Republican National Ticket

FOR PRESIDENT William H. Taft of Ohio FOR VICE PRESIDENT James S. Sherman of New York

THE VOTE IN ORLEANS COUNTY.

Orleans county was the only county in the state giving Metzger, the progressive candidate for governor, a larger vote than any other candidate.

Another feature of the Orleans county vote is the size of the Barton vote compared with the vote of Newport and Derby, the other two towns in the county who have as large or larger check lists than Barton.

Troy gave the largest Fletcher plurality over Metzger, the vote being more than three to one for Fletcher.

The county cast nearly 1000 more votes this year than two years ago and one of the largest ever cast.

\$80,000,000.00 Lost Annually by Wage Earners.

Dr. Sadler estimates that about \$80,000,000.00 in wages is lost annually to the American people as a direct result of colds.

WHAT THE PAPERS SAY.

C. S. Phillips.

The taxidermist in Glover, who rolled out six bull moose into his door yard in honor of Roosevelt's passage through the village the other day, had both a sense of humor and a sense of propriety.

The Election Result.

The state election Tuesday indicates that for the first time in years there is likely to be a contest for the electoral vote of the state in November with the chances favoring the Roosevelt ticket.

These added to the Progressive vote would easily carry the state for Roosevelt but this basis of figuring is not wholly reliable for the reason that there were toward 40,000 stay at home votes Tuesday and these alone are enough to control the November result in this state.

Some of these stay at home votes did not come out because they did not like some one or more candidates on the Republican state ticket while others did not come out because, while they favor Roosevelt, they would not vote the Progressive state ticket because of the inexperience of its leading candidates in state affairs.

Vermont as a Barometer.

Whether one believes that Vermont is a political barometer or not, it must be admitted that the vote cast in the state election Tuesday is being looked upon the nation over as an indication of what the country will do in November.

But if one did believe in the barometer story, what would be the conclusions that would have to be arrived at honestly? The Progressives drew a bit by the Republican defection and polled a vote havior than usual.

Mrs. J. N. Hill, Homer, Ga., has used Foley's Honey and Tar Compound for years, and says she always recommends it to her friends.

Irassburg Man Writes Journal.

The following letter appeared in a recent issue of the Boston Journal: I have been a life-long Republican (twenty-three years a voter) and my father before me from the time the party elected Lincoln.

I have followed very closely in an unbiased way the three sides to this political "story" since last winter, and in the meantime suspended judgment until the last chapter should be closed.

The futile attempt of vile interests to scandalize righteous cause and the persistent effort of vile interests' apparent allies, the oily, hide-bound press, has had a directly opposite effect from which it was intended as far as I am concerned.

Let the new party go ahead and purge the country of 'bossism' (including its own party), by and with the aid of the man that "does things," then in the sunny future they would stand as good a show to have a President as we Progressives over the grave of the defunct Republican party.

Antoine Deloria, postmaster at Garden, Mich., knows the exact facts when he speaks of the curative value of Foley Kidney Pills.

STATE NEWS.

Going After Alleged Swindler.

Detectives in the employ of the Wood-Morgan agency have detained a man at Atlantic City, N. J., who is supposed to be Charles A. Hitchcock, who it is alleged by the state authorities swindled Rutland men out of more than \$20,000 by the sale of fraudulent stock in a casket factory located in Massachusetts.

Yeggman Receives Sentence.

At a special term of Orange county court held at Chelsea, the Hon. W. W. Miles presiding with the Hon. Warren L. Crafts sitting on the bench with him, Charles Cameron, alias Godfrey Adams, alias Johnsonburg Shorty, entered a plea of guilty to the crime of burglary and was sentenced to serve a term of not less than five nor more than seven years in the state prison at Windsor.

Y. M. C. A. at State Fair.

The Windsor county Y. M. C. A. committee, which in the past has done such splendid work in connection with the Vermont State fair, is arranging to extend its usefulness during the coming fair, to be held at White River Junction, Sept. 17 to 20 inclusive.

Tent on the fair grounds will contain an information bureau for the free use of visitors to the fair and all the other special privileges and comforts offered to the public last year.

The Committee will also conduct an Emergency Hospital under the care of good physicians and a competent trained nurse. This hospital will be marked by the Red Cross flag.

At the fair grounds everything is being put in readiness for the big event. Arrangements are completed for the proper accommodation of the big Morok Aeroplane which will fly each day of the fair and the stage in front of the grand stand has been prepared for the free attractions that will be shown every day.

Vermont's Largest Vote for Governor Since 1904.

The unofficial total vote of the state for governor reached 65,033, the largest in a presidential year since 1904. There was no election by the people, but a sufficient number of republican members of the legislature were chosen to insure the seating of Allen M. Fletcher of Cavendish in October republican state ticket.

Allen M. Fletcher of Cavendish, republican, 26,259. Harland B. Howe, of St. Johnsbury, democrat, 23,350. Fraser Metzger of Randolph, progressive, 15,800. Clement F. Smith of Morrisville, prohibition, 1,443. Fred W. Sutor of Barre, socialist, 1,181.

In 1910 the total vote for governor was: John A. Mead, republican, 35,263. Charles D. Watson, democrat, 17,425. Edwin R. Toole, prohibition, 1,044. Chester E. Ordway, socialist, 1,055. The republicans reelected both their congressmen, Frank L. Greene of St. Albans and Frank Plumley of Northfield. They are said to have carried 11 of the 14 counties and 187 of the 246 cities and towns.

The progressives prevent a people's choice of a republican candidate for governor, carried one county and 21 towns.

Advice to Boys and Girls

Save your pennies and send them to the Hyde Park Savings Bank.

That Bank receives either pennies, dimes or dollars.

Why? Because it wishes to encourage the children to be frugal and to have a little bank account of their own, even though the initial deposit is the smallest possible sum.

Children who commence an account on a penny, a nickel, or a dime, often grow into capitalists later on.

The way to become a capitalist is to commence now to save the pennies.

Find Relief in Lydia E. Pinkham's Vegetable Compound—Their Own Statements So Testify.

Platea, Pa.—"When I wrote to you first I was troubled with female weakness and backache, and was so nervous that I would cry at the least noise, it would startle me so. I began to take Lydia E. Pinkham's remedies, and I don't have any more crying spells. I sleep sound and my nervousness is better. I will recommend your medicines to all suffering women."

Here is the report of another genuine case, which still further shows that Lydia E. Pinkham's Vegetable Compound will be relied upon. Walcott, N. Dakota.—"I had inflammation which caused pain in my side, and my back ached all the time. I was so blue that I felt like crying if any one even spoke to me. I took Lydia E. Pinkham's Vegetable Compound, and I began to gain right away. I continued its use and now I am a well woman."

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
