World Famous Pianist at Glover.

Miss Adela Verne, an English pianist of world fame, is spending her summer vacation at Glover. She has as yet appeared before American audiences but a few times and is here for next season. She is considered one of the most wonderful pianists in the world and where other artists received but a few lines of comment in musical magazines she received columns. We

Manager Aldrich Takes Exceptions.

Mr. Editor: I deeply deplore the Monitor "write-ups" on the games in which the Barton team has been defeated by Barton Landing. People outside Barton village look upon them as of the "cry-baby" order, this attributing of Barton's defeats to its own umpire, to "off-day" of its pitchers &c. &c.

The players on the Barton team do not so attribute them, and they are too good sportsmen ball players to relish any such unworthy excuses.

These "write-ups" have had the effect of making the whole county desirous of seeing the Barton team trimmed, and are deplorable on that account and unjust to that team.

Your last issue states that "Barton insists" &c. (something about regular men), and then takes it all back.

Any person or organization supporting a ball team has the right to strengthen that team at any time. From the American League down, this right is recognized everywhere in baseball. There is an exception only when, in a special series, there is a contract to play on a team only certain players. The great advantage of playing "regular men" is too well known to require comment.

But the nub of the matter is this: that the people of Orleans county wish to see the question of superiority of these teams settled on the ball field, not in the columns of the Monitor. Let's cut out the excuses and play ball!

W. R. ALDRICH.

Barton Landing, Vt., August 14, 1908.

Warm Representative Fight Predicted.

With five candidates up for representative from Barton there promises to be a fairly close and warm fight. In the order in which candidates announced themselves they are as follows: G. A. Drew, J. W. Murkland, J. N. Webster and N. M. Lewis, republicans, and F. C. Browning, democrat. Mr. Drew announced his desire early and has done considerable work. Mr. Murkland and Mr. Webster announced themselves later and at about the same time and Mr. Lewis announced himself quite recently, and ordinarily the democratic ticket has little show in Barton. No caucuses were held but the names filed. All these men have the respect of the community and many voters find it no easy matter to decide whom they should vote for. It is however the duty of every voter to go to the polls on September 1 and vote the state, county and town ticket. See that your name is on the check list, and then VOTE.

copy below what is said by the Musical Leader and Concert Goer under the head of "An Amazing Pianist," about Miss Verne's playing before the meeting of the New York Music Teachers' association. Nearly as much space is given to her playing as to all the rest of the players, of whom there were many world famous people. It is understood one of the ladies' clubs of Barton is thinking of getting her here for an entertainment the first of October if possible, before she returns to New York for the season. If she is secured Barton music lovers and those from all this section of the state will undoubtedly take advantage of seeing and hearing Miss Verne. It will be an honor seldom coming to a town the size of Barton. The report says:

"Whatever else the New York association may be debited with, there will always remain to its honor the credit of presenting Adela Verne to the Eastern public and it can be stated without reserve that here is the most amazing woman pianist that America is likely to see next season or for many seasons ahead. She created a veritable sensation at the concert which closed the session.

"For versatility of powers and

Talks With Subscribers

Mr. Phillips, the Monitor agent, will work in Craftsbury, Greensboro and vicinity.

We shall conduct this department till October 1, the date on which all papers not paid for in advance will be stopped. We have several times called attention to the fact that a new postal ruling made it necessary for us to adopt the pay in advance system and October 1 is the date. All our relatives, friends and enemies, rich or poor, must pay up or have their paper stopped. This means everyone and there is absolutely no exception. This is done not because we do not trust you but because the law arm of the postal law says to the publisher that the mails shall not transport at the second class rate to parties in arrears. That's all there is to it.

BARTON BASEBALL NOTES

Barton Played Fine Games not Previously Reported Winning Three

It is somewhat surprising to us to have the small crowds which we had at the Woodstock games, on neither of the days did the crowd exceed \$30.00 and we would like to have our patrons see some of the crowds we are drawing at Derby Line and Woodstock when we play here. It is not possible to run a team such as we have this season unless the whole town is interested and will give us their support, and in the Woodstock series it is deplorable from an outside standpoint as well as from financial reasons not to have a large attendance

The game with Frontiers Saturday at Derby Line was probably the most exciting contest of the season. The Frontiers were certainly a somewhat mixed aggregation that day, having five of Barton Landing's best men, the game started with Thomas in the box for the Frontiers but he was relieved by Hunt in the sixth inning, when our boys landed hard and the game was over, 8 to 5. Wilder did the pitching for Barton and except for the long drive by Nutting in the fifth was very effective and grew stronger and better throughout the game. We were at a loss at times to know just what team and under just whose management we were playing as the manager of the Barton Landing team at times threatened to stop the game on account of what he considered poor umpiring.

