Act No. 176, Laws of 1912—in effect July 1, 1913, reads: "Whenever the foregoing commodities are purchased by the bushel, peck or quart, or multiple or fraction thereof, they must be purchased or sold according to the above stated legal weights." Violations of these weights should be reported to Mr. Henry.

One of Erskine's Puns.

Lord Erskine rather prettily combined pun with compliment in an epigram he forwarded to Lady Payne in answer to her vicarious inquiries as to his health: "Tis true I am ill, but I need not complain, for he never knew pleasure who never knew Payne."
—Boston Post.

For Economy.

The Farrier—Your horse's shoes are badly worn. He needs a new set all round. Mrs. Pennywise—Dear me! Can't you half sole them and sew up the rips?—Exchange.

Slow.

"The hired man fell off the fence down in the meadow lot just now."
"Had he hit the ground when you left?"—Louisville Courier-Journal.

We want a religion that softens the step, and turns the voice to melody, and fills the eye with sunshine, and checks the impatient exclamation and harsh rebuke; a religion that is polite, deferential to superiors, considerate to friends; a religion that goes into the family and keeps the husband from being cross when dinner is late, and keeps the wife from fretting when husband tracks the newly-washed floor with his boots, and makes the husband mindful of the scraper and the doormat; keeps the mother patient when the baby is cross, and amuses the children as well as instructs them; cares for the servants besides paying them promptly; projects the honeymoon into the harvestmoon, and makes the happy home like the Eastern figtree, bearing on its bosom at once the tender blossoms and the glory of the ripening fruit. We want a religion that shall interpose between the ruts and gullies and rocks of the highway and the sensitive souls that are traveling over them.—Helpful Thoughts.

Life insurance organizations of the United States and Canada distributed \$628,350,000 in 1912, according to computations by the Insurance Press. The payments in the two countries for death claims, matured endowments and other benefits under the policies of level-premium companies and the certificates of various life insurance organizations—assessments and the like—amounted to \$413,350,000. The estimated total of the amounts paid by regular companies as savings for policy holders, cash values on surrender, annuities, and on claims in foreign countries was \$213,000,000.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years it was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75 cents. Take Hall's Family Pills for constipation.

JULY CLEARANCE SALE

At **C. E. ROLLINS**

The Most Radical Sacrificing of Summer Stocks We've Ever Consented to, Begins July 3rd.

We begin a clearance campaign on Thursday, July 3rd, that has but one object—to clear out all Summer Merchandise in the store. We begin with our eyes wide open, determined to stop at nothing within reason until we dispose of these stocks and have the store in good condition for the reception of Fall shipments. Ever since this store was established it has been our policy to do that at this time, but in no previous years have we consented to much radical sacrificing, to such wholesale and aggressive price-cutting to accomplish our object.

Fact is, our stocks are larger than they should be, and when we say in simple English you have never seen desirable goods so low before, we don't surmise. We are sure!

Clearance of Shoes

All discontinued lines also odd pairs will be sold at a great sacrifice to make room for new merchandise. We can not quote prices, there are so many lots, including Men's Shoes, Children's Shoes, and Women's Shoes. This is a money-saving opportunity and should be taken advantage of by all our customers.

Clearance of Women's Suits and Coats

The richest and the plainest styles in our Coat and Suit Department walk the plank side by side, all are sacrificed to our Clearance Sale policy hence these extraordinary reductions.

This space is too small to list all the extraordinary values, so be on hand early.
