## Presidential Preferential Primary.

Vermont's first experience with a primary law comes Tuesday, May 16, when the voters of the state are to declare their choice for president at the primaries in the several towns of the state.

The machinery for the primary is practically the same as that for our all elections heretofore. Booths will be erected in Seaver's hall for Barton voters and notice of the primary has been posted for some time by Town Clerk Pierce. The polls will be open from noon until 8 o'clock in the evening.

The choice of the voters of the state will make national delegates to the various party conventions bound to vote for the nomination of the candidate receiving the largest number of votes at the primary. These national delegates are elected in party state conventions.

The Republican state convention is set for Montpelier, May 25. Ex-Lieutenant Governor Howe of Bennington will be temporary chairman, Judge C. H. Darling of Burlington is chairman of the resolution committee and Senator Lawrence Y. Sherman of Illinois will be the convention orator. ## Lecture by Blind Chaplain.

Rev. M. W. Farman of Westfield, chaplain of the Vermont senate, gave a lecture before an open session of Crystal Lake grange on Friday evening, May 5. The subject of the lecture was "Light in Darkness." Mr. Farman is a veteran speaker, having been on the public platform for more than a quarter of a century. He portrayed the darkness which envelops the blind and also the light which illumines their lives. As he is totally blind, he spoke from personal experience. This was the first time that he ever spoke in public on this subject. He showed that blindness is a condition of comparative minor consequence, which does not really reach down to the fundamentals of life. He told not only the deprivations of the blind but also of the pleasures that they enjoy. He showed that they are not a helpless class of people but are able to engage in trades, professions and business successfully. He showed that success or failure is not determined by sight or by the lack of it, where the individual possesses a sufficient amount of grit and good sense. He gave an exhibition of touch reading and told of many wonderful things that the blind are able to do. He held the close attention of an appreciative audience for more than an hour. No one having an opportunity should fail to hear Mr. Farman deliver this intensely interesting lecture. He was master both of himself and his audience.

REV. M. W. FARMAN

Third Sunday after Easter, May 14th, an Episcopal service will be held in the Odd Fellows' hall at 7.30 p. m. All are most cordially invited. The bishop coadjutor has appointed the evening of June 2nd as the date of his regular visitation.

C. B. Sternburg is operating the Greensboro Bend-Barton auto stage this season again. This was found to be a great convenience for Barton people last year. It leaves Barton for the return trip every afternoon at 3.15 o'clock.

The fire alarm Saturday afternoon called out the fire company and it was found the roof of the house of N. P. Langevine, on Lincoln avenue was on fire. It is supposed to have caught from sparks from a passing train. Very little damage was done.

The famous Pisgah Lodge at the south end of Lake Willoughby will be open to the public May 30, under the management of A. D. and A. C. Seaver, two of Barton's popular young people. Miss Seaver was at the lake this week with a party from New York who desire board for the summer.

The annual meeting of the boat club will be held Friday, May 12th, at 8 o'clock, at the Barton Improvement club rooms. The business is to hear the reports of officers, elect officers for the ensuing year, to take action on opening the clubhouse this year, to transact any other business that may legally come before the meeting.

An unsightly rubbish dump has been started a short distance outside the village on the South Barton road which has been commented upon very unfavorably by townspeople as well as strangers. It is a fact that a suitable dumping-ground is a difficult thing to find but the public does not seem to approve of this spot.

The village has purchased a new road machine which is doing good work on our streets. It is understood a shipment of oil for the machine has been purchased by the trustees and will be applied the latter part of the month or the very first of June. The oiling of our streets last season was very generally approved by our citizens and the quicker it is applied this year the better it will please the public.

Hibbard's on the return trip. Mr. Buzzo granted the request of one of the young men to drive the car home, who for some reason lost control of the car, driving it over the bank and hitting the fence. The car was somewhat damaged but no one was hurt.

## BASEBALL FAIR TONIGHT.

Last warning! The occasion—baseball fair; the place—school hall; the time—tonight. This fair which promises to be one of the most unique and novel entertainments ever held in Barton, should be attended by everybody. From the time the doors open at seven until they close at midnight there will be something doing every minute and just think of all the fun you can have, all for the small sum of ten cents. The play, "A First-class Hotel," will amuse you as you were never amused before and the Boys' Glee club always pleases. There will be dancing from nine until twelve. Be sure to come. "Ten cents to get in but a dollar to get out."

## BARTON ACADEMY 22, CRAFTSBURY 2.

With a changed line-up, Barton academy played the best ball they have shown this season, decisively defeating Craftsbury 22 to 2 in Saturday's game at Roaring Brook Park. Emerson, pitching his first game for the home team, struck out 14, walked six and allowed only four hits. Wallace Abbott caught a strong game and Parker was back on first base after having been out of the game because of sickness. At no time was the outcome of the game in doubt and the game was more interesting to watch than the one-sided score would indicate. The all-around work of the Barton boys and the playing of Emerson, W. Abbott and Cutler were features of the game. In the fourth inning Craftsbury had three men on base with none out and seemed likely to score but a fast double play took away all chances. There was a good attendance at the game.

B. A. 3 0 9 0 4 3 0 3 X—22  
C. A. 0 0 0 1 1 1 0 0 0—2

Two base hit, Parker; struck out by Emerson 14, by Rowell 8, by Moulton 6; base on balls of Emerson 6, off Rowell 6, off Moulton 4; hits off Emerson 4, Rowell 5, Moulton 3; passed balls, Chase, Rowell; Balk, Moulton; double play, W. Abbott and Parker; umpire, Pillsbury.

## B. A. NOTES

Don't forget that the big baseball fair is held tonight at the school hall from seven o'clock until midnight. "Ten cents to get in, but a dollar to get out." Come, have a good time, and see all the surprises in store for you.

Barton academy will play Lyndonville at Roaring Brook Park, Saturday afternoon, May 13, at three o'clock. The admission will be 25 cents. Lyndonville always has a fast team and the Barton boys are determined to win this game.

Barton academy will cross bats with our old rivals, Orleans high school, at Roaring Brook Park, on Wednesday afternoon, May 17, at four p. m. You ought not to miss seeing this game which is sure to be exciting from start to finish. The admission will be 25 cents.

Did you notice (?) the hat that graded Leslie's head at the arbor day exercises?

"Where did you get that hat, Leslie?"  
"Where did you get that hat, Leslie?"  
Isn't it a nifty one,—  
Just the proper style."

Principal F. Jay Bates, has been notified by Frank W. Nicholson, secretary of the New England College Entrance certificate board that Barton academy has been approved by the board for a period of three years, until Dec. 31, 1919. This approval speaks well of the academy and attests to the high standing of our school.

The boys of the baseball team were made happy last week by the arrival from the firm of William Read & Sons, Boston, of new baseball supplies, such as catcher's mitt, catcher's mask, first baseman's mitt, baseballs, set of bases, etc. These goods are the best that can be bought and the boys are pleased to have such good material.

The game between Barton and Orleans high which was scheduled for Saturday had to be postponed on account of rain, until Thursday afternoon when the Barton boys, accompanied by a large crowd of high-school pupils, journeyed to Orleans, where they met their Waterloo, being defeated by the score of 27-3. As a matter of fact Orleans made so many runs that we lost count of them. In the first inning Barton made one run and Orleans in the same inning piled nine runs across the plate, said runs being due to errors, hits and four passes by Abbott. The game was loosely played on both sides because of the poor condition of the field, which was simply a field of mud and puddles. For Orleans, Mann and LaCourse, the battery, excelled while Cutler at second base, played a good game for Barton. The battery for Barton was W. Abbott, Comstock and Emerson.
