### A Pleased Savings Bank Depositor

There is no county in Vermont, indeed, hardly a town in the state, or a state in the Union, that does not make deposits in the Hyde Park Savings Bank.

The unprecedented growth of that institution is the result of two things: first, confidence; second, satisfaction with its management.

Everybody is well treated at that bank and everybody is satisfied.

Ask your neighbor who deposits there and see if he does not vouch for the truthfulness of this statement.

The meeting called for Friday evening, July 26, at School hall to consider the hotel proposition should be of interest to all who have the welfare of the village at heart, and it will no doubt be well attended. Our present hotel accommodations are inadequate to handle the summer business, at least, that now offers itself to us, not to say anything about a business that might come here if there was any chance. It seems that Newport's natural advantages only need the help of another good hotel to make of us a summer resort of no mean proportions. It means the bigger, better, busier town and community. Come out to that meeting and "loose up!"

In these days of high cost of living, a medicine that gets a man up out of bed and able to work in a few days is a valuable and helpful remedy. His example is worth following. F. D. Pierce.
