

NEW ENGLAND COUGH SYRUP.

PREPARED ONLY BY THE SOLE PROPRIETOR,
DANIEL GODDARD, No. 8 Gold St.
NEW-YORK.

In presenting this useful remedy to the public, the Proprietor is authorized by a Physician, from whom the Recipe was confidentially obtained, to state, that he has used it himself, and in his extensive practice in Pulmonary affections, with astonishing success. The happy combination of vegetable substances, of which it is entirely composed, are peculiarly adapted to diseases of the Lungs, Liver, and Stomach.

This medicine has been used, very extensively, and the Proprietor has not known a single instance in which it has failed in giving relief to a cough, which is recommended, even in cases approaching to consumption, attended with bleeding at the Lungs, and where all other remedies had failed. The most decided and flattering success has attended its use. Common colds, which are generally the effect of obstructed perspiration, yield to its influence in a few hours; when used in asthma, hoarseness, whooping cough, and all other pulmonary affections, procuring tranquil rest and sleep. In whooping cough it is without a rival. It operates with gentle expectation, and may be given to infants with perfect safety.

The genuine New England Cough Syrup will be enclosed in a bottle of description, enclosed in an engraved wrapper, bearing on it the signature of the Proprietor in his own hand writing. The bottle will be sealed and stamped on the cork with "New England Cough Syrup."

A few of the many testimonials in favor of this Syrup which are in possession of the Proprietor, are added for the perusal of those who may be troubled with similar complaints.

Messrs. Moffat, Plummer & Co.
Gentlemen—After having tried, by the recommendation of my friends, almost every medicine for a cough, without the least relief, I had recourse to your New England Cough Syrup, and am enabled to say, with much thankfulness, that it has cured me of the most obstinate cough I ever knew, and shall feel it to be a duty to recommend it to every one whom I find in need of so valuable a medicine.

Yours respectfully,
JOHN P. STEVENS.
Boston, Nov. 20, 1833.

I have the satisfaction and pleasure of informing you that the bottle of New England Cough Syrup, which I procured of you on the 23d of October, has already relieved me from a very severe cough which had afflicted me for a short time past. After using a variety of medicine, and finding no permanent relief, I was induced by the advice of my friends, to try your Syrup. The bottle I have already stated, it succeeded beyond my expectations; and I cheerfully recommend it as a very valuable medicine for all those who may be afflicted with similar complaints.

Yours respectfully,
CHARLES RUGGLES.
Boston, May 1, 1833.

I give you great pleasure to be able to add my testimony in favor of your New England Cough Syrup, two bottles of which having entirely cured my cough, which was so severe that my physician advised me to spend the coming winter in a southern climate, but the fortunate use of the Syrup will preclude the necessity.

Yours, &c.
JOSEPH BRADLEY.
Boston, September 1, 1833.

The Proprietor states, that he is constantly receiving numerous testimonials of the value and efficacy of this remedy.

The above article is sold wholesale in

**Hickok's Patent Rotary Oven
COOK STOVE.**

THE subscriber has just received and
offers for sale, a few stoves, of which
the above cut is a representation. To all
the advantages of the improved Rotary top,
is added a Rotary Oven on an entirely new
plan, which, from the testimony of those
who have used them, far surpasses any
thing of the kind, yet offered to the public.
Those wishing to purchase cook stoves are
respectfully requested to examine these
before making their selection, as ocular
demonstration will better convince the
public of the value of the article than any
description that could be given. Another
recommendation, these hard times is, that
these stoves will be sold as low as the com-
mon Rotaries of the same size.

A CONTRAST.

All nations from the remotest ages, have had
ships but Columbus only found out the way to
America. Before the time of the great Spanish
navigator, people were only enabled to paddle
about the shores. Just so with the Life Medi-
cines. It is but two short years since I first
ventured upon an unknown ocean, and I have
discovered the precious object I was in search
of—HEALTH. Vegetable medicines were indeed
known when I commenced my search but their
use was not. By the use of them, I have not only
passed from the dejected invalid, to the hale,
nearby and active man of business, but comparatively
speaking, I have renewed my youth. I can thus
with confidence of my own experience advise
with my fellow citizens. Does the reader want
proof that the Vegetable Life Medicines are suit-
able to his own case? I have on file at my office,
346 Broadway, hundreds of letters, from some of
the most respectable citizens of this my native
land, voluntarily offered in testimony of the vir-
tues of A GOOD VEGETABLE MEDICINE.

