

parcel of land is conducive to the best interests of his said wards.

It is therefore hereby ordered that said application stand for a hearing before said Court at a session thereof to be held at the Office of the Register of this Court in Burlington, on the second Wednesday of September A. D. 1837; and that notice thereof be given to all concerned by publishing this order together with the substance of said petition, in the Free Press, a newspaper, printed at Burlington, in the County of Chittenden, two weeks successively, the last of said publications to be not less than two weeks previous to said day of hearing, then, and there to appear before said Court and show cause, if any they have, why the prayer of said petition should not be granted.

Given under my hand and the seal of said Court, at Burlington, in the District of Chittenden, this 1st day of August A. D. 1837.

CHARLES RUSSELL, Judge.

CONSUMPTION!

Asthma! and Catarrh!

It is now long known that the growth of civilized society, CONSUMPTION takes the lead in its relentless inroads upon human life; yet this dreadful disorder is easily overcome in its earlier stages. It is only when neglected that it arrives at the terrible maturity which often baffles the sagacity of professional science. An absolute cure is the customary prerogative of the physician. Consumption, however, neglect in the timely administration of simple and salutary remedies, is sure to be followed by a gradual succession of consumptive symptoms: oppression of the breast; greenish and bloody sputa; increased cough and hectic fever; shrivelled extremities, and general emaciation of the whole body; prostration of strength; flushed cheeks; swollen feet and legs; and at last, in full possession of the mortal faculties, and while hope still whispers of flattering tale—cold, extremities, and a premature death.

For the various stages of this complaint, one of the most approved remedies ever yet discovered is

Dr. Relf's Asthmatic Pills.

This exceedingly powerful, and yet equally safe and pleasant preparation, has effected thorough and rapid cures upon patients supposed to have been far advanced in a confirmed Consumption, and who have exhibited the appearances which usually indicate a fatal termination of the disorder.

DR. RUFFLES PILLS have also obtained the highest praise as a *Peccant Medicine* affording the most unexpected relief to those laboring under the various Coughs, induced by cold, humors retained in the throat, or by deficient action of the lungs;—and which disprove the old notion of sleep, and gradually introduce the long-trusted Pulmonary affections. The Pills suppress the cough, through easy exhalation, and cause little or no relief, and often entirely cure the most chronic and distressing cases. Coughs and colds are usually cured by the Pills in a few hours.

In the purchase and following complaint of the *ASTHMA*, the Pills give immediate relief. They regulate the circulation, and generally effect a radical cure, in those Asthmatic attacks characterized by difficulty of breathing, tightness and stricture across the breast, and in the lungs, oppressive fullness, wheezing, coughing, loss of rest, confidence, and many other asthmatic symptoms.

As the Pills require no ordinary cases of confinement, they may be administered with confidence and safety to all ages and classes of people. Unexampled success has hitherto attended their administration in a great variety of cases; and the Pills can be taken by a multitude, who testify to their efficacy in relieving the connected system from the heat of disease, and restoring them to the blessings of accustomed health and activity.

THE BENEFICIAL EFFECTS

Resulting from the administration of Dr. Relf's Asthmatic and Consumptive Pills, exhibited in the following cases.

1. A Physician, M. D., and Druggist, recently writes: "The Asthmatic Pills (Relf's) are invariably well spoken of by those who use them."

2. Mrs. —, of this city, was three years seriously afflicted with consumption, symptoms as usual in the lungs, violent cough, spitting of blood, general debility, &c.—in this distressing state, unable to sit up, and not expecting to live many days she was advised to take Dr. Relf's Asthmatic Pills, and also Dr. J. H. Peck's Lung Pills, and she was perfectly restored to health.

3. A Lady from Framingham was severely afflicted with cough, spitting of blood, and general debility, on taking two boxes of these Pills, and one box of Dr. Relf's Asthmatic Pills, was restored to perfect health.

