Antietam, at Fredericksburg, at Gettysburg, and with Grant in all the bloody battles after the silent soldier took command of the army of the Potomac.

Louisville, Ky., Aug. 5.—The latest returns show that the democratic state ticket carried in the election at about 50,000. Returns from 119 of the 119 counties give Brown (democrat) a net plurality of 27,027. The remaining counties in 1887, gave a net plurality of 2,584. The people's state ticket will probably not show so heavy a vote as last night's returns, though it is not possible as yet to give a close approximation as in some returns, it has not been reported.

So far as reported the alliance has elected his candidates against democrats or republicans in ten districts.

Disenfranchisement Laborers. LONDON, Aug. 4.—Yesterday the strike of the London building trades entered upon the fourteenth week. Thirty-five hundred men, all members of the union, are out on strike. It is claimed by the unions that the building industry is spreading in the metropolis. Of the 20,000 drivers of wagons in the city 6,000 have joined a union, with the object of improving their condition.

French Sherman Free at Last. NEW YORK, Aug. 4.—General Sherman, a slowness from London a few weeks ago, and who was prevented from landing by Assistant Immigration Commissioner O'Brien until he secured proof that he was a native of this country, was discharged in the Tomia police court this morning. After the boy was permitted to land he was arrested on a telegram from the chief of police of Chicago, who said he was wanted in that city for stealing \$100 from the Chicago Bank Co. The grand jury failed to indict him and he was released.

THE NEW COMMANDER.

Capt. John Palmer, of New York, Elected Commander-in-Chief of the G. A. R. at the New Department for Colored Veterans' Organizations.

DETROIT, Mich., Aug. 7.—While the delegates to the G. A. R. encampment were getting together yesterday for the second day's session, it was apparent that the chief bone of contention of the silver anniversary—the color line imbroglio—was not destined to be disposed of as amicably as had been anticipated. The recommendation of the commander-in-chief in favor of the creation of a provisional department for the colored veterans has met with a storm of opposition from unexpected quarters, and after the adjournment yesterday scores of delegates were in receipt of dispatches from the south, urging the east and west, urging and in some cases demanding that the encampment should declare itself in no uncertain way on the right of the negroes to meet the southern whites on an equal basis.

By a unanimous vote it was decided to proceed to nominations for commander-in-chief. When the roll of states was called Wisconsin nominated A. G. Weissert, Ohio nominated Gen. S. H. Hurst, New York John Palmer and California William R. Smedberg. Gen. Hurst withdrew and on the first ballot Palmer received 222 votes, Weissert 258, Smedberg 177. On the third ballot Palmer was elected.

Capt. John Palmer was born on Staten Island, N. Y., March 22, 1842. His first army service was in the Ninety-first New York volunteers. He enlisted September 1, 1861, and remained with the regiment until it was mustered out July 3, 1865. He was a participant in all its engagements and was badly wounded at Five Forks.

Henry W. Wickard, of Detroit, was chosen senior vice-commander; T. S. Clarkson, of Nebraska, junior vice-commander; S. B. Payne, of Florida, chaplain; and R. T. Stephenson, of Connecticut, surgeon-general.

Two reports were presented upon the question of separate departments for colored veterans in Louisiana and Mississippi, and after a lively debate the majority report was against division of the colored veterans.

This was considered a great victory for the colored veterans.

OTHER GATHERINGS. DETROIT, Mich., Aug. 7.—A new national organization with the title, "Comrades of the Battle Field," has been established. Its membership is to be limited to veterans who were under the fire of the enemy not less than ninety days, or who were wounded and disabled from further service within that period. George E. Dalton, of St. Louis, was elected first major-general; and the following were elected: J. J. Cartledge, of Kansas; senior vice-president, Mrs. Alice Bishop, of Massachusetts; junior vice-president, Mrs. Nettie Sanford, of Iowa; treasurer, Mrs. Elizabeth, of New Jersey; chaplain, Mrs. Alonzo Page, of Illinois.

A BANQUET. DETROIT, Mich., Aug. 7.—Last evening a banquet was tendered by the citizens of Detroit to the officers and delegates of the G. A. R. encampment. The banquet was held at the Hotel Cadillac and was a most elaborate affair. The menu was of the highest quality and the speeches were of a high order.

Engine Designed to Light Up the Train and Consume Their Own Smoke. MILWAUKEE, Aug. 6.—The St. Paul road is building two engines at the Milwaukee shops which promise a revolution in the building of engines. The new engines consume their own smoke and have no smoke stack. The drive wheels are larger than on the ordinary locomotives, and intended for greater speed.