Persons whose constitutions have been nearly
ruined by the "all-infallible" mineral prepara-
tions of the day, will bear me witness, that the
Life Medicines, & such only, are the true course
to permanent good health. JOHN MOFFAT.

**General Remarks relative to Moffat's
Life Pills and Phenix Bitters.**

These medicines have long been known and
appreciated for their extraordinary and immediate
powers of restoring perfect health to persons suf-
fering under nearly every kind of disease to which
the human frame is liable.

In many hundreds of complicated instances they
have even rescued sufferers from the verge of
an untimely grave, after all the deceptive nos-
trums of the day had utterly failed; and to many
thousands they have permanently secured that
uniform enjoyment of health, without which life
is but a partial blessing. So great indeed, has
their efficacy invariably and infallibly proved
that it has appeared scarcely less than miracu-
lous to those who were unacquainted with the beau-
tifully philosophical principles upon which they
are compounded and upon which they consequen-
tially act. It was to their manifest and sensible
action in purifying the springs and channels of
life, and ending them with renewed tone and vigor
that they were indebted for their name, which was
bestowed upon them at the spontaneous request
of several individuals whose lives they had ob-
viously saved.

The proprietor rejoices in the opportunity af-
forded by the universal diffusion of the daily
press, for placing his VEGETABLE LIFE
PILLS within the knowledge and reach of every
individual in the community. Unlike the host
of pernicious quackeries, which boast of vegeta-
ble ingredients, the Life Pills are purely and sim-
ply vegetable and contain neither Mercury, Anti-
mony, Arsenic, nor any other mineral, in any form
whatever. They are entirely composed of ex-
tracts from rare and powerful plants the virtues of
which though long known to several Indian tribes
and recently to some eminent pharmaceutical
chemists are altogether unknown to the ignorant
pretenders to medical science; and were never
before administered in so happily efficacious a
combination.

DYSPEPSIA, by thoroughly cleansing the
first and second stomachs, and creating a flow of
pure healthy bile instead of the stale and acid
kind—**Flatulency, Palpitation of the Heart, Loss
of Appetite, Headache, and Headache, Restless
ness, Nervous Anxiety, Languor, and Melancholy**,
which are the general symptoms of Dyspepsia will
vanish as a natural consequence of its cure. **Con-
stipation**, by cleansing the whole length of the
intestines with a solvent process and without
violence; all violent purges leave the bowels
positive within two days. **Diarrhea and Cholera**,
by removing the sharp acids by which these
subtle elements are occasioned, and by promoting the
secretion of the mucus membrane.

Fever of all kinds, by restoring the blood to
a regular circulation through the process of perspi-
ration in some cases and the thorough solution
of all intestinal obstructions in others. The
LIFE PILLS have been known to cure **Rheuma-
tism** permanently in three weeks, and **Gout** in
half that time by removing local inflammation
from the muscles and ligaments of the joints.
Dropsies of all kinds by freeing and strengthening
the kidneys and bladder; they operate most de-
lightfully on these important organs and hence
have ever been found a certain remedy for the
worst cases of **Gravel**. Also **Worms** by dislodging
from the ramifications of the bowels the slimy matter
to which these creatures adhere: **Asthma and
Consumption** by relieving the air vessels of the
lungs from the mucus which even slight colds
will occasion, which if not removed becomes
hardened and produces the most dreadful diseases
Scoury Ulcers and Intractable Sores by the per-
fect purity which these Life Pills give to the blood
and all the humors, **Scorbutic Eruptions and Bad
Complexions** by their alterative effect upon the
fluids that feed the skin the most vivid cases of
occasional **Eruptive complaints** **Sallow Complexions**
and other **disagreeable Complexions**. The use of
these Pills for a very short time will effect an
entire cure of **Salt-rheum, Erysipelas** and a
striking improvement in the **Cleanness of the
skin**. Common colds and **Influenza** will always
be cured by one dose or by two even in the worst
cases. Piles, as a remedy for this most dis-
tressing and obstinate malady the Vegetable
Life Pills deserve a distinct and emphatic re-
commendation. It is well known to hundreds of
this city that the Proprietor of these invaluable
Pills was himself afflicted with this complaint
for upwards of thirty-five years and that he tri-
cled in vain every remedy prescribed within the
compass of the Materia Medica. He however
at length, tried the medicine which he now
offers to the public and he was cured in a very
short time after his recovery had been pronounced
not only improbable but absolutely impossible
by any human means.

