

"I FEEL LIKE A NEW BEING"

"FRUIT-A-TIVES" Brought The Joy Of Health After Two Years' Suffering

MADAM LAPLANTE 85 St. Rose St., Montreal, April 4th. "For over two years I was sick and miserable. I suffered from constant headaches, and had palpitation of the heart so badly that I feared I would die. There seemed to be a lump in my stomach and the constipation was dreadful. I suffered from Pain in the Back and Kidney Disease.

I was treated by a physician for a year and a half and he did me no good at all. I tried "Fruit-a-tives" as a last resort. After using three boxes, I was greatly improved and twelve boxes made me well. Now I can work all day and there are no headaches, no palpitation, no heart trouble, no constipation, no pain or kidney trouble and I feel like a new being—and it was "Fruit-a-tives" that gave me back my health."

MADAM ARTHUR LAPLANTE. 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Quebec, New York.

POSTING NOTICE

Whereas my wife, Florence M. Rollins, left my home and our children, Sept. 18th, 1916, without leaving me any money or all parties concerned that I will pay none of her bills contracted after this date.

Estate of A. S. Barney

STATE OF VERMONT District of Orleans, ss. The Honorable Probate Court for the District aforesaid:

To all persons interested in the estate of A. S. Barney, late of said District, deceased.

GREETING: WHEREAS, said Court has assigned the 20th day of April next for examining and allowing the account of G. A. Barney, administrator of the estate of said deceased and for a decree of the residue of said estate to the lawful claimants of the same and ordered that public notice thereof be given to all persons interested in said estate by publishing this order three weeks successively previous to the day assigned, in the Orleans County Monitor, a newspaper published at Barre in said District.

THEREFORE, you are hereby notified to appear at Colby Stoddard's office in Orleans in said District, at 2 o'clock p.m. on the day assigned, then and there to contest the allowance of said account, if you see cause, and to establish your right as heirs, next of kin and lawful claimants to said residue.

Given under my hand this 17th day of March, 1917. RUFUS W. SPAR, Judge. 12-15

WHAT BARTON WANTS TO KNOW

The Answer Is Found in the Statement of a Barton Resident. From week to week, from year to year, there have been appearing in these columns statements made by neighbors, which we have all read with great interest, and many of us with great profit. But what we want to know is, do they stand the greatest test of all—the test of time? Here is conclusive evidence on this point from a Barton man:

H. A. Folsom, prop. butcher shop, Glover street, Barton, gave the following statement on June 5, 1911. He said: "I am subject to lame and aching back and my kidneys do not act as they should at times. Doan's Kidney Pills have given me good relief and I do not hesitate to recommend them."

NO TROUBLE SINCE. On October 9, 1916, Mr. Folsom said: "Doan's Kidney Pills cured me of kidney trouble and backache and I have had no return of my former trouble. I am glad to again endorse this reliable medicine."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Folsom has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

Annual Village Meeting.

About 200 voters attended the annual meeting at School hall Friday evening. The meeting was very harmonious. The following officers were elected. Moderator, F. C. Williams; clerk, A. H. Grout; treasurer, C. F. Davis; collector of taxes, A. A. Griggs; auditors, J. R. Akin, T. C. Camp and J. E. McCarten; fire wardens, H. H. Green, R. P. Skinner and W. R. Magoun; trustees for three years, G. F. Root; water commissioner for three years, W. W. Blodgett; park commissioners, H. H. Burgess and H. B. Rankin. It was voted to lay new sidewalks at the discretion of the trustees, but the cost not to exceed 5 per cent of the grand list and to assess the abutters of the same not to exceed 50 per cent of the cost.

Appropriations were made of \$200 for the park commission, \$400 for the Newport concert band, for at least 12 concerts and that they play for the G. A. R. on May 30th without compensation, and \$400 to be expended by the Ladies' Reading Circle to aid in the maintenance of a district nurse.

It was voted to pay the sum of 75 cents per member of the fire department for each drill attended. The question of issuing bonds provoked considerable discussion but resulted in a vote to instruct the trustees to issue serial bonds as bearing 4 per cent interest, totaling about \$75,000 to pay for the Bradley lot and the permanent work on Main street. The tax voted was 65 per cent.

M., Mrs. Bernice Gilchrist; conductress, Mrs. Anna Kendall; Asso. Cond., Mrs. Lambert; treasurer, Mrs. E. Janette Louthood; secretary, Mrs. Jennie Wellman.

