## MISS FISK ABROAD.

About four o'clock on the morning of May 20th we, Mrs. Guild of Coventry and myself, left home on a very, to us, wonderful trip across the ocean, to the great World's W. C. T. U. convention at Glasgow. At the depot at Orleans came a tedious waiting. At Newport came another tiresome waiting. We could not help thinking, "Is this a specimen of the way our trip will be throughout?" But it was not so. Our trip was remarkably free from such annoyances. There were so few, that they were forgotten in the quick thought of how many things were fully as good, often even better than we had looked for. Arriving at Montreal we repaired as directed to the Queen's Hotel. Here we met strings on just like yours." By the advice of one of my friends who had attended the last W. C. T. U. convention across the water, I had a large white bow sewed on my jacket and another on my raincoat and a small one on my waist. Here we were gathered ladies all along from California to Vermont, till there were one hundred and thirty of us. Some of us did not care for a hearty dinner so we went into a restaurant and had a light supper, ere we started for our boat, the Canada.

You will recall that this was the date when England and her dependents.

### Fatal Fall from Load of Hay.

The northeast part of the county was both shocked and saddened by the death of H. E. Bean, which occurred at Mr. Bean's Center, Wednesday, August 17. Mr. Bean was working in the field and fell from a load of hay. Help was summoned but when they reached him he was unable to speak. The funeral services were held at the church, Rev. M. L. Ames officiating. There were many floral offerings and much sympathy is felt for the wife so suddenly bereaved. He will be much missed in the church services at Mr. Bean's Center, where he was a faithful attendant. He also leaves a brother and a large circle of friends.

### M. W. A. Field Day.

The annual field day of the M. W. A. of Island Pond, East Charleston, West Charleston, Derby, Holland and Morgan camps will be held in Carrell's grove at Morgan Center, Thursday, Sept. 1st. A good program, including a ball game between teams from the various camps has been arranged and a good time is expected.

## CRYSTAL LAKE REGATTA

Fifth Annual Event of Le Beau Lac Boat Club Scheduled for Friday at Barton.

The fifth annual regatta of Le Beau Lac boat club of Barton, to be held on Crystal Lake, is set for Friday and the usual rowing, paddling, swimming, diving, motor boat races and other water sports will take place beginning at 1:30 p. m. The usual dance given by the club will be held at the club house in the evening with Powell's orchestra furnishing music. The dance is 75 cents per couple. While the regatta has been planned somewhat hurriedly, the experience gained in putting on such things in the past warrants a success this year. An admission price of 15 cents will be charged this year which entitles one to a ribbon badge which is to be pinned onto the clothing and worn during the afternoon. This badge not only serves as a fine souvenir of the occasion to take home but its presence shows the wearer to be a friend of the club and willing to pay 15 cents for a 25 cent show. This badge admits to everything during the afternoon, except the grandstand which is 10 cents extra, even the great ball game between the fats and the leans, which alone promises to be worth a dollar bill. The make up of the two nine's warrants scientific hitting, fielding and base running from start to finish.

The Monitor would not like to divulge any secrets of the game but we have gathered much information on the side which we feel called upon to speak of here that no advantage may be taken by either side. Tuesday morning we were informed that three of the lean team were seen in a back pasture practicing difficult stunts in fielding and base sliding with wonderful success. It was said that nothing can get by the leans in field and that anyone on first the rest of the bases will be easy meat for them. We have been assured also that Mr. Seaver of the leans has been practicing night and morning behind the barn and is in fine trim. Messrs. Lang and Zimmerman we have been assured are spending an hour daily in the basement of a building nearby and the battery for the "lanks," Pillsbury and Barrows, are said to be in shape for a 30 inning battle if necessary. Other members of the "skinny" team are dieting, and we are confident that other members are putting in telling work in secluded spots.

The "fats" are apparently putting in their practice on the stick. Pierce has had to get a new consignment of bats, as all that were in stock have long since been used for kindlings. This consignment is of extra size and weight. A spring gun arrangement has proved futile in the attempt to find speed the "porkers" will not be able to hit, and as for curves, a ball with a piece of lead weighing an ounce in one side so that when thrown the ball follows a course much like that of a cork screw appears to be nothing for the heavy weights. Bill Heath we hear has ripped the cover off more than a score of balls and Prof. Stannard and Dr. Blake have pounded an equal number so far out that they have never been found. We understand their practice is being carried on in a secluded pasture in Glover. Only one man on their side is said to be shaky, Fred Pierce. He has been seen to fumble one or two that were "right in his paws." The others are said to be in unusually good form. Umpire Warner has been heard by neighbors to practice the professional "s-t-r-k-t-u" and "b-a-u-n."

