Cal Stewart

Manager Retzman has an excellent attraction at the Orpheum, Thursday May 9th, in the person of Cal Stewart, the original "Uncle Josh" of phonograph record fame. There is no question about Mr. Stewart being a great character actor and entertainer in his unique style of work. His impersonation of a good hearted whole-soul inhabitant of the rural district is indeed splendid and he keeps his audience roaring with laughter. Cal Stewart is known as "the village story teller." He looks and acts the part in perfect fashion and he has probably told his funny stories to more people than any other living man. He has made more talking machine records than any other man and they have been sold by thousands wherever English is spoken. Cal Stewart in his makeup is a typical good-natured old farmer. Gypsy Rossini and her violin are greatly appreciated. Her selections are very beautiful and her technique superb. Her part of the evening's program is well worth seeing. She plays a number of fine violin selections being an artist of exceptional ability. Marjorie Stewart comedienne and pianist, is one of the best known "Sis Hopkins" entertainers and her number on the program is greatly appreciated.

America Must Face the Truth About Shoes
Conditions That Reach Every Home

MANY makers who never used substitutes for leather before are doing so today. But notwithstanding this, there are others who, like Selz, still build their shoes of all-leather.

All-leather shoes uphold America's aims of true economy and unimpaired service. This is the reason we offer Selz Shoes to the public and this is the reason you should wear them. We could make more profit on leather substitutes but could not make as many friends for this store.

In the whole footwear market-place there is nothing handsomer than fine, soft leather, attractively fashioned as in Selz styles. And nothing is stronger or more comfortable.

This is headquarters for Selz Shoes. Right now—we are showing new models in attractive leathers. Come here and be fitted.
