

ORLEANS COUNTY MONITOR

PUBLISHED WEEKLY AT BARTON, VERMONT. WALLACE H. GILPIN, EDITOR AND PUBLISHER.

TERMS—When Paid Strictly in Advance \$1.50 a Year. In asking for a change of address, always state where your paper is now sent.

"I told you so." Which day are you going to the fair? We are going all four.

Killing people here and having fun in Russia are one and the same thing.

Clement said there was too much Proctor in this state. Apparently there was—for Clement.

Thank heaven it's over. And now after the fair our readers may expect the MONITOR to resume its normal mind and matter.

Orleans county will have an efficient corps of legislators in the house and senate this year. Not all of her men of oratorical power but they are men who will vote and vote right without fear or favor.

One voter came from Wells River to Barton to vote the town and state ticket. Others living within the village limits could not be induced to vote. Which man do you most highly respect and revere? It is for the reader to decide. We for one honor the man who places the duty to vote among the foremost duties of life.

The editor had the privilege last week of driving through the towns of Brownington, Charleston and Morgan and we congratulate the people in those towns on the general look of prosperity prevailing nearly every field and farmhouse. Crops are being harvested, the barns are full, the stock is sleek, the children are entering upon another year in the school and the farmer meets you with an air of independence found only in the prosperous. No man who has ever driven through the Missisquoi, Black, Barton and Clyde River valleys will dispute the statement that Orleans county is the banner county when it comes to farming.

This office is in receipt of a booklet, "Beautiful Willoughby," published by D. W. Hildreth of the Express and Standard, Newport. The book has a short history of the lake, a word regarding the scenery about it and many views of the lake and adjoining landscape. Withal the book is well gotten up and pays a heretofore missing but deserved tribute to this lake, "The Lucerne of America." This is the second brochure of this kind Mr. Hildreth has published to further the advertising of the beauties of Orleans county, the other being "Beautiful Memphremagog," published last year. Barton through her Development Association is issuing a fifty page brochure containing about 100 views of Crystal Lake, Barton and surrounding territory. The book is now ready for distribution and we leave the purchaser to pass judgment on its good qualities. This is another effort to help in the work of getting Orleans county advertised and known as the "Summer Resort County."

The Holiday Week of the Year. The Sixtieth Annual Fair of the Caledonia Co. will be held Sept. 13, 19 and 20 at St. Johnsbury, Vt. The Boston & Maine Railroad, appreciating the fact that this fair has grown so rapidly of late, will offer very attractive rates to those desiring to attend. The 60th Annual will eclipse all other fairs attempted here. The greatest live stock exhibition of Northern New England for three days. Cavalcade of cattle. Pulling matches of oxen and steers. Exhibition of gentlemen drivers and matched pairs. Large stake and class race purses. There will be sensational racing each day. Our track, which is considered a fast one, has been put in fine condition. Increased agricultural and horticultural exhibits. High class specialties each day. Double the amount of money expended in this department. Trotting Moose, Homing Pigeons, Troop G, 15th U. S. Cavalry, Japanese Troupe, Golden Gate Quintette of Melody Makers, Precocious Baby Mabel and her trained animals (an act for the children). In all 100 people have been engaged to amuse you. Mr. Fred W. Clement, soloist and leader of the Worcester band, the official band of the Massachusetts Naval Brigade, has been engaged to lead the St. Johnsbury band and will be in attendance each day. Demonstrations of all kinds of farm and dairy machinery daily. Large new shed built to accommodate our increased exhibit in this department. Remember the dates, September 13, 19 and 20. See small bills for program and particulars.

In these days of rush and hurry courtesy is often forgotten. So the mild, pell mell rush of our little things are done to offend that we rather remained undone. A hasty eaten meal and its resultant headache may cause as social or financial loss. The wise man or woman is the one who carries little pills of this sort by a little dose of Kodol Dyspepsia Cure. It digests what you eat and puts your stomach back into shape. Sold by Fred D. Pierce, Barton; F. C. Kinney, Barton Landing.

ONLY ONE FUSION COUNTY.

Proctor Elected Governor by 14,724 Majority. Largest County Majority for Proctor in Orleans.