Barton baseball team met the Woodstock team at Athletic park Wednesday and Thursday of last week. The first game Barton won in the 10th inning. Wilder pitching good ball from the first inning and apparently growing stronger each inning, almost perfect fielding by both teams made scores a minus quantity and at the beginning of the 10th the score stood 1 to 1. Webster however was able to connect in the 10th and scored a man from third, winning the game. In the second game Barton had one bad inning, allowing Woodstock to cross the plate four times and that with a home run in the sixth was too great a lead for Barton to overcome, however they made a good rally and tallied three times. Bishop was hit hard in one inning, aside from which he did good work.

Newport offered the surprise of the season to Barton on Friday when they took the game 5 to 1. Heath did the box work for Barton and was invincible for eight innings but in the ninth Newport was able to connect for consecutive hits. Harrington for Newport pitched a splendid game and we were unable to hit him safely.

The game yesterday with the Frontiers resulted in an easy victory for Barton by a score of 9 to 1. The one run was a result of a bad error. The game should have been an easy shut out for Barton but loose playing was a feature of both sides. Barnicle, Barton's new twinner has sowed good form. The score follows.

We shall all want to go to Barton Landing when Greek meets Greek, which is Saturday.

The score of the first Woodstock game played here on this trip will be found on page two of this paper.

Barton Academy and Graded School.

The Barton academy and graded school opens Tuesday, Sept. 1, in the new building, with the following corps of teachers: H. J. Stannard, principal and superintendent; C. L. Erwin, assistant principal; Kate Ferrin, preceptress; Maude H. Macomber, Crissia B. Renfrew, Gertrude Chandler, Mrs. Katherine Jennings and Theda L. Wellman, grade teachers; and C. E. Buswell has been appointed truant officer and janitor of the building. A glance at the corps of teachers is sufficient to show that while Barton has expended \$40,000 in a new and modern school building in every respect, the matter of teachers has also been carefully considered and no expense spared to secure the very best instructors possible to obtain. Mr. Stannard is considered one of the most practical and thorough teachers in the state and has been offered the principalship of high schools in some of the largest places in the state. Mr. Erwin is another experienced instructor and one whose best effort is always directed to his school. Miss Ferrin is a born teacher and her experience also equips her for thorough work. The grade teachers all come to the school with a known reputation as teachers, and nothing but the highest class of work is expected in all grades. The academy catalogs are out and original with this school. The announce several special features first and most important is that of practical talks by local physicians on matters pertaining to health. Dr. Pearson will talk on the care of the teeth, Dr. Prime on tuberculosis, Dr. Nichols on colds, Dr. Hastings on emergencies, Dr. Blake on digestion, and Dr. Dussault on hygiene in the construction of houses. The dates of these talks will be announced later. It is expected local attorneys will also give talks on civic questions during the spring term. Instruction in elocution will be continued by Miss Ferrin, and a debating club will be organized with meetings held under direction of the faculty. Every part of the work has been brought down to a thoroughly practical, and not alone book and theoretical, basis. The school board are to be congratulated on their efforts for the best and the work of the school will be watched with much interest the coming year. Let us all resolve to attend the school.

Hunt 6; struck out by Wilder 11, by Thomas 4, by Hunt 4; double plays, Heath to Kelley to Ashmore, Heath to Ashmore, wild pitches, Thomas, Hunt; passed ball, Leonard; hit by pitcher, Ashmore, Leonard; hits off Thomas 5 in 5 1/3 innings, off Hunt 5 in 6 2/3 innings; stolen bases, Barrows, Heath, Webster, Porter, Leonard, sacrifice hits, Kelley 2, Barrows, Heath 2, Webster, Berry; time of game 2 hours 42 minutes, Umpire Campbell.