THE PHENIX BITTERS, are so called be-
cause they possess the power of restoring the
expiring embers of health to a glowing vigor
throughout the constitution as the Phenix is
said to be restored to life from the ashes of its
own dissolution. These Phenix Bitters are en-
tirely vegetable, composed of roots found only
in certain parts of the western country, which
infallibly cure FEVER AND AGUE of all
kinds; prevent fat in the sickness incident to young
females; and will be found a certain remedy in
all cases of nervous debility and weakness of the
most impaired constitutions.

**As a remedy for Chronic and Inflammatory Rheu-
matism**, the efficacy of the Phenix Bitters will
be demonstrated by the use of a single bottle.
The usual dose of these bitters is half a wine
glass full, in water or wine, and this quantity
may be taken two or three times a day, about
half an hour before meals, or a less quantity
may be taken at all times. To those who are
afflicted with indigestion after meals, these Bit-
ters will prove invaluable, as they very greatly
increase the action of the principal viscera, help
them to perform their functions, and enable the
stomach to discharge into the bowels whatever
is offensive. Thus indigestion is easily and
speedily removed, appetite restored, and the
mouths of the absorbent vessels being cleansed,
nutrition is facilitated, and strength of body and
energy of mind and the happy results. For fur-
ther particulars of Moffat's Life Pills, and Phae-
nix Bitters, apply to Mr. Moffat's office, No.
546 Broadway, New York, where the Pills can
be obtained for 25 cents, 50 cents, or \$1 each
box; and the Bitters for \$1 or \$2 per bottle.

Numerous certificates of the wonderful efficacy
of both may be there inspected.

In some obstinate and complicated cases of
chronic and inflammatory Rheumatism, Liver

complaints, Fever and Ague, Dyspepsia, Pal-
sy, Piles, injuries from the use of mercury,
gout, and other diseases of long standing, it
may be found necessary to take both the Life
Pills and the Phenix Bitters, in the doses be-
fore recommended.

N. B.—These Pills and the Bitters will get
all mercury out of the system infinitely faster
than the best preparations of Sarsaparilla,
and are a certain remedy for the rushing of
blood to the head, or all violent headaches, tic
douloureux, &c. All persons who are pre-
disposed to apoplexy, palsy, &c. should never be
without the Life Pills or the Bitters, for one
dose in time will save life. They equalize the
circulation of the blood, draw all pressure from
the head, restore perspiration, and thrown off
every impurity by the pores of the skin.

The above Medicine is for sale by

Diseases of the Lungs.
DESERVEDLY THE MOST POPULAR REMEDY
EVER USED IN AMERICA.

**VEGETABLE PULMONARY BAL-
SAM.**
SAM, is the most valuable remedy now
in use for Coughs, Colds, Asthma or Phthisis,
Whooping Cough, and Pulmonary affections
of every kind. Its sale is steadily increasing
and the proprietors are constantly receiving
the most favorable accounts of its effects.

The following new certificates are offered for
public examination.
"MIFLINTON, Juniata co, Penn. May 3,
1837.—The Vegetable Pulmonary Balsam has
been sold in the country for two years, and
the medicine has gained an uncommon cele-
brity, for it scarcely in one instance failed of
having the desired effect. I am by no means
in favor of the many nostrums, most of which
are impostures upon a credulous public, but
what I know by experience to be effectual,
I cannot help but give my approbation there-
to. A counterfeited preparation has been offer-
ed here by a travelling agent of Comstock
N. Y., and there is also another article vended
here that is strongly suspected to be spurious."

JACOB MYERS, M. D.
LEMPSTER, N. H. Dec. 1837.—For the
last five years of my practice, I have had the
satisfaction to witness the beneficial effects of
the Vegetable Pulmonary Balsam in many
cases of obstinate cough, and other affections
of the lungs. I would therefore confidently
recommend its use in all complaints of the
chest as being equal if not superior, to any
other medicine within my knowledge.