Tuesday's vote decided the most interesting and exciting political campaign in Vermont for many years, Fletcher D. Proctor, the republican candidate for governor, scoring a victory over Percival W. Clement, the fusion candidate, by a majority of 14,724, there being a very light prohibition and socialist vote.

The total state vote was about 69,500, Proctor getting 42,000, Clement 26,500 and the scattering about 1000. Clement lost ground in nearly every town in the state over the vote of four years ago when he ran for governor, some towns flopping from strong Clement towns in 1902 to strong Proctor towns in 1906. Only 22 towns and cities out of the 246 in the state went for Clement. They were the cities of Burlington, Rutland, Barre, Montpelier, and St. Albans by very small majorities, the towns of Bennington, Dorset, Pownal, Sunderland, Colchester, Guildhall, Maidstone, Fairfield, St. Albans town, Braintree, Castleton, Fairhaven, Wallingford, Wells, Middlesex, Guilford, Bridgewater, and in Grand Isle and Roxbury the vote was tied.

The returns from election giving the representatives show that the house will be as usual strong republican, about 190 towns electing republican representatives, 40 democrats, 7 fusionists and the rest scattering. Many hot fights over the representative question are reported. No county, with the single exception of Bennington, elected fusion officers and only two on her fusion ticket won.

The county of Bennington went Clement by only 45 votes and every other county went strong for Proctor, there being a general falling off of the Clement vote over four years ago.

Orleans county polled a big vote and gave Proctor a larger majority by nearly 1000 votes than it gave McCullough in 1902. The majority this year was 2413 and in 1902, 1402. The total vote of the county this year was 4139, four years ago it was 3912 and two years ago 4132. Clement polled 20 more votes in this county than he did four years ago. Orleans county gave Proctor the largest county majority in the state. Addison county comes next with a majority of 2352.

Orleans county elected one democratic representative, J. R. Kirkpatrick of Newport. The senators and other county officers received a large vote, there being no opposition. The state ticket outside the governor run well, although it fell behind its ticket by several votes.

The returns in this county and the summary of the state returns as given to the press are as follows:

Table with columns: Prec. Clem., Town, Representative. Lists names and vote counts for various towns like Albany, Barton, Brownington, etc.

Totals 3276 843. Scattering 20, majority for Proctor, 2413.

\*Only democratic representative elected from Orleans county.

SUMMARY BY COUNTIES. Table with columns: Prec., Clem., Han-, Sull-. Lists totals for counties like Addison, Bennington, Caledonia, etc.

Totals 42107 26404 590 389. Proctor's plurality, 15,703. Proctor's majority, 14,724.

The following is the state, dist. and county ticket as elected: Fletcher D. Proctor, for governor; George H. Prouty of Newport, lieutenant governor; Edward H. Deavitt of Montpelier, treasurer; Frederick G. Fleetwood of Morristown, secretary of state; Horace F. Graham of Craftsbury, auditor of accounts; Clarke C. Fitts of Brattleboro, attorney general; Kittredge Haskins of Brattleboro, representative to congress, 2d district; Charles E. Coruth of Charleston, Homer H. Somers of Irasburg, senators; William S. Robbins of Derby, Amory Davison of Craftsbury, judges of county court; Edwin A. Cook of Newport, state's attorney; Lorenzo D. Miles of Newport, sheriff; Frank E. Alfred of Newport, judge of probate; Eben K. Lord of Morgan, high bailiff.

Kodol Dyspepsia Cure. Digests what you eat.

STATE NEWS.

Two Boys Taken on Charge of Burglary. Two boys, aged 19 and 14, were arrested in Barre Wednesday on the charge of breaking into and taking goods from the store of Reynolds & Son. They took five revolvers, forty knives and some other material.

To Meet in St. Johnsbury. The fifth annual meeting of the Vermont Electrical Association will be held at St. Johnsbury, Vt., September 12 and 13, 1906. This year the executive committee have decided to combine business and pleasure and to that end have engaged Lake Park with its picnic grounds for the ending end of the programme and if weather permits the first day will be given to this purpose. The executive committee have made plans for a good time for everyone and expect the largest attendance.

