The morning service will be devoted to the Masonic fraternity. All Masons and all members of the Eastern Star are requested to assemble in their separate bodies for divine worship. The pastor of the church will preach the special sermon.

What do you look for?

When you buy shoes, what is uppermost in your mind, style or comfort? You probably suppose that most people think of style—the looks of a shoe.

Nearly everybody wants good-looking shoes, that's true, but most people are looking for comfortable shoes.

Among women, the so-called fashion shoes are bought by only fifteen per cent. Eighty-five women out of one hundred think of comfort first.

For good style and solid comfort combined, there is no shoe better than Walk-Over. The Walk-Over trade mark is your guarantee of good quality.

There are two symbols which carry a great deal of meaning in regard to shoes.

One of the two is the sign of a man stepping over a shoe. That trade mark stands for excellence in men's shoes, for high standards of materials and workmanship and style, for a 47-year reputation for quality.

The other is very much like it. It is a woman stepping over a shoe. That trade-mark stands for excellence in women's shoes, for high standards of materials and workmanship and style, for a 47-year reputation for quality.

And these two signs aren't just for the English language. They are understood in 102 countries where Walk-Over shoes are sold.

The Mid-Summer Semi-Annual Clearance Sale

June 26th, 27th, 28th, 29th, 30th

All departments will offer odd lots at prices we are unable to emphasize in this small space.

A visit during one of the five days will give you an opportunity to secure real bargains because twice yearly we have a fixed policy of just what the word "Clearance" means; and the fact that present ruling price of cotton is 21 cents per pound, as against 12 cents of one year ago, will be forgotten as well as present values upon all other lines.

Will you get June 26th to 30th fixed in your mind? Plan to visit us!
