### Gold Notes.

The first golf match of the season was played on the home links last Friday when the Mountain View Club team from Caspian lake came over to beat strong and won all but two of the contests. R. P. and G. S. Webster winning by small margins.

The visitors gave the finest demonstrations of how the game should be played yet seen; their star player, Smith, tearing in a card of 76 for the 18 holes, a remarkably low score for his first effort on the course and the record to date in match play. Health of the home team had the best score of the day.

The Mountain View team composed of business and professional men were a fine lot of fellows to have in town and we hope for another visit later on.

We urge you to attend these meetings and bring your neighbor farmers. As an added attraction the Farm Bureau motion picture "Spring Valley" has been secured for these meetings. This is a five-reel picture of farm life with a story of wonderful interest that fascinates and teaches.