TRUMAN ABELL, M. D.
CONCORD N. H. Jan. 30, 1837.—I am satis-
fied that the Vegetable Pulmonary Balsam is
a valuable medicine. It has been used in
this place with complete success in an ob-
stinate complaint of the lungs, attended with
a severe cough, loss of voice, and the raising
of much blood, which had previously resisted
many approved prescriptions. After using
the Balsam one week, the patient's voice re-
turned and he was able to speak audibly.—
This case occurred some time since, and the
man is now engaged not only in active, but in
laborious business. Respectfully yours, &c.
SAMUEL MORRIS, M. D.

BOSTON, Feb. 21, 1837.—TO THE PUBLIC.
I, Daniel T. Brayman of Richmondtown, R.
I feel it a duty to acquaint the public, that I
have received the most unexpected relief in a
severe complaint of the lungs, from the use
of the Vegetable Pulmonary Balsam. For
three years previous to my trial of the Bal-
sam, I had a severe pain in my breast, violent
cough, frequent raising of blood, attended
with great prostration of strength. For a
principal part of the above time, I was under
the care of a skillful physician in Boston, who
employed, besides many internal medicines,
blistering, searings &c. without any improve-
ment in my case. Two months since I com-
menced with the Balsam, and have now taken
two bottles. I am now able to labor most
of the time, have ceased to raise blood, and
am almost entirely relieved of my cough.

DANIEL T. BRAYMAN.
BOSTON, March 2, 1837.—It is now more
than six years since I was brought very low
by an affection of the lungs, and my com-
plaint was declared incurable by a council of
three physicians. I was then restored to as
good health as I had enjoyed for many years,
by using the Vegetable Pulmonary Balsam.
In a great many cases of lung complaints, and
so far as I can learn, its use has invariably
been followed by much benefit, and in many
instances it has effected cures which were
wholly unexpected.

SAMUEL EVERETT.
COUNTERFEITS!! BEWARE OF IMITATION.
Each genuine bottle is enclosed in a
blue wrapper, on which is a yellow tablet,
signed **SAMPSON REED**. "None other
can be genuine. The great celebrity of the
Genuine Vegetable Pulmonary Balsam has
been the cause of attempts to introduce spu-
rious articles, which by partially assuming
the name of the genuine, are calculated to
mislead and deceive the public. Among these
mixtures are the "American Pulmonary Bal-
sam," "Vegetable Pulmonary Balsamic Sy-
rup," "Pulmonary Balsam," and others.
Purchasers should inquire for the true article
by its whole name, **THE VEGETABLE
PULMONARY BALSAM**, and see that it has
the marks and signature of genuine. Each
bottle and seal is stamped Vegetable Pulmo-
nary Balsam.

LATEST CHEAT!!
Beware of a spurious imitation called
Compound Pulmonary Balsam, which the
agents say is done up in good style. I simi-
lar to **Sampson's F. P. Balsam**—again we say
Beware of counterfeits.

Valuable Real Estate.
THE subscriber wishes to
sell all his real estate
on Church street in Burling-
ton, consisting of two dwell-
ing houses and out buildings,
one being a Brick house situ-
ated near the Bank of Burling-
ton, and the other a Wooden house situated
nearly opposite John N. Pomeroy's dwelling house,
on Church street. He also wishes to sell his inter-
est in a mortgage, on the Brick Store adjoining the
store owned by Doct. John Peck, on the north side
of the Court House Square—also a small building
situated on the southwest corner of Cherry and
Water Streets, adjoining R. Beatty's. The terms
will be made easy, one fourth part of the purchase
money to be paid in hand, and the remainder on a
liberal credit, with approved security—Possession
will be given on the first day of May next, except
the Brick house which is leased and under rent for
one year from the 15th day of August next.
WM. A. GRISWOLD.
Burlington, March 21, 1838.

DR. BRANDRETH

Wants no college, no institution, no monopoly
no charter, he being quite satisfied to
rest on the patronage of the public
for the success of his grand
Father's
VEGETABLE UNIVERSAL PILLS
Established in England, 1751.

"Science should contribute to the comfort
health, and happiness of mankind."

