HAVING PURCHASED THE GROCERY STOCK, fixtures and good will of Walter W. Marshall, I shall continue to conduct the grocery store, which I shall endeavor to make first class in every way.

I shall try to merit a continuance of the patronage of my friends and customers with whom I had the pleasure of dealing while connected with the Miner Bros. Co., as well as Mr. Marshall's customers and will cordially welcome any new ones.

I shall endeavor, in some manner, to make it an object for you to come a little out of your way to give me, at least, a part of your business.

Will appreciate an opportunity to show what I can do for both city and country trade.

Yours respectfully,

N. A. PLATT

A Brassiere? Yes—

YOUR CORSET moulds the figure below the bust—the brassiere supports and shapes the bust and the shoulders. It is in reality a fitted corset cover, and costs no more.

Warner's Brassieres are designed by the designers of Warner's Russ-proof Corsets, who understand the requirements of the figure and know how to design garments that fit correctly. Like Warner's Corsets, every Warner's Brassiere is thoroughly guaranteed.

Look Westward!

ARE your sons using proper energies towards finding land, industrial or professional opportunities in localities adjacent to the Burlington lines through Wyoming, Western Nebraska, Northeastern Colorado or Southern Montana? I can put you in touch with excellent prospects in any of these sections. Mondell lands are going fast—so are the irrigated lands. Deeded lands in Western Nebraska are steadily increasing in value. The towns of the North Platte Valley and the Big Horn Basin are all growing and offer good business chances. All this new money is greatly widening the scope of business openings. The Burlington now has through service between Nebraska and Casper, Central Wyoming via Alliance and Wendover.

If you have before you the problem of the future, either for yourself or your sons, let me help you.

A few of our citizens state that they have been troubled with night prowlers. Whether they are just "peepers" or the common, every-day sneak thief, is not known, as one resident informs us that he was unable to get close enough to the object to identify it, other than it was a man. The other citizen says that in answer to his inquiry as to who he was and what he wanted—well it would not look good in print. We would suggest that the Mayor grant an open season of twelve months in which to hunt this class of game as we think that about six ounces of buck shot well distributed over the object would cause it to remain away from that particular premises.

In Appreciation

On behalf of the school I wish to extend thanks to the many who assisted us in the parade at the close of the Farmers' Institute. Especially to Mr. J. Crow and the management of the institute who furnished the teams and drivers for our floats, to the men who went along with the wagons, assuring the safety of the children.

We wish to extend our thanks to farmers and others who furnished the wagons and, especially to Mr. Frank Cowden, Secretary of the Commercial Club, for assistance in decoration, and to Mr. George Oshlo for the painting of the placards used in the parade. Accidentally the two new neck-yokes which we had borrowed from a store were taken by the parties who drove the wagons and old neck-yokes left in their place. We would be very glad indeed to have these neck-yokes returned in exchange for the old ones, otherwise we shall be obliged to pay for them.

We are glad for the interest in education shown in the Farmers' Institute and we look forward to a bigger and better Institute next year.
Supt. P. M. Whitehead.
