MOFFAT'S LIFE MEDICINES—REANIMATION. When the most important functions of life are suspended, and those who are invadable by inheritance or imprudence are reduced to a deplorable state of nervous debility, they should not even then despair, for it is not in despair that relief can be found. No! Let them first look around, and laying aside all prejudices, seek themselves this question—If my physician cannot help me, is his reputed skill my only resort? Perhaps at that moment the heading of this advertisement, "Moffat's Life Medicines," would catch the eye and were they in truth divested of foolish prejudices, they might perhaps, be induced to inquire whether Mr. Moffat's theory and treatment of diseases differed from that of their own physicians. They would then learn that it did differ, and very widely, and with most happy results. If they pursued their inquiries still further, they would find that all practicing physicians of the present day prescribe MERCURY, in some form, for almost every disease, and they would learn, too, that mercurial medicines, though they give present relief, undermine the constitution, and always leave the patient in a precarious state of health.

A GOOD VEGETABLE MEDICINE is just the reverse of all this. For hundreds of years before that scourge of mankind, Mercury, was employed in the healing art. Physicians used nothing but herbs. Even the bible recommends as the "skillful physician" he who prepares his medicines from herbs. Witness Ecclesiasticus, chap. xxii.
F. 3. The skillful physician shall lift up his head; and in the sight of the great men he shall be in admiration.
F. 4. For he hath prepared his medicines out of the HERBS of the earth, and he that is wise will not abhor them.

Moffat's Vegetable Life Medicines possess qualities of the most mild and beneficial nature. They are composed of articles the most anti putrescent, combined with ingredients known as the only certain antidotes for fevers of every description.—When the disease is produced either from cold, obstruction, bad air, swampy and camp situations, or putrid miasmata whether malignant or epidemic, or by other causes, these medicines are certain in their operation or effects. They are possessed of peculiar qualities which not only expel all disease, but at the same time restore and invigorate the system. When first taken into the stomach, they immediately diffuse themselves like vapor through every pore, producing effects at once delightful salutary and permanent. When the spark of life begins to grow dim, the circulation languid, and the faculties paralyzed, these medicines are found to give a tone to the nerves, exaltate the animal spirits, invigorate the body, and re-animate the whole man.

THE LIFE MEDICINES have also been used with the most happy success in Nervous and Dyspeptic diseases, Consumption, Asthma, Liver Complaint, Rheumatism, (chronic and inflammatory) Dropsy, &c. &c.

For full particulars, the reader is invited to call at Mr. Moffat's office, 367 Broadway and receive a copy of the Good Samaritan, published gratuitously.
The following letters are lately selected from a very large number which Mr. Moffat has lately received from different parts of the United States.
Mr. Moffat—Dear Sir: It is with sincere pleasure that I venture to address you, to thank you for the benefit I have received from your medicines. My complaint was said rheum, for which I have tried nearly all the medicines which were advertised in the newspapers. I, however, received no relief from any of them. Since I was shown your Good Samaritan, which induced me to try your medicine. When I applied to you, my legs and arms were so

bad that they looked like raw beef, and were covered with scars; but after taking a 25 c box of your pills, the dead skin began to scale off, and so continued until I was entirely cured. It is now four months since I was cured, and I have had no return of the complaint. I have recommended your medicine to several persons, and advise all afflicted with the salt rheum to try it. Respectfully, your obt. servant,
M. CLEOVES.
13th St., between 5th and Jackson avenue, New York, N. Y., May 23.

Mr. Moffat—Dear Sir: I was troubled with the piles for several years. I applied to the most eminent Physician without relief. A friend of mine Mr. Clarke, who had received great relief from them, recommended me to use your Life Pills. Though I was suffering very severely with them at the time, I experienced relief in 48 hours, and in a few weeks was not troubled with them at all and I have been free from distress ever since and have great pleasure in recommending them to those afflicted in a similar manner. Respectfully,
J. E. STEARNS.
New York, April, 1839.