4. An elderly person in this vicinity, who had suffered much for years by a most distressing asthma, had tried almost every thing recommended, which only at times gave temporary relief, and usually a more violent return of her complaint, has recently made use of the above Pills with more beneficial effects than any thing she has ever used before.

5. A Young Lady at M—, had been troubled with a very bad cough, so violent as at times to rack and harass her exceedingly; a consumption was feared, (as her mother had died of that complaint)—she was immediately relieved, and subsequently entirely cured by Dr. Relf's Asthmatic Pills.

Price \$1 for whole boxes of 30 pills, and 50 cents for half do of 12 pills, with directions.

*None genuine unless signed on the outside printed wrapper by the Proprietor, T. KIDDER, immediate successor to the late Dr. W. T. Coxway. For sale, with all the other "Coxway Medicines," at his Counting Room, No. 99, corner door to J. Kidder's Drug Store, corner of Court and Hanover streets, near Concert Hall, Boston; and by his special appointment, by J. & J. H. PECK & Co., Burlington Vt.

July 28.

TO WOOL GROWERS & DEALERS.

THE Subscriber has opened a DEPOT FOR THE RECEIPT AND PUBLIC SALE OF AMERICAN AND FOREIGN WOOL, in the City of New-York. The First Sale will be announced as early as practicable, and afterwards continued at regular periods as may be deemed expedient.

The extent to which the growth and manufacture of this article has arrived in this country, forming as it does, one of the staples of production, as well as of extensive importation, renders the establishment of a regular market, where the Farmer can avail himself of the full price paid by manufacturers, and where Manufacturers may, at stated periods find a full supply, and sell their purchases exactly according to their wants, is not only desirable, but absolutely necessary for the profit and convenience of both classes. To the Farmers especially it is all important, that they should enjoy a regular market and the advantage of full competition, instead of being compelled to submit to the prices offered by speculators, whose intimate knowledge of the wants of Manufacturers, and whose nice judgment in the articles, has given them great advantage, and often compelled a great sacrifice on the part of the Farmer.

The city of New-York being by far the greatest market where Manufacturers find a sale for their fabrics, it is placed beyond a doubt, that if the growers and dealers in Wool, avail themselves extensively of this opportunity of offering their Wool for sale, it will bring together, as purchasers, all the principal Manufacturers of the Northern States; and give, not only to the buyer and seller every advantage that can be offered, but regularity and stability to the market which has not before existed in this country, and which in other wool growing countries has been productive of the greatest benefit to all classes.

Satisfactory reference given on application, and to those who desire it, an advance in cash for a limited period will be made. Persons wishing to limit their sale in price, will have the advantage of a private sale in the best market, if the price of public sale should not reach their expectation.

Persons wishing to enter their Wool for sale, are desired to correspond early with the subscriber.

EXPERIMENT.

Having tried two experiments this season that worked well, I have just been induced to try a third of the same kind, which when told what it is, I think you will perfectly agree with me in the opinion. It is now no less or more than that I went off to New York in March and got a few New Goods and sold them for cash, then in May I tried the same thing over, and found it to work equally well; then hearing that there was a great many New Goods to be sold very cheap in New York for cash, I was off and got a lot, leaving they would not be dearer, which every body says will be the case by and by, without the time get better, for you know they are so hard the Farmers and people cannot work now. I am a friend to trade and hope all those who wish to lay in come and help me on in the experiment and get such things as they want while they can, for if no more goods should be made, it would be a great pity to be obliged to go without. Experiment is not like the sportsman's hunt—half the business of showing through the netting, but is warranted to both show off and wear out, in the doing of which the result, sentiment and deposit produced, is the real article to be desired, viz: Happiness, comfort and enjoyment. All to be had by applying at the Cheap-Fashionable-Fancy-Dry-Goods and general Variety Store to be found in the Government, kept by

