"The Foot of a Fly"
 says an eminent English doctor, "will carry enough poison to infect a household." In summer-time, more especially, disease germs fill the air, multitudes are infected, fall ill, die; multitudes escape. These messengers of mischief do not exist for millions. Why not? Because they are healthy and strong—protected as a crocodile is against gunshot. It is the weak, the wasted, the thin-blooded who fall; those who have no resistive power so that a sudden cough or cold develops into graver disease. We hear of catching disease! Why not catch health? We can do it by always maintaining our healthy weight.

In Memoriam.
 Written for Mr. and Mrs. Clark in memory of little Katie.
 Once again the gates of heaven
 Have been standing just ajar.
 And our darling little Katie
 Passed beneath its crystal bar.
 Christ unlocked the heavenly portals
 And he sent an angel bright,
 To come down and bear our darling
 To that land of perfect light.
 Oh, dear Katie how we miss you
 And our loss we deeply feel,
 But 'tis God who has bereft us;
 He can all our sorrows heal.
 Katie's gone to heaven before us
 Tho' she turns and waves her hand,
 Pointing to the glories o'er us
 In that fair and happy land.

Inflammatory Rheumatism Cured in 3 Days.
 Morton L. Hill, of Lebanon, Ind., says: "My wife had Inflammatory Rheumatism in every muscle and joint, her suffering was terrible and her body and face were swollen almost beyond recognition; had been in bed for six weeks and had eight physicians but received no benefit until she tried the MYSTIC CURE FOR RHEUMATISM. It gave immediate relief and she was able to walk about in three days. I am sure it saved her life." Sold by H. E. Gries druggist, Red Cloud.

You should use a steam cooker, because food cooked by steaming is more palatable and more nutritious than when cooked by boiling. You should buy a Beverage Automatic Steam Cooker, because it requires less time, less heat and less room on the stove than any other; because it is much simpler and more easily used and kept in order than any other, and because it is much cheaper, costing only about one half as much as any other steam cooker.

A prominent lady of Riverton, Neb., says: "I have, for several years used a Peerless steam cooker for which I paid \$6.00 and consider it a good cooker but find it inconvenient and difficult to keep in order. Several of my neighbors are using the Beverage Automatic which costs less than half the price I paid for mine and I would recommend it as being a better cooker than any other that I have seen."

Red Cloud, Neb., June 16, 1896.
 The Beveridge Automatic Steam Cooker for which Mr. Schenck is agent, is all and more than he claims it to be.  Mrs. A. C. Hosmer.