Dr. Moffat—Sir: Since your Life Medicines have been introduced in this neighborhood, they have done wonders. I will merely state a few cases. The wife of my neighbor, Mr. Cornelius S. Roe, who was supposed to be in a decline for the last two years, after taking two bottles of the Phoenix Bitters and one box of the Life Pills, says she had her health entirely restored.
Mr. Milo B. Root, my next door neighbor, who was laid up with inflammatory rheumatism, by taking two bottles of the Bitters and one 25 cent box of the Pills, told me he was as well as he ever was, and told a gentleman in my store who was afflicted, that as soon as he would take the Pills and Bitters, just so soon he would be a well man.

Also, Mrs. Horda, wife of John Horda, was two years since taken sick, and often had fits, and lost the use of one of her arms. In six weeks after taking your pills and Bitters, she has so far recovered that she has been on a visit to one of her neighbors.
As for myself, I have been in bad health for 27 years, and though I am not now in perfect health, still I am in better than I have been for ten years past, which I believe to be the consequence of taking your Pills and Bitters. The above is a true statement of a few of the many cases which have come under my observation. You are at liberty to publish this letter, and reference can be had to me as Postmaster at Claverack, Columbia Co., N. Y. With respect, J. A. VAN VALKENBURGH.

New York, April 1, 1839.
Mr. W. Moffat—Dear Sir: I have been afflicted with the fever and ague about 3 months, and used a good deal of quinine, which did me no good, but I still grew weaker and weaker until I was recommended to try your Life Pills and Phoenix Bitters, and after taking two boxes of pills and two bottles of Bitters, I am very thankful to inform you and the public at large, I consider myself completely cured. Yours truly,
JOHN TENNENT.

N. Y. Mills, March 29, 1839.
Mr. Moffat—Dear Sir: I have used your medicine in my family for some months, and have received great benefit from it, especially my wife and eldest daughter. My daughter had been in a decline for three years. Since she commenced using your medicine she has entirely recovered and is now well and hearty. If this will be of any service to you, you are at liberty to publish it. Respectfully, yours, &c.
N. BUTLER.

SEMMIN HILL, Jan. 16, 1839.
Dr. Moffat—Dear Sir: I have great pleasure in addressing you, having been troubled for some time back with the rheumatism, and could find nothing to give me any relief, until I had commenced taking your Vegetable Life Pills and Phoenix Bitters. In taking the first bottle and one box of pills I found the most excruciating pain that I had long been troubled with, entirely disappeared. Such being the case, it was with gratitude I offer these sentiments, feeling confident that I am indebted to you more than words can express, for your valuable medicine and the speedy cure received from its good effects.
Yours, &c.
GEO. BROFTS.

MARCH CHICK, Jan. 17, 1839.
Mr. Moffat—Dear Sir: I am most happy to send you through your agent, Mr. White, a few lines relative to your excellent Life Medicines. For a length of time I have been complaining of an infection of the liver, and tried much medicine, but found no relief, until I commenced with yours. I have now taken nearly two bottles of your Phoenix Bitters, and I am pleased to state that I find myself fast recovering from a long and lingering complaint.
Respectfully, yours, &c.
GEO. KISNER.

LOCKPORT, Nov. 27, 1837.
Mr. W. B. Moffat—Dear Sir: As a remarkable instance of the virtue and efficacy of your Life Pills and Phoenix Bitters, in restoring lost health to the afflicted, has occurred in my family, I deem it a duty I owe both to yourself and the public, to make the fact known, that others suffering under similar circumstances might perchance see this and obtain a remedy in season to preserve them from a premature grave.
My wife has been afflicted with the liver complaint and general debility for upwards of 3 years; and for the last 3 months she has not been able to walk across the room. Altho' various medicines prescribed by different physicians, which gave her no relief, she was given up as incurable. In this situation she was gradually failing, when I happened to call upon your agent in this village, and he gave me a copy of the Good Samaritan, and perusing of which induced me to try your medicine, although I had but little hope of her receiving any benefit from it. The effect was surprising. Before she had taken one bottle of Bitters and one box of pills, she was so far recovered as to be able to accomplish most of her house-work without assistance.
Yours, respectfully, WARREN PATTERSON.