Charles Fuller of Boston, Mass., with a friend, Arthur Long, visited the first of last week his sister, Mrs. C. E. Buswell, Jr.

Gustav Asselin and sister Lorraine of St. Johnsbury were the guests of Mr. and Mrs. Frank Juras the first of the week.

Mr. and Mrs. Orville Drown of Washington, D. C., who have been visiting Mrs. Melvin Drown, left last week for their home.

Mr. and Mrs. John Colliston of Lyndonville have been visiting a few days at the home of Wm. Colliston and other relatives in town.

A Pilgrimage to St. Ann Beauré, Que., was made last Monday by members of St. Paul's Church, a good number taking the trip.

Charles Nutt of St. Johnsbury was in town last week visiting at John Sutor's where Mrs. Nutt has been stopping for some time.

James Comlin and William Bolt, who have been in the employ of the Roy, Asselin Granite company left last week for El Paso, Texas.

John Bouchard has had a monument set on his family lot in the Catholic cemetery. The Roy, Asselin Granite Company are doing the work.

Rev. W. B. Dukeshire attended the Bible school and camp meeting at Lyndonville the first of the week, being one of the speakers there Sunday.

Mr. and Mrs. H. E. Gray and family, late of Lowelltown, Maine, spent a few days with Mrs. Gray's brother, F. G. Story en route to their home in Concord.

There will be a special meeting of the Orleans Lodge, No. 55 F. and A. M., on Friday evening, Sept. 2nd. Work on the E. A. degree, three candidates.

F. B. Lang and H. A. Harding are in Morrisville this week where they have horses entered in the races held in connection with the Lamoille county fair.

To add to the general pleasure of the day Friday, "regatta day" the stores of the place will close in the afternoon as well as the library, bank and other places.

## Fun with Auto and Auto Dealers.

Glover people were recently furnished with no small amount of amusement at the expense of automobile dealers at home, and abroad. J. H. Stuart of McIndoes, agent for the Overland cars was put wise that a car of the right capacity might find a purchaser in Glover, but as usual, the buyers must be shown and a party of four was made up for a steep hill climb, and being assured that no hill was too steep for the Overland, the Mason hill was selected for the climb. Two attempts were made, each proving to be a failure. Mr. Stuart acknowledged his Waterloo, and quietly fell into retirement.

The G. H. Davis company, agents for the E-M-F "30" were apprised of the event and invited to take a try with their car, as several in town were interested in the E-M-F "30". Mr. Davis at once accepted the invitation, and on Friday at one p. m. was on hand with his usual courage. He selected a party whose combined weight totaled 962 pounds and started for the hill. The car never slackened during the climb and the party returned safely, reporting that apparently considerable more weight might have been carried.

A few hours later in the same day, Charles McGoff, representing the Goss company at St. Johnsbury, scented the game and appeared in town with a Regal "30", and not having inspected the renowned half mile course skyward announced that the Regal would on the next day, Saturday, at one p. m., make a record worthy of note—and it did. With a load consisting of four medium weight people it started on a tour of inspection prior to the official run. The Regal started in well but died long before the summit was reached. It was backed down the hill and finally refused to go at all. The passengers were carried to their respective homes by team and the car was towed to Barton to the Crystal Lake garage.

At this writing, the E-M-F has made a record that should appeal to buyers in this hill country, and Mr. Davis says that when the record has been beaten, he will try again.

## Meeting of the Orleans County Historical Society.

The annual meeting of the Orleans County Historical society will be held at the Goodrich Memorial Library in Newport, on Thursday. Several important items will be presented for consideration; also reports of the officers.

A number from here are going to Irasburg tomorrow afternoon to a C. E. rally there. Anyone wishing to go is requested to be at the Congregational church at 1 o'clock.

Rev. D. L. Sanford will hold Episcopal services in Woodman's hall Sunday August 28. Morning prayer and Communion at 10-45 a. m. Afternoon service at 3 p. m.

The Village Improvement society will meet with Mrs. O. H. Mossman Tuesday, August 30, at 8 o'clock. All members and those interested are requested to be present.