Big Celebration in Proctor. On Wednesday evening after the election of Fletcher D. Proctor as governor of the state all the citizens of the town of Proctor turned out to a sort of a jubilee held about Proctor's house at which two bands played. The whole town was strung with Japanese lanterns and electric lights and nearly every house was floating bunting and a big bonfire was built on the hillside. This demonstration of pleasure was not thought of till noon of that day and was carried through by the young men of the place with excess.

Clement Makes Statement to Supporters.

Clement issued the following statement to his supporters Thursday: "You have made a gallant fight for better methods of state government for economy in state expenses, and for honest politics, and I wish to thank the great army of Democrats and Independent Republicans who have made these issues their own and have devoted time and money for the purpose to bring them before the people. And particularly I wish to thank the members of the state, county and town committees and the corps of gentlemen who have been upon the platform for their efforts in behalf of these reforms. We have met with defeat." "We have only succeeded in cutting down the usual Republican majority from 35,000 to 15,000 but we have made a clean campaign and stand ready, as did the license local option party in 1902, to show in the minutest detail the expense of it. Under these conditions defeat is not without honor."

LETTER TO C. GILMAN, BARTON, VT.

Dear Sir: We shall feel obliged if you will write us how you came out on your first few jobs Devoe, as to gallons expected and used.

Take Job A. You made your price, expecting to use 25 gallons Devoe and used 15. Job B. You expected to use 15 and used 10. And tell us what paint you had used before. Of course, you judge Devoe by what you have used before. Here's how a few came out: Mr. A. Thomas, painter, Lynchburg, Va., writes: My first job with Devoe I estimated 37 gallons; it took 29. Since then I have used nothing else. C. S. Edwards, Raleigh, N. C., had used 30 gallons Devoe on his house, and bought 30 gallons Devoe. A. E. Glenn, painter, said it wouldn't be enough. Had 16 gallons left. Mayor W. W. Carroll, Monticello, Florida, writes: Painter estimated 35 gallons for my house; took 29 gallons Devoe. Gilmore & Davis Co., contractors and painters, Tallahassee, Florida, say 2 gallons Devoe spreads as far as 3 of any other, paint they know and covers better. S. A. Ballard, painter, Sanford, Florida, estimated 50 gallons for Old Fellows and Masonic Halls; they took 28 Devoe. Jones & Rogers, Merkel, Texas, estimated 10 gallons Devoe for Mr. Pratt's house and bought 5 gallons for first coat; it painted two coats. Erb-Springall Co., San Antonio, Texas, painted two houses same size for D. J. Woodard, one lead-and-oil, the other Devoe. Devoe cost \$12 less for paint and labor.

Tom Massey's painter, Walnut Springs, Texas, estimated for his house 10 gallons Devoe; he had 4 left.

You see how it goes. Even the best painters can't guess little enough at first. Yours truly, P. W. Devoe & Co., New York.

P. S. E. W. Barron Co., Barton; Twombly & Colton, Barton Landing; F. H. Pierce, Albany; and Sears & Russell, Irasburg; sell our paint.

Word Fashions. The history of the word asparagus shows how, even in the days of dictionaries, word fashions change. In the eighteenth century, even in elegant usage, the delicacy was regularly called "sparrow grass." A dictionary of 1791 says that "sparrow grass" is now so general that "asparagus" has an air of stiffness and pedantry. "Sperage" had been the usual English form in the sixteenth century, but in the seventeenth herbalists brought back the original Greek and Latin spelling "asparagus." Peys varies between "sparrow grass," "sparagus" and "sparague." No doubt the eighteenth century relapse was the last, and the "a" is back for good now.

Church Notes. The finest city and village churches are painted with the Loggman & Martinez Paints, and we want every church to accept our donation whenever they paint. 8 and 6 make 14, therefore when you want fourteen gallons of paint, buy only eight of L. & M. and mix six gallons of pure Linseed Oil with it, making actual cost of paint about \$1.20 per gallon. Don't pay \$1.40 a gallon for Linseed Oil (worth 60 cents) which you do when you buy other paints in a can with a pat label on it. Many houses are well painted with four gallons of L. & M. and three gallons of Linseed Oil mixed therewith. Wears and covers like cold. These Celebrated Paints are sold by E. C. Pierce.

VALUE OF SEAWEEEDS.

