**Apollo Male Quartet Concert.**

The concert given by the Apollo  
Male quartet of Boston Monday eve-  
ning was another treat for the people  
of Orleans and for a good many who  
attended from out of town. The  
readings by Miss Marguerite Grace  
Robinson were very pleasing and en-  
tertaining. The singing of the  
quartet was of high order and the  
audience thoroughly enjoyed every  
number of the program. All four  
singers are such artists that it is im-  
possible to speak of anyone in partic-  
ular. This is the second concert that  
they have given here and both have  
been considered fine. "Where the  
River Shannon Flows" and the "Blue  
Danube Waltzes" are favorites here  
and every one enjoyed those two num-  
bers especially. The trio, Offen-  
bach's "Barcarolle", with Mrs. Con-  
ance as piano accompanist and Mr. Hemen-  
way playing the cello, was another  
number which gave great pleasure.  
The quartet responded readily to  
the many encores and gave some very  
amusing numbers. The whole pro-  
gram was a delight to lovers of  
music.

**Congregational Church Notes.**

The topic for the midweek service  
to be held tonight in the vestry is  
"Work and Joy." It is hoped that a  
goodly number will be present to  
participate in this meeting.

Rev. Mr. Warner of Barton will  
preach in exchange with the pastor  
next Sunday morning. Mr. Warner is  
most favorably known here and a cor-  
dial welcome will surely be extended  
him.

The Sunday school will meet at the  
close of morning worship. The les-  
sons are exceedingly interesting and  
with the passing of the vacation  
season we are all glad to see the  
classes well filled once more.

The C. E. service will be held at its  
usual hour, 6:30, from now on through  
the winter and the evening church  
service will be resumed Sunday. The  
topic for the C. E. meeting will be  
"Why and How to Improve the  
Mind."

The evening church services which  
have been discontinued during the  
summer months will be resumed Sun-  
day. The service will commence at  
7:15 and the first portion will be song  
service. Following this the pastor  
will preach a short sermon taking for  
his subject, "Going in to the King."  
This will be a practical presentation

est 43 miles. Mr. Cole will visit in

The first annual meeting of the E.  
L. Chandler Company band was held  
Wednesday evening, August 28, and  
elected the following officers for the  
ensuing year: Honorary president, E.  
E. Doe; vice president, W. D. Twombly;

All the village schools opened Mon-  
day morning with a full attendance in  
every room. Several out of town  
students who are anxious to attend  
the high school are having difficulty  
in getting boarding places. Those  
who would take student boarders are  
requested to notify the principal or  
trustees. The grading about the  
school building has been completed  
and there is every promise of some  
splendid lawns there. The physics  
laboratory has been moved to a room  
on the second floor where it will be  
easily accessible.

E. E. Doe attended a meeting last  
week of the directors of the Parker  
Young Company at Wilmington, go-  
ing by auto from Brattleboro. The  
party after looking over their lumber  
interests visited the great Power  
Company dam in Somerset. This dam  
is about 3000 feet long, 100 feet high,  
600 feet across the base and 60 at  
the top. The building of this will  
cost about two million dollars. Mr.  
Doe says that few Vermonters realize  
the vast wilderness that we have in  
the southern part of the state. The  
lumbermen have not made such in-  
roads in the forest as they have in  
the northern part. While the spruce  
near Deerfield River has been cut off  
in back in the mountains there are  
thousands of acres of virgin spruce  
forest.