S. EARL HOWARD.

TO THE Hon. the Probate Court for the

District of Chittenden, comes George P. Marsh, of Burlington, in said District, and shews to the Court here that Frederick Buell late of Burlington deceased, at the time of his decease was seized in fee of three fourths of an acre of land at the easterly corner of Madam Lane, in Burlington, and of one undivided third part of about half an acre of land with two houses, opposite the house of Henry P. Heckol, on Pearl Street, in said Burlington, which said lands the said Frederick held in trust, as well for the other heirs and representatives of Ozias Buell, late of Burlington, deceased, as for himself, that said three fourths of an acre has by process of partition between the heirs of said Ozias and their representatives, been set, allotted and assigned to your petitioner, as executor and devisee in trust of Harriet B. Marsh, late of Burlington, deceased, also an heir of said Ozias.

Your petitioner further shews that, said Frederick was seized in fee of a parcel of land containing about five acres with the Messuage and appurtenances late of B. P. Bailey lying on Pearl Street, subject in part to the dower of the widow said Bailey—one undivided half of which said parcel the said Frederick held in trust for your petitioner.

And your petitioner prays that this Honorable Court will decree that your petitioner, as administrator of said Frederick may execute the said trust to said Maria, by releasing her, her heirs and assigns forever the said three fourths of an acre, and that your petitioner may be decreed to hold and enjoy the other parcels of land above mentioned to himself, his heirs and assigns forever, free, clear, and discharged from all claims of the said Frederick or his heirs, in his own right, or to the latter parcel, and his executor and devisee as aforesaid, and as said parcel of half an acre—and your petitioners shew every prayer.

GEORGE P. MARSH.

Burlington, July 11, 1837.

STATE OF VERMONT.

DISTRICT OF CHITTENDEN, ss.

The Probate Court for the District of Chittenden, to all persons to whom these presents shall come.

GREETING.

GEORGE P. MARSH of Burlington, in said District, having by his petition, represented to this Court, that Frederick Buell, late of Burlington deceased, at the time of his decease was seized in fee of three fourths of an acre of land at the easterly corner of Madam Lane in Burlington, and of one undivided third part of about half an acre of land with two houses, opposite the house of Henry P. Heckol, on Pearl Street in said Burlington, which said lands the said Frederick held in trust as well for the other heirs and representatives of Ozias Buell late of Burlington, deceased, as for himself, that said three fourths of an acre has by process of partition between the heirs of said Ozias and their representatives, been set, allotted and assigned to Maria B. Heckol, of said Burlington, one of the heirs of said Ozias; that said parcel of half an acre had by process of partition from this Court, been set, allotted and assigned to the said Petitioner, as executor and devisee in trust of Harriet B. Marsh, late of Burlington, deceased, also an heir of said Ozias, and the said George P. by his said petition, having also represented to this Court, that said Frederick was seized in fee of a parcel of land situate in said Bur-

lington, containing about five acres, with the Messuage and appurtenances, late of B. P. Bailey, lying on Pearl Street, subject in part to the dower of the widow said Bailey, one undivided half of which said parcel the said Frederick held in trust for the said petitioner.

And praying that this Hon. Court would decree that said Petitioner may execute the said trust to said Maria by releasing to her, her heirs and assigns forever, the said three fourths of an acre, and that the said Petitioner may be decreed to hold and enjoy the other parcels of land, in said petition mentioned to himself, his heirs and assigns forever, free, clear and discharged from all claims of the said Frederick, or his heirs, in his own right as to the latter parcel, and an executor and devisee as aforesaid as to the said parcel of half an acre.

It is therefore hereby ordered that said petition stand for a hearing before said Court at a session thereof to be held at the office of the Register of this Court in Burlington on the third Wednesday of August A. D. 1837, and that notice thereof be given to all concerned by publishing the order together with the substance of said petition in the Free Press, a newspaper, printed at Burlington in the County of Chittenden two weeks successively, the last of said publications to be not less than two weeks previous to said day of hearing, and there to appear before said court and show cause, if any they have, why the prayer of said petition should not be granted. Given under my hand and the seal of said Court at Burlington in the District of Chittenden this 14th day of July A. D. 1837.

