HOW GIRLS MAY AVOID PERIODIC PAINS

The Experience of Two Girls Here Related For The Benefit of Others.

Rochester, N. Y.—"I have a daughter 13 years old who has always been very healthy until recently when she complained of dizziness and cramps every month, so bad that I would have to keep her home from school and put her to bed to get relief.

"After giving her only two bottles of Lydia E. Pinkham's Vegetable Compound she is now enjoying the best of health. I cannot praise your Compound too highly. I want every good mother to read what your medicine has done for my child."—Mrs. RICHARD N. DUNHAM, 311 Exchange St., Rochester, N. Y.

Stoutsville, Ohio.—"I suffered from headaches, backache and was very irregular. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, and before I had taken the whole of two bottles I found relief. I am only sixteen years old, but I have better health than for two or three years.

I cannot express my thanks for what Lydia E. Pinkham's Vegetable Compound has done for me. I had taken other medicines but did not find relief."—Miss CORA B. FOSNAUGH, Stoutsville, Ohio, R. F. D., No. 1.

Hundreds of such letters from mothers expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished for their daughters have been received by the Lydia E. Pinkham Medicine Company, Lynn, Mass.

Graduation Newport High School 1912.

On Sunday evening, June 9 at the Congregational church, Dr. Lemuel H. Murlin, President of Boston University, addressed the members of the graduating class. Citizens as well as class members anticipated the treat in store for them and the church was filled to its utmost capacity.

The class day exercises of Thursday scheduled to be held on the lawn were held in School hall on account of rain. Notwithstanding the change in the program, the exercises were carried out successfully. The hall was appropriately decorated and well filled with interested friends.

Friday, June 14, was a beautiful day, the weather man handing out the best he had for the class of 1912. The closing exercises of the year took place in School hall, which proved hardly large enough for the audience gathered for this occasion.

Program: Music, Turcotte's orchestra; prayer, Rev. L. A. Edwards; "Some Famous Clubs, Past and Present," Ella Ramsdell; "Reclamation of Waste Lands," Maurice Wilcox; "Modern Treatment of Criminals," Lora Gladden; music, orchestra; "Slang, Its Use and Abuse," Emily Hamilton; "The Green Mountain Boys," Alfred Hunter; "New Zealand's Institutions," Eva Elliot; music; presentation of diplomas, Walter A. Dane; music, orchestra; concert, reception by graduates; graduation ball.

The work of the class both in class day and closing exercises, showed ability and much well applied effort, reflecting great credit upon the participants and their instructor, Miss Fulton their teacher of English in the school. Of the class of eleven members at least two, Miss Hamilton and Mr. Wilcox, will enter college in the fall, the former at Mt. Holyoke and the latter at the University of Vermont. Both will be admitted on certificate, as Newport academy, through the efforts of Prin. E. S. Watson, has recently been recognized as a preparatory school by the New England college entrance Certification Board.

Eva Elliot, the class leader will teach next year, while the other members are as yet undecided as to the course each will pursue. Of the High school as a whole, a few facts may be of interest. During the past term 76 pupils have been in attendance and the average attendance was a fraction over 95 per cent with less tardiness than for any other term of the year. Fifteen pupils were without absent marks, while four were absolutely perfect in attendance. The number of visitors for the year was 75. That the school is in good hands, as regards the teaching staff, there can be no doubt and all will probably continue in the service of the school another year.

Miss Marguerite Robinson, under whose direction the "Newrich Reception" was recently given here, is taking pupils for elocution and physical training. It would seem that talent like that of Miss Robinson might profitably be employed in our schools the coming year, if arrangements can be made for the addition of such a course.

A sermon appropriate to St. John's Day will be preached by Rev. L. A. Edwards at the Congregational church on Sunday evening, June 23, at 7 o'clock for members of the Masonic Fraternity, who will attend in a body. Members of Memphremagog Lodge and visiting brethren will assemble at the lodge rooms and march to the churches escorted by Malta Commandery.

A movement is afoot among progressive citizens to secure for this village the services of a competent tree surgeon. This is a move in the right direction. We have many beautiful trees and we have also some which are not beautiful, because of disease or broken limbs which should be attended to by an expert. The trustees have had spasmodic periods of pruning in the past, which have been productive of improvement, but this work might better be undertaken by one who makes "tree treating" his business.