The Use of Irish Moss as a Food and a Medicine.

Irish moss is used as a foundation for many desserts in the dietary kitchens where especial dishes are prepared for invalids. An authority on the question of seaweeds states that scurvy, the dread of sailors, caused by the absence of potash in the salt meat which forms a part of every ship's provisions, would be ameliorated by the liberal use of sea moss jelly, which is rich in potash. Irish moss has always a place in the medicine chest of the old fashioned housewife, who pins her faith to its healing properties for colds, sore throats, etc. On the coast where the moss is gathered and also in the majority of Irish families the moss is boiled, strained, boiled again with lemon juice and sugar, until it is of the consistency of sirup. It is taken hot, a teaspoonful at a time, and is said to be a very good remedy for the maladies referred to. The Indians use the ashes of seaweed for granular swellings. It is also used by the Chinese, and so highly is it prized by them both as a medicine and a food that it is gathered in some parts of the Pacific coast, principally at Monterey, and sent back to China.

The supply of seaweed of every description seems inexhaustible, as that pulled or reaped from the rocks is replaced by another and a more luxuriant growth the following year. On the Atlantic coast it is harvested only during the months from June to August, but at Monterey it is gathered every day all the year around.—Leslie's Weekly.

CATARH CANNOT BE CURED

with local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free. F. J. CHENEY & Co., Props., Toledo, O. Sold by Druggists, price 75c. Take Hall's Family Pills for constipation.

THE NATIONAL FLAG.

No Possession of a Country More Loyally Loved and Revered.

There is no possession of a country which is more deeply revered, more consistently loved or more loyally supported than its national flag. In our country is this especially true, for in that one emblem are embodied all the principles which our forefathers upheld, all the benefits of a century and a quarter of enlightened progress and all the hope and assurance of a promising future. The stripes of alternate red and white proclaim the original union of thirteen states to maintain the Declaration of Independence. Its stars, white on a field of blue, proclaim that union of states constituting our national constellation which receives a new star with every state. Thus the stars and stripes signify union and "in union there is strength."

The very colors have a significance. White stands for purity, red for valor and blue for justice, together forming a combination which it is our inherited privilege to honor and uphold.

It is not the flag of a king or an emperor of a president. It is the flag of the people, brought into being by their will, defended when necessary by their patriotism and to which they turn for protection in time of danger. No matter into what parties our people may be divided, due to political beliefs and leanings, they all stand united under one flag. It is the emblem of unity, safety and faith.—St. Nicholas.

Logical.

She—I think we should be able to live nicely on \$3,000 a year. He—But my salary is only \$2,000. She—I know it, dear, but my clothes come to \$1,000 a year, and I have enough now to last for the first twelve months.

A bath cleanses the skin and rid's the pores of refuse. A bath makes for better fellowship and citizenship. Not only should the outside of the body be cleansed, but occasional use of a laxative or cathartic cleanses the bowels and clears the system of effete matter. Best for this are Dewitt's Little Early Risers. Pleasant little pills that do not grip or sicken. Sold by Fred D. Pierce, Barton. F. J. Kinney, Barton Landing.

SIMPLE CATARRH REMEDY

Take a Hyomei Treatment Four Times a Day and Be Cured.

Hyomei has performed almost miraculous cures and is to-day recognized by leading members of the medical profession as the only advertised remedy for this disease that can be relied upon to do just what it claims.

Until recently your physician would have said the only way to cure catarrh would be to have a change of climate, but now with Hyomei you can carry a health-giving climate in your vest pocket and by breathing it a few minutes four times a day, cure yourself.

The Hyomei treatment is simple and easy to use. It destroys all catarrh germs in the air passages and enriches and purifies the blood with ozone. When using Hyomei the air you breathe will seem like that on the mountains, high above the sea level. A complete Hyomei outfit costs but \$1.00, extra bottles, 50c. If it does not give you satisfaction, Fred D. Pierce will refund your money. You run no risk whatever in taking this reliable treatment.

Do Not Forget

That The Travelers Life Insurance Company is one of the best. That they write all the up to date contracts. That P. L. Webster is agent. That he would like to tell you about it. That his address is Barton, Vt. That you would do well to call on him.