Well, What of It. A newspaper account of a fight between the police and a mob of strikers, mentioning that there were many women among the rioters, said that one Amazon "snubbed her teeth in a policeman's wrist." The item failed to state whether they were artificial and stayed sunk, or natural and came to the surface.

Austin F. Bushaw was the son of Henry and Margaret Bushaw and was born July 9, 1877, and died at his home here March 20, March 27, 1897, he married Lulu Scribner and they have always made their home in this place. Mr. Bushaw was a loving husband and father, devoted to his home and family. He was a very industrious man and one of the best of neighbors, a member of North Star Camp, M. W. A. He leaves to mourn his loss his wife and six children, a father and mother, four brothers, Will and Ora of Norton, Eugene and Arthur of Barton and a sister, Mrs. Bernice Royce of West Charleston, and a host of friends who extend their deepest sympathy to the bereaved ones.

Card of Thanks—We wish to extend our heartfelt thanks to the dear friends and neighbors who so greatly helped and sympathized with us in the death of our dear husband and father, also the singers and those who contributed the lovely flowers, and to our pastor for the comforting words spoken. Mrs. Lulu Bushaw and family.

Build Vast Artificial Lake. A remarkable engineering feat was recently accomplished in southern India when the mammoth artificial lake of Marikanave was completed in Mysore—an Indian state twice as large as Maryland, ruled by an enlightened and progressive maharaja. It is 18 miles long and has an area of 30 square miles. The dam thrown across the gorge—240 feet wide—to impound water that formerly ran to waste and is now being utilized for irrigating land that would be otherwise parched and barren, is 1,330 feet long, 162 feet high, and 15 feet thick. A weir 470 feet long has been built to discharge excess water, which, during the monsoon is heavy. The work was initiated and finished by Indian engineers and is a monument to their engineering skill, as it is a credit to the government of his highness, the maharaja, who furnished the money for it—\$1,500,000.

Instantaneous Hot Water. The "thermo-faucet" is the name of a new invention designed to bring a supply of hot water from the most stubbornly cold spigot within a few seconds. It is a 600-watt electric heater which is readily attached to the plumbing piping, and when connected with the nearest electric lighting outlet heats the water in the faucet to the boiling point three seconds after the current is turned on. The water coming through this heater is pure, we are told, and may therefore be used "where ordinary tank water would not be sufficiently sanitary." Hence it should prove a boon to doctors, dentists, trained nurses, confectioners, as well as to the long-suffering male who prefers but seldom gets hot water for his shave.

Conscripted for Golf. It seems that a form of conscription is now applied to golf. A writer at one of our training camps states that the officers in one of the main centers of the Royal flying corps have been literally ordered to the links, one day in each week. One of the courses in the vicinity is quite crowded with khaki, and the players have begun to find the fascination of the game and its value in making them fit—Golfing.

Exaggerated Foreboding. "I'm trying to save up something for a rainy day," remarked the thrifty citizen. "You don't want to stop there," replied the gloom expert. "If half the present predictions are correct, you want to save up for hail, thunder and lightning."

He's Unsatisfied. An Indiana prosecuting attorney says he's satisfied there are trade combinations to fix prices. Everybody seems to be satisfied except the faithful consumer.—Pittsburgh Dispatch.

WEST CHARLESTON

Gilbert Kinne is ill with bronchitis. Fred Parlin has been in Montpelier on business.

Mrs. Parlin, aged mother of Fred and Miss Lizzie Parlin, is quite ill with bronchitis.

Leslie Hill is here helping care for his mother and also helping his brother in the meat market.

Harold and Clarence Wilson have returned from Lake where they have been in the woods all winter.

Mrs. Estelle Wood, who is in Salem, Mass., with her daughter, has been ill. She was remembered with postcards from her many friends here.

Mrs. Bert Bailey was recently given a postcard shower. Her many friends are glad to know she is steadily gaining and able to be about the house.

The Baptist C. E. society held a social Thursday evening in the town hall. Sugar on snow, plain doughnuts and pickles were served. The society cleared \$11. Many thanks are due all who contributed materials and time and so made it successful.

Pure Air. Pure air is pure, because, as Newton tells us, the molecules of the air have the thickness necessary to reflect blue rays. When the sky is not perfectly blue the atmosphere is blended with perceptible vapors, and the diffused light is mixed with a large proportion of white.

Fond Hope. Father—"You have been running ahead of your allowance, Robert." Son—"I know it, dad. I've been hoping for a long time that the allowance would strengthen up enough to overtake me."