THESE celebrated vegetable Pills of which
EIGHTY THOUSAND BOXES have
been sold in N. York since July, 1835, are now
recommended by thousands of persons whom
they have cured of Consumption, Influenza,
Dyspepsia, Headache, Pains and Nausea,
fullness in the back part of the world, usually
the symptoms of Apoplexy, Jaundice, Fever
and Ague, Biliousness, Scarcity, Typhus, Yellow,
and common Fevers of all kinds, Asthma,
Gout, Rheumatism, Nervous Diseases, Liver
complaint, Pleurisy, Inward Weakness, De-
pression of the Spirits, Ruptures, Inflammation,
Sore Eyes, Fits, Palsy, Dropsy, Small Pox,
Measles, Croup, Coughs, Whooping Cough,
Quinzy, Cholera, Cholera morbus, Gravel,
Worms, Dysentery, Deafness, Ringing Noises
in the Head, Kings Evil, Scrofula, Erysipelas
or St. Anthony's Fire, Salt Rheum, White
Swellings, Ulcers, some of 30 years standing,
Cancers, Tumors, Swelled Feet and Legs,
Piles Costiveness, all eruptions of the skin
Frightful Dreams, Female complaints of every
kind, especially obstructions, relaxation, &c.

7500 testimonials have been received from
individuals of the highest respectability—
They in fact prove, by the cures they make,
that there is no necessity for any other medi-
cine.

Although Dr. B. has enumerated by name
the above diseases, he is nevertheless of opin-
ion that his grandfathers, the late celebrated
Dr. Wm. Brandreth, that there is only one dis-
ease, an impurity of the blood, which by im-
peding the circulation, brings on inflammation
and consequent derangement in the organ or
part where such impurity of the blood settles;
and that it is the different appearances which
this inflammation or derangement put on, that
have caused medical men to designate such
appearances by various names, but which are
in fact, only the same disease, with more or
less virulence. Dr. Wm. Brandreth was so
fully convinced of the truth of the above sim-
ple theory, that he spent 30 years in experi-
ment and laborious research into the medicinal
properties of the numerous plants composing
the Vegetable Kingdom; his object being to
compose a medicine which should at once pu-
rify, and produce by specific action, a removal
of all bad humors from the blood by the stom-
ach and bowels, as by the continuation of the
use of such a medicine, such humors are sure
to be carried off, and the blood assume a state
of purity; and whoever takes these Pills, and
perseveres with them, will be satisfied that Dr.
Wm. Brandreth fully attained his philanthropi-
c object. It is now an absolute and know-
ing fact, that every disease, whether it be in the
head or feet, in the brain or in the stomach;
whether it be an outward ulcer, or an inward
abscess, are all, though arising from many
causes, reducible to this one grand effect,
namely, impurity of blood.

In all cases they will be found a safe and
simple remedy, yet all powerful for the removal
of disease, whether chronic or recent, in-
fectious or otherwise; and what makes them
particularly adapted to this country, is that
there is not the slightest liability to cold when
taking them, indeed the system is absolutely
insusceptible of cold when under their influ-
ence, than at any other time—therefore in this
climate they are invaluable. Neither do they
require change of diet or care of any kind—
to England these Pills have been the only
medicine for many families for periods varying
from forty to sixty years and have always
proved effectual in restoring health whenever
an aberration from it has occurred.

In many cases where the dreadful ravages
of ulceration had laid bare ligament and bone,
and where to all appearance no human means
could save life, have patients by the use of
these pills been restored to good health, the
devouring disease having been perfectly erad-
icated.

In consequence of the pleasantness of their
operation, and the dose not generally being
required to be more than four or five pills
(merely keeping in view the drain upon the
humors), they are fast superseding every other
preparation of professed similar import. Cases
may occur where it will be proper to take
twenty or even thirty or more pills; this must
be considered with reference to highly inflam-
matory disease, or when great pain is experi-
enced.

As Brandreth's Pills prevent Scoury, Con-
stiveness and its consequences, seafaring men,
and all travellers to foreign regions, should not
be without them, in order to resort to on every
occasion of illness.

N. B. Time or climate affects them not.

Southern Gentlemen will find this medicine
one which will ensure health to the people on
their estates.

CANCERS. Several cases of cure can be
referred to, the cure is sure if perseverance is
used.

CONSUMPTION. Reference can be made
to numbers who have been cured in New-York
and Brooklyn, of this disease.

Such is the reputation, and so great the de-
mand for the Genuine "Brandreth's Vegetable
Universal Pills," that a counterfeit article is
made, advertised and sold as genuine—and
some individuals who sell the counterfeit pills
have advertised themselves as my agents—that
I have found it necessary, to preserve the rep-
utation of my pills, and save the public from
imposition, to furnish every agent with a cer-
tificate, which is as follows:

"Brandreth's Vegetable Universal Pills."