CHARLES RUSSELL, Judge.

PUBLIC ATTENTION!

Is most respectfully solicited, by the subscriber, to an invaluable Preparation, the merits of which have been tested by time, and are now fully established by the following testimonials.

Dr. Relf's Botanical Drops!

are every year increasing their long established reputation. They have outlived many rival preparations, and are continually gaining ground upon public confidence.

The Botanical Drops have been successfully administered for many years, as a thorough remedy, for that well known and prevalent class of inveterate diseases, which originate from a vitiated habit of body, or an hereditary predisposition in the patient, and generally appear under the various and distressing names of *Scalded Head, Itching Scurf, St. Andrew's Face, Freckles, White Swelling, Scurvy, Pimples, and Venereal Taint*. In the last mentioned condition of the system, the Botanical Drops will be found to eradicate the lurking poison, where Mercury has totally failed, and thus prevent the patient from emitting the seeds of an hereditary disease on his offspring. DR. RELF'S BOTANICAL DROPS are successfully used in cases of violent eruptions after the *Malaria*—red blotches—pimples on the face—itching eruptions on the skin—and other diseases of the external surface, and are one of the best *Spring and Autumnal* physicians known, to free the system from humors.

Extract of a letter from a Physician of the first respectability, and extensive practice, in this vicinity, member of the Massachusetts Medical Society.

June 16th, 1837.

Dear Sir: "This child, before he was a year old, became afflicted with a furious disease of the skin, which gradually increased, and when about three years old, the whole surface of the body was one continued sore, attended with an ichorous discharge, producing great soreness and intolerable itching, which became almost insupportable. A great variety of the most approved external and internal remedies were used without any permanent result. Much distress was occasioned, and the child, and consequently the mother, sought medical advice was solicited, but with little or no advantage, the disease progressed with unabating violence, and seemed to defy the healing art. At length the parent was induced by the advice of a neighbor, who had been benefited by the article, to try Dr. Relf's Botanical Drops. Several bottles were given according to the directions, before the last stage of the disease was observed; but by a persevering use of them, the morbid discharges began to cease—the scales to grow in places, and fall off. The Drops were continued until the boy became perfectly well, the skin assuming its natural and healthy aspect, emitting indeed like a rose-leafed skin—since which time the boy has enjoyed perfect health, and his cure is ascribed wholly to the Drops, as no other medicine was used in conjunction with them."

[The original letter, with additional particulars, may be seen by calling on the Proprietor.]

A Gentleman of this City, who had been attended a long time by our most celebrated and experienced practitioners, and who had been reduced to almost the last stages of exhaustion, by his complaint—had but one eye, and threatened almost to lose it, and to lose a most painful and lingering death in consequence of the disease. He was attended by the Proprietor, who made the following glowing remarks: "My case was pronounced by my physicians to be one of inveterate Scrofula. It is not necessary to inquire whether other means would have effected the cure. I can only say that Dr. Relf's Botanical Drops were the only means I made use of, after the physicians had exhausted their skill, and have no reason to doubt that under Providence the Drops were the means of relieving me from one of the most afflicting diseases that humanity is called to endure."

A Physician of eminence who had witnessed the efficacy of this article, had the candour recently to acknowledge to the Proprietor, that he considered it the best medicine known, for the complaints to which it is intended, and that it ought deservedly to stand at the head of the whole class of such remedies.

Price \$1 a bottle, or 6 bottles for \$5.

*None genuine unless signed on the outside printed wrapper by the Proprietor, T. KIDDER, immediate successor to the late Dr. W. T. Coxway. For sale, with all the other "Coxway Medicines," at his Counting Room, No. 99, next door to J. Kidder's Drug Store, corner of Court and Hanover streets, near Concert Hall, Boston; and by his special appointment, by J. & J. H. PECK & Co., Burlington Vt.
