Out of the more than 3,000,000 Ford cars now in use, about sixty percent have been sold to farmers. Probably no other one thing has brought to the farm so much of comfort and profit as has the Ford car. It has enlarged the social life, doubled the facilities for marketing, brought the town next door to the farm, multiplied for the farmer the pleasures of living. A family car without an equal in low cost of operation and maintenance. We solicit your order for one now because the demand is large and continually increasing.

The Store that Sells Wooltex Coats, Suits, Skirts

Announces the Special Presentation of The Novelty Motion Style Show

### "That Well Dressed Look"

A captivating novelty. The most comprehensive Display of Authentic Advance Fall and Winter Styles for Women Ever Shown in this city. A rare entertainment treat, on

SAT., OCT. 18, at the Premier Theatre

Many of the garments shown at this Style Show are to be found among our Wooltex Garments as these styles are all taken from photos of Wooltex Living Models at their Style Salon in New York City, which is one of few to be maintained by any manufacturer in this country.

Wooltex Coats are offered as cheap as the cheaply-made East Side Coats, simply because the Wooltex Makers are not profiteers and their fall prices were based on what the materials actually cost them and not on the prices when the coats were shipped to their customers. All our coats were bought just as early as it was possible to place the orders and are marked according to the cost of the coats instead of what they were really worth when we received them. Wooltex Coats marked as low as \$22.50, \$25.00, \$29.50, \$35.00 and up.

25 Coats marked at \$25 that were \$27.50 and \$29.50 simply because we needed more \$25.00 coats and could not buy any that were actually better than the ones we are offering at \$17.50 and \$19.50.

### Profit Sharing With Our Customers on Suits

Suits priced at \$29.50 that should be \$35.00  
Suits priced at \$39.50 that should be \$50.00 and \$55.00  
Suits priced at \$42.50 that should be \$55.00 and \$60.00  
Suits priced at \$45.00 that should be \$65.00 and \$69.50  
Suits priced at \$59.00 that should be \$69.50 and \$75.00  
Suits priced at \$69.00 that should be \$85.00 and \$87.50

This is not mark down sale of suits but a sharing of profit with our suit customers to make the suits as good values as the coats.

### Dresses

Almost twice as many dresses sold this fall as ever before. The reason for this is our extremely large stock and the very low prices at which we have been able to offer the dresses. The materials in our dresses are worth today at least double what the manufacturers paid for this material, but we shall be obliged to pay more to replace the present stock and of course that will mean higher dress prices. At present our racks are filled to the limit with Serge, Tricotine, Jersey, Silk, Georgette, Tricorette Dresses and all at very moderate prices. Don't wait and pay more.

### Silks

Thousands of dollars worth of silks that are offered to customers at much less than we shall be obliged to charge for the same silks later. Send for samples if you cannot visit the store.

### Wool Dress Goods

This is a department where the stocks are very low in many stores because of the higher prices, but our stock was never as large as it is at present and all the goods are priced at the very lowest possible prices. There are wide Cloakings and Suitings as well as the lighter weight dress goods. Samples are sent on request.

### Basement Store Bargains

will help cut down the high cost of living. The 66x80 blankets advertised at \$1.19, \$1.29, \$1.39, are just the same size and material as some blankets we saw in one of the western cities priced at \$3.50 each. Our blankets are not as heavy and of course the \$1.19 and \$1.29 ones are subject to imperfections but there was not a dollar actual difference in value of our blankets at \$1.39 and the ones they offered at \$3.50. There are a few of these bitnakes still on sale.

100 dozen Women's Fleece Vest and Pants at 59c each. These garments are subject to slight imperfections and could not be sold at 75c if bought at regular price. Our stock of Fall and Winter Underwear contains many more extremely good values.