The following letters remain uncalled for at the postoffice. Please say advertised when calling for these letters. Mrs. Edith Barnes, Perley Baird, Alcide Gauthier.

At a church meeting Friday evening it was voted by the stewards of the M. E. church to thoroughly repair and redecorate the church and the work will begin immediately.

Eva Massie, the four year old daughter of Etienne and Evana Maille Massie, died Saturday morning. Funeral services were held at St. Paul's church Sunday afternoon at 4 o'clock.

Mr. and Mrs. C. E. Allchurch, who have been stopping for several days with Mr. and Mrs. Victor Hunter, left for Boston Saturday where they will spend some time before going to their home in Toledo, Ohio.

Dr. F. W. Clark of Brockton, Mass., was in town last week to attend the Clark-King reunion held at the home of Harley Paige. The Doctor was also the guest of his brother, George W. Clark over Sunday.

F. Chabot left for St. Johnsbury Saturday to get Mrs. Chabot, who has been in St. Johnsbury hospital for treatment since July 1st. Her many friends will be pleased to know that she is much improved.

The regular meeting of the L. T. L. met at the school building August 18. The lesson we must put good material into our bodies if we want them to last was read and discussed after which the usual program was carried out.

Mr. and Mrs. A. A. Larabee left Saturday for North Hatley, Que., where they will stop a few days with Mrs. Larabee's parents. Miss Mildred Larabee, who has been stopping some weeks there, will return with them.

The Vermont Butter Tub Company omitted the half-holiday Saturday afternoon, which it will continue to do in the future. This has been made necessary on account of an increase of business which of late has come to that company.

The Glover Cornet band will give the regular open air concert in the Park on Saturday evening, and the Barton Band will go to Glover on Tuesday evening to return the honors of the occasion. Programs will be out the last of the week.

The Hupmobile, the new runabout E. E. Flanders has in town, is certainly a little peach, and takes the eye of scores whom we have heard speak of it. It is a 20 horsepower four cylinder machine with lots of speed and class. He has sold one to W. E. Saw-

## TRAIN WRECK KILLS SIX

Central Vermont Trains Meet Near Northfield in Head-on Collision and Six Men are Killed.

Six trainmen were killed and others injured in a head-on collision between two freight trains at Northfield Sunday morning. To add to the horror of the wreck a tank car burst and the oil ignited and burned the wreckage. Others were injured.

It is understood that the telegraph operator at Northfield had orders to hold the northbound freight there to let the southbound, which was made up of a locomotive and caboose, pass. He failed to get his signal board down in time and rushed out with his orders just as the heavy train made up of 35 cars went through Northfield at the rate of 30 miles an hour on a down grade. He made frantic efforts to attract the attention of those in the caboose but was unsuccessful and waited for the crash which came six minutes later.

At the rear of the long train was one car load of dynamite and one of gasoline. These were not derailed. The bodies of the men were taken from the ruins as soon as they were cool enough to be reached. The Northfield fire department was summoned and pumped water on the burning mass for several hours. In addition to the lives lost the damage to rolling stock and freight is estimated at \$50,000 or more.

### Pillsbury-Baldwin Go Sure.

The St. Johnsbury Republican under the head "New Factory Sure" says: "Work by the Commercial club in securing the entire subscriptions for \$50,000 of preferred stock of the Pillsbury-Baldwin company is nearing completion. Tuesday the solicitor only lacked \$4,500 of the full amount necessary. These are actual subscriptions. Several persons have signed their intention of signing but unless they sign between now and Saturday noon they will be too late. It is hoped every person who has any idea of investing in this stock will see the solicitor, Mr. Dodge, at once."

"The work of building the new factory will be begun immediately after the organization of the company is perfected. This will take probably about ten days' time after notice is given to the Barton company that the stock is fully subscribed."

yer of Orleans and expects other sales are all but closed.

Mr. and Mrs. R. M. Gilmour, Mrs. Elizabeth Gilmour, Mrs. E. S. Nelson and Mrs. J. P. Urrie were called to Craftsbury Thursday to attend the funeral of an aunt, Mrs. J. C. Anderson.

People going to the lake shore Friday to see the regatta events should remember to keep the road by Blood's and Redfield's and go out beyond the barn where they will find a street leading to the shore where the sports take place. This is the best route. The route by the club house is wet and should not be undertaken.

