Entertainment Course Closed.

The lecture on Wednesday evening of last week by Nelson S. Darling on "Community Interests," closed the entertainment course of the Barton Improvement club. The course has been a success and the club is already planning for next year's course.

Mr. Darling's lecture was "different" as advertised by the bureau and kept his audience in good humor all the evening, while throughout some good gospel of the need of community spirit into his listeners. His discourse was more a talk than a lecture and his method of drawing answers from members of his audience was different from anything a Barton crowd had heard before.

Mr. Darling certainly made good with his audience if outside comment is any criterion, and the men who met him at the club after the lecture were much impressed by his stories of travel and experience in every part of the United States.

A Great Lecture Tonight.

The comment of the Orleans people who heard Major the Rev. Bruce Taylor at Orleans last night in his great lecture, "Life in the Trenches," is highly complimentary. This story, gained from personally living in the war trenches and told by Mr. Taylor, recently returned from the front in France, is full of vital interest at this critical time with our nation. Hear him at Seaver's hall.

Flag Presentation.

Following the regular business meeting of Orient Chapter No. 13, O. E. S., Friday evening, Florence K. Pierce, Grand Matron of the O. E. S., of Vermont, presented the Chapter with a silk flag. The flag was brought in by the conductress, Mabel M. Thompson, while the Chapter enthusiastically sang "The Star Spangled Banner." VERMONT PREPARES FOR REAL WAR.

\$1,000,000 Will Be Appropriated by Legislature. Recruits Wanted. Committee of Safety.

Vermont is preparing for war. Companies are being recruited all over the state in order that Vermont's regiment may be up to full war strength.

Company B of St. Albans was assembled Saturday evening by order of the president when 32 National Guard regiments of the United States were called to service for police duty. This company is the only Vermont company actually called but all other companies are being recruited. Company B is doing guard duty at home.

Lieutenant Webster of Orleans makes a special plea for Company L of Newport which is a number of men short of a full quota and the men of this county are urged to enlist. He says:

Mr. Editor:
In view of the present crisis Co. L, First Infantry, Vermont National Guard, are recruiting to full war strength. Every man who possibly can should show his patriotism and enlist at once. The country is in need of all available men and no one should hold back until the last minute.

K. S. Webster, Orleans.
Second Lieutenant Co. L.
Make application to Mr. Webster. That the navy is also recruiting as fast as possible is evidenced by the following telegram received by J. C. White, navy recruiting officer, at Orleans Sunday. White is now at Newport and was in Barton last week.

Burlington, Vt., March 25, 1917.
President has directed the emergency increase of navy to 87,000 enlisted men. This is an addition of 18,300 men. Give fullest publicity, getting in touch with all newspapers today. Department has telegraphed all editors, asking cooperation. Country needs these men now for its first-line men of defense.

Signed: Harris.
After a conference with Gov. Graham and military officials Monday, the executive committee on public safety voted to recommend that the legislature appropriate \$1,000,000 to provide equipment for the Vermont national guard and organize the home defense of the state.

Governor Graham yesterday addressed a joint assembly of the legislature on the preparedness situation in a special message and the legislature proceeded to carry out the recommendations of the governor and the committee on public safety.

This committee composed of 50 Vermont citizens, was appointed by Gov. Graham last week as a committee of public safety.
