# ETTOR PROTEST BY BIG STRIKE

All Workers of Nation to Be

## PLAN OF INDUSTRIAL WORKERS

Haywood Leads Movement to Call Upon All Trades, Men and Women, For a General Strike—Demand Etor and Giovannitti Be Either Tried or Released—Say A. F. of L. Will Not Respond

New York, Sept. 8.—In protest against the imprisonment at Lawrence, Mass., of Joseph J. Etor and Arturo Giovannitti since last Jan. 28, William D. Haywood, leader of the Industrial Workers of the World, has announced that on Sept. 30 all the I. W. W. men and women, in all trades, will strike and will issue a call to all workmen of America to strike.

He said the call will be printed at once in every possible language and that it will be directed to all classes of workers in all parts of the country, without specific regard to union or organization affiliations.

Haywood had just returned from Providence, R. I., where a meeting of the Etor and Giovannitti defense committee was held and plans completed for the protest strike.

"We are not acting hastily," said Haywood. "The labor world has been more wrought up by the imprisonment of these men than by anything in years. It is causing agitation in foreign countries as well as here. We all feel that it is now time to take the most radical step.

"These men are in jail and no date has ever been set for a hearing. They are scheduled to be railroaded to the electric chair. They are held because a woman was shot during the Lawrence strike, although witnesses were produced who swore they saw a policeman shoot her.

"The call will mean a walkout in the steel industry. We have positive assurance that the steel workers will respond. From numerous other sections we have positive assurance that the workers will go out.

"It will be a general strike of the laboring men of the country, demanding justice for two of their number, now held in jail without bail, denied habeas corpus and without a date set for their trial. We will demand their immediate release or an immediate trial.

"We are informed that the prosecution is planning to hold these men in jail still longer and not let their cases come to trial at the fall term of court. The feeling is bitter throughout the common laboring classes, especially among the foreign-speaking laborers.

"I believe that more than a majority of the common laborers, employed in our industries, are foreign-speaking people and it is because of this that we will print the call in all languages. At Lawrence we had to use thirty-two dialects. There were twenty-seven nationalities."

Washington, Sept. 8.—"Organized labor will not quit work in response to any call issued by William D. Haywood," was the statement of Secretary Morrison of the American Federation of Labor, when told of Haywood's threatened strike call to all American workmen, including the Industrial Workers of the World.

"I am quite sure that no member affiliated with the American Federation of Labor will have anything to do with Haywood's suggestion," said Morrison. "Certainly they will not strike in response to his call.

"Organized labor, as typified by the American Federation, is not following the leadership or suggestion of Haywood or any of his ilk."

The refreshments and the manner of serving were very fine and the ladies enjoyed the change exceedingly, and earnestly hope that the men will want to take this duty off their shoulders frequently.

## WILCOMB-FRASIER.

A large company of people gathered at the home of F. H. Frasier Thursday evening to witness the marriage of his only daughter, Mildred Estella, to Archibald D. Wilcomb of St. Johnsbury. The house was beautifully decorated with evergreens, ferns and flowers, the colors used in the principal rooms being lavender, pink and white. The bay window, where the bridal party stood, was banked with solid green and was spanned by an arch of the same, at the ends of which were large bouquets of white asters. Bouquets of roses, carnations and asters were placed here and there about the parlors. The dining room was very pretty with decorations of pink and white sweet peas and ferns and the chambers, halls and serving room were made attractive with golden glow, goldenrod, and other blossoms, and masses of evergreens and ferns. Walter Gaskell of West Burke and Robert Bennett of St. Johnsbury acted as door tenders, and Messrs. Donald McGregor and Ernest Barbour of St. Johnsbury as ushers. At eight-thirty the wedding march from Lohengrin, played by Miss Elsie Sargent of St. Johnsbury, sounded through the rooms and the bridal party took their places. The ceremony was performed by Rev. Fred Williams of Hatley, P. Q., and the double ring service was used. The bride and groom were attended by Miss Grace Barney of St. Johnsbury and Alvin Calderwood of Barre. The bridesmaid's dress was of lavender crepe. The bride wore a charming gown of white messaline satin, made with a train, and trimmed with real lace. Her bouquet was lilies of the valley and a knot of the same dainty blossoms held her snowy veil in place. After the happy couple had been duly congratulated refreshments of ice cream, wafers and punch were served, and a pleasant social hour was enjoyed by all present. Mrs. Wilcomb has always resided in West Burke, and for several years has been a successful teacher. Mr. Wilcomb is well known in this and surrounding towns, being salesman for the Cross Abbot Com-

pany of White River Junction, and both young people have a large circle of friends, who wish them much happiness, and a long and useful life together. The gifts were very numerous and beautiful, and consisted of quantities of cut glass and silver, china, table linen, towels, several fine pictures, a rug, quite a sum of money, partly in gold, a handsome dining set, etc. Mr. and Mrs. Wilcomb left town shortly after ten o'clock by auto, going too rapidly to feel the shower of rice and confetti, which was in readiness for them. The wedding journey will include visits to Montpelier, Burlington, from there by boat through Lake Champlain and Lake George, to Albany, and then down the Hudson to New York, where they will spend several days. They will return by way of Boston and will reach Vermont in season for the state fair at White River Junction. They will be at home to their friends in St. Johnsbury in the near future.

During the latter part of the reign of Louis XIV of France for a man to wear his own hair or a small wig was almost an offense against good morals.

## Man's Period of Foolishness.

Of all literary compositions the love letters of men contain the maximum of twaddle and the minimum of sense. The only explanation is that every man in love tries to become a poet.

U. A. Smith, Bridgeton, Ind., had kidney trouble for years, and was so crippled with rheumatism he could not dress without help. He started using Foley Kidney Pills, and says: "I began to get better at once, and now all my trouble has left me and I do not feel that I ever had rheumatism. I rest well at night and tho' 59 years old, can now do the work of a man of 35 years. I would like to be the means of others getting benefit from Foley Kidney Pills." Refuse substitutes. F. D.