Work on the park improvements is progressing rapidly. The triangle with rounded corners has been graded several inches higher than the street surrounding it and a granite curbing has been decided upon. The blocks are being split and made ready and while the job may not be completed by fair time it will be well under way.

The Misses Glee, Gladys and Gertrude Chandler, who have been spending the summer at Old Orchard Beach, doing table work have engaged as teachers in the following places. Miss Gladys will teach in Brownington, where she taught last year, Miss Glee at West Stewartstown, N. H., and Miss Gertrude, a former teacher in Barton Graded school, has a position in New York city in Miss Lake's private school for girls.

The democratic candidate for town representative is E. B. Robinson, his name having been filed. The three republican candidates are busy and the situation is interesting to say the least. Mr. Robinson probably has little hope of being elected as only about 35 democratic votes were cast two years ago in Barton. If he runs ahead of this figure he may well be complimented as going ahead of his ticket.

Geo. H. Davis and family went to Montpelier Saturday in his E. M. F. 30 car to be on hand at the time the Munsey tour reached Montpelier. Mr. Davis had the honor of being on the reception committee of which Gov. Proby was chairman to receive this notable party of autoists. Mr. Davis also visited in Northfield and visited New Hampshire points in the White Mountain. Mr. Davis and Mr. Dyke were among the first to arrive at the scene of the terrible wreck in which six were killed at Northfield Sunday morning.

## CLARK AND KING REUNION.

The eighth annual reunion of the Clark, King and Kindred Families association was held at the home of Mr. and Mrs. Harley E. Paige on Park street, Barton, Thursday, August 18. Although the afternoon was rather damp, ample room was found in the house for all present and all seemed to enjoy the occasion. There were 128 present. The forenoon was happily spent in visiting and recalling old times. The basket dinner was a success. After the repast was over the president, E. W. Clark, called the company to order and after singing America, prayer was offered by the chaplain, Rev. A. B. Blake, H. E. Paige welcomed the company to his home in a few well chosen words. Everett W. Clark spoke of Vermont and her people, his speech was interesting and instructive. Anson C. Clark spoke of the King side of the association. His speech was interesting and well received. Remarks were also made by Rev. W. B. Dukeshire, Rev. W. A. Warner, Rev. A. B. Blake, in their usual pleasant and easy manner. N. A. Norton, Alphonso Pillsbury, S. N. Clark, L. W. Merriam, E. L. Clark responded to the call of the president by a few appropriate remarks, after which the secretary read a report of last meeting and the treasurer reported condition of finances. The meeting was interspersed with pleasant remarks by the president. A vote of thanks was extended to Mr. and Mrs. Paige for their kindness in opening their home to so large a crowd. Those coming from out of the state, were as follows: E. W. Clark, M. D., of Brockton, Mass., Everett W. Clark of Melrose, Mass., Miss Addie Clark of Washington, D. C., Portus B. Clark of Chelsea, Mass., Mr. and Mrs. E. D. Jacques and Miss Anna Mason of Boston, Mass., and Miss May Day of Beverly, Mass. People were present from Newport, Orleans, Barton, Glover, Sheffield, Wheelock, Lyndonville and St. Johnsbury. A letter was received from Mrs. Hattie Bassett, extending an invitation for the association to meet with her next year at her home in Rushmore, Minn., also a letter from George King, inviting the association to meet with him in 1911 at his western fruit ranch at Redlands, Cal., which he terms the Garden of Eden. The officers for the ensuing year, were as follows: president, Anson C. Clark; vice president, P. H. Skinner; executive committee, Orange King, L. W. Merriam, E. L. Clark; secretary, Mrs. E. L. Clark; treasurer, S. N. Clark; chaplain, Rev. A. B. Blake. Three members were added to the association.

E. C. Forrest has finished his labors for E. C. Drown and secured a position in the boiler repair shops at Lyndonville. Mrs. Forrest will join him there as soon as they get a tenement.

Mrs. B. C. Berry is entertaining in her cottage back of Crystal Lake. Among the guests are Mrs. W. C. Wildey of Boston, Mass., Mrs. E. J. Wheeler of Westmore, Mr. Berry spending part of his time with them.

Mrs. Emma Drown of Barton and Mr. and Mrs. Orville Drown from Washington, D. C., recently visited at G. I. Drown's and with other relatives and friends here.
