**CHURCH NOTES**

The Gleaners, a class of young girls, Mrs. Henry S. Clarke, teacher, held on Friday evening at the church a social, with eleven members present. The work of the gathering was pasting postcards for use in Chinese schools. Two hundred cards were prepared. While the girls worked, recent letters from China were read, also a selection from "Pollyanna." The class enjoyed a supper. Miss Hazel Cook rendered able assistance. A quilt made by the Gleaners will be put on sale some time in the near future, probably at the time of a dinner by the Women's Union.

Several members of the Men's choir enjoyed a sing at C. S. Parker's on Friday evening. Some new selections are being learned.

The outing on Saturday afternoon of the Boy Scouts was considered a good one by the several members participating. One of the features of the pro-

gram was tracking. A trail was followed some distance, but had to be abandoned on account of gathering darkness.

On Sunday morning the sacrament of the Lord's supper was observed, a goodly number counting it their privilege to be present at the table of the Lord.

At the close of the study period, Grace Dow, one of the superintendents of the cradle roll, announced that the following members had been secured: Burton Edward Gray, Marion Louise Gray, Curtis Lee Sargent, Ruth Irene Merriam, Alonzo Buswell Phillips, Dorothy Lou Davis, Annie Ruth King, Alice Lucile King.

Mr. Alexander spoke on the "turn" system, and advocated continuing good men in office as town representative rather than to elect an untried man each year, as a way to larger efficiency in our law-making body. Mr. Baker spoke especially of the duty of every citizen to cast his vote.

Mr. Hinton quoted from Conant's Vermont history the definition of the man who should be elected to represent his town in the legislature, scored quite roundly the prevailing order which in his opinion has too great regard to wealth rather than merit, gave examples of broad mindedness and spoke of the need of progressive principles irrespective of party. Rev. M. S. Eddy spoke of the influence of the church, the need of law enforcement, and advocated that more moral support be given the officers of the law. Rev. G. W. Douglass closed the meeting with remarks on the needs of personal efforts to make good citizens out of bad ones.

The study for Thursday evening service will be Matthew 6. The following chapters in teacher training will be considered: "The Sunday School as a Religious Institution" and "The Teacher's Study of the Bible."

The Boy Scouts will hold a meeting previous to the above service from 6 until 8 o'clock.

In the evening the subject will be, Life and Work of Henry Ward Beecher.

We are anticipating with pleasure the presentation by the Misses McDuffee of "Mrs. Elmira Pease's Family Album" This will be given at the church on Friday evening, Oct. 23, under the auspices of Excelsior class. If it is true that clothes make the woman it is no less true that corsets make the clothes. Your style, your comfort and more important still, your health, all require the selection of the right model, its proper fitting and its correct adjustment.

I have had years of experience which are at your service either at my store or by mail.

I have just received a large stock of fall models which are especially attractive.

**Every Voter in Vermont who believes in his State and its future should vote the REPUBLICAN STATE TICKET**

A better, stronger or more deserving Republican State ticket has never been presented the voters of the State. Not one honest charge of incompetency, unfaithfulness, disloyalty or corruption can be made against any candidate whose name is upon the Republican State ticket, every one of whom has served the State in important positions intelligently and honestly.

Throughout the State generally among the voters of all parties approval is given of all the candidates on the Republican State ticket—a ticket that spells VICTORY at the polls on November 3, and with the assurance that Vermont will go FORWARD and not BACKWARD during the years 1915 and 1916.

Vermont continues to demand its BETTER ROADS—its BETTER and IMPROVED INSTITUTIONS—its PUBLICITY DEPARTMENT, that has and is attracting capital to its farms and manufacturing industries and bringing thousand of visitors to the state each season—its BETTER EDUCATIONAL ADVANTAGES, and a continuation of a PROSPERITY that has characterized the Republican administrations, state and national, of the past.

PROSPERITY YESTERDAY, TODAY AND TOMORROW:

is the slogan of every candidate whose name is upon the Republican State ticket.

Your vote for the ticket is a duty you owe to yourself.
